## PURPOSE OF THE ANNUAL REPORT TO BONDHOLDERS

This Annual Report to Bondholders for the Fiscal Year ended September 30, 2017 has been prepared by the City of Fort Lauderdale, Florida (the “City”) to provide information concerning the City, its financial operations and its indebtedness. This information is made available to current security holders and potential purchasers of securities in the secondary market, securities dealers and analysts, rating agencies, municipal securities information repositories established pursuant to Rule 15c2-12 of the United States Securities and Exchange Commission (SEC) and other interested parties. The City has selected Digital Assurance Certification, L.L.C. (DAC) as the City’s disclosure/dissemination agent. This 2017 Annual Report to Bondholders can be found on the DAC website at [www.dacbond.com](http://www.dacbond.com) or on the Electronic Municipal Market Access (“EMMA”) system at [www.emma.msrb.org](http://www.emma.msrb.org). The DAC and EMMA websites also host related City documents, including official statements for outstanding debt obligations.

In addition to this Report, each Fiscal Year the City prepares a Comprehensive Annual Financial Report (CAFR), which includes audited financial statements in accordance with generally accepted accounting principles. The CAFR is also available from the City upon request. The CAFR is hosted on the City’s website at [www.fortlauderdale.gov/departments/finance/financial-reports](http://www.fortlauderdale.gov/departments/finance/financial-reports), as well as on the DAC and EMMA websites. The City’s current external auditors are Crowe Horwath LLP, Fort Lauderdale, Florida.

In compliance with SEC Rule 15c2-12, the City has entered into undertakings to provide secondary market information in connection with the following outstanding bond issues:

- \$15,220,000 General Obligation Refunding Bonds, Series 2015, dated August 11, 2015
- \$20,000,000 General Obligation Bonds, Series 2011A (Fire-Rescue Facilities), dated September 28, 2011
- \$337,755,000 Taxable Special Obligation Bonds, Series 2012 (Pension Funding Project), dated October 3, 2012
- \$158,930,000 Water and Sewer Revenue and Revenue Refunding Bonds, Series 2016, dated May 4, 2016
- \$121,520,000 Water and Sewer Revenue Refunding Bonds, Series 2014, dated December 3, 2014
- \$64,585,000 Water and Sewer Revenue Refunding Bonds, Series 2012, dated May 16, 2012

The release of this Report is designed to satisfy the requirements for annual disclosure as set forth in the City’s undertakings pursuant to SEC Rule 15c2-12. The City is committed to fulfilling its disclosure obligations, as now or as may hereafter be defined by the SEC. While the City is committed to the release of secondary market information in satisfaction of its continuing disclosure obligations, the City is making no on-going commitment to the publication and release of future Reports to Bondholders and in the future its disclosure obligations may be met through supplements or enhancements to its CAFR or through the release of other documents.

Unless otherwise noted, the information in this Report is as of the Fiscal Year ended September 30, 2017 and any references to the current fiscal year means FY2017.

The City has not undertaken an independent review or investigation to determine the accuracy of information that has been obtained from other sources. Certain information presented in this Report has been obtained from sources that are believed by the City to be reliable, but neither the City nor any of its elected or appointed officials, officers or employees makes any representations or warranties with respect to the accuracy or completeness of such information.

Additionally, to the extent that certain portions of this Report constitute summaries of documents, reports, ordinances, resolutions, or agreements relating to the operations of the City or its outstanding debt, this Report is qualified by reference to each such document, report, ordinance, resolution, or agreement, copies of which may be obtained from the Finance Department of the City. This Report contains certain capitalized undefined terms. Such terms are defined in the resolutions of the City authorizing the issuance of the respective series of bonds of the City.

The City encourages readers of this Report to provide suggestions that will improve the readability or usefulness of any future Report. Questions or comments concerning this Report or the information contained herein should be directed to:

## Memorandum

Memo No: 17/18-07

Date: May 25, 2018

To: Honorable Mayor and Commissioners

From: John Herbst, CPA, CGFO, CGMA  
City Auditor

Re: Annual Report to Bondholders for the Fiscal Year Ended September 30, 2017

---

We have reviewed the City of Fort Lauderdale's Annual Report to Bondholders (Annual Report) for the Fiscal Year Ended September 30, 2017. Management is responsible for the preparation of the Annual Report to comply with the continuing disclosure requirements of Rule 15c2-12, *Municipal securities disclosure*, promulgated by the United States Securities and Exchange Commission (SEC). Compliance with this rule requires management to interpret the criteria, accurately derive the historical amounts from the entity's books and records, make determinations as to the relevancy of information to be included, and make estimates and assumptions that affect reported information.

The objective of a review of the Annual Report is to report whether any information came to our attention to cause us to believe that:

- a. The Annual Report presentation does not include, in all material respects, the required elements of the SEC Rule 15c2-12.
- b. The historical financial amounts included therein have not been accurately derived, in all material respects, from the City's financial statements.
- c. The underlying information, determinations, estimates, and assumptions by the City do not provide a reasonable basis for the disclosures contained therein.

A review of the Annual Report consists principally of applying analytical procedures and making inquiries of persons responsible for financial, accounting, and operational matters. A review ordinarily does not contemplate (a) tests of accounting records through inspection, observation, or confirmation, (b) obtaining corroborating evidential matter in response to inquiries, or (c) the application of certain other procedures ordinarily performed during an examination. It is substantially less in scope than an examination, the objective of which is the expression of an opinion on the presentation. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the City's presentation of the Annual Report does not include, in all material respects, the required elements of SEC Rule 15c2-12, that the historical financial amounts included therein have not been accurately derived, in all material respects, from the City's financial statements, or that the underlying information, determinations, estimates, and assumptions by the City do not provide a reasonable basis for the disclosures contained therein.

## EXECUTIVE SUMMARY

The City's Annual Report to Bondholders for the Fiscal Year ended September 30, 2017 ("2017 Annual Report" or "Report") is designed to provide a reader, with no prior background, general information regarding the City and its debt obligations. For readers who regularly follow the City, such readers may already be familiar with much of the information contained in this Report. This Executive Summary provides a general overview of matters relating to the City and its financial arrangements. Readers are encouraged to read this Report in its entirety, as well as the documents, other reports and materials summarized or described herein, to obtain a more complete understanding of the City and its financial arrangements.

### Borrowing in Fiscal Year 2017

At the end of the current fiscal year, the City's total outstanding bonded debt was \$614.3 million. Of this amount, \$31.3 million was general obligation debt that is backed by the full faith and credit of the City, \$259.7 million was pension related debt for which the City has pledged certain legally available non-ad valorem revenues, and \$323.3 million was revenue debt secured by the City's water and sewer net operating revenues.

The remainder of the City's long term debt obligations consists of notes and loans secured by the City's water and sewer net operating revenues, special obligation loans secured by certain legally available non-ad valorem revenues, a tax increment note issued by the Fort Lauderdale Community Redevelopment Agency (CRA) and several capital leases in the City's central services fund. During Fiscal Year 2017, the City entered into two additional capital leases totaling \$8,439,337. Overall, the City's total debt decreased by \$36.2 million, (approximately -4.9%), during the Fiscal Year 2017.

### Ratings

As of September 30, 2017, the City's underlying credit ratings for each series of its outstanding bonds and the base CUSIP numbers for each bond series, are summarized as follows:

## **Property Taxes and other Significant Revenue Factors**

The State of Florida, by its Constitution, does not have a state personal income tax and therefore, the State operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) rely on property and a limited array of permitted other taxes (sales, gasoline, and utilities) and fees (franchise and business tax receipts) for their governmental activities. For the business-type and certain governmental activities (construction services and recreational programs), the user pays a related fee or charge associated with the service.

## **Long Term Debt**

The City's long-term debt decreased by \$29.1 million to \$686.2 million (excluding unamortized bond premiums and discounts), primarily as a result of annual debt payments.

## **Pensions**

The City has two defined-benefit pension plans: 1) the General Employees Retirement System (GERS) and 2) the Police and Firefighters' Retirement System (PFRS), (the "Pension Plans"). A board of trustees administers each plan. The boards are composed of members elected by active employees and appointees of the Mayor. The boards have responsibility for investment of the pension assets and the determination of plan benefits. On October 1, 2007, the General Employees Retirement System was closed to certain new participants and on March 4, 2008, the City Commission enacted an Ordinance to close the General Employees Retirement System to new members. The General Employees Retirement System was replaced with a defined contribution plan. For the current fiscal year, the City contributed \$14,650,881 to the GERS pension plan and \$21,265,207 to the PFRS pension plan. As of September 30, 2017, the plan fiduciary net position as a percentage of total pension liability for the GERS pension was 99.2%. As of September 30, 2017, the plan fiduciary net position as a percentage of total pension liability for the PFRS pension was 96.1%.

## **Other Post-Employment Benefits (OPEB)**

On September 16, 2014, the City of Fort Lauderdale Other Post-Employment Benefits (OPEB) Trust fund was created to capture long-term investment returns and make progress towards reducing the unfunded net OPEB liability required to be reported under Governmental Accounting Standards Board (GASB) Statements Number 74 and Number 75. The City Commissioners serve as the Board of Trustees of the OPEB Trust and delegate its administration to the City's Director of Finance, as the Trust Administrator. For the current fiscal year, the City contributed 104.4% of the actuarially determined contribution of \$4,542,287. At September 30, 2017, the OPEB Trust had a plan fiduciary net position of \$15.83 million and total OPEB liability of \$46.29 million, resulting in a net OPEB liability of \$30.46 million (funded ratio of 34.2%).

## **Electronic Dissemination of Information**

As part of its continuing effort to efficiently disclose pertinent information to investors and other interested parties, the City has begun the process of utilizing electronic methods for dissemination of such information. Information is currently available electronically at several locations, including the City's website, [www.fortlauderdale.gov](http://www.fortlauderdale.gov); the DAC website, [www.dacbond.com](http://www.dacbond.com); and the EMMA website at [www.emma.msrb.org](http://www.emma.msrb.org).

## **DAC**

The DAC website hosts a variety of information relating to the City's outstanding debt obligations. DAC serves as the disclosure dissemination agent for the City. Investors and others may access disclosure on any municipal bond in the DAC System free of charge by registering for a password. Annual Bondholder reports for FY2017, and for several prior years, prepared in accordance with the City's continuing disclosure undertakings, and event filings conducted by the City thereunder, are available on the DAC and EMMA websites.

## **Financial Reports**

The CAFR for FY2017, and previous years, which includes audited financial statements of the City in accordance with generally accepted accounting principles, are available on the DAC and EMMA websites and on the City's website. The City's Adopted Budgets for FY2017 and FY 2018, which include the operating budget and the five year Community Investment Plan, are also available on the City's website (<http://www.fortlauderdale.gov/departments/city-manager-s-office/budget-cip-and-grants-division/annual-budgets>).

# THE CITY OF FORT LAUDERDALE, FLORIDA

## General

The City, located in the heart of a robust, diversified growth region on the southeast coast of Florida, contains approximately 36 square miles and has an estimated population of approximately 179,063, as of September 30, 2017. The City was incorporated in 1911 and operates under the Commission-Manager form of government. The government consists of a five member City Commission elected by district, including a mayor elected at large. All elections are on a nonpartisan basis. The City Commission appoints a city manager. The current City Manager is Lee R. Feldman, who was appointed to serve as City Manager on June 7, 2011.

The City provides a full range of municipal services, including police and fire protection, streets, planning and zoning, parks and recreation, water, sewer, sanitation, economic development and public information services. Tourism and marine industries are two of the City's major economic forces, with manufacturing, industrial and commercial business and corporate and regional offices serving to diversify the City's economic base.

## Population and Employment

From its incorporation in 1911 with a resident population of 300, Fort Lauderdale has grown to an estimated population of 179,063 and is currently ranked ninth among cities within the State of Florida.

## Economy and Business

An advantageous economic climate coupled with an exceptional quality of life is helping the City establish itself as a world-class center for international commerce and one of the most desirable locations for new, expanding or relocating businesses. Once known strictly as a tourism-based economy, Fort Lauderdale now supports a diverse range of industries, including marine, manufacturing, finance, healthcare, insurance, real estate, high technology, avionics/aerospace, and film and television production.

Marine Industry. Sometimes referred to as the “International Marine Hub” and the “Yachting Capital of the World”, Greater Fort Lauderdale is a leader in the state’s marine industry. It is one of the largest sectors in the Greater Fort Lauderdale area, accounting for more than 136,000 jobs, gross wages and earnings of approximately \$3.7 billion, and an economic impact of about \$11.5 billion in the region. Every year, the City hosts the Fort Lauderdale International Boat Show, which is the world’s largest in-water boat show with an annual economic impact of approximately \$850 million. With more than 50,000 registered vessels cruising on 300 miles of inland waterways, Fort Lauderdale is a world-renowned port of call for the yachting industry providing world class shipyards, manufacturing, wholesale and retail marine products, brokers, dockage and a plethora of other marine services.

Tourism. Tourism is the second largest industry for the Greater Fort Lauderdale area, employing more than 180,000 individuals in the area. Hotels and related venues are consistently being constructed and renovated in South Florida to accommodate the area's extensive tourism industry. In 2017, the *Conrad Fort Lauderdale Beach* opened with 290 suites overlooking the beach and Intracoastal Waterway and the 150 room maritime-themed *TRYP by Wyndham Maritime Hotel* opened at Marina Bay. The Greater Fort Lauderdale area welcomed more than 16 million visitors in 2016 that spent over \$14.2 billion in the area.

Trade and Business Development. The Wall Street Journal recently profiled our City in a report highlighting the array of upscale hotels, resorts, and residential developments taking place along our world class beachfront. In addition to the Wall Street Journal report, over 63 industry experts have showcased Fort Lauderdale with high national ranks, including All-America City, Top 10 Best Downtowns, Top 10 Most Exciting Places in Florida, Top 10 Best U.S. Cities for Small Businesses, Top 10 Best Cities for Millennial Job Seekers in Florida and Lowest Travel Taxes among the Top 50 U.S. Travel Destinations.

## Education

The Broward County Public School system is an operating and taxing entity that is separate from the City and the County. The Broward County School District ranks as the sixth largest public school system in the United States, second largest in Florida and the first fully accredited school system in Florida since 1962. For the 2017-2018 school year, Broward County Public Schools have 271,517 students and approximately 175,000 adult students are served each year at Broward County Public School Technical, Adult and Community Schools. Currently, the Broward County School District is home to 136 elementary schools, 37 middle schools, 33 high schools, and 8 combinations thereof. In addition, the Broward County Public School system has 93 charter schools, 17 other facilities for adult community and vocational training and community learning centers, and three colleges and universities.

## GENERAL GOVERNMENT

### Ad Valorem Taxes and Millage Rate

**Ad Valorem Taxes** - The City's property tax is levied, becomes a lien on real and personal property located in the City, and is recorded as a receivable on November 1 of each year, based upon the assessed value listed as of the prior January 1. The Broward County Property Appraiser establishes assessed values. The assessed value at January 1, 2016, upon which the Fiscal Year 2017 levy was based, was approximately \$31.13 billion. The City is permitted by state law to levy taxes up to 10 mills (\$10 per \$1,000 of assessed value) for General Fund operations exclusive of voted debt levies. Taxes levied for the General Fund for the Fiscal Year 2017 were 4.1193 mills for operations and 0.1610 for debt service. All taxes are due from property holders on March 31; become delinquent on April 1; and become subject to the issuance of tax sale certificates on June 1. Current tax collections for the year ended September 30, 2017 were approximately 99.5% of the total tax levy.

**Millage Rate** – In FY2017, the operating millage rate of 4.1193 remained unchanged for the tenth consecutive year, which equated to a 9.29% increase in revenues as a result of an increase in property values. The chart below represents the adopted operating and debt service tax rates as compared to the rates for the previous nine years.

#### Millage Rate History

Source: City of Fort Lauderdale Fiscal Year 2017 Adopted Budget

Over 52.1% of the General Fund final amended budget for operating expenditures is dedicated to public safety through police, fire-rescue and code enforcement services. Another 12.5% is allocated to cultural and recreational quality of life programs.

### Revenue Considerations

General Fund revenues for FY2017 totaled \$333.6 million, a \$19.4 million or 6.2% increase from FY2016. Miscellaneous Revenues increased by \$7.4 million, which is mainly attributed to an increase in fire-rescue assessment fees. Tax revenues increased by \$11.3 million in FY2017, of which property taxes levied for operations increased \$10.3 million and other taxes increased by \$1.0 million.

The City of Fort Lauderdale’s taxable assessed value for tax year 2016 increased by 8.6% from 2015. New construction, which represents improvements to real property that were not on the tax roll in the prior year, added approximately \$445.8 million to the tax roll. This is the fifth year in a row that the assessed valuations have shown steady growth. The following shows new construction and total taxable assessed value for the last five calendar years.

<u>Taxable Values – 5 Year Comparison</u>			
<u>Calendar Tax Year</u>	<u>Net New Construction</u>	<u>Final Gross Taxable Value</u>	<u>Increase/Decrease from Prior Year</u>
2016 Final	\$ 445,847,640	\$ 30,966,306,786	8.6%
2015 Final	329,982,320	28,506,933,365	9.7
2014 Final	105,754,281	25,997,751,627	5.9
2013 Final	57,905,666	24,551,642,014	4.0
2012 Final	202,371,590	23,612,223,398	1.1

Source: City of Fort Lauderdale Fiscal Year 2017 Adopted Budget

Economic indicators point to a healthy economy. According to the Bureau of Labor Statistics, Broward County’s civilian labor force was 1,023,387 as of May, 2017, amounting to a slight increase from the prior year of 997,817. The unemployment rate, which was 3.8% in 2017, remained fairly steady during this time period. More than 16 million visitors selected the Greater Fort Lauderdale area as their destination of choice and spent approximately \$14.2 billion on tourism in 2016. In addition, area hotels occupancy averaged 81.1%.

### Expense Considerations

Total General Fund expenditures, not including transfers, increased by \$16.9 million from \$258.7 million in FY2016 to \$275.5 million in FY2017. This increase is mainly attributed to an increase in personnel cost of \$11.3 million, which includes contractual wage and benefits increases and 68.4 additional budgeted positions. Services and materials costs increased by \$5.8 million.

### Transfer Considerations

The City transfers funds from the General Fund to the Special Obligation Bonds Fund to meet debt service requirements. Funds are provided from the corresponding revenues pledged for those purposes. Transfers from the General Fund to the CRA special revenue fund represent tax increment revenues derived from appreciation of the tax bases in the redevelopment areas. Funding for non-debt financed governmental capital projects is provided through transfers from the General Fund. Other transfers to the capital projects funds provide funding for specific projects within the Community Investment Program. The composition of General Fund inter-fund transfers for the Fiscal Year ended September 30, 2017 was as follows:

<u>Governmental Funds</u>	<u>Transfers To</u>
Community Redevelopment Agency Fund	\$ 6,371,372
Hurricane Fund	2,538,263
Miscellaneous Grant Funds	1,070,727
Special Obligation Bonds Debt Service Fund	21,574,331
Special Obligation Loans Debt Service Fund	3,019,995
General Capital Projects Fund	15,341,089
General Capital Obligation Construction Fund	155,991
Central Services Internal Services Fund	341,509
	<u>50,413,277</u>
<u>Enterprise Funds</u>	
Airport Fund	1,787,054
Sanitation Fund	5,648,951
	<u>7,436,005</u>
<b>Total General Fund Transfers</b>	<b>\$ 57,849,282</b>

## Financial Policies

The City continues to exceed its policy to maintain the unrestricted fund balance for the General Fund equivalent to two (2) months of operating expenditures (excluding on-behalf benefits payments) and required transfers. During FY2017, the General Fund unrestricted balance increased from \$76.7 million to \$78.2 million. At 26.6%, this amount exceeds the minimum unrestricted requirement of the General Fund by \$29.2 million. The chart below presents an eight-year history of General Fund balances.

## FY 2018 Budget and Rates

The adopted operating budget for expenditures for FY2018 is \$770.4 million, which is 2.8% higher than the FY2017 adopted budget, which does not include transfers. The General Fund expenditure budget for FY2018 is \$362.9 million, which is 8.3% higher than the FY2017 adopted budget. The FY2018 General Fund Adopted Budget is structurally balanced, does not include the use of fund balance, and maximizes all resources necessary to build, enhance, and sustain the future of the City. In FY2018, the operating millage rate of 4.1193 remains unchanged for the eleventh consecutive year and equates to an 8.8% increase in revenues as a result of an increase in property values.

The adopted FY2018 General Fund budget addresses key priorities established by the City Commission to meet the challenges of current economic conditions, including no increase in the millage rate, increased demands being placed on City staff and the high quality services desired by our neighbors, maintaining adequate reserve funds, and no reductions in vital City services, demonstrating the City’s highest priorities to ensure that we live, work, and play in the best city possible, while remaining within our fiscal boundaries. *“We Build Community.”*

## Fiscal Health Plan

Over the next year, we anticipate favorable economic conditions in the City of Fort Lauderdale. Real estate values are expected to continue to grow modestly and new construction in the City is on the rise. Fort Lauderdale will be prepared to manage its fiscal challenges, meet its commitments, and take advantage of opportunities that arise.

Our Fort Lauderdale community is a source of extraordinary pride and dignity. We continue to achieve successes that sustain our City as, “*The City You Never Want To Leave!*” A heightened sense of optimism and excitement permeates Fort Lauderdale as economic indicators confirm the City’s sound fiscal management, progressive economic development initiatives, and long-term investment strategies are paying off. Over the past year, taxable property values increased by 9.25%, with new construction valued at \$341 million. In addition, Fort Lauderdale’s unemployment rate is 3.3%, which is the lowest in over seven years and significantly lower than the 4.5% rate of the State of Florida. Working together, we have built a better, stronger organization and a more vibrant community.

This success does not happen by chance – it is the direct result of innovation, strategic planning, hard work, and continuous process improvement. We have been diligent in our pursuit of excellence, which was evidenced by Standard and Poor’s (S&P) assignment of its AA+ rating to the City’s most recent 2018 Series Water and Sewer System Revenue Bonds. At the same time, S&P affirmed its AA+ rating on the system’s outstanding revenue secured bonds. In its evaluation, S&P noted a “strong financial risk profile assessment...” and a “...very strong financial management assessment.” For this same bond issuance Moody’s Investors Service assigned a rating of Aa1 noting “the stable outlook reflects the system’s healthy financial position...”. High bond ratings enable the City to borrow and repay money at a much lower interest rate, which translates into millions of dollars in savings for taxpayers. Our fiscal discipline and vigilance have been instrumental in building a strong financial foundation and positioning Fort Lauderdale for a bright future.

The steady growth in the City’s property tax revenue allowed for funding enhancements, including the City Commission’s Annual Action Plan (CAAP), strategic initiatives, and necessary community investments. The FY 2018 Adopted Budget was developed with an analysis of financial conditions of the past, present, and anticipated future. It allowed the City to maintain its current low millage rate at 4.1193 for the eleventh consecutive year and the current Fire Assessment Fee at \$256 per single-family residential dwelling.

The City’s Five Year Community Investment Plan (CIP) is the fiscal blueprint for both major and minor infrastructure improvements, new construction, and capital maintenance projects designed to protect and preserve Fort Lauderdale’s outstanding quality of life. The Adopted Budget for FY 2018 is structurally balanced and supports sound fiscal and operational policies. It maintains outstanding core services while enhancing service delivery in the areas of public safety, infrastructure, and public places. The budget is a financial plan designed to advance the organizational mission of providing optimum government services to our neighbors, while investing in social capital to enhance the overall health of the City. *We Build Community.*

The goal of this administration is to deliver the highest quality of services to our neighbors in a cost effective manner. We have made significant progress in aligning priorities within the organization, adopting a cross-departmental approach to addressing issues, and managing within our means, while strategically planning for the future. Fort Lauderdale neighbors can rest assured that their hard-earned tax dollars are being strategically parceled by an enormously capable team of professionals. The City will continue to be a leader in effective municipal governance, while maintaining its outstanding, high quality of life. We will rely upon our 2035 Vision Plan, Strategic Goals, and Commission priorities as a guide to making calculated decisions about where to invest the City’s limited resources.

## Debt Analysis

**Current Debt Position of the City** - An analysis of debt ratios helps to assess the impact of bond issuances on the City's fiscal position. Credit rating agencies use ratios to evaluate the City's debt position and to help determine its credit rating. Local government bonded debt is usually divided into three different types: general obligation bonds, non-self-supporting revenue bonds and self-supporting revenue bonds.

**Leverage** - A highly leveraged organization has less flexibility. Examples of leverage include long-term debt, pension obligations, and obligations for post-employment health care. Reserves are a critical source of financial flexibility, so high leverage may call for higher reserves. Debt per capita measures the burden placed on citizens by municipal indebtedness. Another measure is debt service (principal and interest payments) as a percentage of City expenditures. This figure measures the pressure placed on the budget by debt payments.

**Analysis of General Obligation Debt** - General obligation bonds are secured by the full faith and credit of the City. The City adopts an ad valorem (property tax) millage to pay debt service costs on voter approved debt. The revenue collected from the debt levy is deposited into the debt service fund. The annual requirements to pay principal and interest on the general obligation bonds outstanding at September 30, 2017 follow:

**Analysis of Pledged Non-Ad Valorem Revenues** - Various non-ad valorem revenue sources have been pledged on a limited basis to secure bond repayments. These special obligation debt service funding sources include Communication Service Taxes, Business Tax Revenues, Public Service Taxes, and State Municipal Revenue Sharing (Guaranteed Entitlement Revenues). These resources are generally committed to ongoing City program operations. State Municipal Revenue Sharing to cities is composed of three portions: first guaranteed, second guaranteed, and growth monies. For FY2017, \$5,516,207 was collected. However, only the guaranteed entitlement portion totaling \$3,196,503 is pledged non-ad valorem revenue, and is unchanged from year to year.

The City’s overall debt profile is characterized by adequate debt service coverage from its pledged revenues and conformance with all compliance covenants. Management continues to monitor non-ad valorem revenues and their potential impact on bond covenants and debt service requirements. Strong financial management, manageable debt levels and financial flexibility are all indicators of good fiscal health.

**CITY OF FORT LAUDERDALE, FLORIDA  
GENERAL OBLIGATION REFUNDING BONDS, SERIES 2015**

Dated: August 11, 2015

**Purpose**

The Series 2015 Bonds were issued to (i) provide for the current refunding of all of the City's outstanding General Obligation Bonds, Series 2005 (Fire-Rescue Facilities), and (ii) pay certain costs of issuance of the Series 2015 Bonds.

**Security**

The Series 2015 Bonds constitute general obligations of the City and the full faith, credit and taxing power of the City are irrevocably pledged for the payment of principal of and the interest on the Series 2015 Bonds.

**Form**

\$15,220,000 General Obligation Refunding Bonds, Series 2015 due July 1, 2035. The Series 2015 Bonds were issued in book-entry only form and purchasers of the Series 2015 Bonds did not receive certificates representing their interest in the Series 2015 Bonds purchased. Interest on the Series 2015 Bonds is payable semi-annually on each January 1 and July 1.

**Par Amount Outstanding as of September 30, 2017:** \$14,095,000

**Bondholder:** Public Offering

**Credit Enhancement:** None

**Bond Registrar and Paying Agent:** Regions Bank, Jacksonville, Florida

**Ratings:** as of September 30, 2017

**Moody's:** Aa1

**S&P:** AA+

**Optional Redemption**

The Series 2015 Bonds maturing on or prior to July 1, 2024 are not subject to redemption prior to maturity. The Series 2015 Bonds maturing on or after July 1, 2025 are subject to redemption at the option of the City prior to their respective dates of maturity on or after July 1, 2024, in whole or in part at any time, in any order of maturity selected by the City and by lot within a maturity, at a redemption price equal to one hundred percent (100%) of the principal amount of the Series 2015 Bonds to be redeemed, together with accrued interest from the most recent interest payment date to the date fixed for redemption.

**Mandatory Sinking Fund Redemption**

The Series 2015 Bonds maturing on July 1, 2035 are subject to mandatory sinking fund redemption in part prior to maturity by lot, through the application of amortization requirements, at a redemption price equal to one hundred percent (100%) of the principal amount thereof, plus accrued interest to the redemption date, on July 1 of each year in the following amounts and in the years specified:

<u>Due (July 1)</u>	<u>Amortization Requirement</u>
2034	\$ 995,000
2035 (Final Maturity)	1,025,000

The City may at any time use money held in the Principal and Interest Account for the payment of amortization requirements to purchase any Series 2015 Bonds that are Term Bonds, or portions thereof, whether or not such Term Bonds or portions thereof shall then be subject to redemption, at the most advantageous price obtainable with reasonable diligence, which price shall not exceed the redemption price for such Term Bonds on the next redemption date if such Term Bonds or portions thereof should be called for redemption on such date. The principal amount of any Term Bonds so purchased shall be credited toward the next amortization installment. However, if by the application of moneys in the Principal and Interest Account the City shall purchase or call for redemption in any year Term Bonds in excess of the amortization installments due for such year, such excess Term Bonds so purchased or redeemed shall be credited in such manner and at such times as the Director of Finance for the City shall determine over the remaining payment dates.

### **Notice of Redemption**

***Mailing of Notice of Redemption:*** Notice of redemption shall be given by deposit in the U.S. Mail of a copy of a redemption notice, postage prepaid, at least thirty (30) days before the redemption date to all registered owners of the Series 2015 Bonds or portions of the Series 2015 Bonds to be redeemed at their addresses as they appear on the registration books to be maintained in accordance with the provisions of the Series 2015 Resolution. Failure to mail any such notice to a registered owner of a Series 2015 Bond, or any defect therein, shall not affect the validity of the proceedings for redemption of any Series 2015 Bond or portion thereof with respect to which no failure or defect occurred. Such notice shall set forth the date fixed for redemption, the rate of interest borne by each Series 2015 Bond being redeemed, the date of publication, if any, of a notice of redemption, the name and address of the Bond Registrar and the Paying Agent, the redemption price to be paid and, if less than all of the Series 2015 Bonds then Outstanding shall be called for redemption, the distinctive numbers and letters, including CUSIP numbers, of such Series 2015 Bonds to be redeemed and, in the case of Series 2015 Bonds to be redeemed in part only, the portion of the principal amount thereof to be redeemed. If any Series 2015 Bond is to be redeemed in part only, the notice of redemption which relates to such Series 2015 Bond shall also state that on or after the redemption date, upon surrender of such Series 2015 Bond, a new Series 2015 Bond or Series 2015 Bonds in a principal amount equal to the unredeemed portion of such Series 2015 Bond will be issued. If the optional redemption of any of the Series 2015 Bonds is conditioned upon the receipt of sufficient moneys as described in the Series 2015 Resolution, the notice of redemption which relates to such Series 2015 Bonds shall also state that the redemption is so conditioned.

Any notice of redemption that is mailed in accordance with the provisions of the Series 2015 Resolution shall be conclusively presumed to have been duly given, whether or not the owner of the Series 2015 Bond called for redemption receives such notice. The Bond Registrar shall not be required to transfer or exchange any Series 2015 Bond after the mailing of a notice of redemption nor during the period of fifteen (15) days next preceding the mailing of a notice of redemption.

As long as a book-entry system maintained by DTC is used for determining beneficial ownership of Series 2015 Bonds, notice of redemption will be sent to DTC. DTC will be responsible for notifying the DTC Participants, which will in turn be responsible for notifying the Beneficial Owners. Any failure of DTC to notify any DTC Participant, or of any DTC Participant to notify the Beneficial Owner of any such notice, will not affect the validity of the redemption of the Series 2015 Bonds.

**Effect of Redemption:** Notice having been given in the manner and under the conditions described above, the Series 2015 Bonds or portions of Series 2015 Bonds so called for redemption shall, on the redemption date designated in such notice, become and be due and payable at the redemption price provided for redemption of such Series 2015 Bonds or portions of Series 2015 Bonds on such date; provided, however, that Series 2015 Bonds or portions of Series 2015 Bonds called for optional redemption and which redemption is conditioned upon the receipt of sufficient moneys, shall not become due and payable on the redemption date if sufficient moneys to pay the redemption price of such Series 2015 Bonds or portions of such Series 2015 Bonds have not been received by the Paying Agent (other than the City) on or prior to the redemption date. On the date so designated for redemption, moneys for payment of the redemption price being held in separate accounts by the Paying Agent in trust for the registered owners of the Series 2015 Bonds or portions thereof to be redeemed, interest on the Series 2015 Bonds or portions of Series 2015 Bonds so called for redemption shall cease to accrue, such Series 2015 Bonds and portions of Series 2015 Bonds shall cease to be entitled to any lien, benefit or security under the Bond Resolution and shall be deemed paid thereunder, and the registered owners of such Series 2015 Bonds or portions of Series 2015 Bonds shall have no right in respect thereof except to receive payment of the redemption price thereof and, to the extent provided in the Series 2015 Resolution, to receive Series 2015 Bonds for any unredeemed portions of the Series 2015 Bonds.

The City may at any time use money held in the Principal and Interest Account for the payment of amortization requirements to purchase any Series 2011A Bonds that are Term Bonds, or portions thereof, whether or not such Term Bonds or portions thereof shall then be subject to redemption, at the most advantageous price obtainable with reasonable diligence, which price shall not exceed the redemption price for such Term Bonds on the next redemption date if such Term Bonds or portions thereof should be called for redemption on such date. The principal amount of any Term Bonds so purchased shall be credited toward the next amortization installment. However, if by the application of moneys in the Principal and Interest Account the City shall purchase or call for redemption in any year Term Bonds in excess of the amortization installments due for such year, such excess Term Bonds so purchased or redeemed shall be credited in such manner and at such times as the Director of Finance for the City shall determine over the remaining payment dates.

### **Notice of Redemption**

***Mailing of Notice of Redemption:*** Notice of redemption shall be given by deposit in the U.S. Mail a copy of a redemption notice, postage prepaid, at least thirty (30) days before the redemption date to all registered owners of Series 2011A Bonds or portions of the Series 2011A Bonds to be redeemed at their addresses as they appear on the registration books to be maintained in accordance with the provisions of the Resolution. Failure to mail any such notice to a registered owner of a Series 2011A Bond, or any defect therein, shall not affect the validity of the proceedings for redemption of any Series 2011A Bond or portion thereof with respect to which no failure or defect occurred. Such notice shall set forth the date fixed for redemption, the rate of interest borne by each Series 2011A Bond being redeemed, the date of publication, if any, of a notice of redemption, the name and address of the Bond Registrar and the Paying Agent, the redemption price to be paid and, if less than all of the Series 2011A Bonds then outstanding shall be called for redemption, the distinctive numbers and letters, including CUSIP numbers of such Series 2011A Bonds to be redeemed and,

in the case of Series 2011A Bonds to be redeemed in part only, the portion of the principal amount thereof to be redeemed. If any Series 2011A Bond is to be redeemed in part only, the notice of redemption which relates to such Series 2011A Bond shall also state that on or after the redemption date, upon surrender of such Series 2011A Bond, a new Series 2011A Bond or Series 2011A Bonds in a principal amount equal to the unredeemed portion of such Series 2011A Bond will be issued. If the optional redemption of any of the Series 2011A Bonds is conditioned upon the receipt of sufficient moneys as described in the Series 2011A Resolution, the notice of redemption which relates to such Series 2011A Bonds shall also state that the redemption is so conditioned.

Any notice of redemption that is mailed in accordance with the provisions of the Resolution shall be conclusively presumed to have been duly given, whether or not the owner of the Series 2011A Bond called for redemption receives such notice. The Bond Registrar shall not be required to transfer or exchange any Series 2011A Bond after the mailing of a notice of redemption nor during the period of fifteen (15) days next preceding the mailing of a notice of redemption.

As long as a book-entry system maintained by the Depositor Trust Company (DTC) is used for determining beneficial ownership of Series 2011A Bonds, notice of redemption will be sent to DTC. DTC will be responsible for notifying the DTC Participants, which will in turn be responsible for notifying the Beneficial Owners. Any failure of DTC to notify any DTC Participant, or of any DTC Participant to notify the Beneficial Owner of any such notice, will not affect the validity of the redemption of the Series 2011A Bonds.

***Effect of Redemption:*** Notice having been given in the manner and under the conditions described above, the Series 2011A Bonds or portions of Series 2011A Bonds so called for redemption shall, on the redemption date designated in such notice, become and be due and payable at the redemption price provided for redemption of such Series 2011A Bonds or portions of Series 2011A Bonds on such date; provided, however, that Series 2011A Bonds or portions of Series 2011A Bonds called for optional redemption and which redemption is conditioned upon the receipt of sufficient moneys, shall not become due and payable on the redemption date if sufficient moneys to pay the redemption price of such Series 2011A Bonds or portions of such series 2011A Bonds have not been received by the Paying Agent (other than the City) on or prior to the redemption date. On the date so designated for redemption, moneys for payment of the redemption price being held in separate accounts by the Paying Agent in trust for the registered owners of the Series 2011A Bonds or portions thereof to be redeemed, interest on the Series 2011A Bonds or portions of Series 2011A Bonds so called for redemption shall cease to accrue, such Series 2011A Bonds and portions of Series 2011A Bonds shall cease to be entitled to any lien, benefit or security under the Bond Resolution and shall be deemed paid thereunder, and the registered owners of such Series 2011A Bonds or portions of Series 2011A Bonds shall have no right in respect thereof except to receive payment of the redemption price thereof and, to the extent provided in the Bond Resolution, to receive Series 2011A Bonds for any unredeemed portions of the Series 2011A Bonds.

## TAXABLE SPECIAL OBLIGATION BONDS

\$337,755,000

**CITY OF FORT LAUDERDALE, FLORIDA**  
**TAXABLE SPECIAL OBLIGATION BONDS, SERIES 2012**  
**(PENSION FUNDING PROJECT)**

Dated: October 3, 2012

### **Purpose**

The Series 2012 Bonds were issued for the purpose of providing funds to pay (i) the cost of funding a portion of the unfunded actuarial accrued liability of the Pension Plans (determined as of the Fiscal Year 2011 valuation date for each of the Pension Plans) (the "UAAL"), including, without limitation, a partial repayment to the City of its contribution to the PFRS to prefund the City's UAAL portion of its Annual Required Contribution to the PFRS for Fiscal Year 2013 (collectively, the "Project"); and (ii) certain costs of issuance of the Series 2012 Bonds.

### **Security**

Payment of the principal of and interest on the Series 2012 Bonds is secured equally and ratably by a lien on and pledge of the Pledged Funds. Pledged Funds consist of (i) the Designated Revenues, (ii) any Non-Ad Valorem Revenues actually deposited into the Principal and Interest Account of the Debt Service Fund to cure a Debt Service Funding Deficiency, and (iii) all investment income in the funds and accounts established under the Resolution, except for the Rebate Fund; provided, however, that amounts on deposit in or to the credit of a Reserve Account within the Reserve Fund shall constitute Pledged Funds for, and secure, only the particular Series of Bonds for which such Reserve Account is established. Notwithstanding anything in the documents authorizing issuance of the Series 2012 Bonds to the contrary, Non-Ad Valorem Revenues shall only become Pledged Funds if (i) Designated Revenues are determined to be insufficient to meet the Principal and Interest Requirements coming due and payable during any Fiscal Year; (ii) the City's covenant to budget and appropriate Non-Ad Valorem Revenues to pay principal of and interest on Bonds has not been released pursuant to the terms of the Resolution; and (iii) the City actually budgets, appropriates and deposits Non-Ad Valorem Revenues into the Principal and Interest Account of the Debt Service Fund to cure a Debt Service Funding Deficiency.

### **Form**

\$337,755,000 Taxable Special Obligation Bonds, Series 2012 (Pension Funding Project) due January 1, 2032. The Series 2012 Bonds were issued only in fully registered form. Interest on the Series 2012 Bonds is payable semi-annually on each January 1 and July 1.

**Par Amount Outstanding as of September 30, 2017:** \$259,735,000

**Bondholder:** Public Offering

### **Optional Redemption**

The Series 2012 Bonds maturing on or after January 1, 2024 are subject to redemption at the option of the City prior to their respective dates of maturity on or after January 1, 2023, in whole or in part at any time, and if in part, in accordance with the procedures described in this section below under "Partial Redemption," at a redemption price equal to one hundred percent (100%) of the principal amount of the Series 2012 Bonds or portion of the Series 2012 Bonds to be redeemed, together with accrued interest from the most recent interest payment date as of which interest has been paid to the date fixed for redemption.

### **Make-Whole Optional Redemption**

The Series 2012 Bonds are subject to redemption prior to their maturity dates at the option of the City, in whole or in part, on any date prior to January 1, 2023, and if in part, in accordance with the procedures described in this section below under "Partial Redemption," at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the Series 2012 Bonds to be redeemed; or
- (2) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Series 2012 Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the Series 2012 Bonds are to be redeemed, discounted to the date on which the Series 2012 Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, plus thirty-five (35) basis points, plus, in each case, accrued and unpaid interest on the Series 2012 Bonds to be redeemed to the redemption date.

"Treasury Rate" shall mean, as of any redemption date for a particular Series 2012 Bond, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two (2) Business Days, but not more than forty-five (45) calendar days, prior to the redemption date (excluding inflation indexed securities) or, if such Statistical Release is no longer published, any publicly available source of similar market data) most nearly equal to the period from the redemption date to the maturity date of the Series 2012 Bond to be redeemed; provided, however, that if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

Notwithstanding the foregoing, prior to the optional redemption of the Series 2012 Bonds at par on or after January 1, 2023, pursuant to the provisions of the Resolution, the City may elect to legally defease all or a portion of the Series 2012 Bonds until their optional redemption on January 1, 2023. Such legal defeasance of all or a portion of the Series 2012 Bonds shall not constitute a "make-whole optional redemption." The provisions set forth above relating to a make-whole optional redemption shall apply only in the event the City elects to redeem the Series 2012 Bonds on any date prior to January 1, 2023, but not if the City elects only to legally defease all or any portion of the Series 2012 Bonds prior to January 1, 2023.

### **Mandatory Sinking Fund Redemption**

The Series 2012 Bonds maturing on January 1, 2032 are subject to mandatory sinking fund redemption in part prior to maturity by lot through the application of Amortization Requirements, at a redemption price equal to one hundred percent (100%) of the principal amount thereof plus accrued interest to the redemption date, on January 1 of each year in the following amounts and years specified:

<u>Due</u> <u>(January 1)</u>	<u>Amortization</u> <u>Requirement</u>	<u>Due</u> <u>(January 1)</u>	<u>Amortization</u> <u>Requirement</u>
2028	\$17,245,000	2031	\$13,055,000
2029	20,195,000	2032*	13,885,000
2030	15,135,000		

\*Final Maturity

### **Partial Redemption**

If less than all of the Series 2012 Bonds are to be redeemed, the Bond Registrar, upon written instructions from the City, shall select the Series 2012 Bonds for redemption from such maturity dates and in such amounts as are selected by the City, and, so long as the Series 2012 Bonds constitute Book-Entry Bonds held by DTC, shall select such Series 2012 Bonds within such selected maturities on a "Pro Rata Pass-Through Distribution of Principal" basis in accordance with DTC procedures; provided that so long as such Series 2012 Bonds are held under the Book-Entry System, the selection for redemption of such Series 2012 Bonds shall be made in accordance with the operational arrangements of DTC then in effect and, if the DTC operational arrangements do not allow for redemption on a "Pro Rata Pass-Through Distribution of Principal" basis, such Series 2012 Bonds shall be selected for redemption within each such maturity in such manner as the Bond Registrar shall determine and in accordance with DTC procedures. In any event, the portion of the Series 2012 Bond to be redeemed in part shall be in the principal amount of \$5,000 or any integral multiple in excess thereof.

With regard to the foregoing, it is the City's intent that redemption allocations made by DTC, its Participants or such other intermediaries that may exist between the City and the Beneficial Owners be made pro rata. However, the City can provide no assurance that DTC, its Participants or any other intermediaries will allocate redemptions of Series 2012 Bonds on a pro rata basis. If the Series 2012 Bonds are no longer held under a Book-Entry System and less than all of the Series 2012 Bonds are to be redeemed, the Holder of Series 2012 Bonds to be redeemed, or such Holder's attorney or legal representative, shall present and surrender such Series 2012 Bond to the Bond Registrar for payment of the principal amount thereof so called for redemption and the redemption premium, if any, on such principal amount. Upon such presentation and surrender, the City shall execute and the Bond Registrar shall authenticate and deliver to or upon the order of such Holder or such Holder's legal representative, without charge therefor, for the unredeemed portion of the principal amount of the Series 2012 Bond so surrendered, a new Series 2012 Bond of the same maturity and bearing interest at the same rate.

### **Notice of Redemption**

***Mailing of Notice of Redemption.*** At least thirty (30) days, but not more than sixty (60) days, before the redemption date of any Series 2012 Bonds, whether such redemption be in whole or in part, the City shall cause a notice of such redemption, signed by the Finance Director to be mailed, first class postage prepaid, to all Holders owning Series 2012 Bonds to be redeemed in whole or in part and to any Fiduciaries, at their addresses as they appear on the registration books maintained by the Bond Registrar but any defect in such notice or failure to mail such notice to any Holder of any Series 2012 Bonds shall not affect the validity of the proceedings for the redemption of any other Series 2012 Bonds. Each such notice shall set forth the name of the Series 2012 Bonds or portions thereof to be redeemed, the date fixed for redemption, the redemption price to be paid, the Series, and if less than all the Series 2012 Bonds shall be called for redemption, the maturities of the Series 2012 Bonds to be redeemed, the CUSIP numbers, the name and address (including contact person and phone number) of the Fiduciary to which Series 2012 Bonds called for redemption are to be delivered and, if less than all of the Series 2012 Bonds of any one maturity then Outstanding shall be called for redemption, the distinctive numbers and letters, if any, of such Series 2012 Bonds to be redeemed and, in the case of Series 2012 Bonds to be redeemed in part only, the portion of the principal amount thereof to be redeemed. If any Series 2012 Bond is to be redeemed in part only, the notice of redemption shall also state that on or after the redemption date, upon surrender of such Series 2012 Bond, a new Series 2012 Bond in principal amount equal to the unredeemed portion of such Series 2012 Bond, and of the same Series and maturity and bearing the same interest rate, will be issued. Any notice as provided herein shall be conclusively presumed to have been duly given, whether or not the owner of the Series 2012 Bond receives such notice.

In the case of an optional redemption, any notice of redemption may state that (i) it is conditioned upon the deposit of moneys, in an amount equal to the amount necessary to effect the redemption, with the Bond Registrar, Paying Agent or a Fiduciary acting as escrow agent no later than the redemption date or (ii) the City retains the right to rescind such notice on or prior to the scheduled redemption date (in either case, a "Conditional Redemption"), and such notice and optional redemption shall be of no effect if such moneys are not so deposited or if the notice is rescinded as described herein. Any such notice of Conditional Redemption shall be captioned "Conditional Notice of Redemption." Any Conditional Redemption may be rescinded at any time prior to the redemption date if the Finance Director delivers a written direction to the Bond Registrar directing the Bond Registrar to rescind the redemption notice. The Bond Registrar shall give prompt notice of such rescission to the affected Bondholders. Any Series 2012 Bonds subject to Conditional Redemption where redemption has been rescinded shall remain Outstanding, and neither the rescission nor the failure by the City to make such funds available shall constitute an event of default under the Resolution. The Bond Registrar shall give immediate notice to the securities information repositories and the affected Bondholders that the redemption did not occur and that the Series 2012 Bonds called for redemption and not so paid remain Outstanding.

***Effect of Redemption.*** On the date fixed for redemption, notice having been mailed in the manner and under the conditions described above, provided that such notice of redemption has not been rescinded as described above, the Series 2012 Bonds or portions thereof called for redemption shall be due and payable at the redemption price provided therefor, plus accrued interest to such redemption date. If on the date fixed for redemption money or Defeasance Obligations, or a combination of both, sufficient to pay the redemption price of the Series 2012 Bonds to be redeemed, plus accrued interest thereon to the date fixed for redemption, are held by a Depository in trust for the Holders of Series 2012 Bonds to be redeemed, interest on the Series 2012 Bonds called for redemption shall cease to accrue after the date fixed for redemption. Such Series 2012 Bonds shall cease to be entitled to any benefits or security under the Resolution or to be deemed Outstanding and the Holders of such Series 2012 Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof plus accrued interest to the date of redemption, provided the notice of redemption for such Series 2012 Bonds has not been rescinded, as described above.

If a portion of an Outstanding Series 2012 Bond shall be selected for redemption, the Holder thereof or such Holder's attorney or legal representative, shall present and surrender such Series 2012 Bond to the Bond Registrar for payment of the principal amount thereof so called for redemption. The City shall execute and the Bond Registrar shall authenticate and deliver to or upon the order of such registered owner or such owner's legal representative, without charge therefor, for the unredeemed portion of the principal amount of the Series 2012 Bond so surrendered, a Series 2012 Bond of the same maturity and bearing interest at the same rate. As long as a book-entry system is used for determining beneficial ownership of Series 2012 Bonds, notice of redemption will be sent to DTC. DTC will be responsible for notifying the DTC Participants, which will in turn be responsible for notifying the Beneficial Owners. Any failure of DTC to notify any DTC Participant, or of any DTC Participant to notify the Beneficial Owner of any such notice, will not affect the validity of the redemption of the Series 2012 Bonds.

## WATER AND SEWER SYSTEM

### History

***The Water System.*** Approximately one year after the City's incorporation in 1911, the City's water system (the "Water System") began operations, serving less than 100 people. The original Water System was replaced with a larger well, pumping station and treatment plant in 1919. In 1926 construction of the Dixie Water Treatment Plant (now known as the Walter E. Peele-Dixie Water Treatment Plant) (the "Peele-Dixie WTP") began and such facility was enlarged in 1939 to a capacity of 14 million gallons per day ("mgd"). The number of customer accounts served by the Water System nearly doubled between 1935 and 1945 and again by 1950, growing from 2,365 in 1935 to 5,721 in 1945, and to 11,577 by 1950. In 1950 the City purchased the Fiveash Water Treatment Plant (the "Fiveash WTP") and increased its capacity from 8 mgd to 16 mgd in 1958. By the early 1970s, the capacity of the Peele-Dixie WTP was increased to 20 mgd, and the Fiveash WTP to 40 mgd. Together these water treatment plants provided service to approximately 35,700 customers. The Fiveash WTP was expanded by an additional 24 mgd, for a total of 64 mgd of design capacity in the early 1980s as the Water System neared capacity.

In 1953 the City began providing water service to other nearby communities when the City entered into a contract with the Town of Lauderdale-by-the-Sea. Prior to 2008, Lauderdale-by-the-Sea owned the water lines within its boundaries and the City of Fort Lauderdale maintained those lines and otherwise provided retail water service to the residents of that community. In 2008, the City purchased the water lines it previously leased from Lauderdale-by-the-Sea. The City continues to provide retail water service to the residents of the Town of Lauderdale-by-the-Sea.

Other entities also purchase water from the City under similar arrangements, including the Village of Sea Ranch Lakes and parts of unincorporated Broward County. Together, the Town of Lauderdale-by-the-Sea and the Village of Sea Ranch Lakes comprise less than four percent (4%) of the total population served by the Water System. The number of retail customers that the City serves in unincorporated Broward County also comprises a small percentage of the total population served by the Water System.

Several other entities purchase water from the City on a wholesale or bulk user basis through a master meter or have emergency interconnects. These entities include the cities of Oakland Park and Wilton Manors and portions of the City of Tamarac, the Town of Davie, unincorporated Broward County and Broward County's Port Everglades. The agreements for water supply between these entities and the City all have 30-year terms, except for the agreement with the City of Wilton Manors, which has a 25-year term. Such contracts collectively represent approximately 16.3% of the City's total water production. Set forth below is a listing of such contracts, their current expiration dates and the percentage of total consumption of the Water System represented by each contract. Service is currently provided to the Town of Davie under the terms of the expired contract. The City expects to enter into a new long-term arrangement with each of the entities set forth below when the current wholesale or bulk user contracts expire.

## Water User Contracts

<u>Large User</u>	<u>Effective Dates of Agreement</u>	<u>% of Total Water System Consumption<sup>(1)</sup></u>
Broward County	1994 – 2024	0.04%

City of Tamarac	1994 – 2024	0.42
City of Wilton Manors	2005 – 2030	<u>4.26</u>
<b>TOTAL</b>		<u><b>16.33%</b></u>

Source: City of Fort Lauderdale, Public Works Department.

- (1) Total metered consumption in Fiscal Year 2016 amounted to approximately 12.279 billion gallons.
- (2) Contract is under review and anticipated to be renewed.
- (3) Since 2004, the City has provided retail water service to some tenants at Broward County's Port Everglades but also continues to provide wholesale water service at Port Everglades.

**The Sewer System.** Prior to construction of the G. T. Lohmeyer Wastewater Treatment Plant (the "Lohmeyer WWTP") in the 1970s, the Sewer System of the City (the "Sewer System") was comprised of numerous small sewer treatment facilities housed at various locations around the City. The construction of the Sewer System began in 1927 but, due to the impacts of a hurricane and local economic downturn, was not completed until 1937. In the 1940s and 1950s, the population of the City grew more rapidly than the Sewer System. As a result, new developments were often served by septic systems. By the late 1950s, the City began to expand the Sewer System to serve all areas of the City. Most new developments subsequent to 1950 were required to install sanitary sewers.

Expansion of the wastewater collection system was limited until 1957, when the City began expanding the Sewer System into unserved areas, beginning from the beach area and extending west. However, expansion of the gravity wastewater system slowed considerably in the late 1970s and 1980s, as available capital funds were used to consolidate and upgrade the wastewater treatment plants of the Sewer System. Currently, almost all of the City's residents are connected, or have access, to the Sewer System.

Construction of the Lohmeyer WWTP began in the mid-1970s. The Lohmeyer WWTP was designed to serve the entire City, as well as the City of Oakland Park, the City of Wilton Manors, Broward County's Port Everglades, portions of the Town of Davie and portions of the City of Tamarac. The City has negotiated contractual agreements with each of these large regional Sewer System users. All of these contracts were amended in 2001 and are now scheduled to expire in 2021. The City plans to enter into new contracts with each of the large regional Sewer System users prior to the expiration of the existing contracts. To date, none of the large regional users of the Sewer System have indicated any intentions to seek alternative sources of wastewater treatment. After constructing the Lohmeyer WWTP, the City closed all of the smaller wastewater treatment facilities that had previously been used to operate the Sewer System. The Lohmeyer WWTP has a permitted capacity of 56.6 mgd.

## **Organizational Structure**

***Organization and Management.*** Operation of the Water System and the Sewer System is the responsibility of the City's Public Works Department. In addition, the Public Works Department manages operation of the City's stormwater drainage system and solid waste collection system. The Public Works Department currently employs approximately 464 full-time equivalent staff and is composed of four (4) divisions: Administrative/Strategic Support, Utilities, Sustainability and Engineering.

The Utilities Division is responsible for operation of the Water System and Sewer System. The two subdivisions within the Utilities Division are: (i) Distribution and Collection (which operates and maintains the potable water distribution facilities and sewer collection and pumping facilities); (ii) Treatment (which operates the Peele-Dixie WTP, the Fiveash WTP, the Lohmeyer WWTP, the associated wellfields, and the environmental lab).

The Sustainability Division operates the solid waste and recycling activities, fleet services, stormwater, environmental and regulatory affairs and sustainability and climate resilience, including implementation of the City's Sustainability Action Plan (which articulates the City specific "green" goals, strategies and performance indicators, reflects how sustainability will be integrated into all levels of City decision-making and establishes a system of accountability). The division serves as an internal business consultant to other City departments to integrate sustainable practices and climate resiliency in their daily operations. The Engineering Division provides for engineering design, construction and project management of capital community investment and public right-of-way projects. The division ensures that projects are in compliance with approved plans, specifications and applicable building codes and meet high standards of quality, delivery time and cost. The division provides engineering and project management services for water, sewer, and stormwater capital improvement projects and includes the design management and construction management subdivisions. The Director's office, constituting the Administrative/Strategic Support Division, is responsible for financial services and utilities support activities, including budget, utilities finance, human resources and payroll, meter reading, and operation and management of the City's 24-hour customer service center.

The Director of the Public Works Department is Mr. Paul Berg, who has held that position since October 2015. Prior to serving as Director, Mr. Berg served as the Acting Director of the Public Works Department for approximately 1 year, and as the Deputy Director for the Public Works Department for approximately 1.5 years. Mr. Berg, has over forty (40) years of experience serving in local government and has extensive experience serving in a senior management capacity within the public sector. Prior to serving as the Deputy Director for the Public Works Department, Mr. Berg served in capacities where he was responsible for personnel administration, collective bargaining, budgeting, fleet management, public works, library management, and several major construction projects. Mr. Berg has a Bachelor of Arts in Political Science from Augustana College, a Master of Arts in Public Affairs from the University of Iowa and is a Credentialed Manager by the International City County Management Association.

Each of the Department's four divisions is headed by a Deputy or Assistant Public Works Director.

***Training Programs and Certifications.*** The City has an active training program for its field crews and operation and maintenance staff, including monthly safety meetings and quarterly courses on various safety-related subjects. The Florida Administrative Code requires all distribution and collection field crew leaders to be certified by the State of Florida as a condition of their employment. All such employees, as well as all the operators of the Water System, the Sewer System and the City's stormwater drainage system, are licensed and certified by the State of Florida. The City also requires that vacancies be filled by licensed operators or by individuals who agree to train to be licensed operators.

The Utilities Division's Environmental Laboratory provides daily sampling and testing services for the Water and Sewer System. The Environmental Laboratory is certified by the Florida Department of Health, Bureau of Public Health Laboratory and by the Florida Department of Environmental Protection ("FDEP") for collecting environmental water samples and conducting water quality analyses. Additionally, the Utilities Division's Environmental Laboratory is accredited through the National Environmental Laboratory Accreditation Certification and the International Organization for Standardization (ISO 17025).

### **Government Regulations**

The Water System and the Sewer System are subject to federal, state, regional and local regulation. Federal regulatory jurisdiction is vested in the United States Environmental Protection Agency (the "EPA"). The Water System must comply with the Federal Safe Drinking Water Act. However, the EPA has delegated the primary responsibility for enforcement of drinking water standards to the State of Florida Department of Health. The Sewer System must comply with the Federal Water Pollution Control Act and the 1977 Clean Water Act Amendments. The EPA has retained jurisdiction over the enforcement of the federal laws.

The State, acting through the Florida Department of Environmental Protection ("FDEP"), has its own system of operational permits which govern the Water System and the Sewer System. On a regional level, the South Florida Water Management District ("SFWMD") controls groundwater withdrawals through consumptive use permits, which stipulate the maximum annual and daily withdrawals. The current consumptive use permit for the Water System is valid through September 11, 2028. Locally, the Broward County Department of Natural Resource Protection has its own licensing system for wastewater plants and a monitoring and enforcement process and the Broward County Department of Health has jurisdiction over the treatment of potable water.

### **Water and Sewer Rates**

As a result of the analysis and conclusions of the 2011 Rate Study, the City Commission adopted an annual rate indexing policy of adjusting rates for services of the Water and Sewer System. The annual rate adjustment is scheduled to be the greater of (i) the annual change (measured in May of each year) in the United States Consumer Price Index Water & Sewerage Maintenance Series (the "CPI"), or (ii) five percent (5%). Based on the recommendations in the 2011 Rate Study, the City adopted a rate increase for services of the Water and Sewer System of 6.75% for Fiscal Year 2012 (i.e., 5.75% actual change in CPI for May 2011, plus an additional 1.0%), 6.75% for Fiscal Year 2013 (i.e., 5.0% annual increase, plus an additional 1.75%) and 5% for Fiscal Years 2014 and 2015, respectively.

An additional increase of 5% for services of the Water and Sewer System became effective on each of October 1, 2015, 2016, and 2017 for Fiscal Years 2016, 2017, and 2018, respectively. The City's current rate structure does not require the City Commission to take action to determine the amount that rates will increase each year. Instead, it provides that rates for services of the Water and Sewer System automatically increase by 5% at the beginning of each Fiscal Year.

As part of approving the rate indexing adjustments described above, the City Commission expressly committed to performing annual financial reviews by April 30 of each year to determine if, as of September 30 of the prior year, taking into account adjusted rates for services of the Water and Sewer System, projected revenues shall be in excess of the amount needed, based on the following criteria relating to the Water and Sewer System:

1. annual revenues exceed annual expenses,
2. net revenue is at or above two times (2.0x) annual debt service expenses,
3. there is an operating reserve at least equal to 120 days of operating costs,
4. there is an unrestricted capital reserve of at least \$10 million, and
5. there is replacement and repair funding of at least \$10 million.

If the City Manager determines that projected Revenues are in excess of the amount needed, based on the five criteria set forth above, the current customers of the City's Water and Sewer System shall receive a proportionate rebate of the excess funds on their water/wastewater bill in the same Fiscal Year. Conversely, the annual review described above may identify the need for an additional rate increase to meet the financial requirements of the Water and Sewer System.

The City's contracts with the large users of the Sewer System specify the basis to be used for the annual calculation of regional wastewater treatment rates. These contracts specify that the rates will be based on the regional system's budgeted costs. Budgeted costs include a component for the CIP, based on a renewal and replacement analysis of the wastewater treatment facilities, which is updated annually. At the end of each Fiscal Year, the rates are recalculated and each user is provided either a credit or an additional charge to equate their total bill to their proportionate share of the regional system's total costs for that year. The contracts for bulk water service do not specify the basis for their rate calculations. As such, in between periodic cost of service or rate studies, the City adjusts the rates for bulk users of the Water System by the same annual rate increases applied to the Water System's retail customers.

<u>Due</u>	<u>Amortization Requirement</u>
March 1, 2038	\$2,180,000
September 1, 2038 (Final Maturity)	2,185,000

***Mailing of Notice of Redemption:*** At least thirty (30), but not more than sixty (60), days before the date set for redemption of any Series 2016 Bonds, either in whole or in part, a notice of such redemption, signed by the Finance Director, shall be (a) filed with the Bond Registrar and (b) mailed, first class mail, postage prepaid, to all registered owners of Series 2016 Bonds to be redeemed at their addresses as they appear on the registration books maintained by the Bond Registrar, but failure to mail any such notice shall not affect the validity of the proceedings for such redemption. Each such notice shall specify the redemption date, the redemption price and the place or places where amounts due upon such redemption will be payable and, if less than all of the Series 2016 Bonds are to be redeemed, the numbers or other distinguishing marks of such Series 2016 Bonds to be redeemed in part only, and the respective portions thereof to be redeemed. Such notice shall further state that on the redemption date there shall become due and payable upon each of the Series 2016 Bonds to be redeemed the redemption price or the specified portions thereof, in the case of Series 2016 Bonds to be redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest shall cease to accrue and be payable on such Series 2016 Bonds or portions thereof so redeemed.

In the case of an optional redemption of the Series 2016 Bonds, any notice of redemption may state that (i) it is conditioned upon the deposit of moneys with the Paying Agent or an escrow agent, no later than the redemption date, in an amount equal to the amount necessary to effect the redemption; or (ii) the City retains the right to rescind such notice of redemption on or prior to the scheduled redemption date (in either case, a “Conditional Redemption”), and such notice and optional redemption shall be of no effect if such moneys are not so deposited or if the notice is rescinded as described herein. Any notice of Conditional Redemption shall be captioned “Conditional Notice of Redemption.” Any Conditional Redemption may be rescinded at any time prior to the redemption date if the Finance Director delivers a written direction to the Paying Agent directing the Paying Agent to rescind the redemption notice. The Paying Agent shall give prompt notice of such rescission to the affected Bondholders. Any Series 2016 Bonds subject to Conditional Redemption where redemption has been rescinded shall remain Outstanding, and neither the rescission nor the failure by the City to make such funds available shall constitute an Event of Default. The Paying Agent shall give immediate notice to the securities information repositories and the affected Bondholders that the redemption did not occur and that the Series 2016 Bonds called for redemption and not so paid remain Outstanding.

In the event that only part of the principal sum of any Series 2016 Bond shall be called for redemption or prepaid, payment of the amount to be redeemed or prepaid shall be made only upon surrender of such Series 2016 Bond to the Bond Registrar. Upon surrender of such Series 2016 Bond, the Bond Registrar shall execute and deliver to the registered owner thereof, at the designated office of the Bond Registrar, new duly executed Series 2016 Bonds, of authorized principal sums equal in aggregate principal amount to, and of the same maturity and interest rate as, the unredeemed portion of the Series 2016 Bond surrendered.

***Effect of Redemption.*** On the date so designated for redemption, notice having been mailed and filed in the manner and under the conditions described in the Resolution, the Series 2016 Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Series 2016 Bonds on such redemption date and, moneys for payment of the redemption price being held in separate accounts by the Bond Registrar or by a separate financial institution designated as escrow agent in

trust for the Holders of the Series 2016 Bonds to be redeemed, interest on the Series 2016 Bonds so called for redemption shall cease to accrue, such Series 2016 Bonds shall cease to be entitled to any lien, benefit or security under the Resolution and the Holders or registered owners of the Series 2016 Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and accrued interest thereon.

As long as a book-entry system is used for determining beneficial ownership of Series 2016 Bonds, notice of redemption will be sent to DTC. DTC will be responsible for notifying the DTC Participants, which will in turn be responsible for notifying the Beneficial Owners. Any failure of DTC to notify any DTC Participant, or of any DTC Participant to notify the Beneficial Owner of any such notice, will not affect the validity of the redemption of the Series 2016 Bonds.

**WATER AND SEWER REVENUE REFUNDING BONDS, SERIES 2012**

Dated: May 16, 2012

**Purpose**

The Series 2012 Bonds were issued and used, together with other legally available funds of the City, to (i) advance refund \$68,935,000 in aggregate principal amount of the City's outstanding Water and Sewer Revenue Bonds, Series 2003, which were originally issued to pay a portion of the cost of improvements to the Water and Sewer System and (ii) pay the costs of issuing the Series 2012 Bonds.

**Security**

The Series 2012 Bonds are secured by a lien on and pledge of the Net Revenues derived from the City's ownership and operation of the Water and Sewer System and certain other moneys held under the Resolution of the City authorizing issuance of the Series 2012 Bonds.

**Form**

\$64,585,000 Water and Sewer Revenue Refunding Bonds, Series 2012 due September 1, 2031. The Series 2012 Bonds were issued in book-entry only form and purchasers of the Series 2012 Bonds did not receive certificates representing their interest in the Series 2012 Bonds purchased. Principal of and interest on the Series 2012 Bonds are payable semi-annually on each March 1 and September 1.

**Par Amount Outstanding as of September 30, 2017:** \$53,500,000

September 1, 2026 (Final Maturity)	2,050,000

The Series 2012 Bonds maturing on September 1, 2029 are subject to mandatory sinking fund redemption in part prior to maturity by lot through the application of Amortization Requirements, at a redemption price equal to one hundred percent (100%) of the principal amount thereof, plus accrued interest to the redemption date, on March 1 and September 1 of each year in the following amounts and years specified:

<u>Due</u>	<u>Amortization Requirement</u>
March 1, 2029	\$2,305,000
September 1, 2029 (Final Maturity)	2,350,000

The Series 2012 Bonds maturing on September 1, 2030 are subject to mandatory sinking fund redemption in part prior to maturity by lot through the application of Amortization Requirements, at a redemption price equal to one hundred percent (100%) of the principal amount thereof, plus accrued interest to the redemption date, on March 1 and September 1 of each year in the following amounts and years specified:

<u>Due</u>	<u>Amortization Requirement</u>
March 1, 2030	\$2,390,000
September 1, 2030 (Final Maturity)	2,430,000

The Series 2012 Bonds maturing on September 1, 2031 are subject to mandatory sinking fund redemption in part prior to maturity by lot through the application of Amortization Requirements, at a redemption price equal to one hundred percent (100%) of the principal amount thereof plus accrued interest to the redemption date, on March 1 and September 1 of each year in the following amounts and years specified:

<u>Due</u>	<u>Amortization Requirement</u>
March 1, 2031	\$2,470,000
September 1, 2031 (Final Maturity)	2,510,000

### **Notice of Redemption**

***Mailing of Notice of Redemption:*** At least thirty (30), but not more than sixty (60), days before the date set for redemption of any Series 2012 Bonds, either in whole or in part, a notice of such redemption, signed by the Finance Director, shall be (a) filed with the Bond Registrar and (b) mailed, first class mail, postage prepaid, to all registered owners of Series 2012 Bonds to be redeemed at their addresses as they appear on the registration books maintained by the Bond Registrar, but failure to mail any such notice shall not affect the validity of the proceedings for such redemption. Each such notice shall specify the redemption date, the redemption price and the place or places where amounts due upon such redemption will be payable and, if less than all of the Series 2012 Bonds are to be redeemed, the numbers or other distinguishing marks of such Series 2012 Bonds to be redeemed in part only, and the respective portions thereof to be redeemed. Such notice shall further state that on the redemption date there shall become due and payable upon each of the Series 2012 Bonds to be redeemed the redemption price or the specified portions thereof, in the case of Series 2012 Bonds to be redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest shall cease to accrue and be payable on such Series 2012 Bonds or portions thereof so redeemed.

In the case of an optional redemption of the Series 2012 Bonds, any notice of redemption may state that (i) it is conditioned upon the deposit of moneys with the Paying Agent or an escrow agent, no later than the redemption date, in an amount equal to the amount necessary to effect the redemption; or (ii) the City retains the right to rescind such notice of redemption on or prior to the scheduled redemption date (in either case, a "Conditional Redemption"), and such notice and optional redemption shall be of no effect if such moneys are not so deposited or if the notice is rescinded as described herein. Any notice of Conditional Redemption shall be captioned "Conditional Notice of Redemption." Any Conditional Redemption may be rescinded at any time prior to the redemption date if the Finance Director delivers a written direction to the Paying Agent directing the Paying Agent to rescind the redemption notice. The Paying Agent shall give prompt notice of such rescission to the affected Bondholders. Any Series 2012 Bonds subject to Conditional Redemption where redemption has been rescinded shall remain Outstanding, and neither the rescission nor the failure by the City to make such funds available shall constitute an Event of Default. The Paying Agent shall give immediate notice to the securities information repositories and the affected Bondholders that the redemption did not occur and that the Series 2012 Bonds called for redemption and not so paid remain Outstanding.

In the event that only part of the principal sum of any Series 2012 Bond shall be called for redemption or prepaid, payment of the amount to be redeemed or prepaid shall be made only upon surrender of such Series 2012 Bond to the Bond Registrar. Upon surrender of such Series 2012 Bond, the Bond Registrar shall execute and deliver to the registered owner thereof, at the designated office of the Bond Registrar, new duly executed Series 2012 Bonds, of authorized principal sums equal in aggregate principal amount to, and of the same maturity and interest rate as, the unredeemed portion of the Series 2012 Bond surrendered.

***Effect of Redemption.*** On the date so designated for redemption, notice having been mailed and filed in the manner and under the conditions described in the Resolution pursuant to which the Series 2012 Bonds were issued, the Series 2012 Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Series 2012 Bonds on such redemption date and, moneys for payment of the redemption price being held in separate accounts by the Bond Registrar or by a separate financial institution designated as escrow agent in trust for the Holders of the Series 2012 Bonds to be redeemed, interest on the Series 2012 Bonds so called for redemption shall cease to accrue, such Series 2012 Bonds shall cease to be entitled to any lien, benefit or security under the Resolution pursuant to which the Series 2012 Bonds were issued, and the Holders or registered owners of the Series 2012 Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and accrued interest thereon.

As long as a book-entry system is used for determining beneficial ownership of Series 2012 Bonds, notice of redemption will be sent to DTC. DTC will be responsible for notifying the DTC Participants, which will in turn be responsible for notifying the Beneficial Owners. Any failure of DTC to notify any DTC Participant, or of any DTC Participant to notify the Beneficial Owner of any such notice, will not affect the validity of the redemption of the Series 2012 Bonds.

**2015 RADIO COMMUNICATIONS**  
**EQUIPMENT LEASE PURCHASE AGREEMENT**

Dated: June 30, 2015

**Purpose**

The Equipment Lease Purchase Agreement (Lease) was utilized to fund the acquisition of upgraded radio equipment for the City. This equipment is essential to provide mission-critical two-way voice communication for the City’s Public Safety entities. The equipment is replacing existing equipment, which lack parts and components to maintain operational use.

**Security**

Lessee’s staff will request funding each year as a part of Lessee’s budget process. It is Lessee’s intent to make Lease Payments for the full Lease Term if funds are legally available therefor and in that regard Lessee represents that the Equipment will be used for one or more authorized governmental or proprietary functions essential to its proper, efficient and economic operation.

Lessee’s obligation to make Lease Payments and to pay any other amounts payable under this Lease constitutes a current obligation payable only to the extent permitted by law and exclusively from legally available funds and shall not be construed to be an indebtedness within the meaning of any applicable constitutional or statutory limitation or requirement. Lessee has not pledged and will not pledge its full faith and credit or its taxing power to pay any Lease Payments or any other amounts under this Lease. Neither Lessor nor any Assignee (described below) may compel the levy of any ad valorem taxes by Lessee to pay Lease Payments or any other amounts under this Lease.

**Purchase Option**

Provided that no Event of Default has occurred and is continuing, or no event, which with notice or lapse of time, or both could become an Event of Default, then exists, Lessee will be released from all of Lessee’s obligations under this Lease upon the payment to Lessor, on such date, of the Lease Payment then due together with the Balance Payment amount set forth opposite such date, whereupon this Lease shall terminate. Lessor shall relinquish all of Lessor’s rights and remedies under this Lease, and all right, title, and interest in the Equipment will continue to be vested in Lessee.

**2017 WATER & ENERGY CONSERVATION**  
**EQUIPMENT LEASE PURCHASE AGREEMENT**

Dated: January 5, 2017

**Purpose**

The purpose of this transaction is to provide financing to the Lessee for the acquisition, construction, and installation of water and energy conservation measures (collectively, the “Equipment”) under a guaranteed savings energy performance contract (the “EPC”) with Honeywell Building Solutions (“Honeywell”).

**Security**

This transaction will be structured as a tax-exempt equipment lease purchase agreement (“Lease/Purchase”) between the Lessee and Lessor. Repayments under the Lease/Purchase shall be absolute and unconditional, subject only to annual appropriation of funds by the Lessee’s governing body and in accordance with the laws of the State of Florida. Subject to annual appropriation, repayment of the Lease/Purchase will be made from the Lessee’s General Fund plus any legally available funds of the Lessee.

Per Florida Statutes, the Lessor will not retain a first priority security interest in the Equipment. In the event of default, the Lessee will be required to return the Equipment to the Lessor. Lessee shall be required to maintain the Equipment free and clear of other liens, to insure the Equipment, to promptly repair or replace any damaged or destroyed Equipment and to pay applicable taxes.

**Prepayment Option**

With 30 days advance notice, Lessee has the option to prepay the transaction in whole, but not part, by paying the applicable Termination Value which shall be calculated as starting at 102% of the outstanding principal balance of the Lease/Purchase and will step down to 101% in 2025 and to 100.5% in 2027.

## OTHER DEBT FINANCING

### State Revolving Fund Loans

In addition to the issuance of Bonds, in connection with improvements to the Water and Sewer System, the City has borrowed funds from the State of Florida revolving loan program (the "SRF"). Although not currently contemplated, the City may obtain additional SRF loans for capital needs in the future. Such SRF loans have not been incurred by the City, and are not expected to be incurred by the City in the future, as Additional Bonds or Alternative Parity Debt under the Resolution authorizing the issuance of Bonds for the Water and Sewer System. As a result, such SRF loans are currently, and if obtained in the future are expected to be, payable from and secured by Net Revenues on a basis that is junior and subordinate to the pledge of and lien on Net Revenues in favor of the Bonds or Alternative Parity Debt issued, or to be issued, under the Resolution authorizing the issuance of Bonds for the Water and Sewer System.

The City began borrowing funds through the SRF loan program in 2003. The SRF program has lending rates that are approximately fifty-five percent (55%) of the average for the municipal bond cost index. The low market rate makes this financing source attractive though there are additional administrative costs associated with the SRF loan program. The SRF source of funding has been limited because of demand and other circumstances beyond the City's control. The City maximized its use of this funding source, which is projected to result in reduced costs of approximately \$30 million over the life of the loans when compared to revenue bonds. The City has executed SRF loan agreements totaling almost \$104 million, with approximately \$102 million available for capital improvement funding, of which nearly all available funds have been expended.

In 2016, all amounts outstanding for two of the City's five SRF loans, were prepaid by part of the proceeds from the Water and Sewer Revenue and Revenue Refunding Bonds, Series 2016. The prepaid loans were the City's first two SRF loans: the 2003 SRF loan, and the 2004 SRF loan. An annual debt service of approximately \$4.5 million for the total remaining outstanding SRF loans is payable by the City through FY 2028.

## **SUBSEQUENT EVENTS**

### **Las Olas Parking Garage Project**

On November 21, 2017, the City entered into an agreement with Regions Capital Advantage, Inc. in the form of a non-revolving line of credit not to exceed the amount of \$13,000,000 for the purpose of funding a portion of the Las Olas Parking Garage Project. The interest rate on the Non-Revolving Credit Note is subject to change based on the One-Month LIBOR for the applicable Interest Period – providing an actual variable interest rate of 65.001% of 30-day LIBOR plus 46 basis points.

### **Water and Sewer Revenue Bonds, Series 2018**

On February 20, 2018, the City issued \$196,035,000 in Water and Sewer Revenue Bonds, Series 2018. The proceeds from the sale are being used to finance certain improvements and upgrades to the City's Water and Sewer System. The issue provides for semi-annual principal and interest payments with interest rates ranging from 3.5% to 4.0% and a final maturity on September 1, 2048.

## APPENDIX A – GLOSSARY

In addition to the definitions set forth below, capitalized terms used but not defined in this Report shall have the meanings ascribed to such terms in the resolutions of the City authorizing issuance of the respective series of bonds to which such capitalized term relates.

**"Amortization Requirements"** shall mean the amounts required to be deposited in the Redemption Subaccount for any Series of Bonds for the purpose of redeeming prior to their maturity and paying at their maturity the Term Bonds of any Series, the specific amounts and times of such deposits to be determined by the City Commission in a Series Resolution relating to such Series of Bonds.

**"Bond Registrar"** shall mean either the City or a bank or trust company, either within or without the State of Florida, designated as such by the City Commission in the Series Resolution relating to a Series of Bonds, which shall perform such functions as Bond Registrar and paying agent as required by the Bond Resolution.

**"Bondholders"** or **"Holders"** shall mean the registered owners of the Bonds.

**"City"** shall mean the City of Fort Lauderdale, Florida.

**"City Commission"** shall mean the City Commission of the City or any successor commission, council, board or body in which the general legislative power of the City shall be vested.

**"City Manager"** shall mean the City Manager of the City or his or her designee or the officer succeeding to his or her principal functions.

**"DAC"** shall mean Digital Assurance Certification, L.L.C., which acts as disclosure dissemination agent for issuers of municipal bonds, electronically posting and transmitting information to repositories and investors alike.

**"DROP"** shall mean the deferred retirement option program whereby employees may technically retire and collect benefits prior to separation from employment.

**"DTC"** shall mean The Depository Trust Company, New York, New York.

**"Fiscal Year"** shall mean the period commencing on the first day of October and ending on the last day of September of the following year, as the same may be amended from time to time, as determined by the City.

**"Fitch Ratings"** or **"Fitch"** shall mean Fitch Ratings, Inc., a corporation organized and existing under the laws of the State of New York, its successors and their assigns, and, if for any reason such corporation shall no longer perform the functions of a securities rating agency, "Fitch Ratings" or "Fitch" shall be deemed to refer to any other nationally recognized securities rating agency designated by the City.

**"Mayor"** shall mean the Mayor of the City, or in his or her absence, the Vice Mayor of the City, or the officer succeeding to his or her principal functions.

**"Moody's Investors Service" or "Moody's"** shall mean Moody's Investors Service, Inc., a corporation organized and existing under the laws of the State of Delaware, its successors and their assigns, and, if for any reason such corporation shall no longer perform the functions of a securities rating agency, "Moody's Investors Services" or "Moody's" shall be deemed to refer to any other nationally recognized securities rating agency designated by the City.

**"Net Revenues"** for any particular period shall mean the amount of the excess of the Revenues for such period over the Current Expenses for such period.

**"OPEB"** shall mean Other Post-Employment Benefits.

**"Rating Agencies"** shall mean each of Moody's Investors Service, S&P Global Ratings, and Fitch, to the extent that Moody's Investors Service, S&P Global Ratings, and Fitch then have ratings issued and outstanding in respect of any Bonds.

**"S&P Global Ratings" or "S&P"** shall mean S&P Global Ratings, a division of Standard & Poor's Financial Services LLC, a corporation organized and existing under the laws of the State of New York, its successors and their assigns, and, if such corporation shall for any reason no longer perform the functions of a securities rating agency, "S&P Global Ratings" or "S&P" shall be deemed to refer to any other nationally recognized securities rating agency designated by the City.

**"State Revolving Fund"** shall mean the state revolving loan fund established by the State of Florida under the Federal Clean Water Act.

**"Term Bonds"** shall mean the Bonds of a Series so designated in the Series Resolution for such Bonds.

**"Water and Sewer System"** shall mean the combined water and sewer system for the supply, treatment and distribution of water and for the collection, transmission, treatment and disposal of sewage, owned and/or operated by the City or on its behalf, together with any separate systems consolidated with the Water and Sewer System.
