Solid Waste Hauler Franchise Fee Audit Report

Report #17/18-06

May 25, 2018

Memorandum

Memo No: 17/18-08

Date: May 25, 2018

To: Honorable Mayor and Commissioners

From: John Herbst, CPA, CGFO, CGMA
City Auditor

Re: Solid Waste Hauler Franchise Fee Audit Report

From time to time, the City Auditor's Office will outsource audits to firms that have specialized expertise in a specific subject matter. In coordination with Melissa Doyle, the City's Program Manager for Solid Waste and Recycling, the CPA firm of Morgenstern Phifer & Messina, P.A. was engaged to conduct audits of a number of waste haulers on our behalf.

A copy of their report is attached hereto. Based on the audit, it was determined that four of the haulers had exceptions discovered during the examination, while the remaining eleven were in compliance. In three of those with exceptions, the differences between the amounts due and amounts paid were de minimis in nature. The other hauler with an exception was unable to provide the documentation supporting the exclusion of recycled material from the franchise fee calculation.

We will continue to evaluate other opportunities for future revenue audits.

Melissa Doyle
Program Manager – Solid Waste and Recycling
City of Fort Lauderdale

Melissa,

In response to your inquiry, we furnish to you the following response:

Our firm performed certain consulting services (as described below) for the haulers specified to us by the City of Fort Lauderdale, Florida (the "City"). We performed limited procedures on the haulers Franchise Fee Reports for the reporting periods of February 2016 and June 2016 to ensure that the City of Fort Lauderdale, Florida (the City) was paid in accordance with the Franchise Agreement for waste collection services.

Our work plan primarily consisted of reviewing invoices, and other records, making inquiries of the Hauler's management and analyzing the information obtained by us during the course of our procedures. In performing our services, we relied on the sufficiency, accuracy, and reliability of information provided by the Haulers. We did not independently verify the information provided to us.

1. Obtained February 2016 and June 2016 franchise fee calculation worksheets reflecting amounts due and paid for waste collection services within the City of Fort Lauderdale and verified they are properly calculated at 23% of the associated revenue in accordance with the Franchise Agreement.
2. Obtained February 2016 and June 2016 billing register reflecting all customers and amounts invoiced with amounts related to franchise fees noted. Selected a sample of customers from the monthly billing listing to determine if they are properly included or excluded from monthly franchise fee calculation.
3. Obtained franchise customer listing with addresses for the months of February 2016 and June 2016. Selected a sample of customers to verify they are located within franchise area.

4. Obtained payment listing and cleared check copies for amounts paid related to franchise fees due to the City of Fort Lauderdale for the months of February 2016 and June 2016 and agreed amounts to Franchise Fee Reports.

Our procedures were performed pursuant to the Standards for Consulting Services issued by the American Institute of Certified Public Accountants. We were not engaged to, and did not, perform an audit or an examination, the objective of which would be the expression of an opinion on the financial information of the Haulers. Because the procedures do not constitute an audit or examination, we did not express an opinion on any of the accounts, internal controls or any other items. If we were to perform additional procedures, other matters might have come to our attention that would have been reported to you.

Our engagements cannot be relied upon to disclose errors, irregularities or illegal acts, including fraud or defalcations that may exist.

The Haulers examined that had no exceptions noted in the procedures performed are as follows:

- * Ideal Site Services
- * J&A Waste Corporation
- * MST Scrap Metal, Inc.
- * Panzarella Waste & Recycling
- * Progressive Waste & Recycling Services

Respectfully,

Michael P. Messina, C.P.A.

As agreed to in our engagement letter dated October 31, 2017, we performed certain consulting services (as described below) for Dumpster King (the Company). We performed limited procedures on your Company's Franchise Fee Reports for the reporting periods of February 2016 and June 2016 to ensure that the City of Fort Lauderdale, Florida (the City) was paid in accordance with the Franchise Agreement for waste collection services. 1. Obtained February 2016 and June 2016 franchise fee calculation worksheets reflecting amounts due and paid for waste collection services within the City of Fort Lauderdale and verified they are properly calculated at 23% of the associated revenue in accordance with the Franchise Agreement.

We noted that the Company's franchise fee payments were less than amounts owed, based on listing of monthly services provided. No other exceptions were noted.

2. Obtained February 2016 and June 2016 billing register reflecting all customers and amounts invoiced with amounts related to franchise fees noted. Selected a sample of customers from the monthly billing listing to determine if they are properly included or excluded from monthly franchise fee calculation. No exceptions noted.

Per the Franchise Agreement, franchise fees are due and payable to the City by the twentieth calendar day of the month following the month within which such services were provided. The Company's payments were remitted late for both months examined.

Our procedures were performed pursuant to the Standards for Consulting Services issued by the American Institute of Certified Public Accountants. We were not engaged to, and did not, perform an audit or an examination, the objective of which would be the expression of an opinion on the financial information of the Company. Because the procedures do not constitute an audit or examination, we did not express an opinion on any of the accounts, internal controls or any other items. If we were to perform additional procedures, other matters might have come to our attention that would be reported to you.

Our engagement cannot be relied upon to disclose errors, irregularities or illegal acts, including fraud or defalcations that may exist.

The purpose of this communication is solely to describe the scope of our review of the franchise fees due, not to provide an opinion. This report is intended solely for the information and use of the Company and the City in connection with ensuring compliance with the Franchise Agreement for waste collection services rendered by Dumpster King and should not be used by any other parties.

To Ideal Site Services
Ft. Lauderdale, Florida

As agreed to in our engagement letter dated May 17, 2017, we performed certain consulting services (as described below) for Ideal Site Services (the Company). We performed limited procedures on your Company's Franchise Fee Reports for the reporting periods of February 2016 and June 2016 to ensure that the City of Fort Lauderdale, Florida (the City) was paid in accordance with the Franchise Agreement for waste collection services. In performing our services, we relied on the sufficiency, accuracy, and reliability of information provided by the Company. We did not independently verify the information provided to us, other than as discussed below.

Our work plan primarily consisted of reviewing invoices, and other records, making inquiries of the Company's management and analyzing the information obtained by us during the course of our procedures.

1. Obtained February 2016 and June 2016 franchise fee calculation worksheets reflecting amounts due and paid for waste collection services within the City of Fort Lauderdale and verified they are properly calculated at 23% of the associated revenue in accordance with the Franchise Agreement. No exceptions noted.
2. Obtained February 2016 and June 2016 billing register reflecting all customers and amounts invoiced with amounts related to franchise fees noted. Selected a sample of customers from the monthly billing listing to determine if they are properly included or excluded from monthly franchise fee calculation.

For all items selected, the invoices stated that collection was for construction and demolition materials which are subject to the Franchise Agreement. However, examination of the related dump tickets indicated that the Company used a recycling facility for these materials. Because these materials were delivered to a recycling facility, we have assumed they are recycling materials not covered by the Franchise Agreement. As a result, no exceptions noted.

3. Obtained franchise customer listing with addresses for the months of February 2016 and June 2016. Selected a sample of customers to verify they are located within franchise area. No exceptions noted.
4. Obtained payment listing and cleared check copies for amounts paid related to franchise fees due to the City of Fort Lauderdale for the months of February 2016 and June 2016 and agreed amounts to Franchise Fee Reports. No exceptions noted.

Our procedures were performed pursuant to the Standards for Consulting Services issued by the American Institute of Certified Public Accountants. We were not engaged to, and did not, perform an audit or an examination, the objective of which would be the expression of an opinion on the financial information of the Company. Because the procedures do not constitute an audit or examination, we did not express an opinion on any of the accounts, internal controls or any other items.
