

DEVELOPMENT REVIEW COMMITTEE (DRC) COMMENT REPORT

MEETING DATE: December 11, 2018

APPLICANT: FV Development, LLC. and Building Better Communities, Incorporated

PROJECT NAME: Village View: Access Easement

CASE NUMBER: E18022

REQUEST: Easement Vacation: Access Easement

LOCATION: 3,500 square foot easement, north of NE 6th Street, east of N Andrews Avenue, south of NE 7th Street, and west of NE 1st Avenue.

ZONING: Regional Activity Center - Urban Village (RAC-UV)

LAND USE: Downtown Regional Activity Center (D-RAC)

CASE PLANNER: Tyler LaForme

Case Number: E18022

CASE COMMENTS:

Please provide a written response to each of the following comments:

1. According to submitted application and information, this request is for the vacation of a right of way easement located within lots 15 and 16 (ORB 28950 pg. 1617) which was provided to mitigate a dead-end condition resulting from the partially vacated 15' alley (lots 1 through 14 and lots 35 through 48) per Ordinance No. C-97-15 (ORB 26690 pg. 282).
2. This application is being reviewed concurrently to site plan application (R18080) and partial easement vacation application (E18021). Refer to comments under these corresponding applications for proper coordination.
2. Provide exhibit(s) that clearly depict all the easements impacted by the proposed site plan application (R18080). Overlay the latest corresponding Site Plan, existing utilities, utility relocation, as applicable so that it can be reviewed for consistency and adequacy of the criteria.
3. Discuss if the proposed driveway and sidewalk connection between NE 1st Ave and N Andrews Ave as depicted on site plan application (R18080) are being proposed to mitigate any impacts resulting from this easement vacation application and if additional easements will be provided accordingly.
4. Discuss the following and providing supporting information regarding the portion of the platted alley (lots 25 through 34 and lots 15 through 24) that was later vacated per Ordinance No. C-06-17 (ORB 42548 pg 1752):
 - a. Was an engineer certificate recorded indicating the conditions of the partial vacation were met and that an alternate utility easement was provided in accordance with Section 2 of Ordinance No. C-06-17?
 - b. Is a separate application being pursued to vacate this portion of the 15 feet platted alley that is in conflict with the proposed site improvements under application R18080?
5. Please contact City's Public Works Department, Rick Johnson at rjohnson@fortlauderdale.gov or 954-828-7809 for water and sewer utilities, and Elkin Diaz at 954-828-6539 or ediaz@fortlauderdale.gov for stormwater infrastructure, to verify and determine whether there are any public utilities present within the easement to be considered for vacation. If so, a surveyed location of the utilities shall be provided to staff for review, the full cost of relocation of the utilities shall be borne by the Applicant, and the utility relocation plan shall be reviewed and approved by the City's Public Works Department prior to implementation.
6. Provide letters from all franchise utility providers, including Public Works as appropriate (i.e. if easement being vacated is public), demonstrating their interests in maintaining or no objection to the vacation of this Easement; the letters should specifically state whether or not the franchise utility providers have existing facilities within the Easement vacation area that will need to be relocated or abandoned and if additional easements will be required.
7. Provide a non-objection letter from Broward County as it appears their property (to the south) is currently accessed through this right of way easement.
8. Once City staff support is confirmed, submit a stamped copy of the surveyor's sketch and legal description to the City's Surveyor for his review and approval of the Easement to be considered for vacation. The approved surveyor's sketch shall then be routed to the Land Development Manager

or designee for signoff, prior to submittal to the case planner for final authorization to present this item to the City Commission.

9. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer's Certificate is executed by the City Engineer or designee. This Engineer's Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. A copy of the recorded certificate is to be provided to the City upon recordation. The City Engineer's certificate shall also state that all existing facilities located within the vacated easement have been relocated or abandoned to the satisfaction of the respective utility owners.
10. Please be advised that additional Easements may need to be dedicated to the City resulting from the Vacation of Easement approval process, including Utility Easement(s) and Access Easement(s) that mitigate an otherwise dead-end Alley condition or mitigate any impacts this partial vacation request may have on the easements / properties to the north and south of this vacation request.
11. Additional comments and requirements may be forthcoming once additional information is provided.
