INTRODUCTION

» VISION STATEMENT

WE ARE CONNECTED.

We move seamlessly and easily through a safe transportation system where the pedestrian is first.

WE ARE READY.

We are a resilient and safe coastal community.

WE ARE COMMUNITY.

We are a neighborhood of neighborhoods.

WE ARE HERE.

We are an urban center and a vacationland in the heart of South Florida.

WE ARE PROSPEROUS.

We are a subtropical City, an urban laboratory for education and business.

WE ARE UNITED.

We are a strong and vibrant kaleidoscope of multi-generational cultures, ethnicities, and community partners.

**We are Fort Lauderdale, a community of choice.
We are the City you never want to leave.**

Distinguished Budget Presentation Award

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

**City of Fort Lauderdale
Florida**

For the Fiscal Year Beginning

October 1, 2017

Christopher P. Morrill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented the award of Distinguished Budget Presentation to the City of Fort Lauderdale, Florida for its annual budget for the fiscal year beginning October 1, 2017.

In order to receive this award, a governmental unit must publish a budget document that meets stringent program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This is the 34th consecutive year that the City of Fort Lauderdale has received this distinguished and notable award.

Reader's Guide

We've made every effort to make this book as easy as possible to read, but we understand how difficult it can be to find what you're looking for in such a complex document. To make your search easier, we've provided a number of tools to help you get what you need. A combination of charts, graphs, and narratives are used to clarify and enhance data. In addition, a Table of Contents is provided and a glossary of commonly used terms and acronyms are included in the Appendix section.

The Fiscal Year (FY) 2019 Adopted Budget consists of seven (7) major sections: Introduction, Budget in Brief, Budget Overview, Financials, Department Budgets, Community Investment Plan, and Appendix.

Introduction - This section provides the reader with general information and background on the City's history, demographics, and economic context, as well as organizational charts for citywide units and advisory boards/committees. This section also includes our Vision Statement.

Budget in Brief - This section contains the City Manager's Message for the FY 2019 Adopted Budget. The City Manager's budget message provides highlights of the budget development, new initiatives, current and future challenges, and any fee changes recommended for the coming year. This section also includes the FY 2019 Adopted All Funds Budget and FY 2019 Personnel Complement.

Budget Overview - This section provides key components that make up the FY 2019 Adopted Budget. It contains information about the budget process, the strategic plan to support the City's Vision, budgetary and financial policies that guided the Adopted Budget, program enhancement highlights for each department, and overviews of each fund. It also provides a comparison of population and millage rates to other municipalities.

Financials - This section contains detailed revenues and expenditures for the General Fund and all other operating funds. Financial schedules in this section provide a comparison of the FY 2017 Actual, FY 2018 Amended, FY 2018 Estimate, and FY 2019 Adopted Budget. This section also provides the debt service requirements for all funds.

Department Budgets - This section provides an overview of each department. This section provides departmental organizational charts, a description of the core services, key performance indicators, and a three-year financial comparison, which includes the FY 2019 Adopted Budget. Key performance indicators and benchmarking are provided as an ongoing tool to measure efficiencies and effectiveness throughout each department.

Community Investment Plan - This section provides a summary of the Adopted Five-Year Community Investment Plan, which is made up of capital budget. It discusses the projects, the Cylinders of Excellence, project prioritization, weighting criteria used to rank projects, and the funding appropriation for each Adopted project.

Appendix - This section provides the reader with a Strategic Planning and Budgeting Cycle flowchart along with the *Fast Forward Fort Lauderdale 2035* Vision Plan. This section also includes a glossary of commonly used terminology and acronyms.

Check Us Out Online! - To access the FY 2019 Adopted Budget and prior-year budgets, go to www.fortlauderdale.gov/budget or scan the QR code below.

CITY OF FORT LAUDERDALE

OUR CITY AT A GLANCE

The City of Fort Lauderdale is famous for its beaches, arts, culture, and events. There is dining and shopping on Las Olas Boulevard, gondola rides on the canals, beautifully landscaped beachfront promenades, luxury hotels, historical districts, and mansions and yachts along Millionaires Row. Other attractions, such as the Arts and Entertainment District and the Riverwalk, make Fort Lauderdale a premier destination for people of all ages. Fort Lauderdale is a great place to live, work, and raise a family, and the City looks forward to continuing to build upon its success to meet the challenges of the 21st Century and beyond.

The City operates a Commission-Manager form of government where the Commission hires the City Manager. The Commission is comprised of five elected officials including the Mayor and a Vice Mayor.

The City of Fort Lauderdale is located in the east-central portion of Broward County. Encompassing nearly 36 square miles with an estimated population of 182,827 Fort Lauderdale is the largest of Broward County's 31 municipalities and one of the ten largest cities in Florida.

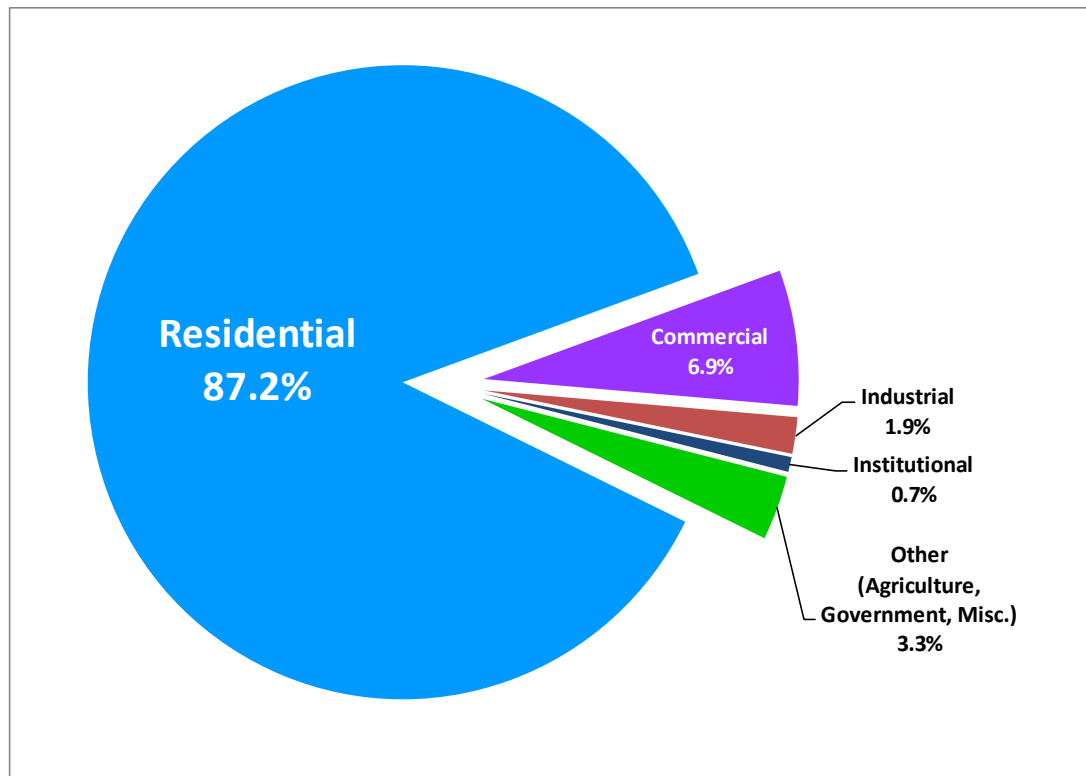

CITY OF FORT LAUDERDALE

OUR CITY AT A GLANCE

HISTORY

The Fort Lauderdale area was known as the "New River Settlement" prior to the 20th century. The City of Fort Lauderdale was incorporated in 1911 and in 1915 was designated the county seat of the newly formed Broward County. Fort Lauderdale's first major development began in the 1920s amidst the Florida land boom. Fort Lauderdale became a major United States Naval Base during World War II. After the war ended, service members returned to the area, and an enormous population explosion began in earnest. Today, the City of Fort Lauderdale is known as a major yachting capital, one of the nation's most popular tourist destinations, and the center of a metropolitan area with more than 12.8 million visitors annually.

LOCAL ECONOMY

The Consumer Price Index (CPI) increased by 3.5% in the Miami/Fort Lauderdale Region between April 2017 and April 2018, mostly due to the increase in energy and medical care¹. The unemployment rate in the Broward County area for the month of May 2018 was 3.2%, which is lower than the state of Florida for the same period².

CITY OF FORT LAUDERDALE

A DESIRABLE CITY FOR A SUCCESSFUL BUSINESS

ACCESSIBILITY

Fort Lauderdale is located less than an hour from Miami and Palm Beach International Airports, and offers convenient access to international markets including Africa, Latin America, the Caribbean, Canada, Europe and the Pacific Rim.

Downtown Fort Lauderdale is located within three miles of Port Everglades, Fort Lauderdale/Hollywood International Airport, the Amtrak Railway, I-95, I-595 and the Tri-Rail commuter train.

AIR TRANSPORTATION

Fort Lauderdale/Hollywood International Airport

- Ranks as one of the fastest growing airports in the United States
- Second-largest carrier of international passengers in Florida
- Serves more than 29.2 million passengers and more U.S. cities than any other airport in South Florida
- 640 flights per day on average
- The total economic impact of the airport is estimated at \$13.2 billion

Fort Lauderdale Executive Airport

- The nation's first general aviation airport to introduce automated passport control (APC) self-service kiosks
- Home of one of the busiest general aviation United States Customs and Border Protection Facilities in the nation
- Handles approximately 150,000 takeoffs and landings per year
- Home to 700 aircraft, 115 jets, and 40 helicopters
- Generates approximately \$7 million in property tax revenue
- Operates the Downtown John Fuhrer Helistop
- Offers 200-acre Industrial Airpark with 2 million square feet of space

Railway System

- Freight Carriers: Florida East Coast (FEC) Railroad and CXS Transportation
- Passenger carriers: Amtrak, Tri-Rail, and Brightline [local commuter services]

BUSINESS ADVANTAGES

Fort Lauderdale offers a stable, business-friendly government, with a strong base of existing businesses, well-educated labor force, diverse housing options, and excellent quality of life.

- Numerous economic development benefits, business assistance, and incentive programs.
- Numerous tax advantages: no state or local personal income tax, no county or city sales tax, no state ad valorem, franchise or inventory tax, and no gift tax.
- One of the fastest growing markets for global trade, with more than 40 percent of local businesses engaged in or supporting some type of international commerce.

CITY OF FORT LAUDERDALE

A DESIRABLE CITY FOR A SUCCESSFUL BUSINESS

BUSINESS ADVANTAGES (CONTINUED)

A downtown area that includes city and county government centers, federal and county courthouses, school district offices, a state regional complex, legal services, and professional offices.

A marine industry that generates more than 136,000 jobs and gross wages and earnings of \$3.8 billion in Broward County and \$11.5 billion in total economic impact in South Florida.

More than 300 miles of waterways, marinas, and marine manufacturing and repair facilities make the area a world-class port of call for the yachting industry.

Home of the Greater Fort Lauderdale International Boat Show, the world's largest boat show, which generates an annual economic impact of \$857.3 billion dollars.

PORT EVERGLADES

Everglades generates approximately \$28 billion in business activity each year and supports over 230,747 jobs statewide.

- Annually handles nearly 4 million cruise passengers and more than 22 million tons of cargo.
- Generates annual revenue of \$147 million without drawing on any local property tax dollars.
- Home to the world's two largest cruise ships, Royal Caribbean International's Oasis of the Seas and Allure of the Seas.
- Number one container port in Florida, which handled 6 million tons of containerized cargo in 2013.
- Home to Florida's largest Foreign-Trade Zone, which moves more than 1,000 different commodities from 75 countries of origin annually.
- Launched a 20-year, \$1.6 billion expansion to prepare for increases in cargo, fuel and cruise passenger traffic over the next two decades.
- The nation's deepest commercial port south of Norfolk, Virginia that serves more than 150 ports and 70 countries.
- Holds world record for 53,365 cruise guests sailing in and out of the Port in a single day.

CITY OF FORT LAUDERDALE

CITY OF FORT LAUDERDALE ORGANIZATIONAL CHART

CITY OF FORT LAUDERDALE

Venice of America

THE CITY OF FORT LAUDERDALE

Incorporated on March 27, 1911, the City of Fort Lauderdale is framed on the east coast of Florida by seven miles of golden sand beaches and bordered on the west by the Everglades. Between the two, the Intracoastal Waterway, the New River, and a canal system reminiscent of Venice wind through the interior.

Encompassing nearly 36 square miles with an estimated population of 182,827 Fort Lauderdale is the largest of Broward County's 31 municipalities and one of the ten largest cities in Florida.

An advantageous economic climate has helped Fort Lauderdale establish itself as an international business center and one of the most desirable locations for new, expanding or relocating businesses. Once known strictly as a tourism-based economy, today Fort Lauderdale supports a diverse range of industries, including marine, manufacturing, finance, real estate, high technology, avionics, aerospace, and film and television production.

Fort Lauderdale also offers an outstanding quality of life, highlighted by a semi-tropical climate, rich natural beauty, and an array of cultural, entertainment, and educational amenities.

Blessed with over 3,000 hours of sunshine each year and pleasant year-round ocean breezes, world-famous Fort Lauderdale Beach offers premier opportunities for recreation, relaxation, and enjoyment.

The picturesque Riverwalk serves as the cornerstone of the City's arts, science, cultural, and historic district that features the Broward Center for the Performing Arts, Museum of Discovery and Science, Museum of Art, and Fort Lauderdale History Center.

Las Olas Boulevard has gained international acclaim as Fort Lauderdale's centerpiece of fashion, fine dining, and entertainment.

The City's downtown area is home to many corporate headquarters, government offices, and educational institutions, including Broward College, Florida Atlantic University, and Florida International University.

Through the cooperative efforts of residents, businesses, and local government, Fort Lauderdale has evolved into a City that offers the best of both worlds – an attractive business environment and an outstanding quality of life. Fort Lauderdale is a great place to live, work, and raise a family, and the City looks forward to continuing to build upon its success to meet the challenges of the 21st Century and beyond.

OUR VISION

The City of Fort Lauderdale is committed to improving productivity, streamlining expenses, and developing a stronger, more effective organization. The City has embraced a vision that is based on fiscal responsibility, accountability, high ethical standards, and quality delivery of services. It is a vision that rewards excellence, not mediocrity, and above all, places the people of Fort Lauderdale first.

As the City moves forward, it will continue to work in partnership with its most important asset – its citizens – to develop the strategies necessary to ensure a safe and secure community; provide quality programs and services; enhance quality of life; protect the environment; promote smart growth; and maintain fiscal responsibility.

CITY ADMINISTRATION

The City of Fort Lauderdale has been operating under a Commission-Manager form of government since 1925.

The City Commission is comprised of the Mayor, who is elected at-large, and four Commissioners, who are elected in non-partisan district races. Elections occur every three years and each elected official is eligible to serve three consecutive three-year terms. The next election is February 2021. As the City's legislative body, the City Commission sets policy, passes ordinances, adopts resolutions, and makes appointments to advisory boards and committees.

The City Manager is appointed by and reports directly to the City Commission. As Chief Executive Officer, the City Manager is responsible for directing the City's day-to-day operations and carrying out the policies set forth by the Commission. Lee R. Feldman, Fort Lauderdale's current City Manager, began serving in June 2011.

The City of Fort Lauderdale's reorganized structure is comprised of the offices of the City Commission, City Manager, City Attorney, City Auditor, and City Clerk, along with the following nine departments: Finance, Fire-Rescue, Human Resources, Information Technology Services, Parks and Recreation, Police, Sustainable Development, Public Works, and Transportation and Mobility. The City employs a workforce of approximately 2,600 full-time employees. Five bargaining units represent a substantial number of employees, including: Fraternal Order of Police (FOP), FOP Police Captains, International Association of Fire Fighters (IAFF), International Brotherhood of Teamsters Local 769, and the Federation of Public Employees (Professional and Supervisory).

MARINE INDUSTRY

Marine commerce is the leading industry in Greater Fort Lauderdale and Broward County. It accounts for more than 136,000 jobs and an economic impact of \$8.8 billion in Broward County and \$11.5 billion regionally.

With more than 300 miles of waterways, state-of-the-art marinas, and leading marine manufacturing and repair facilities, Greater Fort Lauderdale is a world-renowned port of call for the yachting industry.

The City's continued support for the Fort Lauderdale International Boat Show has helped propel the event to become the largest boat show in the world, creating an economic impact of \$857.3 million. Recent approval of the Bahia Mar Site Plan and long-term lease agreement has been praised by the operator

of the Boat Show as “critical to the future of the Fort Lauderdale International Boat Show.”

Recreational boating and yachting are part of the fabric of our community and the marine industry is a vital pillar of the economic foundation of our City and the region. Words do not begin to express the importance of keeping the Fort Lauderdale International Boat Show here as our annual, world-class, marquee special event.

TOURISM INDUSTRY

Tourism is Greater Fort Lauderdale’s second largest industry, accounting for more than 180,000 jobs. In 2017, more than 12.8 million visitors selected Greater Fort Lauderdale as their destination of choice and spent in excess of \$14.2 billion. For every 76 visitors to Broward County, it is estimated that one job is created. Our hospitality industry has stepped up to the plate opening world-class restaurants and hotels.

BUSINESS DEVELOPMENT

The City has worked closely with Bob Swindell, president of the Greater Fort Lauderdale Alliance and Dan Lindblade, president of Greater Fort Lauderdale Chamber of Commerce to recruit and retain businesses. Together, we have successfully recruited the Sixt Rent a Car North America Headquarters, Uniform Advantage Headquarters, Hotwire Communications, JetSmarter and Sato Global Solutions, among many others. As you may have heard on the news, our region is a top 20 finalist for Amazon, so that certainly is exciting.

The City is also excited about the new Paramount Fort Lauderdale Beach, Icon Las Olas, Four Seasons Hotel and Private Residences and the many other properties that have collectively positioned Fort Lauderdale as a market for luxury hotels and residences.

National publications are taking note of Fort Lauderdale’s economic resurgence and building boom. The Wall Street Journal recently profiled our City in a report highlighting the array of upscale hotels, resorts, and residential developments taking place along our world class beachfront.

In addition to the Wall Street Journal report, over 63 industry experts have showcased Fort Lauderdale with high national ranks, including All-America City, Top 10 Best Downtowns, Top 10 Most Exciting Places in Florida, Top 10 Best U.S. Cities for Small Businesses, Top 10 Best Cities for Millennial Job Seekers in Florida and Lowest Travel Taxes among the Top 50 U.S. Travel Destinations

Tremendous progress is being made on several game changing initiatives that promise to redefine downtown Fort Lauderdale’s future by enhancing mobility and stimulating transit-oriented development throughout downtown; the \$2.5 billion Brightline high speed passenger train is just west of City Hall; and more than \$70 million in upgrades and enhancements to Fort Lauderdale Beach.

The City is encouraging new development projects that include pedestrian, bicycle and public transportation accommodations.

Quality of life is an integral part of the City’s overall vision to create a safer, cleaner and sustainable community.

TRANSPORTATION

The City of Fort Lauderdale offers an extensive transportation network that includes Port Everglades, Fort Lauderdale/Hollywood International Airport (FLL), Fort Lauderdale Executive Airport (FXE), two major railways, highways, a mass transit system, water taxis, and city trolleys.

PORT EVERGLADES

Port Everglades generates \$28 billion worth of business activity and indications show continued growth as the South Florida seaport expands its containerized cargo berths, deepens its navigational channels, and opens an on-port freight rail facility.

Port Everglades generates big economic advantages that flow right into our community, making it an economic powerhouse. Annually, the Port supports 13,185 jobs locally and over 230,747 statewide, and is responsible for producing over \$30 billion in state and local taxes.

The Port has an aggressive 20-year, \$1.6 billion expansion underway. Major capital projects recently completed or currently underway are creating 7,000 jobs and 135,000 indirect jobs.

FORT LAUDERDALE/ HOLLYWOOD INTERNATIONAL AIRPORT

Fort Lauderdale/Hollywood International Airport (FLL) is ranked 21st in the United States and serves more than 29.2 million passengers and more U.S. cities than any other airport in South Florida. The Airport offers the lowest domestic fares in South Florida and has more than 325 daily departures to more than 140 destinations in the United States, Latin America, Canada, and the Caribbean.

Passenger traffic at Fort Lauderdale-Hollywood International Airport is estimated to grow between 1 to 3% each year over the next several years. Each day, FLL averages 640 commercial flights on 26 airlines with an average of 100 private flights. The total economic impact of the airport is estimated at \$13.2 billion.

FORT LAUDERDALE EXECUTIVE AIRPORT

The Fort Lauderdale Executive Airport (FXE) is centrally located in the heart of the Uptown Business District that provides over 8,900 jobs and contributes more than \$7 million in property tax revenue to the City.

Fort Lauderdale Executive Airport boasts a high-tech control tower that makes monitoring about 600 flights per day even safer. The new control tower, standing at 117 feet tall and costing \$16.4 million, is equipped with the latest radar, communications and weather technology. The 525-square-foot top floor provides controllers with a complete view of the airfield.

The airport serves as the hub to Fort Lauderdale's Foreign Trade Zone 241, which encourages economic development initiatives to promote development of the Industrial Airpark, serves businesses engaged in international commerce in the greater Fort Lauderdale area, and maximizes the City's business retention and attraction of emerging industries.

The City established a Foreign-Trade Zone for the marine industry, the first of its kind in United States, allowing facilities to defer, reduce or eliminate Customs duties on foreign products.

Located on 1,200 acres of land, the airport is the home of the busiest general aviation US Customs and Border Protection Facility in the nation.

FORT LAUDERDALE DOWNTOWN HELISTOP

The Downtown Fort Lauderdale John Fuhrer Helistop is designed to accommodate intermediate category general aviation helicopters with a maximum takeoff weight of 11,900 pounds and a 46-foot rotor diameter. Used extensively by corporate and charter operators, the state-of-the-art facility is situated above the City Park Mall parking garage in the heart of Fort Lauderdale's dynamic downtown.

The Helistop features a landing area and one helicopter parking position on a 14,500 square-foot elevated platform. A fully furnished lobby provides travelers with a comfortable area to converse and conduct business, along with access to plentiful parking and convenient ground transportation. The Helistop is an outstanding example of the City of Fort Lauderdale's progressive approach to downtown revitalization and our commitment to providing citizens with efficient transportation options.

SURFACE TRANSPORTATION

An overarching goal of the City is to create a pedestrian-friendly, multi-modal city, a connected community where the single occupancy vehicle is not the only choice, where our neighbors are able to walk, bike, and use transit to get to their many destinations.

The City Commission adopted the Vision Zero Fort Lauderdale Plan, a community action plan geared toward achieving zero fatalities and severe injuries on City streets. The City is already seeing results including a 30% decrease in deadly crashes in 2017 and a 67% decrease in driving under the influence deadly crashes.

While various mobility plans continue to be discussed, the Brightline rail system has been launched and the City continues to be served by Broward County Transit bus routes service, Water Taxi, Tri-Rail, and the trolley.

COMPREHENSIVE HEALTH CARE

A comprehensive network of public and private hospitals serve Fort Lauderdale. Among the area's 24 hospitals are nationally recognized leaders in cardiovascular medicine, childcare, sports medicine, and rehabilitation.

Greater Fort Lauderdale also offers wellness programs, nursing homes, hospices, and mental health facilities, along with over 2,900 physicians and 25,000 nurses.

Broward Health Medical Center is one of the areas leading medical facilities with over 7,000 employees.

EDUCATION

The Broward County Public School District is the largest fully-accredited school district in the country. The school district serves 271,517 students in pre-kindergarten through grade 12. Broward County school leaders are building a state-of-the-art infrastructure that is redefining the scope of education.

Fort Lauderdale offers outstanding opportunities for higher education. Florida Atlantic University (FAU), Florida International University (FIU) and Broward College rank among the nation's top 300 universities.

QUALITY OF LIFE

From the blue wave beaches and the exotic Everglades to the winding waterways and chic ease of Las Olas, Fort Lauderdale is a city comfortable with its reputation for being a paradise. The average daily temperature is 77 degrees in the winter and 89 degrees in the summer.

Outdoor activities are endless, with golf courses, parks, playgrounds, miles of coral reefs and plenty of sunshine. Boating, scuba diving, snorkeling, fishing, and recreational activities are enjoyed by residents, tourists, and business travelers.

The area boasts professional sports teams in football, baseball, basketball, hockey, and soccer. World-class swimming and diving events are hosted at the Fort Lauderdale Aquatic Complex.

Over the past nine years, the City of Fort Lauderdale has received international recognition for being a high-energy community with a fierce passion for protecting our quality of life while promoting powerful economic development initiatives.

For example, while we have experienced record, unprecedented growth, the City Commission has been keenly aware of the need to protect green space for future generations.

In the past nine years, we have opened seventeen new City parks. Twenty-five City parks were refurbished. "Boundless" playgrounds were created to provide engaging, healthy exercise for people of all ages and abilities. The City added soccer fields and repurposed parks to focus on youth sports. After-school programs were created to provide our youth with healthy, supervised programming.

The City continues to purchase new park lands and improve existing parks.

GROWTH AND DEVELOPMENT

The City of Fort Lauderdale has intertwining master plans to help protect neighborhoods by ensuring that new developments adhere to well-balanced guidelines.

The Downtown Master Plan protects residential neighborhoods by directing large-scale, high-rise and high-density developments to the downtown core. The most intensive, commercially oriented development will be concentrated in the mixed-use urban center.

The City is encouraging redevelopment that protects history and builds on the unique characteristics and distinct identities of our neighborhoods.

The City aims to encourage redevelopment that is attractive, compatible with neighborhoods, pedestrian- friendly, and transit-oriented.

PROPERTY VALUES

The City of Fort Lauderdale experienced an increase of 8.72% in property values over last year. During the same period, Broward County's property tax base grew 7.74%. According to the Broward County Property Appraiser, the estimated assessed value of taxable property in the City of Fort Lauderdale as of June 1, 2018 is estimated at \$36.4 billion.

FORT LAUDERDALE COMMUNITY REDEVELOPMENT AGENCY (CRA)

The CRA's Northwest-Progresso-Flagler Heights area directs redevelopment activity in the district by providing targeted infrastructure improvements, assisting the private sector in property development, and providing business assistance and economic incentives to redevelop blighted commercial properties.

As part of the CRA initiatives, the City completed the Sistrunk Boulevard Enhancement and Beautification Project designed to modernize infrastructure, stimulate public and private investment, and create a family-oriented, vibrant retail destination.

The CRA's Fort Lauderdale Beach area oversees capital improvements, redevelopment projects, and business initiatives in a 121-acre area located in the City's central beach district. The public improvement portion of the Central Beach Master Plan totals \$72 million.

The plans aim to beautify the beach by improving landscape and streetscapes, enhancing pedestrian access, upgrading parks, creating public gathering spaces, adding parking, and developing retail, recreational, and entertainment amenities.

Fort Lauderdale established the Central City CRA in Fiscal Year 2012. Programming and redevelopment will provide a basis for economic growth and community revitalization in this up-and-coming area of the City.

This year the City held the ribbon cutting for the NE 13th Street Complete Streets Project. This city and county funded project added bike lanes, on-street parking, additional landscaping, improvements to stormwater and additional street lighting.

ECONOMIC DEVELOPMENT

Fort Lauderdale's key economic engines are roaring with record growth in tourism, marine commerce, construction, aviation and transportation.

Fort Lauderdale's unemployment rate is 3.2%, which is the lowest level in over eight years and significantly lower than the state rate of 3.4%.

Residential property values are up, spiking 8.7% over last year, marking the fourth consecutive year of growth. In addition to the gains in property valuation, Fort Lauderdale saw more than \$816 million in new construction added to our tax roll. Fort Lauderdale's millage rate of 4.1193 now ranks as the lowest among the 25 largest cities in Florida.

Downtown Fort Lauderdale was named "South Florida's Latest Hotspot" thanks to our unique urban lifestyle with dining, entertainment and cultural amenities all within walking distance of work, home and places of worship. Just since 2012, at least 65 development projects have been built, submitted for approvals or approved. The new construction will include more than 17,500 apartments or condos, 1,440 hotel rooms, 4.3 million square feet of office space and 2.8 million square feet of commercial area.

An additional 1,173 residential units in various stages of development on Fort Lauderdale Beach.

We have over 232,000 square feet of retail space and over one million square feet of office in various stages of development in the downtown area.

This impressive level of private investment is sending a clear signal of strength and confidence about Fort Lauderdale's future.

Sponsorship and promotion of new, high-visibility events have been pivotal to attracting tourists, City residents, and locals from surrounding cities and communities to downtown Fort Lauderdale and the beach.

FIRE-RESCUE BOND

Saving lives and property requires vital Fire-Rescue infrastructure. The City of Fort Lauderdale Fire-Rescue Bond Program is providing up to \$40 million to build, renovate, and upgrade 10 Fire-Rescue stations throughout the City to ensure the safety and protection of our citizens today and in the future.

Our Fire Rescue Department responds to more than 53,000 calls per year and our support of the Department has continued to be a high priority. Seven new stations have been built and a location identified for Fire Station #8.

The new stations enhance Fire-Rescue coverage, reduce response time, and help the department maintain outstanding levels of service. The hurricane-resistant facilities provide expanded space and improved security. Residents will benefit from new medical examination and community rooms.

INFRASTRUCTURE BOND

Fort Lauderdale's high credit ratings translate into taxpayer savings of millions of dollars on reduced interest rates for the City's comprehensive plan to invest in massive water and sewer infrastructure improvements. In January 2018, the City Commission approved the issuance of \$200 million in Series 2018 Bonds to fund additional water and sewer infrastructure improvements throughout the City. The \$200 million bond issue will be earmarked to fast-forward many of the improvements and upgrades identified in this plan.

The bond issue will supplement an already aggressive Community Investment Program. The "Go Big, Go Fast!" infrastructure improvement initiative is a comprehensive, citywide plan for investing over \$460 million in water and sewer projects. The initiative, launched about six months ago, has already shown great progress with a critical \$14.1 million investment in sewer infrastructure nearing completion.

CITY OF FORT LAUDERDALE

BUDGET IN BRIEF

October 1, 2018

Honorable Mayor and Members of the City Commission:

In accordance with the City of Fort Lauderdale Charter, the Code of Ordinances, and the laws of the State of Florida, it is my pleasure to present the City of Fort Lauderdale's Adopted Budget for Fiscal Year (FY) 2019 beginning October 1, 2018. A copy of the adopted budget is available for inspection in the City Clerk's Office. Additionally, a user-friendly electronic copy of the adopted budget can be found on the City's website, www.fortlauderdale.gov/budget.

Budget Overview

The FY 2019 total adopted operating budget for all funds is \$785,015,992 including balances and transfers. This is approximately \$41.2 million less than the FY 2018 Amended Budget of \$826,191,967 or a 5% decrease.

The FY 2019 Adopted Budget allows the City to fund its General Fund commitments including \$10.7 million for wage increases; \$850,000 increase for employee health, wellness, and life insurance; \$1.6 million for an increase in Workers Compensation insurance; \$800,000 for increases in utility expenses; and an increased transfer of \$1.0 million to the Community Redevelopment Agency (CRA) due to increased taxable values within the CRA area boundaries.

In addition to addressing the funding commitments outlined above, the adopted budget will allow for strategic new positions, infrastructure investment, and enhanced programming aligned with the priorities enumerated in the City's Vision, Strategic Plan, Neighbor Survey, and Commission Annual Action Plan. For example, funding enhancements to the budget include \$131,000 to fund two positions for a new food repatriation program to serve our homeless neighbors; \$117,000 for a new Chief Education Coordinator position; \$805,000 for equipment replacement and upgrades for the Fire-Rescue Department; \$102,500 to fund new events; \$459,000 to beautify our City through enhanced median maintenance; \$225,000 to fund a new position and three additional vehicles to enhance the Parks and Recreation Department's facilities maintenance program; \$158,000 to add a new position and resources to enhance economic development; and \$161,000 for transportation technology solutions including Bluetooth sensors and speed radars.

The Budget Advisory Board (BAB) shared its sentiments with you at your joint meeting on June 20th. Their recommendations recognize the constraints of the budget and place an emphasis on the efficient use of resources. "The BAB wants to ensure that there are measurable results for new dollars requested". Within budgetary constraints, the BAB supported improvements to infrastructure, training, and selected service enhancements.

Office of the City Manager

100 North Andrews Avenue, Fort Lauderdale, Florida 33301

Telephone (954) 828-5013, Fax (954) 828-5599

www.fortlauderdale.gov

The FY 2019 Adopted General Fund Operating Budget, including balances and transfers, is \$358,814,320. This proposal maintains our current millage rate of 4.1193 for the twelfth consecutive year and produces a structurally balanced budget for the sixth straight year. It also maintains the Fire Assessment Fee at the current annual rate of \$256 per single-family residential dwelling. This Adopted Budget reduces the Return on Investment transfer from the Water and Sewer and Central Regional Wastewater Funds by 25%. The General Fund budget represents a 2.6% decrease from the FY 2018 Amended Budget of \$368,480,845. It maximizes available resources to build, enhance, and sustain the future of our great City.

Our Fort Lauderdale community is a source of much pride and dignity. We continue to achieve successes that sustain our City as, *"The City You Never Want To Leave!"* A heightened sense of optimism and excitement permeates Fort Lauderdale as economic indicators confirm the City's sound fiscal management, progressive economic development initiatives, and long-term investment strategies are paying off. Over the past year, taxable property values increased by 8.79%, with new construction valued at \$824 million, area tourism is estimated at 12.8 million visitors annually, and we are experiencing a continued low crime rate. In addition, Fort Lauderdale's unemployment rate is 3.2%, which is the lowest in over eight years and lower than the 3.4% rate of the State. Working together, we have built a better, stronger organization and a more vibrant community.

This success does not happen by chance – it is the direct result of innovation, strategic planning, hard work, and continuous process improvement. We have been diligent in our pursuit of excellence, which was evidenced by Standard and Poor's (S&P) assignment of its AA+ rating to the City's most recent 2018 series water and sewer system revenue bonds. At the same time, S&P affirmed its AA+ rating on the system's outstanding revenue secured bonds. In its evaluation, S&P noted a "Strong financial risk profile assessment".....and "very strong financial management assessment." For this same bond issuance Moody's Investor Services assigned a rating of Aa1 noting "The stable outlook reflects the system's healthy financial position". In addition, S&P maintained the City's AA+ rating and Moody's Investor Services maintained the City's stable Aa1 rating on General Obligation debt, noting "credit position for Fort Lauderdale is very strong, and its Aa1 rating is above the US cities median of Aa3".

High bond ratings enable the City to borrow and repay money at a much lower interest rate which translates into millions of dollars in savings for taxpayers and ratepayers. Our fiscal discipline and vigilance have been instrumental in building a strong financial foundation and positioning Fort Lauderdale for a bright future.

These successes also bring new challenges and higher expectations. As the urban hub of the tri-county area, the City of Fort Lauderdale serves a huge influx of commuting workers, tourists and business travelers. In addition to approximately 182,827 neighbors, the City provides police, fire-rescue, water, sanitation and other municipal services to a daytime population of 360,000, more than double our size. As our neighbors invest money into new commercial and residential buildings in the downtown core and along our beach, we must ensure that our infrastructure and service levels fulfill expectations.

Planning for a promising future began with the engagement of our neighbors to develop a long-term vision of what we want our community to be in 30 years. With this vision in mind, the City Commission adopted our Strategic Plan, *"Press Play Fort Lauderdale,"* to create a blueprint for the

actions needed over the next five years to make our Vision a reality. These forward-looking plans have guided the City Commission's Annual Action Plan and have allowed staff to effectively prioritize projects each year. We have carefully crafted and focused our budget development to ensure that the City provides the outstanding services and community investment our neighbors deserve in the most effective and efficient manner possible.

Budget Development Process

The City's Adopted Budget is the product of a strategic budgeting process involving numerous individuals and groups working together as a team to create a cohesive plan to achieve the City's long-term goals and objectives for the next fiscal year. The Adopted Budget is more than a collection of spreadsheets detailing the City's revenues and expenditures. Neighbor and community leader engagement was integral to identifying opportunities and solutions to community challenges. Engagement with neighbors and community leaders occurred through various efforts including the Annual Neighbor Survey and the Commission's Annual Action Plan priority setting session.

In order to maintain service levels and to propose service enhancements, Community Builders in each department used their best professional judgment and neighbor input to analyze the trends and market forces impacting revenues and expenses to establish funding proposals. The Revenue Estimating Conference Committee met in the spring to review revenue trends to make recommendations regarding General Fund revenue estimates. The dedicated members of our Budget Advisory Board meet year-round to provide the City Commission with input regarding the neighbor's perspective for various budget related issues. Each department presented their budget and Community Investment Plan requests to the Budget Advisory Board to allow them to make recommendations to management and the City Commission concerning how funds should be prioritized for the upcoming fiscal year.

The collaboration of these diverse community stakeholders, along with the professional expertise of our Community Builders, ensures the Adopted Budget efficiently addresses the most pressing challenges faced by our community and continues to recognize our core mission, *"We Build Community."*

To ensure long term financial stability, the City of Fort Lauderdale performs a comprehensive financial sustainability analysis for each major fund annually as a part of the budget development process. This process allows us to examine the current revenues and expenditures and project ten years into the future to ensure that the City can meet all of its ongoing obligations such as operating expenses, capital investments, debt service, and minimum reserve targets over the ten year horizon.

The City regularly responds in a myriad of ways to ever-changing challenges faced by our community. The organization's effectiveness, flexibility and resiliency are testaments to the City Commission's vision and leadership. It is with a commitment to our neighbors, our businesses, our Community Builders, and the City's future that we will strive to do the very best we can with the resources and tools available to us. This Adopted Budget demonstrates the City's highest priorities to ensure that we live, work, and play in the best city possible, while remaining financially responsible.

FY 2019 Adopted Operating Budget without Transfers - \$712.4 (All Funds - In Millions)

Annual Neighbor Survey Results

In December 2012, the City of Fort Lauderdale conducted its first Annual Neighbor Survey to measure service performance; to benchmark service quality ratings; to assess community needs; to make long-range, short-term, or strategic plans; to demonstrate the receptivity of our government; to evaluate potential policies or community characteristics; and to use as a tool for evaluating our performance. We most recently completed the fifth Annual Neighbor Survey in December 2017.

In order to help to identify priorities, the Annual Neighbor Survey contains an analysis that examines the importance that neighbors placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, we can identify the actions that will have the most impact on overall satisfaction with City services. Based on this, the top three areas of recommended focus for the City from the survey include: 1) the overall flow of traffic; 2) how well the City is preparing for the future; and 3) the overall maintenance of streets, sidewalks and infrastructure.

The annual Neighbor Survey results are an important step in our Strategic Planning and Budgeting Cycle by informing the foundation for a strategic budget that reflects neighbor priorities. It typically takes an extended period of time to address the concerns and perceptions identified in surveys. Often, the issues are multifaceted and require significant resources and time to complete associated initiatives. Areas identified for improvement in the 2017 survey have been prioritized by the City Commission for focused resources and progress has been made in many of these areas already. To highlight our efforts, the City produces a quarterly progress report to transparently share accomplishments and challenges related to its initiatives and performance indicators in the Strategic Plan.

How the Adopted Budget Implements the City's Strategic Plan

The annual operating budget is our opportunity to prioritize City resources. Funding is allocated in alignment with the Vision, Strategic Plan, and Commission Annual Action Plan. While we may not be able to fund all priorities in the upcoming fiscal year, we can make strategic investments in our future. Leveraging community partnerships and seizing grant opportunities will help to stretch our dollars and maximize results. The budget process also integrates the strategic alignment of departments. Each department identifies major initiatives and performance targets; helping decision makers allocate resources for specific service level results. The five-year Community Investment Plan (CIP) includes ongoing projects, new projects, and projects in progress that require additional funding. The CIP also includes a plan for future projects based on expected revenues, bond issuance, and other financing mechanisms. CIP projects are carefully assessed and prioritized by objective criteria to ensure the most pressing needs of the community are addressed. Additionally, CIP projects support the Cylinders of Excellence and the 2035 Community Vision.

City of Fort Lauderdale Vision Statements

The City Commission adopted the City's Strategic Plan in September 2013. This year was our fifth budget process that allowed staff to look to the Strategic Plan for priorities and guidance. The Cylinders of Excellence are integrated into daily operations and are now the focus of the City. In an effort to emphasize the importance of this focus, I am presenting recommended operating budget enhancements and community investment plan projects based upon their alignment with the six Cylinders of Excellence of the Strategic Plan.

WE ARE CONNECTED.

We move seamlessly and easily through a safe transportation system where the pedestrian is first.

WE ARE HERE.

We are an urban center and a vacationland in the heart of South Florida.

WE ARE READY.

We are a resilient and safe coastal community.

WE ARE PROSPEROUS.

We are a subtropical City, an urban laboratory for education and business.

WE ARE COMMUNITY.

We are a neighborhood of neighborhoods.

WE ARE UNITED.

We are a strong and vibrant kaleidoscope of multi-generational cultures, ethnicities, and community partners.

The FY 2019 adopted operating budget and community investment plan includes over \$269.5 million in funding enhancements and new or reprioritized projects, including 35 new positions that are presented by Cylinder of Excellence. Each project and funding enhancement recommendation was made in an effort to enhance the City's capacity to meet the needs of the Community in each Cylinder. Many projects and enhancements have co-benefits to other cylinders in addition to the primary cylinder where they are listed.

BUSINESS DEVELOPMENT

Fort Lauderdale is home to a **thriving local economy, tourism industry, and boating and marine industry, attracting regional and global markets.** It is the coastal epicenter of South Florida connecting Miami-Dade to Palm Beach and west Broward to Port Everglades and Fort Lauderdale-Hollywood International Airport. Strategic alliances with businesses, associations, and schools contribute to local talent supply. Investments in transportation and mobility, infrastructure, public places, education, and public safety have exponential impacts on businesses and economic development.

In support of the Business Development Cylinder of Excellence, the FY 2019 CIP includes \$9.1 million in new funding for capital projects. The operating budget includes \$2.8 million in enhancements including 3 new positions. The CIP and operating budget enhancements for this cylinder include:

- Aviation equipment and service facility expansion, and runway improvements for Fort Lauderdale Executive Airport (FXE) - \$8.5 million
- Develop strong partnerships with educational institutions and to enhance the effectiveness of educational development of youth and adults within the City - \$117,348
 - One Chief Education Officer
- Expand of Business Engagement Assistance & Mentorship (BEAMs) program - \$158,033
 - One Economic Development Representative
- Enhance technology and safety systems at Fort Lauderdale Executive Airport (FXE) - \$750,000
- Land and asset management system project - \$596,278
- Enhance public perception of FXE - \$965,000
- Enhance services and equipment at FXE - \$251,000
- Contribution to the Nova Southeastern University Museum of Art – Fort Lauderdale - \$500,000
- Improve communication with the Northwest Progresso Flagler Heights community - \$97,470
 - One Strategic Communications Specialist

INFRASTRUCTURE

Infrastructure directly impacts our community every day. Quality infrastructure leads to neighborhood enhancement, active and safe public places, and business development. The country as a whole is facing a critical dilemma with aging infrastructure and shrinking government budgets. In many areas of America, the roads, drinking water and wastewater systems are simply out dated. This trend directly applies to Fort Lauderdale as one of the oldest cities in Broward County, and is exacerbated by an additional challenge - sea level rise. **Strategic community investments** are important now and for future generations. The City must also build a **sustainable and resilient infrastructure**. This means smart investments in our community infrastructure for long-term economic and environmental viability and quality of life. This includes maintaining and updating our roads, bridges, water, wastewater systems, and drainage systems that plan for sea level rise projections.

In support of the Infrastructure Cylinder of Excellence, the FY 2019 CIP includes \$231.9 million in new funding for capital projects. The operating budget includes \$3.9 million in enhancements, including 11 new positions. Highlights of the CIP and operating budget enhancements follows below:

- Enhance the City's solid waste and recycling program - \$92,517
 - One Administrative Assistant II
- Improve response to utilities services - \$242,280
 - Two Utility Field Representatives
- Enhance maintenance and repair of collection system - \$500,000
- Conduct a traffic study and preliminary engineering along SE/NE 3rd Avenue and Andrews Avenue - \$75,000
- Create an Adopt-A-Drain program - \$9,000
- Create a speed radar sign program - \$45,000
- City-wide inspection and assessment of streets and alley ways - \$180,000
- Enhance sewer cleaning services - \$300,000
- Improve the City's stormwater maintenance program - \$232,290
 - One Utility Service Worker
 - Two Utility Service Worker III
 - One Utility Service Worker IV
- Improve the City's Water & Sewer preventative maintenance program - \$323,536
 - One Utility Service Worker
 - One Utility Service Worker III
- Improve tidal valve maintenance – \$81,161
 - One Utility Service Worker
- Two (2) trucks to enhance stormwater operation's functionality - \$67,446
- Improve water treatment process and management quality - \$85,955
 - One Regional Chief Water Operator
- Central Region Wastewater System Capital Projects - \$14.2 million
- Complete streets and walkability improvements - \$700,000
- Corridor improvements along State Road A1A - \$3.5 million
- Improve response time for line stops - \$250,000
- Increase efficiency of stormwater drying beds - \$70,302

- Establish a Watershed Asset Management Plan (WAMP) - \$1.4 million
- Additional funding for Breakers Avenue and Birch Road Improvements - \$410,000 (bringing total project appropriations to \$3.0 million)
- Priority bridge restoration projects - \$750,000
- Priority Water and Sewer Community Investment Plan Projects - \$6.7 million
- Stormwater infrastructure improvements - \$203.3 million (subject to bond financing)
- Road maintenance and resurfacing - \$1.3 million
- Priority sidewalk and paver replacement projects - \$1.0 million

NEIGHBORHOOD ENHANCEMENT

Fort Lauderdale is a community of communities with more than 60 unique and charming neighborhoods, a beautiful beach and a vibrant business and entertainment center. It has both historic charm and modern urban amenities. The City of Fort Lauderdale is proud of its active and engaged community of neighbors and businesses, with 62 recognized civic and homeowners associations and 49 commission advisory boards. The City Commission relies heavily on their participation in the public policy process that enhances the quality of life for our communities. The work and services in this area are aligned to **help our neighborhoods be healthy, strong and stable**. With the goal of being an **inclusive community made up of distinct, complementary and diverse neighborhoods**, the City Commission is also committed to ensuring that no one neighborhood is left behind. This requires both effective code enforcement and investments in community aesthetics and features.

The operating budget includes \$171,152 in enhancements, including the addition of 1 full time and 1 part time position. Highlights of the CIP and operating budget enhancements follows below:

- Create a food repatriation program - \$131,152
 - One Administrative Assistant I
 - One Part Time Driver
- Create personal property asset search program - \$40,000

PUBLIC PLACES

Great cities worldwide have great **public places**, from small passive parks, to grand open gathering forums, to pleasant pathways. Our public places **create a sense of place, reflective of our tropical, urban lifestyle**. This is where our community comes together to enjoy simple activities such as listening to music, shopping at a farmer’s market, or to celebrate large-scale events. These places are where both public and private recreational programming can be held for all ages, and directly influence community health and activity levels. The City of Fort Lauderdale strives to be a City with **safe, clean, and interconnected** Public Places. This cylinder of excellence overlaps with Infrastructure by focusing on easy accessibility to parks and public places, through increasing connectivity through mass transit, greenways and blueways. The City also strives to leverage private developments to ensure thoughtful and positive benefits to the public realm.

The FY 2019 CIP includes \$10.2 million in new funding for parks and other public places. The operating budget includes \$751,263 in enhancements, including the addition of 5 full time positions and the reduction of 2 part time positions. Below is a summary of the CIP and operating budget enhancements for the Public Places Cylinder of Excellence:

- Improve program coordination at Carter Park - \$83,756
 - One Recreation Program Coordinator
- Improve maintenance of tennis facilities by increasing full-time community builders and reducing part-time positions - \$17,783
 - One Municipal Maintenance Worker II
 - Reduce Two Part Time Municipal Maintenance Workers
- Reduce water consumption and expense by expanding new technology irrigation program – (\$38,127)
 - One Irrigation Technician
- Increased maintenance at Snyder Park – \$106,208
 - Two Apprentice Municipal Maintenance Workers
- Enhance community building through programs and events - \$102,552
- Mills Pond basketball courts - \$400,000
- Florence C. Hardy Park improvements - \$800,000
- Enhance median maintenance - \$459,091
- Funding for an annual box wrap program - \$20,000
- Mills Pond Park artificial turf field - \$3.0 million
- Aquatics Complex renovations - \$1.4 million
- Mills Pond Park “green” improvements - \$749,300
- City-wide playground replacements - \$497,250
- City park renovations and improvements - \$1.1 million
- Las Olas Boulevard Corridor Improvements - \$1.5 million
- Riverwalk park improvements - \$200,000
- Parker Playhouse renovation - \$500,000

PUBLIC SAFETY

One of the most important and essential roles of government is public safety. We must be a **safer city for all neighbors, including our daily commuters, visitors, and tourists**. The City is committed to **saving life and property** through rapid, effective, and specialized response. Spanning advanced medical programs, such as, fire and accident response, and ocean and fire rescue are a constant presence and service. The City must also be **well-prepared for and responsive to all hazards** to reduce the risk to neighbors and critical assets from hazards storms, flooding and fire. Moving forward, climate change concerns and risks must be integrated into emergency management planning.

The FY 2019 CIP includes \$1.2 million in new funding for public safety related capital projects. The operating budget includes \$1.2 million in enhancements in support of the Public Safety Cylinder of Excellence. Highlights of the CIP and operating budget enhancements include:

- Fire-Rescue Department equipment replacements and upgrades including: Power Lift Stretchers (10), Replacement of all expired Body Armor, New Self-Contained Breathing Apparatus (10 sets), Thermal Imaging Cameras, and Fire-Rescue Humvees (3) - \$805,000
- Improve storage and architecture for the Police information technology services - \$414,000
- Police marine patrol vessels - \$710,000
- Additional funding for the fire alerting system replacement - \$500,000 (bringing total project appropriations to \$1 million)

INTERNAL SUPPORT

The City's mission is to build community. The Cylinders of Excellence are **how we build community**. None of this would be possible without the Internal Support platform to motivate and support our internal workforce community to deliver best-in-class municipal services. **An innovative, neighbor-centric, and well-trained workforce** needs fundamental tools, such as phones, internet, facilities, and equipment. It also needs programs in place such as employee safety and wellness, training, strategic performance management and process improvement; this is how we keep up with progressive communication and service delivery mechanisms desired by our neighbors. In order to be smarter, faster, and cheaper, we must **manage our resources wisely and sustainably** through sound fiscal management, integrating sustainability into daily operations and planning, and procurement of goods for the best value.

The FY 2019 CIP includes \$3.3 million in new funding for the Internal Support Cylinder of Excellence. The operating budget includes \$5.0 million in enhancements, including the addition of full time 15 and 4 part time positions. A summary of the CIP and operating budget enhancements follows below:

- Enhance the City's data analytics and transparency with open data software - \$100,000
- Security improvements and lobby renovation for the Department of Sustainable Development facility - \$954,720
- Replace furniture at the City Prosecutor's office - \$36,511

- New Assistant City Auditor III position - \$142,570
 - One Assistant City Auditor III
- New Records Management Coordinator - \$33,262
 - One Assistant City Clerk III
 - Reduce one Part Time position
- Improved integration and support of City's land asset management system - \$1.3 million
 - One Technical Support Coordinator
 - Two Senior Technology Strategist
- Enhance call center support staff and improve data management - \$277,202
 - Two Service Clerks
 - One Administrative Assistant I
 - Four Part Time Service Clerks
- Improve staff mobility and efficiency through the purchase of additional vehicles - \$1.0 million
- Improve financial transaction efficiency and accuracy through technology - \$200,210
 - One Accounting Clerk
- Enhance Geographic Information System (GIS) resiliency for the City's land asset management system - \$195,170
- Enhance the City's communication and information technology infrastructure - \$275,692
- Enhance support for the City's enterprise resource platform implementation - \$80,756
 - One Part Time Clerk
 - One Technology Strategist
- Increase community builder safety and training - \$135,501
 - One Training Specialist
- Improving efficiency and compliance with the City business tax requirements - (\$78,963)
 - One Business Tax Office Supervisor
- Enhance the City's lien search services – (\$172,500)
- Citywide camera initiative - \$300,000
- Implement an annual purchasing card audit - \$25,000
- Enhance the City's insurance policy coverage for community builders - \$220,240
- Improve the City's technology security and encryption services - \$270,000
- Enhance the Fire-Rescue Department's administrative support - \$11,354
 - One Administrative Assistant I
- Increase staffing and relocate the health and wellness center - \$264,252
- Conduct a special neighbor survey to more accurately understand neighbor concerns - \$25,000
- Enhance the water and sewer systems critical infrastructure control system - \$100,762
 - One Technology Security Analyst
- Funding to contract with an attorney/instigator service to assist the Office of Professional Standards - \$50,000
- Enhance the City's fuel and charging stations - \$314,575
- Enhance the City's facility maintenance program with dedicated purchasing support - \$87,323
 - One Procurement Specialist II
- Enhanced traffic data by utilizing Bluetooth sensors - \$116,250
- Priority citywide facility repairs - \$2.0 million

The enhancements and position additions reflect the increased demands being placed on Community Builders and the high quality services desired by our neighbors. Attracting and retaining a talented and diverse workforce of Community Builders is essential to achieving the goals and vision we all have

for our City. We must also ensure that our staffing levels are sufficient to achieve the plans that we have set forth. As presented above, I am recommending an increase in staffing to further the work of our Vision and Strategic Plan. These positions include: 11 positions needed to maintain and improve the City’s **Infrastructure**, 1 full time and 1 part time position for continued **Neighborhood Enhancement**, 5 full time and the reduction of 2 part time positions for neighbor programs and maintaining our beautiful **Public Places**, 3 positions to increase our **Business Development** efforts, and 15 full time and 4 part time positions in **Internal Support** to ensure efficient delivery of services.

The net effect of the position additions and changes adopted for FY 2019 is an increase to the position complement of 33.8 full-time equivalent positions or a 1.2% increase over last year’s amended budget of 2,775.8 full-time equivalent positions. The total General Fund personnel complement for FY 2019 is adopted at 1,786 full-time employees, which does not include part-time and seasonal (temporary) employees. Seasonal positions supplement staffing for temporary periods such as summer camps or special events, but are not considered regular employees. The General Fund Adopted personnel complement of 1,786 remains lower than the FY 2010 level of 1,904 full-time employees despite the new development and population increases that the City of Fort Lauderdale has experienced over this period of time.

*Population Estimate begins in FY 2012 with the 2010 Census data.

The Adopted Budget for personnel also includes required retirement contributions and debt service for the Pension Obligation Bonds. The General Employees Retirement System (GERS) plan was closed in 2009 and replaced with a defined contribution 401(a) plan for all new general employees. The history of pension contributions is shown in the table below.

	FY 2010 Actual	FY 2011 Actual	FY 2012 Actual	FY 2013 Actual	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual	FY 2017 Actual	FY 2018 Amended	FY 2019 Adopted
General Employee Retirement System Annual Contribution	\$ 19,351,946	\$ 21,498,801	\$ 22,358,550	\$ 13,562,595	\$ 15,061,353	\$ 15,501,180	\$ 14,393,012	\$ 14,650,881	\$ 10,459,835	\$ 8,824,651
Police & Fire Annual Contribution	25,752,119	30,664,176	30,928,447	15,075,469	15,388,327	15,599,916	13,867,934	17,325,393	19,328,568	18,108,528
Debt Service for Pension Obligation Bonds	-	-	-	27,399,827	26,453,846	26,361,882	26,358,764	26,362,004	26,321,313	26,493,149
401(a) Defined Contribution Plan	995,757	1,007,210	1,210,445	1,600,100	1,984,272	2,583,362	3,118,307	3,752,128	4,804,102	5,572,090
Total City Retirement Contributions	\$ 46,099,822	\$ 53,170,187	\$ 54,497,442	\$ 57,637,991	\$ 58,887,798	\$ 60,046,340	\$ 57,738,017	\$ 62,090,406	\$ 60,913,818	\$ 58,998,418

Note: The City issued Pension Obligation Bonds in 2012

Where the Money Comes From

Where the Money Goes

**Other includes Charter Offices, Finance, Human Resources and Information Technology Services Departments.*

General Fund - Fund Balance

The fund balance in the General Fund provides a measure of the financial resources available for future spending or appropriation. These funds should be adequate to support potential unanticipated costs, like natural disasters and emergency repairs to City infrastructure. The City Commission’s fund balance policy requires a minimum available fund balance for the General Fund of two months or 16.7% of the General Fund Budget including necessary transfers. In order to put the City into a favorable position to issue General Obligation Bonds, it is my recommendation that our target General Fund Balance should be another month above our minimum policy, or 25% of the General Fund Budget including necessary transfers. Since the policy is a percentage of the budget, as the budget increases, the required level of fund balance also increases. The FY 2019 estimated fund balance exceeds our minimum policy requirement by \$18.6 million with a total available fund balance of \$75.9 million or 22.08% of the General Fund budget as shown in the following chart. However, we are still a 2.81% below our target fund balance of 25%.

General Fund – Fund Balance in Dollars

Maintaining a healthy fund balance is an indicator of the fiscal health of the government. We continue to monitor and assess the fund balance to ensure that the level of available funds is commensurate with the level of risk associated with our diverse City and our revenue and expenditure variability.

General Fund – Fund Balance

As a Percent of the Operating Budget

As shown below, holding the City's millage rate steady at 4.1193, even when the City's taxable property values decreased, resulted in a loss of approximately \$232 million from 2007 to 2017. Property tax revenue finally recovered in FY 2018 and in the FY 2019 adopted budget exceeds the FY 2007 level by \$14.2 million.

**FY 2019 Funding Highlights
 Water & Sewer Fund**

The City supplies water and sewer services on a regional basis for approximately 250,000 residents of central Broward County. Areas serviced by the City’s water treatment and distribution system include Fort Lauderdale, Port Everglades, Sea Ranch Lakes, Lauderdale-by-the-Sea, Oakland Park, Wilton Manors, and portions of Davie, Tamarac, and unincorporated Broward County.

The FY 2019 Water & Sewer Fund adopted expenditures are \$118.9 million, which is \$17.9 million less than the FY 2018 Amended Budget. The City is currently reviewing and updating its Water & Sewer Rates. The new rate structure, once approved, will be incorporated into the FY 2019 operating budget. Based on the existing rate ordinance, a 5% rate increase for both water and sewer will become effective October 1, 2018. The impact of the approved rate increase on a residential neighbor using 5,000 gallons of water per month amounts to an increase of \$3.16 per month, as illustrated below:

**Water and Sewer Charges
 Effect of Monthly Increase on Neighbors
 (Based on Average Usage of 5,000 gallons/month)**

5/8 Inch Meter	Old Rate	Adopted Rate	\$ Change	% Change
Water Charge	\$23.59	\$24.77	\$1.18	5%
Sewer Charge	\$39.52	\$41.50	\$1.98	5%
Total	\$63.11	\$66.27	\$3.16	5%

Central Regional Wastewater System Fund

The Central Regional Wastewater System Fund adopted expenditures are \$35.9 million which is \$5.9 million more than the FY 2018 Amended Budget. The large customer wastewater rate will increase from \$1.92 to \$2.48 per 1,000 gallons.

Self-Insured Health Benefits Fund

The City managed self-insured health programs are funded through insurance charges to employees and retirees along with a City contribution on behalf of employees. The City’s contribution for health has varied by employee group in prior years. However, the City’s health contribution for every Community Builder will be \$847 per month beginning January 1, 2019. The City’s contribution is adjusted annually by the total medical and pharmacy trend for plans with a medium level of member cost sharing plus 2%, as published in the 2nd Quarter Arthur J. Gallagher & Co. GBS Actuarial Consensus Trend Forecast. Self-Insured Health Benefits Fund adopted expenditures are \$34.2 million, which is \$2.9 million more than the FY 2018 Amended Budget. In 2013, the City opened a health and wellness center to provide insurance participants with convenient access to health care and has enhanced the contracted levels of staffing at the wellness center in Fiscal Year 2018. This initiative

decreases the cost of health claims from other providers and is an enhanced benefit for our Community Builders and their dependents.

Central Services (Information Technology Services) Fund

The Central Services Fund is established to provide citywide technical resources, deliver customer care, and provide computers, telephones, mission critical two-way communications infrastructure and handheld radios, website, intranet, internet, electronic mail, wireless and mobile communications, business software applications, desktop software applications, training, and supports citywide hardware and software security. This fund is supported by charges to user departments based upon services provided. The Central Services Fund adopted expenditures are \$22.1 million, which is \$510,001 less than the FY 2018 Amended Budget.

Sanitation Fund

The Sanitation Fund supports a full complement of modern solid waste services by providing household garbage, recycling, yard waste, and bulk trash collection. The fund also supports household hazardous waste collection events, canal cleaning, lot cleaning and rights-of-way maintenance, public trash receptacles, and street sweeping services. The City’s Clean Team is funded through the Sanitation Fund, working to preserve the unique beauty of our City streets and high-traffic areas. The Sanitation Fund adopted expenditures are \$24.1 million, which is \$823,657 less than the FY 2018 Amended Budget.

Effective October 1, 2018, the residential rates are recommended to increase by 3%. The impact of the approved rate increase on a residential customer is illustrated below:

Effect of Increase on Base Monthly Sanitation Rates

FY 2018	FY 2019 Adopted Rate	\$ Change	% Change
\$31.61	\$32.56	\$0.95	3%

Vehicle Rental (Fleet) Fund

The City’s fleet consists of approximately 1,604 vehicles and rolling stock. The Public Works Department oversees four fueling facilities. This fund is supported by charges to user departments and funds based on the services provided. The FY 2019 adopted budget, including transfers, is \$21.3 million, which is \$1.7 million less than the FY 2018 Amended Budget.

Stormwater Fund

The revenues collected for the City’s Stormwater Management Program are used for operating expenses and capital improvements directly related to the management of stormwater, including improvements designed to improve water quality in the City’s waterways. The FY 2019 adopted

operating budget and transfers for the Stormwater Fund is \$17.8 million, which is 3.0 million more than the FY 2018 Amended Budget.

The City is undertaking a rate study with an intended implementation date of January 1st 2019 with the goal of developing a stormwater rate structure sufficient to support a revenue bond in the amount of \$200 million to fund Phase II of the Stormwater Master Plan. The adopted rate increases below will be implemented as of October 1, 2018. They are critical to the continued success of the Stormwater Management program.

**Stormwater Fee
Effect of Monthly Increase on Neighbors**

Stormwater Charge	Old Rate	Adopted Rate	\$ Change
Residential <= 3 Units	\$10.00/unit	\$12.00/unit	\$2.00/unit
Commercial, Industrial, and Residential > 3 Units	\$100.80/acre	\$120.96/acre	\$20.16/acre
Vacant Land, Parks, and Well Fields	\$31.95/acre	\$38.34/acre	\$6.39/acre

Parking System Fund

The Parking Fund is a self-sustaining fund, using no tax dollars to fund the parking operation. It includes garages; lots; enforcement; and managerial, administrative, and field personnel. All salaries, benefits, and expenses are paid exclusively from user-based revenues collected from meters, the sales of permits, and citations. Excess revenues are accumulated in the fund balance to finance major reconstruction and rehabilitation projects of the City's garages and parking lots. The Parking System Fund adopted expenditures are \$18.2 million, which is \$13.1 million less than the FY 2018 Amended Budget.

Airport Fund

The Fort Lauderdale Executive Airport is a major job center, employing over 5,130 people in its aviation and non-aviation properties and provides an estimated \$839 million annual economic impact to the area. The Airport is self-sustaining, with revenue generated by land leases and fuel flowage fees. The Division administers 37 land leases for both aviation-related and Industrial Airpark parcels on the 1,200-acre property. The Airport Fund adopted expenditures are \$12.1 million, which is \$4.0 million less than the FY 2018 Amended Budget.

Housing and Community Development Grants Fund

In FY 2019, the City anticipates receipt of \$9.5 million in Federal Entitlement Grants. These Housing and Community Development programs benefit our neighbors through quality affordable homes for all, strengthening the housing market to bolster the economy, and improving the overall quality of life for our neighbors. These direct programs are 100% grant funded with no contribution from the City.

Community Development Block Grant funds provide flexibility to address quality of life issues in the communities of Fort Lauderdale including housing, public service needs, public facility needs, and economic development. Home Investment Partnership Program funds are used primarily to address housing assistance to eligible homeowners, agencies, renters, and homebuyers. Assistance is provided in the form of down payment assistance or housing rehabilitation loans. Housing Opportunities for Persons with AIDS/HIV provides funding for housing assistance, social services, program planning and development costs for targeted special needs clients who are diagnosed with HIV/AIDS.

City Property & Casualty Insurance Fund

The Property/Casualty City Insurance Fund adopted expenditures are \$20.0 million, which is \$3.4 million more than the FY 2018 Amended Budget. Workers compensation claims increased by \$1.7 million due to claims history. The budget amounts are tied to actuarial reports or the cost of the insurance policy and include workers compensation, general liability, public official liability, employment practices liability, auto liability, and all-risk property insurance. The fund maintains a reserve of 100% of the actuarially calculated liability.

Building Funds

The Building Funds have adopted expenditures of \$23.2 million, which is \$1.1 million less than the FY 2018 Amended Budget. The City's Building Division enforces the Florida Building Code which establishes the standards to which any new construction or improvements to existing buildings must be built. In FY 2017, the City processed approximately 25,800 permits with a value of over \$1.2 billion. The revenue generated from the permit and inspection fees supports the City's Building Division operating expenditures as well as their technology and certification maintenance needs. The chart below represents the number of permits issued as compared to the construction value over the last eight years. The City is currently reviewing and updating its Building Permit Fee Schedule. The new rate structure, once approved, will be incorporated into the FY 2019 operating budget.

Conclusion

Building a balanced budget is a challenging process; we are forced to consider difficult trade-offs between competing priorities and develop innovative solutions to enhance our service delivery within available resources. I am confident the Adopted Budget presents a balanced approach to achieving the City's goals and delivers the quality services our neighbors expect.

I want to express my appreciation to the Mayor and City Commission. This budget could not have been created had it not been for their leadership and courage in addressing dynamic challenges through engaging with our neighbors, contemplating the impacts of policy decisions, and identifying priorities through the development of the Commission Annual Action Plan. In addition, I would like to thank our Budget Advisory Board, Revenue Estimating Conference Committee, City Auditor's Office, Community Building Leadership Team, Budget Coordinators, Budget, Community Investment Plan and Grants teams, and all of our Community Builders for their efforts to create a comprehensive, strategic, transparent, and meaningful budget.

The FY 2019 Adopted Budget was formally presented to City Commission at the first public hearing on September 6, 2018 and adopted at the second public hearing on September 12, 2018 at City Hall. I look forward to working with you, our neighbors, and our community builders to implement the Fiscal Year 2019 Budget.

Respectfully submitted,

Lee R. Feldman, ICMA-CM
City Manager

Position Budget Modification Requests for FY 2019

CITY OF FORT LAUDERDALE

BUDGET OVERVIEW

Budget Overview

The City's structure includes five (5) Charter Offices: City Attorney, City Auditor, City Clerk, City Commission, and City Manager. There are also nine (9) operational departments: Finance, Fire-Rescue, Human Resources, Information Technology Services, Parks and Recreation, Police, Public Works, Sustainable Development, and Transportation and Mobility. In addition, there is a Community Redevelopment Agency.

The adopted budget is the result of efforts by the Mayor and four (4) City Commissioners, as well as City staff to allocate limited resources to best serve the needs of the City of Fort Lauderdale. The Budget, therefore, reflects the policies adopted by the City Commission in response to the needs and concerns communicated to them by the neighbors of Fort Lauderdale.

The Fiscal Year 2019 Adopted Budget for the City of Fort Lauderdale, Florida was developed using a modified Program/Performance model. This model enhances the quality of decision-making and provides a vehicle to measure the City's delivery of services. The budget is intended to serve four (4) primary purposes: a Policy Document, an Operating Guide, a Financial Plan, and a Communications Device.

Policy Document

As a policy document, the adopted budget was developed within the framework of the City's goals, strategic priorities, Community Investment Plan, and financial and budgetary policies. The information contained in this document allows policy makers an opportunity to review recommendations to address long-term goals for sustainability of the City and its services.

Operations Guide

As an operations guide, the adopted budget describes programs, services, and functions performed by each department. Departmental goals, objectives, and performance indicators are provided for each program. An organizational chart is provided to show the City is structured for collaboration and interdepartmental coordination work. In addition, a two-year comparison and analysis of staffing is included.

Financial Plan

As a financial plan, the adopted budget outlines the City's fiscal resources. This document displays projected revenue and expenditures for all operating funds. A five-year financial analysis is provided for the major revenue and expense categories.

The Budget, therefore, reflects the policies adopted by the City Commission in response to the needs and concerns communicated to them by the neighbors of Fort Lauderdale.

Communications Device

The budget is designed to clearly communicate information by using text, tables, and graphs to summarize data for the reader. The document describes the budget process for developing, reviewing, adopting, and amending the budget. The Appendix section provides the reader with an Integration of the Strategic Plan and the Budget along with a glossary and a list of acronyms to enhance reader understandability. Additional information about the City may be found on the City's website at www.fortlauderdale.gov. Please call the Budget/CIP and Grants Division of the City Manager's Office at (954) 828-5425 with questions about the City's budget.

Budget Calendar

January

- Prepare training documents used for budget development
- Finalize budget process
- Begin/complete interim reviews with each department and discuss reorganization and temporary positions

February

- Budget kickoff occurs with all forms and spending guidelines distributed
- Community Investment Plan (CIP) kickoff and training

March

- Departments prepare budget and CIP requests
- Revenue Estimating Conference Committee review with departments

April

- Budget Office provides budget preparation assistance to the departments
- Departments submit budget requests

May

- Budget Office and City Management formal budget review with departments
- Budget Advisory Board review with departments

June

- Broward County Property Appraiser provides preliminary property valuation
- Community Building Leadership Team receives update of budget development

July

- Broward County Property Appraiser certifies the property tax roll on July 1
- Completion of budget balancing
- City Manager presents the proposed budget, Community Investment Plan, and five-year financial forecast to the City Commission
- City Commission adopts a proposed millage to be advertised in the Truth in Millage (TRIM) notice

August

- Certification of Proposed Millage and non-ad valorem fees to the Property Appraiser
- Property Appraiser distributes TRIM notices to all property owners
- Prepare for two (2) public hearings

September

- City Commission holds 1st and 2nd (final) public hearings to adopt the millage and the budget
- Certification of the Non-Ad valorem Assessments to the Property Appraiser
- Certification of the final millage with the Property Appraiser and State of Florida Department of Revenue within three (3) days of final adoption

October

- Beginning of a new Fiscal Year
- Prepare TRIM compliance packet for Florida Department of Revenue
- Review Government Finance Officers Association (GFOA) requirements for submission for the budget awards
- Prepare Adopted Budget Document

November

- Publish Adopted Budget Document

December

- Submit Budget to GFOA for review

Budget Development Process

The budget process is a collaborative effort between the City Commission, City Manager, community builders, and neighbors to strive to meet the needs of the community at a reasonable price. Every City Commission meeting involves deliberation about what services the City should provide, at what level, and at what price. The decisions made by the City Commission throughout the year provide a general path for budget deliberations to follow. City employees provide the perspective of professionals as to the most efficient and effective way to implement Commission policy. Neighbors have the opportunity to express their preferences for City services and funding mechanisms through representation on the Budget Advisory Board, formal budget public hearings as well as through individual City Commission meetings during the year.

The budget process is comprised of six stages: Forecast, Request, Review, Proposed, Adoption, and Monitoring. These steps often overlap one another because the City is always operating in one fiscal year while developing the next.

Forecast stage - This is the beginning step in the development of the next year's budget. The City Commission will set initial priorities and provide guidance for the process. Budget staff will prepare payroll projections, revenue and expense worksheets, and additional supplemental data. The development of the Community Investment Plan occurs concurrently with this stage.

Request stage - This stage commences after departmental staff receive guidance and training. Departmental develop revenue projections and expenditure requests based upon City Commission priorities, needs of the community, financial trends, and projections. Departments will have an opportunity at this stage to request and justify additional resources or propose departmental reorganization at this time.

Review stage - This stage provides for the evaluation of departmental budget modification requests. Budget staff will review and conduct an analysis at the most detailed level of a department's revenue projections and expense requests. During this stage, City Management will meet individually with each department to review their budget requests and to better understand their priorities. During the months of May and June, the City Manager will meet with departments frequently to discuss the decisions necessary to prepare a proposed, balanced budget. Departments also meet with the Revenue Estimating Conference Committee and Budget Advisory Board during this stage.

Proposed Budget stage - In the month of July, the City Manager presents the proposed budget to the City Commission per City Charter requirements. At this step in the development of the budget, the City Commission must set a maximum millage rate that will be provided to the Broward County Property Appraiser for inclusion as a preliminary millage in the State-required "Truth in Millage" (TRIM) notice sent to all property owners.

Adoption stage - The City Commission holds two public hearings in the month of September to adopt the millage and non-ad valorem rates, the budget and Community Investment Plan.

Monitoring (Review/Preview) stage - This occurs year round. In October, the adopted budget and authorized positions are loaded into the financial system. Throughout the fiscal year, departmental and budget staff review purchases and personnel requisitions, review and project financial information, and monitor City Commission actions for financial impacts. Monthly financial reports are prepared and distributed to the City Commission and departmental staff. The Budget Team meets with departmental Budget Coordinators regularly to review what has occurred during the last quarter and discuss the upcoming concerns or issues.

Budgetary Basis

The budget is adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) with the following exceptions:

- Advances from other funds are presented as revenues.
- Encumbrances, advances to other funds, and principal on long-term debt of proprietary funds are presented as expenditures or expenses.
- Depreciation and compensated absences are not budgeted in any funds.

The basis of accounting for governmental funds is modified accrual. Under the modified accrual basis, revenues are recognized when they become susceptible to accrual, i.e., measurable and available to finance the City's operations. Available refers to collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Expenditures (decreases in net financial resources) are recognized in the accounting period in which the related fund liabilities are incurred, as long as they are measurable. An exception to this is long-term debt and the long-term portion of accumulated compensated absences and longevity pay, which are recognized when due. Budgetary expenditures include expenditures adjusted for encumbrances at fiscal year-end and principal on long-term debt of the proprietary funds.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as a guide. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the

expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. The resources are reflected as revenues at the time of receipt or earlier if susceptible to accrual.

The major utility taxes and franchise fees are recorded as revenues when earned. Licenses and permits, fines and forfeitures, charges for services, and other revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Property taxes are recorded as revenues in the fiscal year levied, provided they are collected in the current period or within sixty days thereafter. Those remaining uncollected are recorded as deferred revenues. Investment income is recorded as revenue when earned. Special assessments are recorded as revenues only to the extent that individual installments are considered available.

The accrual basis of accounting is utilized by proprietary funds and pension and nonexpendable trust funds. Under the accrual basis, revenues are recognized in the accounting period in which they are earned, if objectively measurable, whether collected sooner or later. Expenses, not expenditures, are recognized when the benefits of costs incurred are deemed to have been consumed or expired. Long-term liabilities are accounted for through those funds. Depreciation of fixed assets (including capital outlay equipment purchased in the operating budget) is recorded in the accounts of these funds as well on the straight-line basis over the following useful lives: buildings (40-50 years), improvements (20-50 years), and equipment (3-15 years).

Financial Integrity Principles and Policies

As stewards of public funds the City of Fort Lauderdale must ensure the proper handling of finances, utilize best practices, and deliver high quality services by providing an overarching outlook to guide the City; thereby preserving the integrity of the organization and providing financial sustainability.

The financial integrity of the City of Fort Lauderdale is of utmost importance and upholding a set of principles is a key element to maintaining this integrity. The financial integrity principles outlined in this document highlights the basic framework for the overall fiscal management of the City. This document contains high-level principles that govern the City's financial management. Detailed policy direction is set forth in separate policy documents as described herein.

The financial integrity principles will be reviewed and updated as necessary, but will be comprehensively evaluated at least every five years. The approved City of Fort Lauderdale financial integrity principles and supporting policies are outlined below:

Principle I: Sound Budgeting Practices

Supporting Policies

- A. Revenue Estimating Conference Process
- B. Cost Recovery
- C. Grants/Reimbursement
- D. Inter-Fund Borrowing
- E. Proprietary Funds - Working Capital
- F. General Fund - Fund Balance
- G. Structurally Balanced Budget
- H. Budget Adjustment and Amendment
- I. Allocation of Overhead Cost

Principle II: Prudent Fiscal Management

Supporting Policies

- A. Revenue Collections
- B. Purchasing
- C. Fixed Assets
- D. Procurement Card (P-Card)
- E. Risk Management
- F. Cash Management
- G. Financial Oversight and Reporting

Principle III: Cost Effective Operations

Supporting Policies

- A. Performance Management
- B. Financial Transparency
- C. Business Continuity Preparedness
- D. Travel Policy
- E. Full Cost of Service

Principle IV: Long-term Financial Planning

Supporting Policies

- A. Investments
- B. Multi-year Community Investment Plan
- C. Multi-year Financial Forecast
- D. Debt Management
- E. Capital Maintenance, Renewal, and Replacement

Financial Policies

GENERAL FINANCIAL POLICIES

The purpose of these policies is to provide overall financial guidance for the City of Fort Lauderdale and serve as a basis for future financial decision-making.

General Guidelines

- Current, recurring revenues equal current, on-going expenses (Structurally Balanced Budget).
- One-time revenues can be used to build up the un-assigned fund balance or be used for truly one-time expenses without impacting service levels.
- Any year-end surplus should be directed to the un-assigned fund balance and not used to finance recurring expenses in the following fiscal year.
- Capital improvements should be financed from current revenues, but may be financed by prudent use of debt instruments that provide for a pay-back period which does not exceed the life of the improvement. Once the City has borrowed for such improvements, debt service becomes a current expense to be covered by recurring revenue.
- Internal service funds are used by the City to provide services within the City organization. Examples include fleet, print shop, radio communications, telephones, and insurance. Charges to City departments should be set to cover all costs. They should have sufficient reserves to cover fluctuations or long-term liabilities such as vehicle replacement and insurance claims.
- **Revenues and expenditures will be projected out at least five years into the future. Should any structural imbalance be projected, a plan should be agreed upon to address the imbalance.**

Fund Balance Levels and Appropriation of Fund Balance

- Unrestricted Fund Balance is defined as the total of committed fund balance, assigned fund balance, and unassigned fund balance. This only includes resources without a constraint on spending or for which the constraint on spending is imposed by the City.
- Maintaining a prudent level of unrestricted fund balance is necessary to protect the City against reducing service levels, emergencies, natural disasters, unanticipated economic downturns, or unpredicted one-time expenditures.
- The City Commission adopted a recommendation from the Budget Advisory Board to maintain the unrestricted fund balance for the General Fund at a level that is equivalent to two (2) months of operating expenditures and required transfers. Should the projected or actual unrestricted fund balance fall below this minimum, a plan will be submitted for consideration to achieve the minimum level within a three-year period. This plan will include a combination of cost reductions, revenue enhancements, and/or service reductions and should be submitted within 30 days of recognition of the fund shortfall. Use of fund balance below the recommended threshold is permitted only in case of an emergency, or in the case of an unanticipated economic downturn which causes a material loss of revenues. Non-recurring revenues shall not be used to balance the annual budget for recurring expenses.

Financial Policies, continued

Funding of Self Insurance Fund

- City managed, self-insured programs are to be funded through fees recovered through the user departments including administrative costs and reserves. These self-insurance programs include workers' compensation, certain health plans, police and employment practices and general liability.
- It is the policy of the City that the self-insurance programs be fully funded. An actuarial study will be performed each year. Any current or future deficits that may occur in the workers' compensation or general liability programs will include a financial plan for eliminating the fund deficit within the next three years. The plan will include options such as increased department contributions, transfer of available equity reserves from other self-insurance programs, or transfers from other funds available as a means to fund the deficit.

Community Investment Plan (CIP)

- The City currently prepares a 5-year Community Investment Plan with each annual budget. The plan serves as a planning guide for the construction of general purpose and utility improvements in the City. This provides the City Commission with an assessment of capital needs. Annual contributions to this program from the General Fund are necessary to maintain facilities and meet infrastructure needs.
- It is the policy of the City that annual contributions to this program from the General Fund are, **at a minimum, 3.5% of the total General Fund expenses.** Additional contributions may be made

during the fiscal year through budget amendments as desired projects and funding sources become available. However, additional funding from the General Fund will not be permitted if the use of fund balance causes the unrestricted fund balance to fall below the minimum requirement. The City Manager may pursue alternate methods of funding these projects through federal, state, or local grants, or other innovative financial options (public/private partnerships).

- **Fund balance in excess of 25% operating expenses and required transfers shall be used to fund additional capital projects or increase funding of existing projects.**
- The construction of new facilities or buildings and other types of infrastructure or the annexation of property may require additional future operating costs to staff and maintain the facility or property. The costs of staffing and maintaining the facility or property and any associated revenues should be considered prior to construction of the facility or annexation of the property.
- It is the policy of the City that all capital projects or other long-range projects (annexation of property, tax increment areas, etc.) contain economic evaluation providing information on the potential operating impacts of the project. The evaluation should include any savings or incremental revenue resulting from the project, as well as any new costs.
- No capital project should be funded unless an economic evaluation has been completed and the necessary funds can be reasonably assumed to be available when needed.

Financial Policies, continued

Operating Capital Outlay

- Capital outlay needs can also be provided through department budgets. This type of capital expenditure includes equipment replacement, hardware needs and other minor facility or building improvements that do not meet the criteria to be included in the Community Investment Plan.
- It is the policy of the City to fund operating capital needs from current revenues. The City will include in the operating budget those operating capital needs that are considered “critical” to functional operations of City services. Financing the purchase through bonds, notes or an interfund advance is an option only if the debt service required to pay back the debt can be made from current revenues (does not require the use of fund balance in future years).

Enterprise Funds

- The City provides a wide variety of services to the residents and visitors including water and sewer, solid waste, stormwater, parking facilities, and an executive airport. The cost of these services approximates 28% of the City’s annual expenditures. The City Commission establishes rates for the use of these services and periodically adjusts the rates based upon system needs.
- It is the policy of the City in regards to enterprise funds to establish user fees at an amount sufficient to cover all costs, including indirect costs and any debt service related to investment in these facilities, and to provide for reasonable reserve levels. The City is responsible for conducting periodic reviews of the financial performance of these funds to ensure user fees are adequate, costs are justified, and reserve balances are sufficient to provide for future operations. The City Commission

has adopted a policy to conduct an analysis and review the user fees on a bi-annual basis.

DEBT POLICIES

The City has established policies regarding the utilization of debt instruments. The principal use of debt by the City has been for making capital expenditures. Because the use of public capital stretches over many years, it is appropriate that those who enjoy the benefits should also pay the costs.

The City Commission has issued debt for recapitalization of existing assets, most of the Water and Sewer Master Plan, the replacement of nine existing fire stations, and the addition of one new fire station.

The solid financial position of the City, along with application of the most current financial management practices, has permitted the City to obtain very favorable bond ratings and consequently, low interest rates.

The City has adopted the following policy statements as guidelines for the use of debt:

- Short-term debt is not to be used to support routine operations unless borrowing can be obtained at a lower rate of interest than invested funds and funds are not available for the routine operations.
- Debt payment shall not exceed the anticipated useful life of an improvement and in no case exceed 30 years.
- Bond issues shall be scheduled to level annual debt service requirements so that borrowing costs are minimized. This may

Financial Policies, continued

be modified based on the express purpose of spreading improvement costs equally over a long period of time so that future citizens become responsible for portions of the cost.

- With each bond offering and at least annually, the City shall fully disclose its financial position and fiscal management practices.

BOND RATINGS

A summary of the City's bond ratings for outstanding long-term debt is as follows:

General Obligation
Moody's: Aa1
Standard & Poor's: AA+

Special Obligation
Moody's: A1
Standard & Poor's: AA

Water & Sewer Revenue Bonds
Moody's: Aa1
Standard & Poor's: AA+

General Obligation Bonds are secured by the full faith and credit of the City. The outstanding General Obligation Bonds will be repaid from ad valorem taxes.

Special Obligation Bonds are secured by pledged funds consisting of non-ad valorem revenues.

AMENDMENT/TRANSFER POLICIES

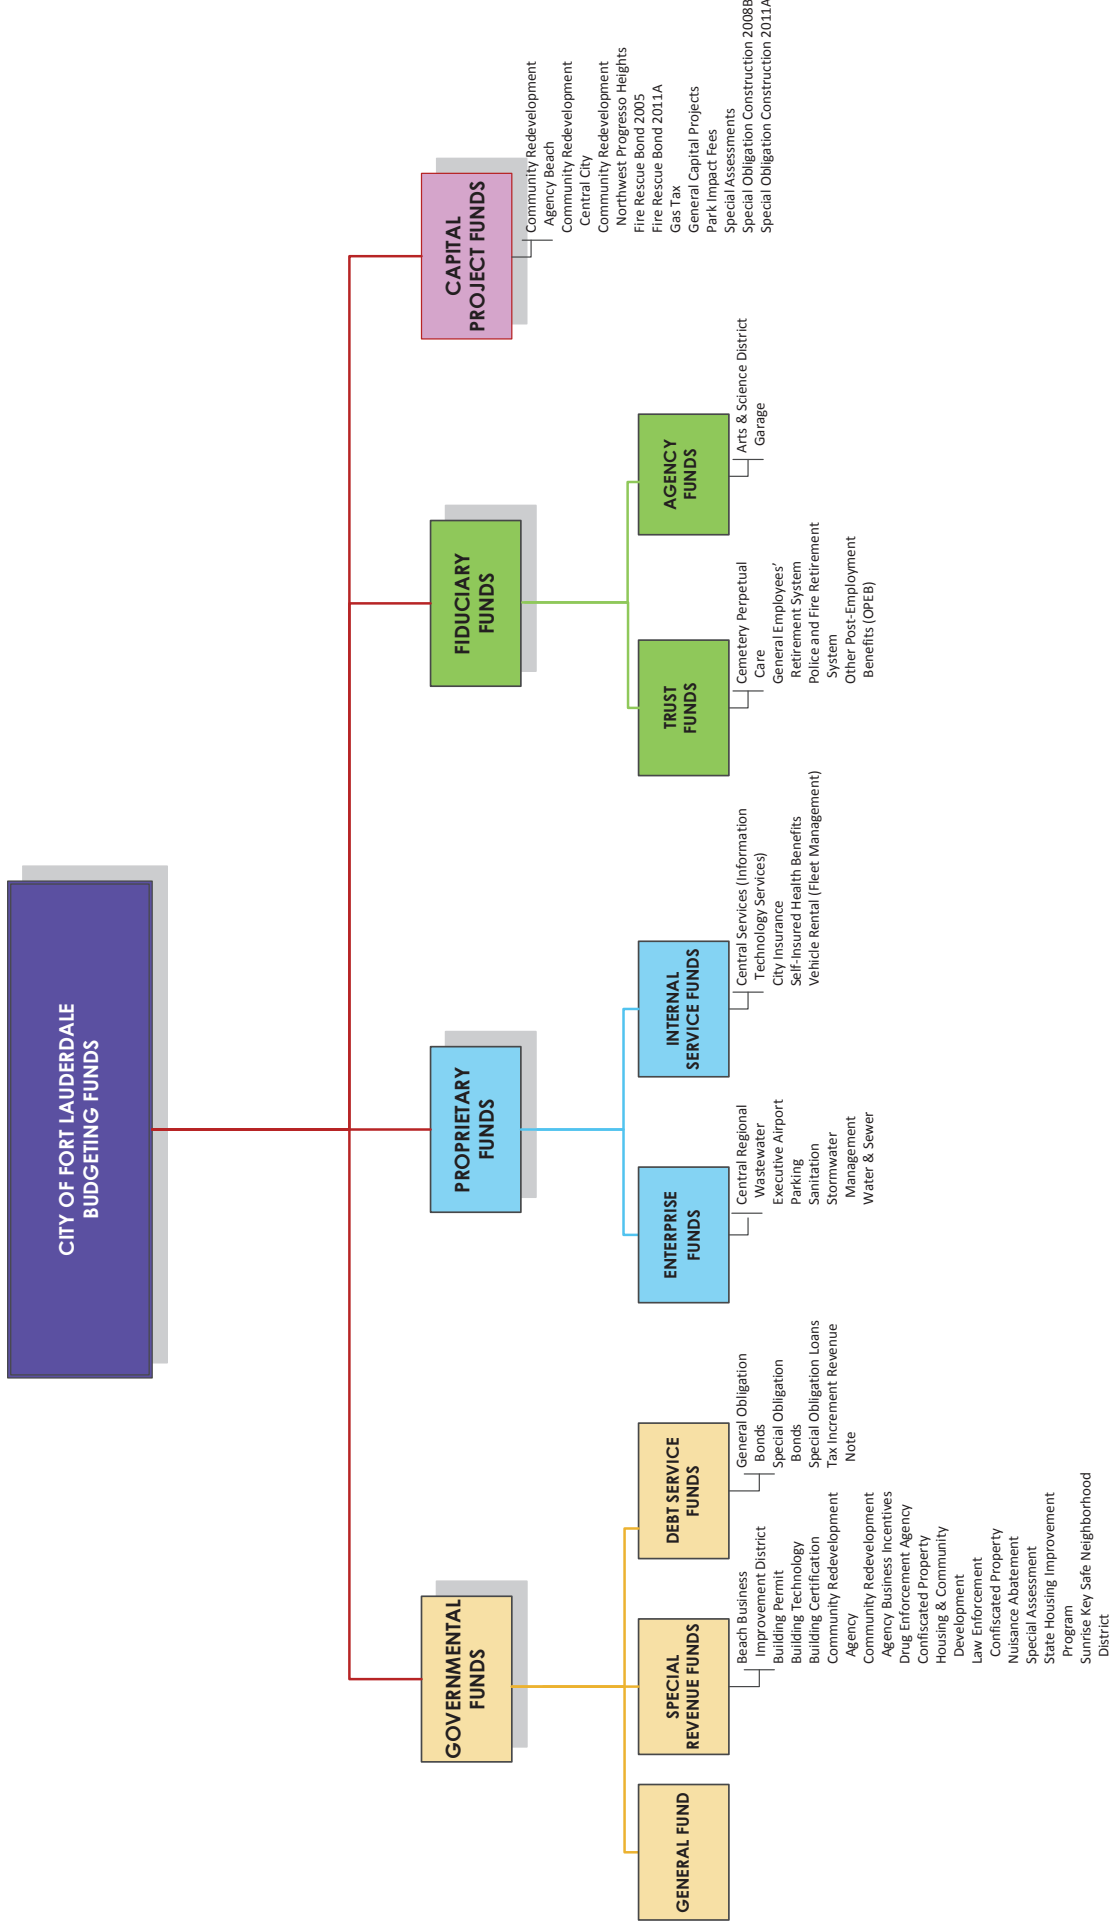

The City's annual operating budget is approved by the City Commission at the fund and department level. Any change in the overall budget appropriations, between departments, or for changes between funds is considered an amendment and must be approved by the City Commission.¹ The City Commission also approves all allocations from General Fund contingencies.

Budget transfers are administrative changes to the budget within the same department and fund. This process provides for ongoing adjustments to the operating budget and enhanced reporting and control over expenditure items but does not impact the adopted budget for that department. The City Manager has the delegated authority to approve budget transfers.

¹ The City Charter allows for approved encumbrances to "roll" to the next year without receiving specific Commission approval.

New policies and changes to existing policies that have not been formally approved are identified in bold.

Fund Descriptions

Governmental Fund Types

Governmental Funds are those through which most governmental functions of the City are financed. The funds are fiscal and accounting entities with a self-balancing set of accounts recording cash and other financial resources along with all related liabilities and residual equities or balances and related changes. The acquisition, use, and balances of the City's expendable financial resources and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of changes in financial position, rather than net income. The following are the City's governmental fund types:

General Fund - The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The general operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from the General Fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) requiring separate accounting because of legal and/or regulatory provisions or administrative action. Funds of this type are:

- Beach Business Improvement District (BID)
- Building Certification Maintenance
- Building Permits
- Building Technology Funds
- Community Redevelopment Agencies (CRA)
- CRA Business Incentives
- Housing & Community Development (HCD)
- Nuisance Abatement
- Police Confiscation Funds
- School Crossing Guard Fund
- State Housing Initiative Program (SHIP)
- Sunrise Key Neighborhood Improvement District (SKNID)

Debt Service Funds - Debt Service Funds are used to account for the annual payment of principal, interest, and other expenditures on general long-term debt, other than bonds payable from the operations of the enterprise funds. Funds of this type are:

- General Obligation Bonds
- Special Obligation Bonds
- Special Obligation Loans
- Tax Increment Revenue Bonds

Capital Projects Funds - Capital Projects Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. Specific appropriations for these funds are summarized in the Community Investment Plan.

Fund Descriptions, continued

Proprietary Fund Types

Proprietary Funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. Following are the City's proprietary fund types.

Enterprise Funds - Enterprise Funds are used to account for operations that provide a service to citizens, financed primarily by a user charge, and where the periodic measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability or other purposes. Funds of this type are:

- Central Regional Wastewater
- Executive Airport
- Parking
- Sanitation
- Stormwater Management
- Water and Sewer

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City or to other governmental units. Funds of this type are:

- Central Services
(Information Technology Services)
- City Insurance
- Health Benefit Insurance
- Vehicle Rental (Fleet Management)

Other Fund Types

In the City's accounting system, there are other fund types. These funds are fiduciary funds and account groups.

Fiduciary Funds - Fiduciary Funds are used to account for assets held by the City in a trustee capacity for individuals, private organizations, other governmental units, and/or other funds. Funds of this type are:

- Arts and Science District Garage
- Cemetery Perpetual Care
- General Employees' Pension
- Police and Fire Pension

Contributions to the pension plans and deferred compensation are reflected in the adopted budget. The City does not contribute funds to the Cemetery Perpetual Care Fund because the function is privatized and the revenue is shared. The Arts and Science District Garage, while managed by the Transportation and Mobility staff, is handled as a separate function on behalf of the Performing Arts Center Authority and the Downtown Development Authority.

Fund Highlights

Airport System Fund

The Executive Airport Division of the Transportation and Mobility Department (FXE) develops, operates, and promotes Fort Lauderdale Executive Airport and Industrial Airpark, the John Fuhrer Downtown Helistop, and Foreign-Trade Zone 241. The Airport's mission is to attract businesses to the area and help those businesses prosper while being a benefit to the community.

The Executive Airport is unique in the Southeast in that it offers a 24-hour Federal Aviation Administration (FAA) Air Traffic Control Tower, an Instrument Landing System, a 6,000-foot runway, Aircraft Rescue and Fire Fighting services, U.S. Customs and Border Protection, 24-hour security, and a Police substation on property. The development of the facility reflects trends in business and leisure activity in the surrounding community and parallels the history and growth of the City of Fort Lauderdale.

This award-winning facility is home to over 1,050 based aircraft, including 301 jets and 32 helicopters, which is more than any other airport in the Southeastern United States. Four fixed-base operators provide a full spectrum of services, including fueling, avionics, maintenance, charters, aircraft sales and leasing, and air ambulance. It is important to note that each based aircraft represents significant capital and operating investments by a local business or

individual that has chosen Fort Lauderdale as their home.

The Airport is a major job center, employing over 5,130 people in its aviation and non-aviation properties, and provides an estimated \$839 million annual economic impact to the area.

The Airport is self-sustaining, with revenue generated by land leases and fuel flowage fees. The Division administers 37 land leases for both aviation-related and Industrial Airpark parcels on the 1,200-acre property.

A number of Community Investment Projects are planned that will continue to enhance the Airport's infrastructure. Some of these projects include:

- Taxiway enhancement projects
- Aviation Equipment and Service Facility Expansion

The FY 2019 adopted budget and transfers for the Airport System Fund is \$12,062,378.

Arts and Science District Garage Fund

The Performing Arts Center Authority (PACA) is a 942-space parking garage located in the Arts and Science District of the City. The City has full and exclusive responsibility for operations and maintenance of the garage. This is a joint venture with the City, the PACA, and the Downtown Development Authority (DDA). The City has 16% interest, the DDA 42% interest, and PACA 42% interest. The Transportation and Mobility Department's Parking Services Division collects the revenue and manages the garage, and the Finance Department distributes the funds to the DDA and PACA. The City's net income from the garage has historically been zero. At the end of each fiscal year, shares of the net revenue are paid to PACA as a social contribution, up to an amount not to exceed \$300,000 for the fiscal year. The FY 2019

Fund Highlights, continued

adopted operating budget for the Arts and Science District Garage is \$1,898,399.

Cemetery Perpetual Care Fund

The Cemetery Perpetual Care Fund is established for the purpose of managing the City's four cemeteries: Woodlawn, Evergreen, Sunset Memorial Gardens, and Lauderdale Memorial Park. The cemeteries have been owned by the City since 1917, and in FY 2019 will be operated and maintained by City staff. The FY 2019 adopted operating budget for the Cemetery Perpetual Care Fund is \$1,452,500.

Central Services Fund

The Central Services Fund is established to provide citywide technical resources, deliver customer care, and provide computers, telephones, mission critical two-way communications infrastructure and handheld radios, website, intranet, internet, electronic mail, wireless and mobile communications, business software applications, desktop software applications, training, and supports citywide hardware and software security. This fund supports 329 physical and virtual servers, 147 databases, and 2,573 email accounts. Core services include the management of integrated applications to effectively deliver City services,

such as on-line bill pay for utility services, parking tickets, and recreation registration fees.

In addition, the Central Services Fund is responsible for the support & maintenance (24 x 7 x 365) of applications and security systems, such as voicemail, call center, digital signage, firewall, remote access, and web filtering. The FY 2019 adopted budget and transfers for the Central Service Fund is \$22,101,617.

Parking Fund

The Parking Fund is a self-sustaining fund, using no tax dollars to fund the parking operation. It includes garages; lots; enforcement; administrative support, and field personnel. All salaries, benefits, and expenses are paid exclusively from user-based revenues collected from meters, the sales of permits, and citations. Excess revenues are accumulated in the fund balance to finance major reconstruction and rehabilitation projects of the City's garages and parking lots, implementing sustainable features "greening" these facilities without tax dollars or outside financing. The City's parking system includes approximately 11,000 parking spaces in 4 parking garages and 45 parking lots, as well as on-street parking.

The FY 2019 adopted operating budget and transfers is \$18,236,318.

Fund Highlights, continued

Lauderdale Isles Water Management District Fund

Following the annexation of the Riverland Road area in September 2002, the Lauderdale Isles Water Management District is a special district authorized by Section 197.3632, Florida Statutes to address water quality issues. This district, currently composed of 551 properties adjoining the waterways that run through the Riverland area, continues to levy an assessment of \$15 per parcel for properties within the district for enhancement of their aquatic weed control efforts in their canals. The district adopted their budget in the amount of \$110,559, based upon an assessment of \$15 per property and other revenue sources. The district’s budget was adopted at its April 18, 2018 meeting.

Sanitation Fund

The Sanitation Fund supports a full complement of modern solid waste services by providing residential household garbage, recycling, yard waste, and bulk trash collection. The fund also supports household hazardous waste collection events, canal cleaning, lot cleaning and rights-of-way maintenance, public trash receptacles, and street sweeping services. The City’s Clean Team is funded through the Sanitation Fund, working to preserve the unique beauty of our City streets and high-traffic areas.

The licensing of private collectors and the collection of franchise fees are included along with large-scale Emergency Debris Management services. The remediation and closure of the Wingate Landfill and Incinerator site has been finalized; however, the City has an obligation to perform ongoing environmental monitoring of the property until 2032. The Sanitation Fund also supports remediation of the closed Lincoln Park incinerator site. The total FY 2019 adopted operating budget and transfers for the Sanitation Fund is \$24,106,150. The budget includes funding for Wingate monitoring costs and site maintenance, sanitation carts, Green Your Routine programs, and expanded bulk collection services.

Effective October 1, 2018, the residential rates will increase by 3%. The impact of the approved rate increase on a residential customer is illustrated below:

Effect of Increase on Base Monthly Sanitation Rates

FY 2018 Rate	FY 2019 Rate	\$ Change	% Change
\$31.61	\$32.56	\$0.95	3%

Stormwater Management Fund

The revenues collected for the City’s Stormwater Management Program are used for operating expenses and capital improvements directly related to the management of stormwater, including improvements designed to improve water quality in the City’s waterways. The FY 2019 adopted operating budget and transfers for the Stormwater Fund is \$17,782,648.

Stormwater billing will be based on the following:

- Residential property with three units or less will be billed \$12.00 per unit per month.

Fund Highlights, continued

- Commercial and industrial properties, as well as multi-family residential with four units or more, will be billed \$120.96 per acre, per month.
- Properties with low runoff characteristics, such as vacant land, parks, and well fields, will be billed \$38.34 per acre per month.

Stormwater Charge	Current Rate	FY 2019 Adopted Rate	\$ Change
Residential <= 3 Units	\$10.00/unit	\$12.00/unit	\$2.00/unit
Commercial, Industrial, and Residential > 3 Units	\$100.80/acre	\$120.96/acre	\$20.16/acre
Vacant Land, Parks, and Well Fields	\$31.95/acre	\$38.34/acre	\$6.39/acre

Sunrise Key Neighborhood Improvement District Fund

In accordance with the State Statute regarding safe neighborhood districts, the Improvement District Board met on April 30, 2018 and approved a millage rate of 1 mill. This revenue and reserves supports a FY 2019 adopted budget of \$129,200.

Vehicle Rental (Fleet) Fund

The City's fleet consists of approximately 1,604 vehicles and rolling stock. The Public Works Sustainability Division oversees four fueling facilities. The FY 2019 adopted budget and transfers is \$21,273,441.

The City of Fort Lauderdale was ranked in the 100 Best Fleets in the Americas as the 34th Best

Fleet in 2017. The program identifies peak performing fleet operations reviewing 12 areas of competency. First Vehicle Services (FVS), the department's vehicle maintenance contractor is ISO 9001 Certified and was awarded the "Blue Seal Certification" from Automotive Services Excellent (ASE). For the thirteenth (13th) straight year, the FVS Fort Lauderdale operation received this national recognition as an ASE Blue Seal of Excellence repair facility.

In an effort to reduce the City's environmental impact, lower cost and make the workplace healthier and safer for everyone, the Fleet Services Facility known as the Fleet Fenceline earned the ISO 14001 Certification. The City's Environmental & Sustainability Management System (ESMS) is the framework used to achieve the City's commitment to:

- Pollution Prevention
- Waste Reduction
- Resource Conservation
- Continual Improvement
- Integrating Sustainable Practices into Daily Operations

In an effort to reduce our carbon footprint and modernize the fleet vehicles scheduled for replacement during FY 2019 will be replaced with Ultra Low Emission Vehicles (ULEV) when possible.

Fund Highlights, continued

Water and Sewer Fund

The City supplies water and sewer services on a regional basis for approximately 250,000 residents of central Broward County. Areas serviced by the City's water treatment and distribution system include Fort Lauderdale, Port Everglades, Sea Ranch Lakes, Lauderdale-by-the-Sea, Oakland Park, Wilton Manors, and portions of Davie, Tamarac, and unincorporated Broward County.

The total FY 2019 adopted operating budget and transfers for the Water and Sewer Fund is \$118,862,426.

Effective October 1, 2018, the rates will be increased by 5% based on City ordinance. The impact of the approved rate increase on a residential customer using 5,000 gallons of water monthly amounts to \$3.16, as illustrated below:

Effect of Increase on Base Monthly Water & Sewer Rates

(5,000 gallons/month)

5/8 Inch Meter	Old Rate	Adopted Rate	\$ Change	% Change
Water Charge	\$23.59	\$24.77	\$1.18	5%
Sewer Charge	\$39.52	\$41.50	\$1.98	5%
Total	\$63.11	\$66.27	\$3.16	5%

Central Regional Wastewater Fund

The City, through Large User Agreements, operates the Central Regional Wastewater System to provide treatment services for Fort Lauderdale, Oakland Park, Wilton Manors, Port Everglades, Lauderdale by-the Sea, Sea Ranch Lakes, portions of unincorporated Broward County, Tamarac, and Davie. These agreements, necessitated by federal funding requirements, establish the methodology for setting rates to large users. The City Commission establishes a billing rate based upon estimated expenses for the coming fiscal year. At the close of each fiscal year, the fund is audited and the actual rate is determined. If necessary, lump sum rebates or charges are made to adjust the amounts paid during the year.

The Wastewater Large User Regional Advisory Board, as established by City Code, serves in an advisory capacity to the City Commission and the Central Wastewater Region for the purpose of making recommendations regarding rates and modifications to wastewater facilities. The adopted rate is \$2.48 per 1,000 gallons.

The FY 2019 adopted operating budget and transfers for the Central Regional Wastewater System are \$35,929,164.

Department Highlights – Funding Enhancements

Highlights of new funding for programs, one-time expenses, or other operational increases for the FY 2019 Adopted Budget are outlined below.

City Attorney's Office – The adopted budget includes \$36,511 to replace furniture at the City Prosecutor's Office.

City Auditor's Office – The adopted budget includes \$142,570 for one (1) Assistant City Auditor III.

City Clerk's Office – The adopted budget includes \$33,262 to replace one (1) part time position with one (1) full time Assistant City Clerk III to serve as a Records Management Coordinator.

Community Redevelopment Agency – The adopted budget includes \$97,470 for one (1) Strategic Communications Specialist.

Fire-Rescue – The adopted budget includes \$11,354 for one (1) Administrative Assistant I, \$90,000 for three (3) additional administrative vehicles, and \$805,000 for emergency management equipment replacements and upgrades.

Human Resources – The adopted budget includes \$100,000 for an active shooter insurance policy, \$120,240 to increase Community Builders' life insurance policy to 1x salary up to \$300,000, and \$264,252 to

increase staffing and relocate the health and wellness center.

Information Technology Services (ITS) – The adopted budget includes \$94,340 for one (1) Technology Strategist, \$26,870 for one (1) part time Clerk to support Enterprise Resource Platform offset by cost savings of (\$40,454), \$100,762 for one (1) Technology Security Analyst, \$270,000 for security services and encryption software, \$24,500 for one (1) van in the Police ITS Division, \$105,647 to enhance Geographic Information System (GIS) resiliency for the City's asset management system, \$98,500 to enhance network system management tools, \$52,000 to replace the legacy telephone system components, \$125,192 to migrate networking and email to cloud services, \$414,000 to improve the storage and architecture for Police ITS, and \$973,362 for additional licenses, maintenance, and tablets for the City's current land management software system.

Parks and Recreation – The adopted budget includes \$137,794 for three (3) utility cargo vans, \$87,323 for one (1) Procurement Specialist II, \$83,756 for one (1) Recreation Program Coordinator at Carter Park, \$106,208 for two (2) Apprentice Municipal Maintenance Workers at Snyder Park, \$17,783 to replace two (2) part-time positions

Department Highlights – Funding Enhancements

with one (1) Tennis Center Municipal Maintenance Worker II, \$105,873 for one (1) Irrigation Technician for Parks Maintenance offset by water expense cost savings of (\$144,000), \$102,552 for Parks and Recreation Community Building programs and events, and \$459,091 for enhanced median maintenance.

Police – The adopted budget includes \$131,152 for one (1) Administrative Assistant I and one (1) part time Driver for a food repurposing program to serve our homeless neighbors.

Finance – The adopted budget includes \$22,790 for one (1) Accounting Clerk to increase Accounts Payable and electronic payment efficiency, \$25,000 for a purchasing card program audit, \$71,037 for one (1) Business Tax Office Supervisor to increase the number of compliant businesses in the City offset by additional revenue of (\$150,000), \$90,000 for an online lien search service offset by additional revenue of (\$262,500), \$24,000 for a Bloomberg terminal subscription service, \$93,600 for an electronic bill presentment and payment system to provide online payment options to our Neighbors, and \$59,820 for two (2) kiosks at the Departments of Transportation and Mobility and Sustainable Development to offer convenient payment options for our Neighbors.

Public Works – The adopted budget includes \$180,000 for a City-wide inspection and assessment of streets and alley ways, \$92,517 for one (1) Administrative Assistant II to enhance the City's solid waste and recycling program, \$113,501 for one (1) Training Specialist to increase employee safety and training, \$500,000 for a contract to enhance maintenance and repair of collection system, \$250,000 for a contract to improve response time for line stops, \$242,280 for two (2) Utility Field Representatives to improve response times to utilities services, \$300,000 for contracted services to enhance sewer cleaning services, \$83,001 for one (1) Administrative Assistant I to ensure quality assurance for improved data management, \$323,536 for one (1) Utilities Service Worker and one (1) Utilities Service Worker III to improve the City's preventative maintenance program, \$73,946 for one (1) full time Service Clerk and one (1) part time Service Clerk to improve response time for utility events, \$85,955 for one (1) Regional Chief Water Operator to improve water treatment process and management quality, \$81,161 for one (1) Utilities Service Worker to improve tidal valve maintenance, \$67,446 for two (2) trucks to enhance stormwater operation's functionality, \$232,290 for one (1) Utilities Service Worker, two (2) Utilities Service Workers III, and one (1) Utilities Service Worker IV to improve the City's stormwater maintenance program, \$70,302 to increase efficiency of drying beds, \$1,405,000 for the establishment of a Watershed Asset Management Plan (WAMP) for stormwater

Department Highlights – Funding Enhancements

operations, \$140,000 for enhancement of fleet fuel island with diesel exhaust fluid dispensers, \$93,000 for solar powered vehicle charging stations and maintenance of existing stations, \$97,636 for four (4) electric vehicles to the fleet inventory, \$81,575 to upgrade fueling system terminals, and \$9,000 for an Adopt-A-Drain program administered by the Neighbor Support Division.

Sustainable Development – The adopted budget includes \$158,033 for one (1) Economic Development Representative to support Business Engagement Assistance and Mentorships (BEAMs) and establish a business conduit, \$279,658 for two (2) Senior Technology Strategists and one (1) Technical Support Coordinator to support Building Services land management technology, \$120,255 for one (1) full time Service Clerk and three (3) part time Service Clerks, \$654,800 for twenty (20) vehicles, \$89,523 for additional GIS and cloud services licenses, and \$40,000 for personal property asset/title search legal services.

Transportation and Mobility – The adopted budget includes \$45,000 for an annual speed radar sign program, \$20,000 for the annual utility box wrap program, \$116,250 for Bluetooth sensors to collect data from Bluetooth-enabled vehicles in order to analyze traffic patterns, \$75,000 for a SE/NE 3rd Avenue and Andrews Avenue traffic study and preliminary engineering for SE 6th Avenue to Sunrise Boulevard to improve traffic flow, \$251,000 to enhance services and equipment at Fort Lauderdale Executive Airport (FXE), \$750,000 for decorative street signage, a traffic calming study, airport cost center study, and an airport operations area training program software upgrade, and \$965,000 to enhance public perception of FXE.

City Manager's Office – The adopted budget includes \$50,000 for legal/investigative services to support the Professional Standards Division, \$100,000 for Open Data platform software to increase government transparency and accountability, \$22,000 for additional development opportunities for Structural Innovation staff, \$25,000 to conduct a special Neighbor Survey, and \$117,348 for one (1) Chief Education Coordinator to develop strong partnerships with educational institutions and to enhance the effectiveness of educational development within the City.

General Fund – Five Year Financial Forecast Revenue

Major sources that make up the General Fund total revenue include Ad Valorem/Property Taxes (40.2%), Sales and Use Tax (1.7%), Franchise Fees (6.5%), Utility Taxes (11.1%), Intergovernmental (6.1%), Charges for Services (6.6%), Licenses & Permits (1.0%), Fines & Forfeitures (0.6%), and Miscellaneous (26.3%). The five-year estimates for both revenues and expenditures in this section were taken from the financial forecasting model provided by Stantec Consulting Services Inc. during the FY 2019 budget cycle. A description of each revenue source as well as a discussion and outlook for next year follows.

Ad Valorem Taxes

The adopted ad valorem or property tax millage for operating purposes is 4.1193 and generates \$144,241,593 or 40.2% of the General Fund revenue. The tax rate is made up of two components: operating millage rate and voted debt millage rate. A separate debt levy is used to pay debt service costs (principal and interest payments) associated with the City's outstanding General Obligation

Bonds (GOB). Since FY 2012, the revenue collected from the debt millage levy has been directly deposited into the Debt Service Fund.

Over the last few years, property taxable values have steadily grown. This trend is expected to continue through 2024. Taxable property values have increased by 8.79% over the past year.

General Fund – Five Year Financial Forecast Revenue

Franchise Fees

This revenue source consists of payments made by Florida Power and Light (FPL), Peoples Gas, and various sanitation contracts for the privilege of constructing upon, and operating within, the rights-of-way owned by the City. The basis for the fees is provided for in long-term agreements for payment to the City based upon their gross

revenue derived from accounts within the City limits, less property tax and minor fees previously paid to the City. Projected FPL and Peoples Gas, and sanitation franchise fees for FY 2019 are \$23,375,000, which represents a decrease of 0.1% from the FY 2018 Amended Budget. It is estimated that the sanitation related franchise collector fees will generate \$6,100,000 in FY 2019. This entire amount will be transferred to the Sanitation Fund to support citywide sanitation related operations. Franchise Fee revenues are projected to increase by 1.1% over the next five years as the City's population continues to grow.

Sales & Use Taxes

Florida Statutes provide for the levy of excise taxes of 1.8% on fire insurance premiums and 0.85% on casualty insurance premiums. These funds are passed through the General Fund as revenue and an expense. Proceeds of these taxes are distributed to eligible municipalities to supplement the Pension and Retirement Trust funds for firefighters and police

officers. The revenue for FY 2019 is \$5,913,324. This revenue is projected to increase by 1.0% over the next five years.

General Fund – Five Year Financial Forecast Revenue

Utility Taxes

This category is comprised of three major components. The largest component is the City utility tax on electricity, charged by FPL to its customers. FPL utility tax is projected to be 52.7% of the Adopted FY 2019 utility tax revenues. The second-largest source for this revenue category is the Communications Services Tax. This tax represents

30.0% of the Adopted FY 2019 utility tax revenue, and is based upon estimates from the Florida Department of Revenue. The third component of utility tax revenue consists of the combination of the City's utility tax on gas and water utility bills for customers within the City. Water utility taxes increase as water rates and consumption increase. The combined utility service tax revenue for FY 2019 Adopted Budget is \$39,812,291, which represents a 0.9% increase from the FY 2018 Amended Budget. As the City's population and the cost of utilities increase, these revenues will increase by 0.6% over the next five years.

Charges for Services

This category of revenue is associated with funds received from users of specific services, including fees for fire related inspections, planning, and docks, as well as parks and recreation. The revenue for FY 2019 Adopted Budget is \$23,794,542 which represents a 3.2% decrease from the FY 2018 Amended Budget. This revenue is anticipated to increase by 0.2% over the next five years.

General Fund – Five Year Financial Forecast Revenue

Licenses & Permit Fees

This revenue category includes local business tax receipts issued to authorize businesses to operate within the City limits and development permits issued to authorize building and construction within the City limits. The revenue for FY 2019 Adopted Budget is \$3,502,600, which represents a 8.4% increase from the

FY 2018 Amended Budget. Fees are anticipated to increase by 0.1% over the five year projection horizon.

Intergovernmental Revenue

This revenue source is recurring State shared and County shared revenue. The State of Florida shares motor fuel, alcoholic beverage license, and sales tax revenue with local governments based on population. Broward County provides gasoline tax and local business tax receipt revenue. The revenue for FY 2019 Adopted Budget is

\$21,754,971 which represents a 2.3% increase from the FY 2018 Amended Budget. A slight increase in the amount of 0.9% is projected over the next few years for the shared revenue portions as the state's tourism remains strong and the City's population continues to grow.

General Fund – Five Year Financial Forecast Revenue

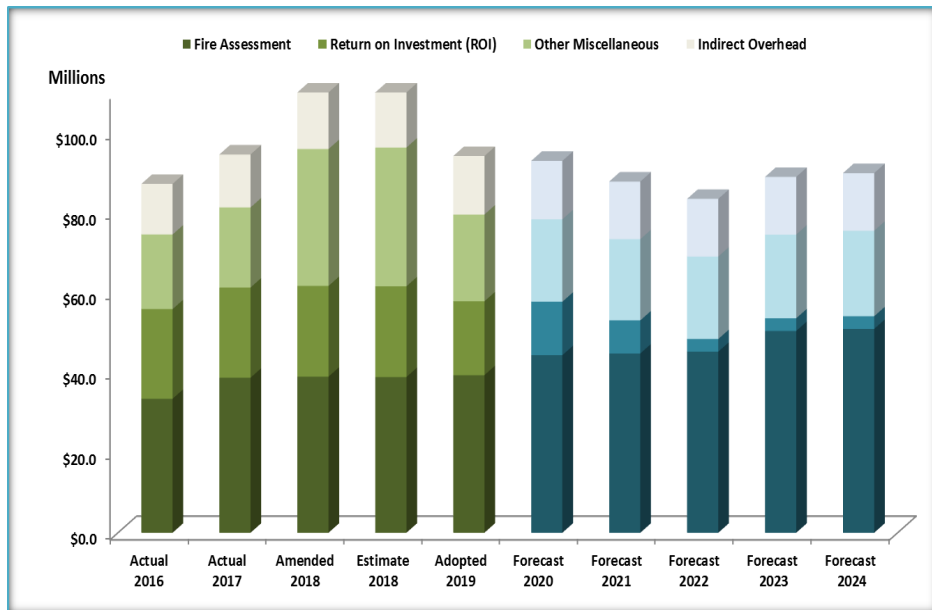

Fines & Forfeitures

This revenue category includes fines for traffic and other violations collected by the County on our behalf through the judicial process. This category represents 0.6% of all General Fund resources. The revenue for the FY 2019 Adopted Budget is \$2,311,000, which represents a 35.8% increase from the FY 2018 Amended Budget. This revenue is projected to increase by 0.1% over the next five

years.

Miscellaneous Revenue

This revenue source includes interest earnings, rents, fire assessment fee, return on investment, cost allocation charges, and other direct interfund charges. The fire assessment fee, which appears as a non-ad valorem charge on the tax bill, is \$256 per residential dwelling for FY 2019 and is estimated to generate \$39.4 million. This revenue category includes \$18.5

million from return on investment (ROI) charges to other funds. The return on investment revenue generated from charges to the Water and Sewer and Central Regional Wastewater Funds is projected to decrease by 25 percent each year from FY 2020 through FY 2022 due to the policy direction to eliminate ROI to these funds over four years beginning in FY 2019. Non-ad valorem revenue is projected to increase every three years to bring the fire assessment fee to full cost recovery. The total adopted miscellaneous revenue for FY 2019 is \$94,108,999. This represents a decrease of 14.8% from the FY 2018 Amended Budget, primarily due to the reduction in ROI and a one-time sale of surplus property.

General Fund – Five Year Financial Forecast Expenditures

Major categories that make up the General Fund expenditures include: Salaries & Wages (46.5%), Fringe Benefits (17.3%), Services & Materials (10.2%), Other Operating (13.6%), and Capital Outlay (0.3%). The remaining expenditures consist of transfers out of the General Fund to fund debt service and other direct charges to other funds (12.1%). The five year forecast was prepared as part of a long-term financial sustainability analysis during the FY 2019 Budget cycle. A description of each expenditure category as well as a discussion and outlook over the next five years follows.

Salaries & Wages

This is the largest expenditure category and represents 46.5% of all Adopted General Fund expenditures, excluding balances and reserves. The major expenses in this category include the following: salaries, other wages, overtime, and longevity. The Adopted Budget for FY 2019 is \$166,670,660 which represents a 6.9% increase from the FY 2018 Amended Budget. This increase includes funds for the addition of 12 new

positions in FY 2019 and contractually obligated wage increases. Over the next five years, this expenditure category is projected to increase by 2.5%, primarily related to contractual wage increases.

Fringe Benefits

This expenditure category includes pension, social security, health care, and retiree health care. The Adopted Budget for FY 2019 is \$62,233,642, which represents a 2.0% increase from the FY 2018 Amended Budget. The projection for this expenditure category is primarily driven by the required health and pension contributions. The City health contribution is adjusted annually by the

total medical and pharmacy trend for plans with a medium level of member cost sharing plus 2%, as published in the 2nd Quarter Arthur J. Gallagher & Co. GBS Actuarial Consensus Trend Forecast. The assumed rate of return in both the General Employees Retirement System and the Police and Firefighters' Retirement System Pension Plans is projected to be adjusted by five basis points per year.

General Fund – Five Year Financial Forecast Expenditures

Services & Materials

This expenditure category includes electricity, gasoline, supplies, equipment, other services, and other utilities. The Adopted Budget for FY 2019 is \$36,670,017, which represents a 2.0% decrease from the FY 2018 Amended Budget. Over the next five years, the projection is a stable inflationary factor of 1.3% for the cost of supplies and services.

Other Operating Expenditures

This expenditure includes staff training and certifications, liability and property insurance premiums, information technology inter-fund service charges, fleet related operating charges. The Adopted Budget for FY 2019 is \$48,659,079, which represents a 7.4% increase from the FY 2018 Amended Budget, primarily due to an increase costs of insurance premiums.

This expenditure category is expected to grow at a rate of 1.6% due to technology improvements that the City is implementing that will require ongoing maintenance.

General Fund – Five Year Financial Forecast Expenditures

Capital Outlay

This expenditure category includes fixed assets that are durable in nature and cost at least \$5,000 and are typically one-time expenditures. The Adopted Budget for FY 2019 includes \$1,006,450 in operating capital expenditures which is 0.3% of the General Fund expenditures. Capital outlay is not for capital projects. The Community Investment Plan is a separate budget for capital projects that have a useful life of ten years or more and a value

of \$50 thousand or more. It is funded through a transfer to the General Capital Projects Fund. The General Fund Community Investment Plan (CIP) for FY 2019 is \$1.9 million in FY 2019 and is projected to rebound at a level of approximately \$11 million per year in future years.

Not for Profit Grant Organization Funding

With the adoption of the FY 2019 Budget, the City Commission approved contributions to Not for Profit organizations that support the needs of the community. Each benefiting Not for Profit organization is required to execute a Participation Agreement that provides for the amount, public purpose, scope of service, standards of performance, and terms of the contribution. The table below provides a summary of the organizations that were approved for funding in FY 2019.

Not for Profit Grant Participation Agreement Funding		
As of October 1, 2018		
Organization	FY 2019 Approved Funding	The purpose of City's Contribution is to:
2-1-1 Broward	20,000	Provide approximately 19,500 contacts in Fort Lauderdale, including supportive listening, crisis intervention, and information and referrals that help residents to access social program services.
Aging & Disability Resource Center of Broward County	46,568	Provide services benefitting an estimated 125 homebound frail elders living in Fort Lauderdale and approximately 25,000 congregate meals to about 150 Fort Lauderdale residents.
Broward League of Cities Installation Dinner	5,000	Raise awareness and resolving issues facing Broward County's 31 cities and municipalities at the local, county, and state level.
Downtown Development Authority (DDA) Security ¹	100,000	Support the Downtown Ambassador's Security Program; a critical link between the economic development and physical development objectives of Downtown Fort Lauderdale.
Early Learning Coalition of Broward County, Inc.	41,249	Provide subsidized child care for approximately 2,500 Fort Lauderdale children of eligible low income families.
Fort Lauderdale St. Patrick's Day Parade & Festival, Inc.	20,000	Promote and host the annual Fort Lauderdale St. Patrick's Parade & Festival of community organizations, support the associated volunteer presentation, and provide education on Irish culture for the benefit of the community.
Nova Southeastern University for NSU Museum of Arts	500,000	Provide innovative art exhibitions and free supplemental cultural, educational and enrichment programs for Fort Lauderdale neighbors and stimulate tourism in Fort Lauderdale.
Riverwalk Fort Lauderdale, Inc.	275,400	Responsible for the programming, beautification, and revitalization of Riverwalk Park and special events such as the annual Light Up Lauderdale and the Day of the Dead celebration. Provide space in the monthly <i>Go Riverwalk</i> Magazine to communicate City information.
Sister Cities International	19,000	Create relationships based on cultural and educational exchanges, economic partnerships, and humanitarian assistance.
Summer Youth Employment Program	190,000	Provide Broward County's young men and women with a summer-long adventure with lessons about how to obtain a job, how to keep a job, and how to turn any job into an investment of time and effort for the future.
United Way of Broward County, Inc ²	800,000	Find solutions and strategies to help homeless people within the corporate limits of the City of Fort Lauderdale.
Winterfest, Inc.	15,000	Administer the annual Winterfest Boat Parade and to build a festival and full complement of events around the Greater Fort Lauderdale area.
TOTAL FUNDING	\$ 1,932,217	

¹ Funding was unappropriated after the adoption of the FY 2019 Budget.

² Funding was appropriated after the adoption of the FY 2019 Budget.

FINANCIALS

Financials

For FY 2019, the all funds Adopted Budget including transfers and reserves are \$785,015,992. The following pages reflect this budget information in tables and graphic format. The General Fund summary for FY 2019 is presented showing revenues by source, expenditures by department, transfers, reserves, and balances. In addition, a similar table is included for FY 2018 for comparative purposes. These are followed by detailed information, as listed below, regarding resources, expenditures, transfers, reserves, and balances. Where applicable, information includes actual expenditures and revenues for FY 2017 Actual, FY 2018 Amended Budget, FY 2018 Estimate, and then the FY 2019 Adopted Budget. The final column in the tables compares the FY 2019 Adopted Budget to the FY 2018 Amended Budget.

The detailed information provided in this section includes:

All Funds

- Comparative schedule including FY 2017 Actual, FY 2018 Amended Budget, FY 2018 Estimate, and FY 2019 Adopted Budget for all funds revenues and expenditures rolled up.
- Schedule of All Fund Revenues by Object
- Schedule of All Fund Expenditures by Object
- Financial Fund Summaries.
- Schedule of Debt Service Requirements.

The FY 2019 Adopted Budget for the General Fund is \$358,814,320. This amount includes a \$1.9 million transfer to the General Capital Projects Fund.

The debt levied is attributable to the City's investment in capital assets, which are used to provide services to the City of Fort Lauderdale neighbors, such as land, buildings, improvements, infrastructure and equipment. In addition to infrastructure improvements, the City issued Pension Obligation Bonds to cover a significant portion of the City's unfunded pension liabilities. The resources needed to pay the debt service will come from future revenues. The City's maximum debt service policy was previously \$750 per capita (population 170,000); however, staff is currently reviewing this policy to determine the appropriate maximum level of debt for the City. In FY 2015, a partial refinancing of the 2006 and 2008 Water & Sewer Revenue Bonds was issued without increasing the City's total debt. The Community Redevelopment Agency (CRA) issued Tax Increment Financing Revenue Notes through bank financing of \$7,603,000. The Central Services Fund includes a Lease Purchase Agreement with Motorola Solutions, Inc. to replace the City's twenty-two (22) year old 26-channel 800 MHz trunked radio system with a 12-channel 800 MHz trunked radio system.

In August 2017 the City entered into a seven-year lease agreement with Motorola Solutions for public safety radio equipment for \$6,383,587. The lease carries an interest rate of 2.470% with annual payments of principal and interest. The lease qualifies as capital leases for accounting purposes and, therefore has been recorded at the present value of the future lease payments as of the inception date in the Central Services Fund. The capital assets and depreciation thereon acquired under the lease is also accounted for in the Central Services Fund. As of September 30, 2017, the City's liability for this lease totaled \$6,383,587.

On November 21, 2017, the City entered into an agreement with Regions Capital Advantage, Inc. in the form of a non-revolving line of credit not to exceed the amount of \$13,000,000 for the purpose of funding a portion of the Las Olas Parking Garage Project. The interest rate on the Non-Revolving Credit Note is subject to change based the One-Month LIBOR for the applicable Interest Period.

On February 20, 2018, the City issued \$196,035,000 in Water and Sewer Revenue Bonds, Series 2018. The proceeds from the sale are being used to finance certain improvements and upgrades to the City's Water and Sewer System. The issue provides for semi-annual principal and interest payments with interest rates ranging from 3.5% to 4.0% and a final maturity on September 1, 2048.

CITY OF FORT LAUDERDALE

DEPARTMENT BUDGETS

Charter Office and Department Descriptions

This section details the offices and departments that make up the City of Fort Lauderdale governmental structure. The City government is organized into five (5) charter offices and nine (9) operating departments along functional lines. This section provides an overview of each of the component units including the departmental organizational chart, division descriptions, FY 2018 major accomplishments, FY 2019 major projects and initiatives, select performance measures, and departmental financial summaries. Below is a brief description of the Charter Offices and each department that will be highlighted in the Department Budget section.

Charter Offices

The Charter Offices are comprised of the City Commission, City Attorney, City Auditor, City Clerk, and City Manager. The City Commission operates under the Commission-Manager form of government. The City Commission sets the policies for the effective operation of the city. The City Attorney's Office provides high quality, professional, timely, and cost-effective legal and risk management services. The main focuses of the office are to protect the interests of the city, minimize future legal problems, and ensure compliance with city, State, and Federal laws. The City Auditor provides an independent, objective, and comprehensive auditing program of city operations. The City Clerk's Office serves as custodian of all records of an official character pertaining to the affairs of the city including documentation filed for compliance with state and county ethics laws and ensures public accessibility; supports the City Commission in administrative matters; supervises municipal elections; and directs the City's records management program.

The City Manager's Office is a team of professional and diverse public administrators. Operating under the traditional Commission-Manager form of government, the City Manager is appointed by the five-member City Commission and is responsible for the day-to-day operations of the City. The City Manager's Office leadership team includes two (2) Assistant City Managers, and the divisions of Budget/CIP and Grants, Housing and Community Development, Neighbor Support, Office of Professional Standards, Strategic Communications, Nighttime Economy, Real Estate, and Structural Innovation. The City Manager's Office is committed to developing a culture of innovation by integrating strategic management and best practices into government operations. By doing so, the organization continually improves performance, maximizes efficiencies, and creates value for the tax dollar. The City Manager's Office oversees a Management Fellows program through a partnership with the International City/County Management Association (ICMA); benefitting from preeminent academic education of recent Masters in Public Administration graduates. The Office's inclusive leadership philosophy is reflective of the City's mission to build community and create a sense of place by ensuring fiscally responsible, neighbor-centric, and innovative delivery of services to our neighbors, guests, and community stakeholders.

Charter Office and Department Descriptions

Community Redevelopment Agency

The mission of the Fort Lauderdale Community Redevelopment Agency (CRA) is to enhance the quality of life in three target areas: Central Beach, Northwest-Progresso-Flagler Heights, and Central City. Each target area established an advisory board

in 1989, 1995, and 2012, respectively to support the overall CRA mission and enrich the community. The CRA designs and implements strategic community redevelopment plans to expand economic opportunities and foster dynamic commercial and residential environments. CRA also leverages resources and establishes partnerships with organizations that can help further its mission and improve neighbor quality of life.

To cultivate positive redevelopment, the CRA orchestrates orderly and progressive business development initiatives, facilitates infrastructure and other public improvements to stimulate private investment, encourages the creation of affordable housing, and produces events and seminars that foster economic development with the purpose of building a sense of community.

Finance Department

The mission of the Finance Department is to safeguard the City's assets and financial affairs, provide for the long-term financial stability, integrity, and accountability of the City's financial resources, and ensure expenditure of City funds are conducted in a manner that will instill our neighbors' trust and provide best value to the City. The department is a valuable internal financial resource to all City departments, and strives to provide excellent service to investors and other entities conducting financial and purchasing transactions in accordance with accounting and procurement standards for state and local governments. To achieve its mission, the Finance Department provides services through the functions of financial administration, utility billing and collection, accounting and financial reporting, treasury, and procurement services. As an integral Internal Support partner, Finance ensures all City departments follow sound fiscal management procedures, and the fair, open, and transparent procurement of goods and services, thereby allowing the City to obtain fiscal efficiencies, while maximizing resources and lessening financial burdens.

Charter Office and Department Descriptions

Fire-Rescue Department

The Fort Lauderdale Fire-Rescue Department, established in 1912, provides fire rescue and emergency management services to the neighbors and visitors of the City of Fort Lauderdale, the City of Wilton Manors, and the Town of Lazy Lake. The department operates 11 fire stations, and is the busiest city in Broward County, responding to over 53,000 calls for service annually. The department utilizes highly trained special operations teams, including Hazardous Materials, Technical Response, Dive Rescue, Marine Rescue, Special Weapons and Tactics (SWAT) Medical, and Aircraft Rescue Firefighting (ARFF). The department utilizes its own advanced medical protocols, such as induced hypothermia (ICE alert) and a STEMI program. The department also conducts fire prevention inspections on new and existing commercial properties and multi-family occupancies, reviews commercial building plans for fire code compliance, and investigates fire origin and cause. The department's Ocean Rescue division staffs 20 lifeguard towers seven days a week protecting over 3.5 million neighbors annually. The department leads emergency management planning, the Emergency Operations Center (EOC) and the Community Emergency Response Teams.

Human Resources Department

The Human Resources Department partners with City departments to hire, train, and retain a qualified and diverse professional workforce for the delivery of excellent services to the community. The department maintains all citywide personnel policies, rules, regulations, and work-place safety standards, and administers the compensation and employment benefits to all City staff. Human Resources represents the City during collective bargaining discussions and union grievance hearings.

The department also protects the City's physical and financial assets against loss by maintaining effective insurance programs and minimizing the City's exposure to risk. It fosters the development of future workers by administering the Kids and the Power of Work (KAPOW) Program and the Summer Youth Employment Program (SYEP) with Workforce One, and also partners with local institutions of higher education for continual employee development. As part of the Internal Support Platform, Human Resources supports departments to ensure a qualified and well-trained workforce.

Information Technology Services Department

The Information Technology Services (ITS) Department is a centralized service department that provides technical resources (support, software, hardware, services, direction, and leadership) to the various departments of the City of Fort Lauderdale. The ITS Department delivers customer support, provides computers, telephones, radios, intranet, internet, email, wireless communications, website, business software applications, desktop software applications, and training. The ITS group is responsible for all system implementations, security, and the tactical and strategic planning for technology solutions and services to support City functions and service delivery to our neighbors.

Charter Office and Department Descriptions

Parks and Recreation Department

The Parks and Recreation Department offers a wide range of programs and activities to meet the health, recreation, and leisure needs of neighbors. The department promotes health and fitness, stimulates social interaction, and fosters community engagement to enhance quality of life. Outstanding facilities provide an array of programming for patrons of all ages, including bingo, ballroom dance, soccer, football, and swimming. There are new parks and expanded green space that contribute to the City's aesthetic enhancement and livability. The department is one of 136 agencies in the country with national accreditation from the Commission for Accreditation of Park and Recreation Agencies (CAPRA). This prestigious designation confirms our City's commitment to providing neighbors with quality parks and recreation programming and services, along with efficient and effective operations. The department aided the City in achieving Playful City USA recognition due to efforts in increasing children's play opportunities. The department's divisions include Administration, Cemeteries, Facilities Maintenance, Marine Facilities, Parks, Recreation, and Sanitation Services. Parks and Recreation produces award winning special events that build community, enrich lives, and showcase the City's best attributes. Sponsorship and promotion of new, high visibility events have been pivotal in attracting tourists, residents of surrounding cities, and neighbors to downtown Fort Lauderdale and the beach.

Police Department

The Police Department is comprised of the Operations, Investigations, and Support Services Bureaus. The department employs a collaborative policing philosophy that leverages cross-sector partnerships with our neighbors to reduce crime and improve the quality of life. It champions community engagement via various activities ranging from youth mentoring programs to assigning an officer to each of the City's civic associations. The department also uses data driven performance measurement to guide its proactive crime solving strategies and Vision Zero objectives. The department supports the Public Safety Cylinder of Excellence and is fully accredited by the Commission for Florida Law Enforcement Accreditation.

Charter Office and Department Descriptions

Public Works Department

The Public Works Department is made up of four divisions: Engineering, Sustainability, Utilities, and Administrative/Strategic Support. The divisions are comprised of more than 400 full-time community builders working collaboratively to deliver key services to the neighbors of the City of Fort Lauderdale. Services provided include water and wastewater treatment, maintenance of the City's distribution and collection system, maintenance of the City's stormwater operations, project management, (directly responsible for over 150 projects totaling more than 120 million dollars for fiscal year 2015), operation and management of the City's 24-hour customer service center, fleet management, management of the City's contract for solid waste and recycling, and ensuring environmental and regulatory affairs compliance. While providing all of these critical services, the department strives to operate sustainably, with a key focus on climate resiliency, not just for today, but for future generations as well.

Sustainable Development Department

The Department of Sustainable Development is a multi-disciplinary department consisting of four divisions: Building Services, Code Compliance, Economic and Community Investment, and Urban Design and Planning. Sustainable Development encourages and coordinates orderly growth of the City and promotes well-designed development through sound planning principles that focus on livability, urban revitalization, growth management, and historic preservation. The department provides business liaison functions to the community by focusing on job growth and business attraction, retention, and expansion activities. To improve the overall welfare and appearance of the community, the department conducts code compliance by encouraging voluntary compliance and prompt corrections. The department issues building permits and conducts inspections to ensure safe and quality construction through the Florida Building Code.

Transportation and Mobility Department

The Transportation and Mobility Department was formed in 2011 to strategically elevate transportation planning and policy in order to combine all modes of transportation within the City under one umbrella: Parking Services, Executive Airport, and Transportation, as well as support of the Transportation Management Association's (TMA) Sun Trolley community bus system. The department is focused on transforming the City into a vibrant multimodal community, in alignment with the community's 2035 Vision Plan. The Complete Street policy, Connecting the Blocks program, and Vision Zero are the start of building a safe, citywide network for pedestrians, cyclists, vehicles, trains, and public transit.

City Attorney's Office

Division Description

The City Attorney's Office responds to the City Commission, all city departments, municipal officials, and city advisory boards on legal questions, issues, and requests for information that arise during the course of each business day. In doing so, the City Attorney's Office provides high quality, professional, timely, and cost-effective legal and risk management services. The main focuses of the office are to protect the interests of the city, minimize future legal problems, and ensure compliance with city, State, and Federal laws.

Core Services

- Advises and assists city staff and the City Commission on various legal issues.
- Prosecutes violations of city ordinances.
- Prosecutes forfeiture actions and generate revenues for the Forfeiture Confiscation Trust Fund.
- Represents the city as trial and appellate counsel in litigation matters.
- Advises and responds to questions and issues pertaining to the standards of conduct for public officers and employees.
- Reviews and responds to requests and questions relating to Florida's Sunshine Law and Public Records Law.
- Advises the police department on legal matters relating to enforcement of City, State, and Federal laws.

City Auditor's Office

Division Description

The City Auditor's Office provides an independent, objective, and comprehensive auditing program of city operations. As an appointed office, it is charged with supporting the City Commission by providing an independent review of business practices, procedures, internal controls, and procurement practices that are used, employed, and communicated by city government. This is accomplished through comprehensive, professional audits, reviews, and in-depth evaluations performed in accordance with generally accepted government auditing standards.

Core Services

- Conducts financial, compliance, economic, efficiency, and performance audits of the city government and city officials.
- Performs Legislative Review to provide assurance to the City Commission and assist in the decision making process.
- Advises the City Commission on a variety of financial issues.
- Serves as an additional technical resource to city staff and committees for guidance related to accounting, financial reporting, budgeting, and other fiscal activities.
- Provides written audit reports to both the City Commission and City Manager.

City Clerk's Office

Division Description

The City Clerk's Office serves as custodian of all records of an official character pertaining to the affairs of the city including documentation filed for compliance with state and county ethics laws and ensures public accessibility; supports the City Commission in administrative matters; supervises municipal elections; and directs the City's records management program. Additionally, the City Clerk's Office assists departments and appointed boards with respect to the proper conduct of public meetings.

Core Services

- Manages the compilation and distribution of the City Commission's agendas.
- Assists departments and appointed boards with proper conduct of public meetings.
- Administers records management program.
- Publishes and posts public notices.
- Facilitates City Commission's appointments to boards and committees.
- Oversees registration of lobbyist and public accessibility to required filing of ethics documentation.
- Supports the City Commission in conducting public hearings.
- Oversees municipal elections.
- Maintains official records.

Office of the Mayor and the City Commission

Division Description

The City Commission operates under the Commission-Manager form of government. The Mayor is elected at-large, and the four commissioners are elected by districts. Together, the Mayor and Commissioners set the policies for the effective operation of the City. The administrative responsibility of the City rests with the City Manager, who is appointed by the City Commission.

Core Services

- Establishes city policies and enacts ordinances, rules and regulations.
- Appoints the City Manager, City Attorney, City Auditor, City Clerk, Advisory Board Members, and commission staff.
- Provides leadership and direction for the city's future.
- Assures the present and future fiscal integrity of the city.
- Provides prompt and courteous responses to neighbor concerns.
- Adopts the Annual Budget.

City Manager's Office

Structural Innovation

Division Description

The Structural Innovation Division of the City Manager's Office is responsible for managing and coordinating the City's ISO 9001:2015 certified quality management system, FL²STAT, which focuses on continual exponential improvement and the delivery of quality services. FL²STAT is comprised of a variety of Citywide initiatives crossing all departments, such as the City's Vision and Strategic Plan, the annual budget narrative, process improvement projects, performance management and data analytics, ISO 9001 certification, annual neighbor survey, strategic initiative teams, and the City Commission's Annual Action Plan. The Division focuses on creating a cross-functional culture where departments collaborate to efficiently address key areas for improvement and streamline processes and structure. The Structural Innovation Division is a dedicated resource to all departments in the City to provide training, coordination, guidance, and support.

FY 2018 Major Accomplishments

- Managed the Citywide transition from the ISO 9001:2008 standard to the ISO 9001:2015 standard.
- Initiated and championed the alignment of all City departments' performance metrics and data analytics to better illustrate each department's core processes, with a focus on quality performance.
- Enhanced professional competency of Structural Innovation staff through the successful completion of Innovation Academy Training (Lean Black Belt) and Executive Certificate in Project Management course. This budget modification from FY 2018 allowed for the reduction of consulting costs to the City.
- Created an inventory of all data sources in the City, and identified datasets to be published through the Open Data Committee
- Initiated a pilot program to determine an appropriate open data platform to share data sets both internally and with the public.
- Completed a special Neighbor Survey focused on transportation, homelessness, and public education.
- Partnered with other City Manager's Office divisions and the Human Resources Department to champion organizational culture initiatives, such as the development of a Flexible Working Arrangement policy, updates to the Performance Evaluation process, development of an enhanced orientation for new Community Builders, and the creation of organization-wide values.
- Received the ICMA Certificate of Performance Management Award for our performance management program for the fifth consecutive year with an Excellence rating the past three years.

City Manager's Office

Structural Innovation, continued

FY 2019 Major Projects and Initiatives

- Coordinate an update to *Press Play Fort Lauderdale*, the City's Strategic Plan.
- Participate in the International City/County Management Association (ICMA) benchmarking program to compare performance with other municipalities.
- Participate in the Florida Benchmarking Consortium (FBC) benchmarking program to compare performance with other municipalities and counties across the State of Florida.
- Facilitate selected process improvement projects and activities from all departments using LEAN techniques. The focus of these process improvements is to improve time, money, and organizational attitudes surrounding existing processes.
- Lead departments through the ISO 9001:2015 re-certification audit to maintain the ISO 9001:2015 certification.
- Establish an open data platform to facilitate the publication of datasets. Once implemented, the Open Data program will facilitate communication and collaboration with the public and among City departments, improving the City's ability to deliver quality services to the community.
- Launch an internal academy to train Community Builders on waste reduction and process improvement (LEAN Green and Black Belt).
- Launch a Special Neighbor Survey focused on transportation, homelessness, and public education. First launched in Fiscal Year 2018, the continuation of the Special Neighbor Survey provides departments with additional information to implement programs focused on addressing Neighbors' concerns. Further, the survey will provide an opportunity for departments to benchmark and measure the success of existing programs against the previous year's results.
- Participate in continual professional development opportunities for Structural Innovation staff focused on analytical trainings, professional membership organizations, and conference attendance. These professional staff development opportunities ensure the City of Fort Lauderdale stays on the cutting edge of government transformation and innovation.

Department Core Processes and Performance Metrics

	<p>STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES</p> <p>➤ Continuously improve and innovate communication and service delivery</p>
---	--

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Coordinate the City's Quality Management System (QMS)	Percent of Areas for Improvement (AFI) that have been implemented	0%	48%	71%	50%	75%
	Ratio of Open AFI's to Closed AFI's	27:0	17:6	19:28	19:17	5:7
	Number of external audit findings	2	0	0	0	0
Foster and coordinate a process improvement program (PIP)	Number of Innovations made through the PIP Academy	*	0	12 ¹	9	24
	Number of Community Builders that have completed Lean Green Belt Training	19	36	24 ²	0	48
	Number of Community Builders that have completed Lean Black Belt Training	*	*	17	0	36

* This is a new measure. Data for previous periods is not available.

¹ Target is 20% of those who have participated in a lean or black belt training to complete an innovation. There were also eight remaining innovations anticipated for closure in FY 2018 from FY 2017 that were included in the FY18 target.

² Target is based on quarterly training with 12 Community Builders each, beginning in FY 2018, Quarter 3.

City Manager's Office

Strategic Communications

Division Description

The Strategic Communications Division oversees the City's internal and external communication initiatives. The Division educates and informs neighbors, visitors, businesses and City employees about City programs, services and events. Using targeted communication strategies, Strategic Communications engages the community in the governmental process, facilitates transparency and collaboration, promotes public safety, enhances tourism, supports local industries, stimulates redevelopment, coordinates compliance with regulatory requirements, promotes business attraction and retention, and increases participation in City programs and activities to generate additional revenue, improve services and strengthen quality of life. Strategic Communications builds community through special events and activities that promote a positive image, generate media interest, heighten awareness and visibility, stimulate business activity and tourism, foster economic vitality, and encourage healthy, active lifestyles.

FY 2018 Major Accomplishments

- Produced, promoted, coordinated and supported numerous annual signature citywide events to build community and enhance quality of life including: Neighbor Support Night, Light Up Sistrunk, Downtown Countdown, State of the City, St. Patrick's Parade and Festival, Fort Lauderdale Cares Day, Citizens Recognition Awards, Community Appearance Awards, and others.
- Produced, promoted, coordinated and supported more than 50 citywide events and ribbon-cuttings and groundbreaking to build community and enhance quality of life including: Commission Swearing-In Ceremony, Panthers in the Park, Sweeting Park, Southside School, and others.
- Developed and implemented public outreach campaigns for numerous capital investment, infrastructure, sustainability and quality of life initiatives including: Stormwater Master Plan, Vision Zero, NE 13th Street Complete Streets Project, Sistrunk Boulevard 30" force main, Las Olas Beach Park Project, King Tides, Uptown Village Master Plan, Backflow Prevention, Household Hazardous Waste Drop-off Events, Tree Giveaways, Free Chlorination, Street repaving and Sidewalk Repairs and upgrades to our existing water, stormwater, and sewer systems.
- Developed, promoted and launched new citywide intranet, LauderShare, which replaced the existing internal City intranet, LauderLink, and allows for two-way communication and collaboration through shared files. The new platform helps the organization operate more collaboratively and efficiently, and better educate employees of internal programs, announcements, events, etc.; developed training materials and program and trained more than 500 Community Builder users in how to use LauderShare. Developed workflows to implement new citywide agenda review process, developed training curriculum for agenda coordinators.
- Launched "Go Big, Go Fast!" citywide weekly newsletter to provide regular updates on the progress of citywide infrastructure improvements. The newsletter is distributed to more than 25,000 neighbors each week through email, social media and the City website.

City Manager's Office

Strategic Communications, continued

- Coordinated six citywide Telephone Town Hall Meetings, prepared background and informational materials for each meeting; promoted the meetings through the City website and monthly newsletter, social media, fliers, and other materials to garner participation from more than 15,000 neighbors.
- Produced and/or supported drafting, design, layout and printing of numerous policy documents, recruiting materials, award applications, trade show displays including: the Annual Operating Budget, Comprehensive Annual Financial Report (CAFR), CRA Annual and Financial Reports, Popular Annual Financial Report, Annual Water Quality Report, Job Fair ads and fliers, as well as giveaway items, internal newsletters, presentations and templates.
- Coordinated compliance with regulatory requirements by issuing news releases and announcements including Boil Water Notices, No Recreational Use of Waterway and Lift Notices when laboratory testing shows water meets regulatory requirements.
- Conducted comprehensive education and outreach campaign for several months after Hurricane Irma to provide regular updates regarding debris removal, reopening of parks and restoration of City services; developed annual hurricane preparation manual and conducted educational outreach for neighbors in advance of 2018/2019 hurricane season.

FY 2019 Major Projects and Initiatives

- Develop and implement public outreach campaigns for numerous capital investment and infrastructure initiatives including “Go Big, Go Fast” and the Stormwater Master Plan.
- Produce, coordinate and promote annual signature citywide and community events including Light Up Sistrunk, Great American Beach Party, St. Patrick’s Festival and Winterfest Boat Parade.
- Support Commission Annual Action plan priorities by providing neighbors with general information and promoting and coordinating public meetings and opportunities for public input.
- Produce or develop numerous policy documents, videos, award applications, informational materials, trade show displays, and event giveaways.
- Coordinate implementation of citywide values initiative and adoption of LauderShare to enhance collaboration and awareness of internal programs, events, etc.; continue Community Builder training and promotion.

City Manager's Office

Budget/CIP and Grants

Division Description

The Budget/CIP and Grants Division provides budgetary support services to all City departments in the development and management of the City's annual budget, multi-year Community Investment Plan (CIP), centralized grants coordination and oversight, audit compliance tracking and reporting, and legislative affairs. The Division is responsible for fiscal oversight and control activities associated with the City's operating and capital budgets, including a monthly financial analysis and report of the City's revenues and expenses and position control. In addition, this Division is tasked with administration of participation agreements with community organizations, targeted financial analysis, and special projects.

FY 2018 Major Accomplishments

- Developed the Fiscal Year (FY) 2018 Budget, which was adopted with a 4-1 vote of the Commission. The FY 2018 adopted budget kept a low millage rate of 4.1193 per \$1,000 of taxable value for the eleventh consecutive year.
- Awarded Government Finance Officers Association (GFOA) Distinguished Budget Award for the FY 2018 Budget for the 34th consecutive year.
- Developed a formalized quarterly revenue and expenditure projection report to assist departments to better project their budget trends.
- Worked with the Revenue Estimating Committee that consists of a representative from the Budget Advisory Board, Audit Advisory Board, Finance, and Budget/CIP and Grants Division to review historical trends for General Fund revenue and make recommendations for the FY 2019 budget.
- Collaborated with the Department of Sustainable Development to revise the Vacation Rental Registration Fee Schedule.
- Implemented a new salary savings calculator and improved administrative process that provides a more accurate and consistent calculation for all position-related requests.
- Worked with a consultant to update the General Services Indirect Costs and Information Technology Services Cost Allocation Plans.
- Partnered with the Geographic Information System (GIS) Division of the City's Information Technology Services Department and the Public Works Department to develop and implement a software application that will allow Neighbors to track the progress of current and planned Community Investment Plan (CIP) projects.

City Manager's Office

Budget/CIP and Grants, continued

FY 2019 Major Projects and Initiatives

- Partner with other departments to implement Formulating Innovative Responsive Solutions Together (FIRST), a new Enterprise Resource Planning (ERP) system, in the second year of a multiple year effort to replace the core City financial applications including general ledger, accounts payable, accounts receivable, purchasing, inventory, investments, budgeting, payroll, human resources and benefits management.
- Implement improvements related to financial transparency including identifying and reporting key financial health indicators on the City's Financial Transparency Portal and implementing the "Balancing Act" application.
- Fully implement Quarterly Meeting with the Community Building Leadership Team (CBLT) to review the Budget Modification Quarterly Report, Quarterly Departmental Projections, and Audit Compliance Quarterly Report.

City Manager's Office

Neighbor Support

Division Description

The Neighbor Support Division is a central resource to address Neighbor and City Commission requests for information and services. The Division proactively works to build an approachable government across all segments of the community by actively listening and responding to the community. The Neighbor Support Division is responsible for coordinating City services and responding to Commission and Neighbor-initiated requests while reaching out to business and neighborhood associations. Neighbor Support administers the grants and projects under both the Neighborhood and Business Community Investment Programs (NCIP/BCIP). In addition, the Division oversees the Neighbor Volunteer Office which provides meaningful volunteer opportunities, and the Homeless Strategy Initiative which administers the Chronic Homeless Housing Collaborative (CHHC) grant and Rapid Rehousing Program. The office serves as a central resource providing additional outreach and enhanced services to our Neighbors, while fostering transparency in government.

FY 2018 Major Accomplishments

- Continued the administration of the Chronic Homeless Housing Collaborative Grant which provides housing and supportive services for up to 43 chronically homeless individuals and/or families.
- Continued the administration of the Rapid Rehousing Program with time limited housing assistance serving 99 households for persons who were homeless in the City of Fort Lauderdale.
- Continued development and implementation of the NCIP/BCIP Comprehensive Maintenance Initiative.
- Coordinated four major volunteer service days city-wide:
 - Fort Lauderdale Cares Day – Focus area: Neighborhood empowerment and beautification. The volunteering activities will focus on street cleanups, landscaping, graffiti cleaning, and beach cleanups at several locations throughout the City.
 - Fort Lauderdale United Day – Focus area: Civic Engagement Activities which will include removing litter, promote recycling, and support healthy communities.
 - Fort Lauderdale Ready Day – Focus area: Hurricane preparedness. Volunteers will partake in ensuring the City's neighborhoods are ready for hurricane season.
 - Fort Lauderdale Make a Difference Day – Focus area: Neighborhood empowerment and beautification. Activities will focus on street, waterway, and beach cleanup.
- Implemented the Broward Reads Initiative. The Broward Reads Initiative is a countywide collaborative approach to ensure that Fort Lauderdale children can read at grade level by third grade. This effort also involved collaboration with local business and churches to host reading parties and fundraisers.
- Coordinated the annual Neighbor Support Night event which provides an opportunity for Fort Lauderdale's neighbors to join together with their City to strengthen community ties, elevate public spirit, and build civic awareness in a fun, casual, exciting block party type of atmosphere.

City Manager's Office

Neighbor Support, continued

- Implemented the Neighborhood Leadership Academy in which 10 classes were held with 38 attendees completing the program, becoming neighborhood leaders. Many of these graduates have gone on to further impact their community in positive ways including joining Citizen Advisory Boards.
- Implemented additional neighbor outreach and support programs, including the Neighborhood Block Parties, Adopt-A-Neighbor Program and Adopt-A-Street Program.

FY 2019 Major Projects and Initiatives

- Participate in the launch of the Community Court project through partnerships with 17th Circuit Courts, Broward County Board of Commissioners, Continuum of Care, and the City of Fort Lauderdale Police Department. This new court innovation approach will hold people responsible for their offenses while also offering to help promote behavioral change. The Community Court will directly address the City's strategic initiative of reducing non-violent crimes, supporting public safety, and reducing homelessness in its pilot phase of the program.
- Identify new local programs in the absence of State and Federal funded programs to address homeless housing, as major cuts to State and Federal funding for the existing homeless housing programs are expected beginning late 2018 and will be a continuing trend for the future of these programs for the foreseeable future.
- Study concept and develop parameters for "Adopt a Drain" program, working in conjunction with the Public Works Department, Sustainability Division.
- Continue development and implementation of the NCIP/BCIP Comprehensive Maintenance Initiative.
- Coordinate the annual Neighbor Support Night 2019, providing an opportunity for Fort Lauderdale's neighbors to join together with their City to strengthen community ties, elevate public spirit, and build civic awareness in a fun, casual, exciting block party type of atmosphere.
- Enhancement of the Neighbor Volunteer program by recruiting specialized talent from within the community.
- Continue programs in an effort to enhance Neighbor outreach and engagement, including the Neighborhood Leadership Academy, Neighborhood Block Parties, Adopt a Street Program and Adopt a Neighbor Program.

City Manager's Office

Neighbor Support

Department Core Processes and Performance Metrics, continued

¹The positive decline in requests can be attributed to the success of LauderServ, the 24 Hour Neighbor Support Hotline, and our Community Builders providing excellent service to our neighbors. These numbers are anticipated to be lower in the future years as a result of streamlining the neighbor inquiries process and by having increased Neighbor Support visibility at neighborhood association meetings and community events.

²Did not award any grants in FY 2017 and FY 2018 due to reallocation of the funding toward the comprehensive maintenance initiative. A decision regarding FY 2019 funding has not been made yet.

³Major cuts to State and Federal funding for the existing homeless housing programs are expected beginning late FY 2018 and will be a continuing trend for the future of these programs for the foreseeable future.

⁴Data for this measure will not be available until November 2018.

*Historical information may not be available for 2016 as this is a new measure.

City Manager's Office

Housing and Community Development

Division Description

The Housing and Community Development (HCD) Division of the City Manager's Office administers, manages, and implements federal and state grant funded programs, such as the federal Department of Housing and Urban Development (HUD) program and the state funded Florida Housing Finance Corporation (FHFC) program. These programs include Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), Housing Opportunities for Persons with HIV/AIDS (HOPWA), Neighborhood Stabilization Program (NSP1 and NSP3), and the State Housing Initiatives Partnership (SHIP). These programs enhance the quality of life for low- and moderate-income households within the City of Fort Lauderdale by preserving and creating affordable housing.

FY 2018 Major Accomplishments

- Using HOME program funding, a new 2-bedroom, 2-bathroom single-family home with a garage was constructed for approximate cost of \$174,093.
- Repaired 18 homes with State Housing Initiatives Partnership (SHIP) Program funding, providing assistance to very low, low, and moderate-income homeowners by providing home repairs to make homes decent, safe, and sanitary.
- HOPWA staff participated in and presented at "Housing's Role in Ending the HIV Epidemic", at the HOPWA Institute in Tampa, Florida. The HOPWA Institute invited the City to present, being one of the few municipalities that use an integrated database that tracks both housing and health care data. An analysis of this data provided support for the positive impact of stable housing on HIV health outcomes and housing's role in ending the HIV epidemic. The integrated database provides the City with the capacity to track the impact that stable housing has on HIV health outcomes over an extended period. For this reason, the City is poised to become a national leader in providing data that positively supports the role that stable housing plays in stemming the HIV epidemic.
- Florida Housing Finance Corporation (FHFC) provided \$22,357 in funding to the City of Fort Lauderdale to be used for counseling services related to homeownership. The Affordable Housing Advisory Committee (AHAC) selected New Visions as a provider for post-purchase counseling, housing consumer education, and anti-predatory lending.
- The Affordable Housing Trust Fund Administrative Procedures were completed and approved by City Commission to establish administrative procedures including details for fund administration, eligible applicants, eligible uses and activities, eligible projects, award preferences and selection criteria, and award process.
- The Affordable Housing Advisory Committee (AHAC) completed and submitted the Affordable Housing Incentive Report to Florida Housing Finance Corporation. This report includes AHAC's recommendations to encourage or facilitate affordable housing.
- The Affordable Housing Trust Fund Ordinance was revised to include 15% of the net proceeds from the sale of non-residential properties as a fund source for the Affordable Housing Trust Fund.

City Manager's Office

Housing and Community Development, continued

FY 2019 Major Projects and Initiatives

- Collaborate with the National AIDS Housing Coalition (NAHC) to incorporate the City's HOPWA HIV care continuum research shared at the 8/2017 National HOPWA institute, along with the Centers of Disease Control (CDC) 2014 HIV care continuum data to advocate for additional HOPWA funds with Congress and create a one-page informational document about the importance of stable housing and viral suppression.
- Develop the new Housing and Community Development five-year consolidated plan.
- Rehabilitate eight homes using State Housing Initiatives Partnership (SHIP) Program funds.
- Assist five first time homebuyers with HOME funding.
- Complete at least one Community Housing Development Organization (CHDO) housing rehabilitation project.
- Develop a 2019-2022 SHIP Local Housing Assistance Plan (LHAP).

City Manager's Office

Housing and Community Development

Department Core Processes and Performance Metrics

	<p>STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES</p> <p>➤ Ensure a range of housing options for current and future neighbors</p>
---	---

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Provide direct assistance, case management, and support services for eligible persons within the Housing Opportunities for Persons With AIDS (HOPWA) Program	Number of households receiving HOPWA subsidy assistance (financial short term assistance)	201	192 ¹	220	149	215
	Number of households receiving HOPWA service that did not include a financial subsidy (non - financial assistance)	1,149	1,318 ²	1,100	1,364	1,100
	Number of households receiving HOPWA service that include a financial subsidy (long term financial assistance)	508	451	429	419	450
	Number of HOPWA households who obtained self-sufficiency in the reported Fiscal Year ³	28	21	20	23	15

¹ Data correction

² The methodology for this metric has been revised to include Legal Services.

³ This metric is directly affected by the number of available Housing and Urban Development (HUD) Home Choice Vouchers. The availability has decreased.

Housing and Community Development

Department Core Processes and Performance Metrics, continued

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Administer and monitor Community Development Block Grant (CDBG) Program	CDBG funding spent	\$1,934,173	\$2,302,153	\$1,500,000	\$1,500,000 ⁴	\$1,500,000
Administer federal and State Housing Programs to preserve and create Affordable Housing by providing home repairs, purchase assistance, and funding for Community Housing Development Agencies	Number of HUD eligible first time homebuyers who purchased a home using program incentives	15	8	8	4	5
	Private investment from lending institutions leveraged through Homebuyers and Developer assisted programs ⁵	\$1,898,020	\$846,498	\$750,000	\$649,050	\$575,000
	Total number of rehabilitated units completed ⁶	8	8	8	18 ⁷	8

⁴ This number is an estimate. Final amount will be available in mid-November after final draws and closeout is completed.

⁵ This metric is directly affected by the metric "Number of Housing and Urban Development (HUD) eligible first-time homebuyers who purchased a home using program incentives".

⁶ This metric is directly affected by availability of State Housing Indicatives Partnership (SHIP) Program funds.

⁷ This number increased in FY 2018 as several rehabilitation units that were started last year finished this year. The division also hired an additional Construction Review Specialist to decrease processing time.

City Manager's Office

Professional Standards

Division Description

The Professional Standards Division (Office of Professional Standards, OPS) serves as a resource for City Community Builders seeking assistance in effectively handling employment matters. OPS enforces workplace standards to ensure that all Community Builders are treated fairly and in accordance with equal employment opportunity laws. OPS receives, reviews, and resolves inquiries and complaints by Community Builders and neighbors involving issues of discrimination, harassment, retaliation, whistleblowing, and allegations of ethics violations.

Additionally, OPS serves as a resource for City supervisors seeking assistance in effectively handling employment matters, including conflict resolution, with the goal of resolving problems as early as possible.

FY 2018 Major Accomplishments

- Collaborated with supervisors and employees to resolve potential complaints. OPS addressed complaints of harassment and discrimination in the context of applicable laws, regulations, and standards with a focus on conflict resolution. This approach resulted in a decreased number of 3 claims opened this year.
- Assisted employees who maintain secondary employment outside the City during the current fiscal year by advising them of ethical considerations and compliance with the City policy implemented in 2017. Provided guidance and clarification on the City Employee Code of Ethics.
- OPS strengthened its efforts to explore options for reasonable accommodations under the Americans with Disabilities Act. Such options include ergonomic modifications and prioritization or restructuring of duties for employees while preserving their essential functions.

FY 2019 Major Projects and Initiatives

- Gather demographic information on the City's workforce to compile the EEO (Equal Employment Opportunity) Plan and submit it to the U.S. Department of Justice; analyze how the City's workforce compares to the metropolitan statistical area.
- Prepare the City's EEO-4 report for submission to the U.S. Equal Employment Opportunity Commission. This report indicates the composition of the city's workforce by sex and race/ethnic category.
- Continue the receipt and resolution of employee complaints of discrimination and harassment; Ensure compliance with all applicable laws.

²Measure reflects cases found in favor, either from current period, or opened in a prior period as cases extend across FY periods at times.

City Manager's Office

Nighttime Economy

Division Description

The Nighttime Economy Division of the City Manager's Office provides quality services to Neighbors and businesses as the nighttime economy within the City continues to grow. The Division works to promote social order, safety, and enhanced service provisions for all those who work, play and live after 5 pm and on weekends. The Division is comprised of a cross-sectional team including members from Parks and Recreation, Sustainable Development, Police, and Fire-Rescue.

FY 2018 Major Accomplishments

- Establishment of the Nighttime Economy (NITE) as a Division of the City Manager's Office.
- Successful hiring of the Nighttime Economy team including leadership and administrative support. The team also includes members from Fire-Rescue, Police, and Parks and Recreation.
- Developed procedure to utilize the City's Customer Service line as a NITE hotline for neighbors and businesses to call with non-emergency concerns at night.
- Assumed responsibility for special event and film permitting from other City departments.
- Developed a Nighttime Economy website.
- In recognition of an evolving nightlife and need for less regulation where appropriate, amended alcohol ordinance to eliminate extended hours permits, thereby allowing all establishments with a liquor license to sell alcohol until 2 am on weekdays and 3 am on weekends (4 am in entertainment districts).
- In effort to mitigate traffic concerns while accommodating modern construction needs, amended the noise ordinance to allow for extended hours of certain construction activity such as concrete pours.

FY 2019 Major Projects and Initiatives

- With a working group of community leaders, develop an improved special event ordinance and policy that better addresses the City's increased special event activity and the market.
- Develop a Special Events Manual which provides the necessary direction and information for conducting a successful outdoor event.
- Streamline the process for hoteliers on A1A to have events on the beach for their conference guests.
- Identify, evaluate and possibly propose revisions to ordinances that affect Fort Lauderdale's nightlife for effectiveness and relevancy.
- Conduct best practices public safety training for hospitality venue operators and their employees.

* Data during this FY is not available.

¹The methodology for calculating this data changed in FY 2017 to be collected based on 3 options; there are too many, the number is about right, and there are too few. The data in the table above represents respondents who believe "The number is about right." Prior to FY 2017, data was collected based on a 5 point Likert Scale: Very Satisfied, Satisfied, Neutral, Dissatisfied, and Very Dissatisfied. Neighbor Satisfaction was calculated by the sum of both Very Satisfied and Satisfied responses.

CITY OF FORT LAUDERDALE

COMMUNITY REDEVELOPMENT AGENCY

Community Redevelopment Agency

Northwest-Progresso-Flagler Heights (NPF) Community Redevelopment Area

Division Description

The Fort Lauderdale Community Redevelopment Agency Board of Directors adopted the Northwest-Progresso-Flagler Heights (NPF) Community Redevelopment Plan on November 7, 1995. The NPF Community Redevelopment Area (CRA) is located between Sunrise Boulevard on the north, Broward Boulevard on the south, the City corporate limits on the west, and Federal Highway on the east. A portion lying south of NE 4th Street and east of Andrews Avenue between Broward Boulevard and Federal Highway is not included in the NPF CRA.

During FY 2016, the CRA was reorganized to separate the operations from the Department of Sustainable Development. As part of this move, all CRA positions were moved to the General Fund and the CRA operating budget pays the General Fund for staff through an interlocal agreement.

FY 2018 Major Accomplishments

- Completion of construction of the Fairfield at Flagler Village.
- Completion of River Gardens-Sweeting Park Improvements.
- Completion of the Triangle Services SE Regional Headquarters project.
- Completion of Carter Park Renovations funded in part by the CRA in the amount of \$250,000.
- Completion of Flagler Village Improvements (street signage).
- Completion of ID Flagler Village townhouse project at 103 E Sistrunk Boulevard.
- Completion of Rechter Holdings improvements at 914 NE 4th Ave for restaurant/bar/brewery use.
- Commencement of Flagler Village Hotel, a 196-room tier 1 dual branded hotel funded in part by the CRA in the amount of \$329,933.
- Completion of Invasive Species improvements at 726 NE 2nd Avenue for brewery/tap room use.
- Completion of Italian Artisans showroom/design center improvements at 1200 W Sunrise Boulevard.
- Development review and rezoning for Six13 mixed use multifamily improvements, funded in part by the CRA in the amount of \$7,000,000.
- Commencement of Provident Community Shoppes improvements on NW 9th Avenue, funded in part by the CRA in the amount of \$350,000.
- Commencement of The Pharmacy project improvements on Sistrunk Boulevard, funded in part by the CRA in the amount of \$748,500.

Community Redevelopment Agency

FY 2019 Major Projects and Initiatives

- Commencement of Six13 mixed use multifamily project on Sistrunk Boulevard, funded in part by the CRA in the amount of \$7,000,000.
- Commencement of the Mizell/YMCA Project on Sistrunk Boulevard, funded in part by the CRA in the amount of \$10,000,000.
- Commencement of Brody family investment warehouse project funded in part by the CRA in the amount to \$313,000.
- Completion of Provident Community Shoppes improvements on NW 9th Avenue funded in part by the CRA in the amount of \$350,000.
- Completion of The Pharmacy Project improvements on Sistrunk Boulevard, funded in part by the CRA in the amount of \$748,500.
- Commencement of the Start Up Club workspace project at 701 N Andrews Avenue, funded in part by the CRA in the amount of \$350,000.
- Completion of Sistrunk off street parking lot at NW 12th Avenue and Sistrunk Boulevard.
- Completion of MAS Café at 315 E Sistrunk Boulevard, funded in part by the CRA in the amount of \$225,000.
- Completion of Sistrunk crosswalk project.
- Completion of the CRA Mobility Master Plan.
- Completion of Dale Properties retail center renovation at 300 W Sunrise Boulevard, funded in part by the CRA in the amount of \$225,000.
- Completion of Bootwattie Persaud improvements at 1545 Sistrunk Boulevard funded in part by the CRA in the amount of \$50,000.
- Completion of building Improvements for Smitty's Wing Restaurant at 1134 Sistrunk Boulevard, funded in part by the CRA in the amount of \$350,000.
- Completion of the Sistrunk Market Project at 115 Sistrunk Boulevard, funded in part by the CRA in the amount of \$1,400,000.
- Completion of improvements at 924 NW 1st Street for the corporate office of BTS Towers Inc. /McClinton Holdings, funded in part by the CRA in the amount of \$100,000.
- Completion of Circle House Coffee improvements at 727 NE 3rd Avenue funded in part by the CRA in the amount of \$187,771.

Community Redevelopment Agency

Northwest-Progresso-Flagler Heights (NPF) Community Redevelopment Area, continued

- Completion of renovation for the warehouse for active retail and lifestyle use at 835 NE 2nd Avenue, funded in part by the CRA in the amount of \$50,000.
- Completion of renovation for the warehouse for active retail and lifestyle use at 837 NE 2nd Avenue, funded in part by the CRA in the amount of \$50,000.
- Commencement of new home construction on CRA property in the Sweeting Estates River Gardens neighborhood.
- Issue Request for Proposal (RFP) for CRA properties.

Community Redevelopment Agency

Central Beach Community Redevelopment Area (CRA)

Division Description

The Fort Lauderdale Community Redevelopment Agency Board of Directors adopted a comprehensive Community Redevelopment Plan for the Central Beach Community Redevelopment Area (CRA) on November 21, 1989. The area is generally located east to west between the Atlantic Ocean and the Intracoastal Waterway, and north to south between Alhambra Boulevard and the southern property line of the Bahia Mar Beach Resort.

FY 2018 Major Accomplishments

- Began construction of the Las Olas Boulevard Corridor Improvement Project. The construction duration is estimated to be 24 months and the project will be constructed in phases. Phase I is the parking garage and is expected to take 12 months. Phase II includes the parks and marina promenade and is expected to take 12 months.
- Completed the Fort Lauderdale Aquatic Center Design criteria package to include in an RFP to solicit for a design/build team.
- The CRA Board of Commissioners and City Commission approved a design/build contract with Hensel Phillips Construction Company for the guaranteed maximum price of \$27,000,000.

FY 2019 Major Projects and Initiatives

- Complete Las Olas Corridor Improvement Phase I construction and start Phase II Construction.
- Complete the Aquatic Center renovation design.
- Complete the A1A Streetscape Improvement Design and develop the bid documents to procure a contractor.
- Complete DC Alexander Park Renovation Design and develop bid documents to procure a contractor.

Community Redevelopment Agency

Central City Community Redevelopment Area (CRA)

Division Description

Established in April 2012, the Central City Community Redevelopment Area (CRA) 344-acre district is generally bounded by 13th and 16th Streets on the north, Sunrise Boulevard on the south, Powerline Road and 1-95 on the west and the Florida East Coast (FEC) Railroad right of way on the east. The Central City CRA only receives Tax Increment Funds (TIF) from the City of Fort Lauderdale.

FY 2018 Major Accomplishments

- Formally kicked off a rezoning study with a consultant and obtained Community input from workshops.
- Modified and restated the Central City Redevelopment plan to include non-residential incentive programs.
- Launched non-residential incentive programs identifying three focus areas: NE 4th Avenue, NE 13 Street and Sunrise Boulevard.
- Commencement of Sandbox 101, LLC interior and exterior renovations, currently funded in part by the CRA in the amount of \$170,000.

FY 2019 Major Projects and Initiatives

- The rezoning study is anticipated to take 18 months to complete. Work on the study will continue through FY 2018 and will be completed in FY 2019.

Finance Department

Administration

Division Description

The Administration Division safeguards the City's assets, executes its financial affairs, and provides for the long-term financial stability, integrity, and accountability of resources. This is achieved by sharing information as well as promoting and adopting sound fiscal and operational practices. In addition, the Division oversees the City's investment portfolio, which is currently estimated at \$500 million.

FY 2018 Major Accomplishments

- Issued Water and Sewer Revenue Bonds, Series 2018 in the amount of \$200 million to finance a portion of the costs of improving and upgrading the City's Water and Sewer System.
- Successfully recruited the Procurement Manager and Treasurer positions.
- Executed a \$13 million bank loan for the construction of a new parking garage on Las Olas Boulevard.

FY 2019 Major Projects and Initiatives

- Continue multi-year implementation of FIRST (Formulating Innovative Responsive Solutions Together), the Citywide Enterprise Resource Planning (ERP) system, to improve the City's financial oversight and reporting capabilities. Implementation of this new system will also increase financial transparency citywide.
- Succession Planning – The Finance Department is comprised of 73 full-time employees. 23 of the employees (32%) are eligible for retirement in the next three years.
- Establish a pool of underwriters for future financing.

Finance Department

Accounting and Financial Reporting

Division Description

The Accounting and Financial Reporting Division ensures that financial transactions are properly recorded in accordance with Generally Accepted Accounting Principles (GAAP) and the Governmental Accounting Standards Board (GASB). The Division is responsible for providing departments and the public with timely financial information to ensure accuracy, accountability, and transparency. The Division processes payroll in-house bi-weekly for employees, monthly retirement payments for retirees, and weekly vendor payments. The Division is responsible for monitoring capital and non-capital project expenditures along with maintaining fixed assets records. The Division also reconciles bank and trust accounts. Financial data is generated for a number of audiences using a variety of reporting mechanisms; the City Manager's Office monthly financial reports, quarterly payroll tax reports for the federal government, the State of Florida Annual Financial Report, the Annual Single Audit Report, the Popular Annual Financial Report (PAFR), and the Comprehensive Annual Financial Report (CAFR) are developed by this division.

FY 2018 Major Accomplishments

- Initiated implementation of Phase I of FIRST, which includes the general ledger, accounts payable, payroll, and reconciliation modules.
- Implemented mandated GASB Statements:
 - o GASB Statement No. 74 - Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans.
 - o GASB Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.
 - o GASB Statement No. 77 - Tax Abatement Disclosures
 - o GASB Statement No. 80 – Blending Requirements for Certain Component Units
 - o GASB Statement No. 82 – Pension Issues

Finance Department

Accounting and Financial Reporting, continued

FY 2019 Major Projects and Initiatives

- Implement mandated GASB Statements:
 - o GASB Statement No. 83 - Certain Asset Retirement Obligations
 - o GASB Statement No. 85 - Omnibus 2017
 - o GASB Statement No. 86 - Certain Debt Extinguishment Issues
 - o GASB Statement No. 88 - Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements
- Continue implementation of Phase I of FIRST, which includes general ledger, accounts payable, payroll and reconciliation modules.
- Initiate Phase II of FIRST, which includes interfaces with other software systems.

Finance Department

Utility Billing and Collection

Division Description

The Utility Billing and Collection Division is responsible for the accurate and timely billing and collection of utility bills, special assessments, and miscellaneous account receivables on a monthly basis, as well as the annual billing and collection of the business tax renewable forms. Additional responsibilities include lien searches and applying liens to delinquent utility accounts. The Division also provides the accurate posting of the City's cash collection and the timely upload to the City's Financial Accounting Management Information System (FAMIS). Utility Billing and Collection strives to deliver excellent customer support to neighbors paying for utility services and business taxes.

FY 2018 Major Accomplishments

- Completed the First Call Resolution initiative by efficiently resolving neighbor's issues on the initial call to the Call Center.
- Implemented web chat in the second quarter of the year.
- Upgraded Interactive Voice Response (IVR) system.

FY 2019 Major Projects and Initiatives

- Provide electronic billing for Business Tax renewals with the option to print the tax certificate on-line, after the full payment is made.
- Revise and update the City Code of Ordinances as it relates to the billing and collection of fire services to add enforcement and better collection efforts, which will minimize delinquency.
- Implement centralized cashiering platform as a part of FIRST.
- Implement kiosks in the City Hall drive-thru and lobby to help streamline the payment process.
- Implement an electronic payment solution, which offers more customer friendly technology for paying utility bills, such as pay by text.
- Revise and update the City Code of Ordinances as it relates to the billing hydrant meters to add enforcement and better collection efforts, which will minimize delinquency.

Finance Department

Treasury

Division Description

The Treasury Division manages the City's estimated \$500 million investment portfolio, which includes over \$100 million in cash equity. The Division also oversees the debt management and revenue tracking functions. The Division facilitates the City's debt issuances and assists in obtaining credit ratings. It works with external advisors, investment managers, bond counsel, and financial advisors to ensure compliance with securities regulations. The Division is also responsible for recording and reporting revenue properly, accurately, and timely in the City's accounting system. Reporting mechanisms include the Quarterly Investment Report to the City Commission and annual Bondholder's Report.

FY 2018 Major Accomplishments

- Implemented the City's Operating Cash Investment Plan designed to safely generate additional revenue for the City by scheduling investment maturities with expected City cash needs.
- Implemented new Lockbox provider's contract for payments.
- Implemented new Investment Advisors/Managers contract saving 37.5% on investment-related fees.
- Reviewed and updated the City's Investment Policy.
- Initiated Phase I of FIRST implementation, including accounts receivable, cash receipting, and grant management modules.
- Completed implementation of a new credit card processing system.

FY 2019 Major Projects and Initiatives

- Continue implementation of FIRST.
- Implement a real-time financial market data platform to assist with in-house investment of the Open Post-Employment Benefits (OPEB) Trust Fund.
- Establish a list of qualified financial institutions to serve as Authorized Investment Dealers for the purchase of securities in the City's portfolio.
- Review and update the investment policy for the City's OPEB Trust Fund.

Finance Department

Procurement Services

Division Description

The Procurement Services Division assists all City departments with the purchase of goods and services. Per Section 2 of the City's Code of Ordinances, it is necessary that commodities and contractual services of suitable standards and in sufficient quantities be available as needed and that such items be purchased at the best prices available, consistent with City standards of service and quality.

FY 2018 Major Accomplishments

- Expanded supplier performance evaluations Citywide. This process has improved ongoing vendor relationships and decreased potential protests by establishing better communication.
- Implemented the Procurement Ordinance and revised Procurement Manual for procurement modernization.
- Initiated Phase I of FIRST, including procurement, contracts management and asset management modules.

FY 2019 Major Projects and Initiatives

- Continue implementation of the FIRST procurement module.
- Conduct supplier outreach to increase procurement opportunities among local vendors in the City.
- Update/create solicitation and contract templates that are structured to better meet the specific needs of each department.
- Develop a training program for end-users focusing on the Procurement Ordinance and Procurement Manual.
- Initiate a study to determine if a significant statistical disparity exists between the percentages of available, qualified minority- and woman-owned (M/WBE) firms and the dollars awarded to such firms in City procurement and contracting over the past 5 years.

Finance Department

Fire-Rescue Department

Administration

Division Description

The Administration Division provides leadership for Fire Rescue, creating policies and standard operating procedures, establishing protocols, and works closely with City departments and stakeholders to provide the highest possible level of services to the residents and visitors of the City. This Division manages the efforts and delivery of services for the Ocean Rescue, Domestic Preparedness and Emergency Management, Financial Management, Emergency Medical Services (EMS) Administration, Fire Training and Special Operations, Fire Prevention, and Fire Logistics Bureaus. The Division also provides oversight to City special events and to the enhancement of the regional 911 communications efforts.

FY 2018 Major Accomplishments

- Completed Phase II of the LMS (Learning Management System) project. The purchase of this software data transfer tool provides data connectivity of the records within FireRMS to the records in the LMS for reporting purposes.
- Enhanced the Emergency Operations Center (EOC) capabilities through the addition of equipment and facility renovations.
- Replaced the entire vehicle exhaust removal system at Fire Station 2, a core competency for CFAI Accreditation and re-accreditation.
- Developed a well-defined Wellness Program, a core competency for CFAI Accreditation and re-accreditation.
- Funded the second year of life scan physicals for all employees, a core competency for CFAI Accreditation and re-accreditation.
- Acquired Commission on Accreditation of Ambulance Service (CAAS) Accreditation.
- Acquired Emergency Management Accreditation Process (EMAP).
- Maintained Commission on Fire Accreditation International (CFAI) accredited agency status.
- Maintained Insurance Services Office (ISO) Class 1 Department rating status.
- Trained the City's police department and Wilton Manors Police in life-saving administrations of Narcan after receiving an \$86,000 grant. Training focused on recognizing a suspected Opioid patient and on the proper use of the drug to counteract overdoses from Opioids.
- Placed one new Nissan Frontier truck into service in support of the Fire Inspector to address the needs and challenges that are fire-related with a proactive approach to his role as part of the Nighttime Economy team.

Fire-Rescue Department

Administration, continued

- Placed one (1) 43-foot FireStorm (Metalcraft) Fire Boat into service and increased the department's capabilities with enhanced emergency services on local waterways. Twenty-four (24) firefighter/paramedics were trained to operate the FireStorm (Metalcraft) Fire Boat. Additionally, the efficiency of the Fire Boat was increased by replacing dive gear and outfitting the boat. The equipment onboard the boat will reduce the time to transfer equipment to the boat prior to an emergency response, with the goal being to reduce response times.
- Placed the new atmospheric monitor into service to ensure our HazMat team has the tools necessary to monitor environments for harmful substances.
- Created an "operational dashboard" and a "unit dashboard" to view dispatch information for Fire Rescue in conjunction with the City's GIS Division accessible through a web connection within the City network. Dashboards provide direct access to CAD information and unit statuses, making it possible to maintain situational awareness and reduce information delays.
- Enhanced command board capabilities and accountability with a new Tablet Command contract by issuing iPads to all operational chief officers.
- Funded a uniform allowance for CERT and Fire Explorer Programs, Advertising, Brochures, and Education.
- Purchased two Kawasaki Mules for use during special events.
- Obtained approval for the location of Fire Station 8 and started construction on Fire Station 54.
- Completed the 5-year installation and replacement project for fire inspector laptops, docking stations, and related accessories.

FY 2019 Major Projects and Initiatives

- Hire Commission on Fire Accreditation International (CFAI) for the facilitation of discussions and to assist Fire Rescue staff with the creation of a 5-year community-driven Strategic Plan for 2019-2023.
- Fire Station Security: Upgrade the current perimeter fencing with a spear-tip fence line to deter theft/vandalism on the premises.
- Purchase four additional LifePack-15 cardiac monitors and two additional Lucas chest compression devices to equip an increased number of emergency response vehicles in the Fire Rescue fleet.
- Investigate software upgrades to the TeleStaff scheduling system, pending current funding sources.
- Purchase new Bunker Gear with current funding to reduce carcinogen exposure-related cancer in Fire Rescue staff.
- Train and deploy Fire Rescue Inspectors to access and utilize the Accela land management software being implemented in Sustainable Development. Licensing will allow staff to utilize the software for Fire Inspections. It allows plan review for permitting, displays results of permitted projects in the city, and will operationalize the purchase of 17 iPads for mobile use with the application.
- Enhance Emergency Medical Services (EMS) Billing and Quality Assurance and provide additional analysis and innovation opportunities to increase service levels and potentially decrease call volumes.

Fire-Rescue Department

Administration, continued

- Apply for Public Emergency Medical Transport (PEMT) Phase II cost reimbursement, pending Federal and State Legislative approvals, with an approximate \$5,000,000 annual additional revenue impact.
- Continue construction of the remaining Fire Stations funded by the 2004 Fire Bond.
- Modify Fire Station Alerting to comply with Broward County requirements.
- Create an enhanced water-safety training and drown-proofing presentation at elementary schools and for career day presentations at the high schools and to pay for equipment, travel and uniforms for all local, regional and national lifeguard and basic life support tournaments.
- Continue focusing on CERT and Fire Explorer Programs to continue and enhance community outreach and establish Advertising, Brochure, and Education initiatives.
- Re-evaluate sleeping quarters during EOC activations: The City currently does not have sufficient sleeping quarters for personnel working at the EOC. Emergency Management will consider all options and develop a better plan going forward to address this issue.
- Address response time deficiencies in the downtown district corridor by researching alternative sites for an Emergency Medical Service (EMS) sub-station to increase levels of service east of the railroad tracks in the downtown area, which currently has no fire stations.
- Replace 3 Engines, 1 Ladder Truck and 2 Rescue Units to improve response times and reliability during incidents.
- Increase the fleet with the addition of 3 administrative vehicles to prevent downtime during preventative maintenance, a precursor to increasing productivity for revenue generated by these vehicles. The addition will reduce risk to the City and enhance service delivery with this reduction of downtime while contributing to the General Fund balance.
- Received grant and implemented “Stop the Bleed” and “Hands only CPR” in local schools.

Fire-Rescue Department

Operations

Division Description

The Operations Division is responsible for responding and providing services to over 52,500 calls annually for emergencies. Calls for service include but are not limited to: fire suppression; ocean rescue; emergency medical responses; and transportation accident responses involving automobiles, trains, aircraft, and marine emergencies. Emergency Medical Service (EMS) response includes medical treatment and transport, hazardous condition mitigation, and various classified emergencies to the neighbors in the City of Fort Lauderdale, the City of Wilton Manors, and to the Town of Lazy Lake, through inter-local service agreements.

In addition to fire suppression and emergency medical services, the Operations Division provides special operations response to the community: Technical Rescue Team (TRT); Hazardous Materials emergency response (HazMat); Marine, underwater search and rescue as well as aquatic emergencies; Tactical EMS (medical response) for the police department's Special Weapons and Tactics (SWAT) incidents; K-9 search and rescue; and Aircraft Rescue Fire Fighting (ARFF) service to the Fort Lauderdale Executive Airport. Fire Rescue Operations assists with fire prevention activities supporting the Prevention Bureau personnel with annual fixed fire system testing and fire flow inspections for structures in the City. In a proactive capacity, operations personnel are charged with the delivery of public education, community outreach, and injury prevention lectures and demonstrations in schools, businesses, hospitals, special events, and homeowner groups. Operations firefighters are responsible for the daily maintenance, serviceability, and condition of all fire rescue facilities, apparatus fleet, and ancillary equipment.

FY 2018 Major Accomplishments

- Continued to operate the 12-hour Advanced Life Support Peak Demand Rescue Unit.
- Acquired one new Advanced Life Support fire engine and phased out the older unit to increase in-service time for the apparatus.
- Increased the quality of care and reduced response times through the addition of staffing to Rescue trucks, thus keeping the Engine in service on most medical calls in zone 2 and 8.
- Purchased and replaced HazMat ID equipment used in Hazmat incidents.
- Replaced the Bunker Gear extractor machines used to clean and maintain firefighter gear.
- Purchased new long sleeve shirts and body wipes to provide additional protection from the soot and toxic residues involved in a post-fire atmosphere.
- Purchased half-face breathing respirators to be used with CO and Hydrogen Cyanide detectors for use during Fire Investigations for long periods of the investigation when deemed safe.

Fire-Rescue Department

Operations, continued

- Placed two new multi-gas monitors into service for SQ47 and HM88 to update the gas monitors on both vehicles to current technology.
- Installed new Hazmat monitors (multiRAE and AreaRAEs) on Fire Boat 49.
- Placed new carbon monoxide (CO) monitors on each LifePak 15 rescue and suppression units.

FY 2019 Major Projects and Initiatives

- Finalize the replacement of aging lifeguard towers to increase visibility with the goal of reducing response times during peak hours on Fort Lauderdale's beaches.
- Acquire two additional Kawasaki Mules for monitoring the safety of attendees at special events in areas that are not easily navigable with larger vehicles.
- Upgrade and replace critical use equipment to assure maximum coverage and safety for staff and Neighbors. Fire Rescue will add 16 additional Power Lift stretchers, 19 new sets of self-contained breathing apparatus (SCBA) for support during fire incidents and for protection from contaminants and will replace the current Thermal Imaging Cameras to more effectively detect heat signatures, locate victims on crash scenes, and find drowning victims at night.
- Acquire 3 military surplus Humvees to prepare for and integrate into high-water emergency responses, hurricane responses, active shooter incidents, special events and to allow the transport of multiple patients simultaneously during these events.
- Replace existing expired body armor (bullet proof vests). Fire Rescue staff wears the armor during responses to a shooting, stabbing or domestic terrorism call.
- Implement the 2nd Year appropriation of the Life Scan program. Life Scan combines an annual physical with early detection testing for major diseases and includes recommendations for maintaining long-term health. Life Scan physicals comply with NFPA 1582 guidelines, and by proactively addressing health risks, result in a reduction to health care costs for the City.
- Replace aging Ocean Rescue vehicles with the addition of 2 Toyota Tacoma vehicles. The fleet upgrade will assist Lieutenants by providing faster mobility between lifeguard towers increasing the efficiencies in emergency response times on Fort Lauderdale Beach.

Fire-Rescue Department

Department Core Processes and Performance Metrics

	<p>STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES</p> <ul style="list-style-type: none"> ➤ Provide quick and exceptional fire, medical, and emergency response ➤ Involve neighbors with prevention efforts and emergency preparedness ➤ Reduce fire risk through prevention, and provide exceptional fire rescue response times ➤ Increase drills, simulations, and training to ensure personnel can successfully address diverse emergency challenges ➤ Deliver best in class medical protocols ➤ Provide superior quality and multi-functional emergency response
---	---

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Maintain an acceptable level of response times to provide fire, medical, and emergency services	Emergency Medical Services (EMS) - Total Time First Unit Arrival ¹	8:00 ²	8:08	6:00	8:05	6:00
	Fire Suppression - House Fire (Time of Arrival of 16th Firefighter) ¹	11:10 ²	10:51	10:20	10:45	10:20
	Fire Suppression - Commercial Fire (Time of Arrival of 22nd Firefighter) ¹	19:47	20:21	14:20	20:00	14:20
Enhance preparedness of community builders and neighbors through education and coordination of emergency management and disaster recovery	Percent of National Incident Management System (NIMS) Compliant Employees	88.5%	88.5%	95.0%	90.0%	95.0%

¹ Response time performance measures and targets have been updated to reflect Center for Public Safety accreditation requirements. All times are reflected in Calendar Year (CY) and not Fiscal Year (FY) for consistency with accreditation requirements.

² Response times adjusted per updates to reported data released in October 2018.

Fire-Rescue Department

Department Core Processes and Performance Metrics, continued

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Manage incident levels through interventions, preventative actions and education	Total Number of Fire and EMS Incidents	52,813	52,674	53,500	52,500	52,500
	“Lives Saved” as a Percent of Interventions – Ocean Rescue ³	0.4%	0.3%	2.0%	<2.0%	2.0%
	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
	Percentage of Fires Confined to Structure of Origin	100%	97.8%	100%	100%	100%

³ “Lives Saved” as a Percent of Interventions – Ocean Rescue” replaces the previous measures of “Lives Saved” and “Interventions” to benchmark using the National Lifesaving Statistics national average. Data is still consistent historically even with the modified calculation methodology.

Human Resources Department

Talent Management

Division Description

The Talent Management Division provides professional and responsive human resource services, including the recruiting, hiring, onboarding, classification, compensation, orientation, and training of a diversified workforce. Outreach extends to the leaders of tomorrow through career expos and mentoring programs, such as Kids and the Power of Work (KAPOW) and the annual Summer Youth Employment Program (SYEP). Talent Management fosters organizational excellence by providing employees with personal growth and professional development opportunities.

FY 2018 Major Accomplishments

- Implemented the electronic onboarding process for new hires. Since NeoGov Onboarding was implemented in July 2017, 243 full-time new Community Builders have been hired. The implementation of the electronic onboarding module has reduced staff's processing time from approximately one hour to 15 minutes for each new full time hire. Temporary employees are also onboarded via NeoGov. (FY 2016 Commission Annual Action Plan City Manager Priority Project).
- Trained all departments in the electronic Subject Matter Expert (SME) process. SME's now view and rate all qualified applications at their own desks, removing the need for the Analyst to coordinate, schedule and attend the Subject Matter Expert review meeting, and manually enter the scores into the applicant tracking system NeoGov after the scoring is complete. The new SME process has eliminated the wait time to process applications, as they are sent to the SME's while the recruitment is still in progress; a time savings of approximately eight hours for recruitments with 90 or more applicants.
- Launched the HR Liaisons initiative to provide support to Departments and to the City Manager's Office Divisions. The HR liaisons provide frontline assistance to Community Builders regarding HR questions and concerns.
- Initiated implementation of LaserFiche Document Management System to electronically store, manage, and track documents, and to provide controlled, reliable audit trails and security for confidential documents. It also provides easy retrieval and preparation for public records requests.
- Implemented the administration of Family Medical Leave Act (FMLA) leave with the awarded vendor, BASIC. BASIC helps the Human Resources Department actively monitor FMLA cases, identify deficits, ensure consistent application across departments, improve the timeliness and accuracy of requests, reduce the perception and risk of abuse, and improve management controls, as well as monitor changes and new requirements under applicable FMLA laws.
- Managed the Citywide Classification and Compensation Study. The study of the current labor market includes evaluation of the City's pay structure, job classification analysis, development of job competencies for job families and career ladders, and creation of new and/or revision to existing job descriptions. The study enhances the City's ability to effectively comply with statutory requirements regarding pay equity legislation; recruit, motivate and retain a talented and diverse workforce; deliver high quality services and maintain efficiency of operations; and promote fiscal responsibility.

Human Resources Department

Talent Management, continued

- Launched an expanded New Employee Orientation to welcome new employees to the City-team and to create an environment that encourages collaboration between the employee, the City, neighbors, and other Community Builders. The orientation is 1.5 days and focuses on familiarizing the new employee with the City's vision, mission, history, and structure, provides a relevant mix of information to create comfort and build confidence, and sets the stage for a successful segue to the departments.

FY 2019 Major Projects and Initiatives

- Maintain the Citywide vacancy rate at or below 5.5%.
- Implement the City Commission approved recommendations derived from the Classification and Compensation study.
- Improve the on-time performance evaluations rate by instituting a formal system of tracking, including incorporating web-based and interactive technology in conjunction with development of new learning resources via NeoGov's Perform Online Performance Evaluation module or via the FIRST (Formulating Innovative Responsive Solutions Together) Enterprise Resource Planning (ERP) platform Talent Management module.
- Recommend revisions of the Personnel Rules to the Civil Service Board. The Personnel Rules have not been updated for more than ten years, and changes made to the recruitment process and technological innovations will be incorporated.
- Identify a compliance training solution that will accommodate the Fire-Rescue Department's service and staffing constraints.

Human Resources Department

Employee Relations

Division Description

The Employee Relations Division creates a direct link between the employees, managers, and executives. Employee Relations negotiates, administers, and interprets collective bargaining agreements, and ensures compliance with employment labor laws and City policies and procedures. Employee Relations is responsible for bargaining with four labor organizations that represent the City's workforce, through six collective bargaining agreements, labor contract administration, training in contract changes and other related areas, conducting research on operational and emerging employer issues and communicating the findings, and assists department directors and managers in policy and organizational development.

FY 2018 Major Accomplishments

- Completed negotiations with the Federation of Public Employees (FOPE), Fraternal Order of Police (FOP), the International Association of Firefighters (IAFF), and Teamsters.

FY 2019 Major Projects and Initiatives

- File unit clarification petitions with the Public Employees Relations Commission (PERC) to ensure bargaining units are appropriate and to address any changes in employee status.
- Initiate development of policies and procedures to improve service delivery.

Human Resources Department

Risk Management

Division Description

The Risk Management Division manages programs in the areas of employee safety, loss prevention, property, casualty, and employee benefits. Risk Management attempts to protect the City's physical and financial assets against loss by maintaining effective insurance programs, minimizing the City's exposure to risk, providing for appropriate reserve levels, funding incurred liabilities, and providing for the proper cost allocation of incurred losses. The Division provides internal investigative services on claims arising out of automobile, general, police professional, and employment practices liability exposures. Risk Management also supervises workers' compensation and related legal expenditures being handled by third party administrators.

FY 2018 Major Accomplishments

- Redesigned the healthcare plan to encourage a healthier workforce and create a financially sustainable self-insured health fund.
- Recruited a Benefits Manager to continue management and process improvements of the healthcare plan.
- Conducted an audit of medical claim, pharmacy benefit manager, and dependent coverage.
- Initiated the integration of ISO 9001:2015 standards in Risk Management processes.
- Awarded agreements for medical plan audit services, medical and prescription drug plan administrator, health and wellness center administrator, and workers' compensation claim administrator. Renewed multiple City insurance policies, which protect the City from tens of millions of dollars in losses. The City has also added new policies (i.e. Active Shooter Insurance and Auto Liability) protecting additional City exposures.

FY 2019 Major Projects and Initiatives

- Update the City Ordinances regarding insurance coverage requirements to address outdated language and insufficient limits.
- Implement and improve accident reporting to transition from a paper-based process to an on-line system for greater efficiencies, including faster reporting and standardized content.
- Update and improve the Accident Discipline Matrix to provide for greater accountability in preventable accidents. The Accident Discipline Matrix currently holds employees accountable by discipline, but an updated and improved matrix will trigger remedial driver training.
- Update and distribute a safety handbook to all applicable employees.

Human Resources Department

Risk Management, continued

- Enhance the safety and training program. A redesigned and improved required training program based on job descriptions will increase employee safety awareness and reduce preventable crashes. The intention is that the City's new Enterprise Resource Planning system, FIRST (Formulating Innovative Responsive Solutions Together), will have the ability to track training requirements by job descriptions and provide notifications of individuals needing training. FIRST will also be able to store crash information, providing a central record of what currently is tracked in two separate databases.
- Develop an enhanced online benefits enrollment system in association with FIRST. The goal is to have an enhanced online benefits enrollment system that will provide the City and the Community Builders with an efficient, streamlined, educational, annual enrollment process. The online system is expected to eliminate the use of two third party vendor systems, reduce manual staff labor by using up-to-date technology, provide functional education to City employees, and potentially reduce costs by encompassing internal resources to eliminate third party contracts.

Human Resources Department

Department Core Processes and Performance Metrics

	<p>STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES</p> <ul style="list-style-type: none"> ➤ Foster professional and rewarding careers ➤ Improve employee safety and wellness
---	---

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Hire and retain Community Builders	Citywide vacancy rate	6.00%	5.36%	5.50%	5.68%	5.50%
	Average number of working days to complete an external recruitment	83.44	94.69 ¹	60.00	71.39	60.00
	Citywide Community Builder turnover rate	7.44%	6.98%	5.00%	6.42%	5.00%
Manage disciplinary actions	Number of Community Builders who did not successfully complete initial probationary period	*	*	0	6	0

* This is a new performance metric. Historical data may not be available.

¹Between FY 2016 and FY 2017 a total of 158 new positions were created. Processing the new positions in addition to filling ongoing vacancies created an influx of applications to process for a Division that was not fully staffed until January 2017.

Human Resources Department

Department Core Processes and Performance Metrics, continued

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Train Community Builders	Percent of Community Builders receiving discrimination and harassment training (compliance training)	53.91%	52.72%	100.00%	55.34%	100.00%
	Average number of hours of training per Community Builder	10.85	29.28	12.00	37.00	12.00
Manage Community Builders' Health Benefits	Changes in revenues and expenditures for the health fund, annually ³	R: 11.9% E: 10.9%	R: 2.5% E: 3.3%	R: 9.0% E: 9.0%	R: 15.2% ⁴ E: 8.8%	R: 9.0% E: 9.0%
	Utilization rate of the employee health and wellness center	93.32%	90.25%	90.00%	75.60% ⁵	90.00%
Manage City's liability	Citywide number of new on the job injuries (Workers' Compensation Claims filed)	262	286	275	250	Decrease
	Percent of Community Builder driver caused crashes	42.73%	44.69%	45.00%	41.53%	Decrease

³ "R" represents revenues and "E" represents expenses.

⁴ The increase in revenues are due to increased City contribution.

⁵ The decrease in utilization rate is partly due to construction activities in the surroundings of the health center and partly due to addition of staff which generated more available appointment times. The number of appointment slots filled in FY 2018 was the highest overall since the start of the health center.

Information Technology Services Department

Administration

Division Description

The Administration Division provides overall management services and coordination for the Information Technology Services (ITS) Department. The Division also oversees budget and City Commission agenda coordination, contract administration, purchasing, accounts payable, and payroll for the ITS Department. Administration has implemented an information-privacy and security-conscious culture in the infrastructure of the City. The effort includes developing and administering the City's strategy and vision for its information privacy and security policy. The strategy and vision include assessing privacy and security risks while coordinating these efforts across the City. In addition, Publishing and Mail Services are responsible for the production and logistics of revenue-generating printed materials, such as water bills, business tax licenses and renewals, police alarm notices, fire inspection fees, and more. The Publishing area supplies City letterhead, envelopes, business cards, brochures, postcards, and other printed materials for all City departments. The Mail Services area manages the collection and distribution network of incoming and outgoing US Mail, City interoffice correspondence, and FedEx and UPS packages.

FY 2018 Major Accomplishments

- Finalized the development of an ITS department five-year strategic plan to develop long-term goals and objectives for the City's technology vision.
- Continued PC replacement including over 400 computers slated for replacement due to aging in FY 2018, a large-scale rollout of computers from FY 2013 that were beyond their end-of-life schedule, and a requirement to upgrade all operating systems to Windows 10.
- Implemented a pilot project of virtual desktops in the cloud. Virtual desktops allow Community Builders to have access to City desktop resources from a personal device (Bring Your Own Device or BYOD) to enable them to work from home or alternative locations.
- Replaced the current Mobile Device Management Solution to safeguard the network in case of risk or loss, and facilitate BYOD connecting to City services such as email and contain separately from personal risk.
- Expanded requests for wide format printing, poster printing, and external sign printing. This includes public notice signs for the Department of Sustainable Development and the Parks and Recreation Department.
- Explored opportunities for new print projects utilizing the new technology associated with an updated digital press.

FY 2019 Major Projects and Initiatives

- Prepare and implement Policies and Procedures for Information Technology Services Finance Administration area.

Information Technology Services Department

Administration, continued

- Develop the ITS Home page and Administration Page in SharePoint for ITS staff collaboration. Continue development of external ITS page (accessible by other departments) in SharePoint to be a central source for IT-related information, resources, and tools.
- Create policies and provide guidance regarding document storage in the new SharePoint intranet.
- Train administrative staff in project management and coordination to enhance administrative support in the project lifecycles and SharePoint training for report writing.
- Initiate electronic Print Shop Requisition submission to take advantage of SharePoint technology that was recently set up for Citywide collaboration.

Information Technology Services Department

Application Services

Division Description

The Application Services Division provides project management, business analysis, software implementation, reporting, and technical support to the City's enterprise, departmental, and desktop applications. The Division handles Data & Web Integration Services which manages all aspects of the City's critical databases and websites used by our Community Builders and Neighbors. In addition, Geographic Information Systems (GIS) staff provide computerized mapping and location-based analytical services to City staff, Neighbors, businesses, and visitors. Helpdesk staff delivers Neighbor support and maintains the City's computer replacement plan.

FY 2018 Major Accomplishments

- Implemented the Enterprise Resource Planning (ERP) system, FIRST (Formulating Innovation Responsive Solutions Together), in the second year of a multiple year effort to replace the core City financial applications including general ledger, accounts payable, accounts receivable, purchasing, inventory, investments, budgeting, payroll, human resources and benefits management. Planned go live is October 2019.
- Implemented Accela Land Management System in the second year of a multiple year effort. Planned go live is January 2019.
- Implemented Laserfiche electronic document management system which replaced the emPower360 system. Migrated of all images stored from emPower360 for City Clerk, Human Resources, Sustainable Development and Fire Rescue.
- Expanded the Kronos timekeeping system. All City departments now utilize the Kronos system as well as interfacing the Police and Fire TeleStaff scheduling systems.
- Migrated the T2Flex Parking Citation system to the cloud to achieve Payment Card Industry (PCI) compliance and reduce support time for system backups, upgrades, and desktop installations.
- Automated Passport Control (APC) Kiosk at Fort Lauderdale Executive Airport (FXE). The City is the first General Aviation (GA) airport in the nation to provide the APC Kiosks.
- Implemented the Applause eRecording system. The City is one of the first cities in Broward County to utilize the electronic document filing system with the Broward County Property Appraiser for near real time filing of documents.
- Implemented a cloud-based safety inspection system for Fort Lauderdale Executive (FXE) (PCI) compliance and reduced support time for system backups, upgrades, and desktop installations.
- Azure Cloud Databases/Apps Migration – Upgraded and migrated multiple databases, along with their respective web applications, to the Azure Cloud. Databases include Lobbyist EthicsTrac, City Clerk's Ethics Ordinance Documents, Swimming Meet, Parks and Rec Team Scoring, and Lien-Interest for the Department of Sustainable Development.

Information Technology Services Department

Application Services, continued

- Intranet Replacement/SharePoint– The new Intranet provides employees the ability to collaborate and distribute information quickly and easily and includes tools to support social media, information/executive dashboards and search functions across all information stored within the system. The project is currently concentrating on Strategic Communication and Information Technology.
- SQL Server Virtual Database Environment at City Hall – Continued the expansion of the Microsoft (MS) SQL Server virtual environment. This allowed the department to migrate and upgrade MS SQL Server databases from older, physical servers to virtual environments. The department now has over 90% of databases virtualized.
- Enhanced Engineering Tracking System (ETS) Revisions – Continued improvements of ETS modules to fit Public Works - Engineering Division’s new direction in project management approach. Focused on better communication of project information at FL²Stat. We improved the tracking, planning and retrieval of project status, budget, and related documents. The department also incorporated strategic goals into the project management process and expanded ETS to be used as a replacement for Public Works Project Tracking and enhanced its reporting capabilities.
- Enhanced the LauderServ application to include bill pay by smartphone.
- Wells Fargo Payment Gateways Implementation – Update online payment portals to integrate with the Wells Fargo Payment Gateway. This includes the configurations of the Payment Gateways, as well as working with team to achieve PCI compliance.
- City-wide Training Registration Application – Revised the user registration application to be used for SharePoint, Risk, Human Resources, and Cybersecurity training registrations.
- Implemented a Fire-Rescue Operations Dashboard to allow Fire-Rescue supervisors to watch fire calls for service in real time and enhance unit deployment for better response times.
- Implemented an interactive mapping application to help Neighbors and the Department of Sustainable Development Community Builders convey the location and status of major projects in the development pipeline.
- Implemented a fire hydrant inspections solution allowing Public Works’ field staff to record hydrant inspections results in the field. Office supervisors are then able to watch progress in real-time to see which hydrants have been inspected, retrieve information such as flow rate, and run reports, all of which help to formulate corrective approaches. The solution is responsible for field crews being able to increase their pace of inspections threefold and with greater accuracy in data entry.
- Implemented several interactive mapping applications to assist Community Builders in Fire-Rescue, Police, and Public Works in responding to Hurricane Irma. The solutions have been featured in several print and online publications, including Esri’s ArcUser, which has a monthly circulation of over 600,000. The Geography Teachers’ Association of Victoria, Australia has reached out to Esri and the City seeking permission to reprint one of the articles in their journal.

Information Technology Services Department

Application Services, continued

- Implemented a cloud hosted solution to completely replace the old intranet system for the rest of the City's departments that were not part of the initial (SharePoint) pilot project. This provides online functionality for intranet collaboration, giving the employees the ability to collaborate and distribute information quickly and easily. SharePoint will also include tools to support social media, information/executive dashboards, and search functions across all info stored within the system.

FY 2019 Major Projects and Initiatives

- Continue to implement the Enterprise Resource Planning (ERP), FIRST (Formulating Innovation Responsive Solutions Together), system in the third year of a multiple year effort to replace the core City financial applications including general ledger, accounts payable, accounts receivable, purchasing, inventory, investments, budgeting, payroll, human resources and benefits management. Planned go live is October 2019.
- Continuing implementation of Accela Land Management System. Planned go live is November 2018.
- Implement ePermitHub for online submission of plans for electronic plan review. Planned go live is November 2018.
- Implement the City Works asset management system to track Public Works infrastructure for operational stability and preventative maintenance.
- Initial virtual database configurations at the Emergency Operations Center (EOC) for the purpose of having selected databases locally stored in case of EOC activations. This will also eventually serve as a second database data center location.
- Provide cloud-based data and web applications technology to allow for higher availability, as well as faster implementation of such, in the cloud. In addition, an expansion of SharePoint Online Intranet/Collaboration Sites.
- Renew the City's website layout and navigation to keep up with current web trends and needs.
- Rebuild the Parking Customer Service GIS Application to help resolve discrepancies with customers, provide immediate information about parking facilities and address incompatibility between hand held meter readers and new software.
- Continue to work with the Office of Structural Innovation to pilot open data platforms for serving out and accessing Citywide open data. This will facilitate transparency and allow business, Neighbors, and software developers to access City data for a variety of uses.
- Create a resilient ArcGIS infrastructure to ensure reliable access to the Accela land management and permitting system as well as the Cityworks Enterprise Asset Management System. Implementation of an asset management system for the City's water, stormwater, and sewer infrastructure, is a requirement of the City's sewer consent order. Both Accela and Cityworks rely on an ArcGIS infrastructure.
- Develop solutions to monitor and, ultimately affect Vision Zero initiatives to decrease traffic accidents and traffic fatalities.

Information Technology Services Department

Infrastructure and Operations Services

Division Description

The Infrastructure and Operations Services Division provides innovative and reliable IT Infrastructure Services with the goal of improving the City's operational efficiencies. To achieve this goal the Division plans, designs, implements, maintains, and provides a 24/7 tier 2, 3 and 4 Network Operations Center (NOC) support for the City's IT infrastructure, consisting of several data centers, enterprise network and firewalls, Internet, remote access and Wi-Fi communications, identity and access management (IAM), physical, virtualized and cloud computing, storage area networks (SAN), Cloud Infrastructure as a Service (IaaS), enterprise Email systems, Voice over Internet Protocol (VoIP) telephone and call center systems, video conferencing and collaborations systems, audio visual and digital signage systems.

FY 2018 Major Accomplishments

- Deployed and integrated Microsoft's public cloud infrastructure services with the City's private (on-premises) infrastructure resources to create a more scalable, resilient, energy efficient, and cost-effective Hybrid IT Infrastructure. This integration allows for the placement of applications and data assets in the private or public cloud where they can provide the most benefit to the City. Placing business critical applications in the public cloud also enhance the City's Business Continuity/Disaster Recovery Plans.
- Upgraded and modernized the Emergency Operations Center (EOC) data center. This was the first phase of a multi-phase data center consolidation project, with the goal of consolidating the City's four siloed and aging data centers facilities (Police Headquarters, City Hall, Public Works Administration, and EOC) to two integrated and redundant data centers. The upgrade created a more robust and reliable data center facility, improved the City's disaster readiness and strengthened the organization's ability to survive disruptions caused by hazards or disasters. Added rack space was created to house additional business critical applications and IT infrastructure hardware and software that cannot or may not be immediately migrated to the public cloud. Additional project results include: reduced energy consumption, reduce data center footprint, standardized cooling, power, battery and rack systems and improved data center management, monitoring, maintenance and support.
- Completed Phase II of the migration from the Comcast Institutional Network (INET) to the Comcast Enterprise Network Services (ENS). The City utilized INET services as the digital data transportation highway between several City offices and data centers. On March 14th, 2016, the City was formally notified by Comcast that the INET services will be permanently terminated. Phase II of this project will migrate all remaining City offices to the Comcast ENS network.
- Implemented phase II of the Emergency Operations Center (EOC) audio visual and video collaborations system. The upgraded systems will allow EOC members and command staff to communicate, collaborate and share information more effectively and efficiently during an emergency activation.

Information Technology Services Department

Infrastructure and Operations Services, continued

FY 2019 Major Projects and Initiatives

- Replace critical end of life (EOL) network communications equipment at the Police Department headquarters and remote sites to create a more reliable, Criminal Justice Information Services (CJIS) compliant, and manufacturer supported network.
- Upgrade the enterprise Voice over Internet Protocol (VoIP) telephone, call center and video collaboration systems. The systems are five major versions behind. This upgrade is required to prevent the current systems from getting to a manufacturer EOL and End of Support (EOS) state, which will expose the systems to security vulnerabilities and prevent staff from obtaining support, maintenance and security patches. Upgrading to the latest stable software version will also provide new innovative features and services, aimed at improving communications and collaborations.
- Migrate email services from the on-premise Microsoft Exchange system to the Microsoft Office 365 (O365) cloud email service. The goal is to leverage the O365 services to improve the business continuity for email services, while reducing the upgrade, maintenance and energy cost as well as the administrative overhead. The cloud platform also provides more effective integration between O365 applications such as SharePoint and provides employees with more reliable access to email services during emergencies or disaster situations. It will also allow for more frequent and streamline installation of security, maintenance and feature upgrades.

Information Technology Services Department

Police Information Technology Services

Division Description

The Police Information Technology Services Division uses technology resources, including mobile and radio communications, to support the mission of the City of Fort Lauderdale Police Department. The Division is responsible the implementation and support of software applications and technology, Automatic Vehicle Location (AVL) units, License Plate Readers (LPR), fingerprint readers, body camera technology, access control and security systems, and interoperable communications for emergency first responders. In addition, the Division supports the City's mission-critical radio communications networks and staff plays an integral role with the Florida Regional Domestic Security Task Force (RDSTF) and the Miami-Fort Lauderdale Urban Areas Security Initiative (UASI) through the facilitation of Department of Homeland Security target capabilities.

FY 2018 Major Accomplishments

- Completed the Telestaff upgrade giving a fully functional web client to remote users on any mobile device. This upgrade also removed the need for physical phone lines and a physical server using a hosted voice messaging system.
- Implemented Records Management System interface with EvidenceOnQ system, which allows for transfer of data between the EvidenceOnQ evidence system and the Sungard Police Records Management System. This minimized duplicate data entries between systems and reduced data entry errors.
- Implemented Electronic Officer Signatures for Field Reporting, continuing the move to a paperless environment. Also implemented a detective bureau interview room audio and video recording system.
- Implemented a TIP line with call recording to accommodate scenarios where the Police ask for the public to call in with tips.
- Continued to implement Automatic Vehicle Location (AVL) System solution in vehicles Citywide to enhance the Fleet area's ability to track and support the City's fleet. Also implemented wireless network and video capability in the new Police Department Bomb trunk.
- Installed additional security cameras and upgraded current security cameras at prioritized locations across the City.
- Performed a pilot project with Police Body Worn Cameras, outfitting Police Officers in the field with wearable recording devices.
- RDSTF 7 Interoperable Communications Trailer UHF P25 Repeater – This project supports the core capability of operational communications by further sustaining and providing interoperable communications for specialty teams (i.e. Hazmat) and operational coordination to ensure continuous flow of information for the Hazmat Team members and medical responders coordination with hospitals. In addition, this project supports the regional hazmat response teams.

Information Technology Services Department

Police Information Technology Services, continued

- Public Safety Radio Subscriber Radio Project – Replacement of public safety subscriber two-way radios and accessories. This project supports public safety operations and provides current digital technology. The new subscriber radios provide messaging, GPS tracking, etc.
- Emergency Operations Center (EOC) Enhancement – Upgraded the EOC audio visual system to current technology. Replacement of matrix, projectors, monitors, and ancillaries. This will enable Emergency Management staff to be able to coordinate and disseminate information that is critical with operations. This project had no fiscal impact to the City. The project was funded through a grant award from the Department of Homeland Security Urban Area Security Initiative (UASI).
- Specialty Team Communications Gear—Replaced the City’s Specialty Team (Hazmat, Swat) communications gear. The ancillary equipment provides responders with the ability to effectively communicate and enables service technician personnel to support and maintain equipment efficiently.
- Fire Station 54 Telecommunications Implementation – Implemented the required communications infrastructure (i.e., Fire Alerting, and Community Emergency Response Team (CERT) system) for the new fire station.

FY 2019 Major Projects and Initiatives

- Implement hard drive encryption of laptops. This will give added security for laptops that have sensitive law enforcement data on them.
- Deploy Law Enforcement Data Sharing Initiatives at the regional and national level.
- Upgrade the access control system at the Police department and City Hall.
- Initiate consolidation of Citywide Access Control, eliminating multiple, failing systems and implementing a new, enterprise class access system throughout the City.
- Continue to install additional security cameras and upgrade current security cameras at prioritized locations across the city.
- RDSTF 7 Interoperable Communications Trailer Enhancement Communications Capabilities – This is a regional project awarded to the Division to support its core capability of operational communications by further sustaining and increasing capabilities of the interoperable communications trailer with ability of Private Branch Exchange (PBX) system, upgrading older technology. The enhancement would give added capabilities to ensure critical communications resources is available to effectively communicate, coordinate and dissemination of information during a local emergency or multijurisdictional incident.
- Fire Alerting System Project – This project is to replace the current alerting system used by the City with the County mandated alerting system. Per Regional 9-1-1 Agreement municipalities must meet all requirements of the agreement. For the City to continue being dispatched by the County the system must be changed to G2 Phoenix System which is being implemented by the County.

Information Technology Services Department

Police Information Technology Services, continued

- Uniformed County-wide Law Enforcement & Fire Rescue Service Radio Template – Broward County Police & Fire Chief Association adopted a Uniform Regional Radio Template Programming for Public Safety in Broward County. This allows for departments to have similar platforms and enables interoperability.
- Upgrade Diagnostic X System – Upgrade the current system to meet the digital standard of the current subscriber fleet.
- Genwatch Upgrade – Genwatch management suite provides diagnostic information empowering system administrators to monitor, manage and provide analytical data. This tool provides real-time activities, and archive data for comprehensive analysis.
- Upgrade of Hazmat Tactical Communications & Video Devices in Hazmat Trailer Material. This project will update aged technology (i.e., Ultra High Frequency (UHF) two-way radios, computer, and printer) and provide much needed current technology (i.e., video, and Wi-Fi) to support hazmat operational capabilities. This project is funded by Department of Homeland Security UASI grant award.

Information Technology Services Department

Parks and Recreation Department

Administration

Division Description

The Administration Division provides safe parks and recreation facilities along with quality programming. The Division aims to satisfy the parks and recreation needs of the entire community while enhancing the quality of life in the City of Fort Lauderdale. The department has opened new parks, new facilities, and expanded green space, contributing to the aesthetic enhancement and livability of the City. The Division provides the leadership and framework to acquire, operate, and maintain the City's system of public places, including its beach, parks, open spaces, and medians for neighbors and visitors. Core services include the administration of grants and special projects, special event coordination, and management of the City's recreation programs, park operations, marine facilities, sanitation, cemetery services, and facilities maintenance.

FY 2018 Major Accomplishments

- Parks and Recreation Administration relocated to the newly renovated South Side School and began programming for the Cultural Arts Center.
- Received a \$25,000 Broward County Cultural Tourism Program Grant award in support of Great American Beach Party Memorial Day activities.
- Received a \$25,000 National Recreation and Park Association (NRPA), Healthy Out-of-School Time Grant award to increase access to healthier foods and support a healthy eating environment for Parks and Recreation participants.
- Collaborated with Sustainable Development to incorporate elements of the Parks and Recreation System Master Plan into the development of the City's Evaluation and Appraisal Report (EAR), and Comprehensive Plan.
- Participated in KaBOOM! "Play Everywhere" community engagement and development of a play space at Little Lincoln Park.
- Facilitated the online rental of City park pavilions through the RecTrac software on the City of Fort Lauderdale website, eliminating in-person paper forms, making the process more sustainable.

Parks and Recreation Department

Facilities Maintenance

Division Description

The Facilities Maintenance Division maintains over 140 buildings, covering approximately 1.5 million square feet. The Division maintains playgrounds, air conditioning units, and more than 5,000 streetlights, including parking lot lighting for all City facilities. Staff responds to a variety of maintenance and repair service requests and performs preventive maintenance tasks. A few examples are carpentry, electrical and plumbing service repairs, and painting services. The Facilities Maintenance Division manages several maintenance service contracts and provides support for the City's special events.

FY 2018 Major Accomplishments

- Replaced playground equipment due to age and condition at George English Park, Greenfield Park, Dr. Elizabeth Hays Civic Park, Benneson Park, and Mills Pond Park Softball complex as part of the 2017 Fiscal Year Capital Improvement Program. Improvements include Pour-In-Place (PIP) Rubber Surfacing at three of the sites to enhance safety and reduce injury through shock absorption and impact protection from falls. The safety surface also accommodates wheelchairs and other mobility devices.
- Completed a new accessible walkway at Snyder Park Dog Lake to prevent further erosion and improve access for all neighbors. The walkway is constructed of stamped concrete with guardrails running the length of the walkway with a wide landing at the base entrance to the water.
- Installed amenities at Holiday Park Dog Park. The park now has separate sections for dogs weighing less than 30 pounds and dogs 30 pounds or greater. The dog park includes the latest trends in boulders, tunnels, training platforms and jump hurdles made of recycled plastic.
- Used grant funds to complete the two-mile intermediate skill level mountain bike trail at Snyder Park. The trail has over 25 obstacles on the course.
- Installed two new LED street light poles (eight total light fixtures) at Huizenga Plaza for improved lighting for the walkway and events, as well as for prevention of night sky pollution, and upgraded the electrical system to accommodate for the seasonal ice hockey rink.
- Sealed all windows at City Hall as a part of the continued building envelope improvements.
- Installed a new standby generator in the Fleet/Parks Compound.
- Installed a new roof at Plant A - Training Center.

Parks and Recreation Department

Facilities Maintenance, continued

FY 2019 Major Projects and Initiatives

- Install a new roof and side panels to the beach maintenance shed as a joint project with the Public Works Engineering Division.
- Install lighting throughout Provident Park to increase safety at night. Currently there is one light and no power outlets at the park.
- Improve lighting throughout Warfield Park for recreational athletic play on the field as well as upgrade lighting to LED on the basketball courts.
- Upgrade the high mast streetlights on Commercial Boulevard and Oakland Park Boulevard to LED fixtures.
- Conduct a citywide inventory of pedestrian lighting and light output, adding to the comprehensive streetlight inventory that was completed in FY 2017.

Parks and Recreation Department

Marine Facilities

Division Description

Marine Facilities strives to provide excellent marine dockage facilities for vessels of diverse sizes for both locals and visitors. The Division provides public access to local waterways and maintains the City's public boat ramps. Marine Facilities is also responsible for dockage facilities and services, commercial leases, launching facilities, capital projects, and Marine Advisory Board (MAB) functions.

FY 2018 Major Accomplishments

- Completed design and permitting of the Coontie Hatchee Phase I renovations, including a lagoon which will provide a launch for paddle boards, canoes, and other small non-motorized water crafts. Applied for grant funding assistance from Florida Inland Navigation (FIND) for Phase II construction.
- Completed Phase I design and permitting to construct and renovate two boat ramps at George English Park, which will accommodate larger trailered boats and provide floating staging docks. Awarded grant assistance from the Florida Inland Navigation (FIND) for construction. Applied for additional grant funding from the Broward Boating Improvement Program.
- Awarded grant funding from the Florida Inland Navigation (FIND) District to Dredge Bahia Mar to create consistent and deeper depth and access from Bahia Mar to the Intracoastal Waterway Channel.
- Awarded grant funding from the Florida Inland Navigation District (FIND) to construct a public dock at Sweeting Park using sustainable materials, providing a landing for small boats, kayaks, paddle boards, and function as fishing and crabbing pier.
- Awarded grant assistance from the Florida Inland Navigation District (FIND) for Phase I design and permitting for the installation of two additional public day docks along the New River at Esplanade Park and the New River Inn Museum.
- Awarded grant assistance from the Florida Inland Navigation District (FIND) for design and permitting of shore line stabilization for the Bill Keith Preserve Park to protect it from erosion and scouring of the shoreline caused by boat wakes.
- Contributed extensively in the planning phases to update the Seawall Ordinance and Offshore Fire Boat implementations.

Parks and Recreation Department

Marine Facilities, continued

FY 2019 Major Projects and Initiatives

- Upgrade payment collections software at the marinas to become Payment Card Industry (PCI) compliant to ensure that the acceptance, processing, storage, and transmittal of credit card information is maintained in a secure environment.
- Construct Coontie Hatchee Lagoon to provide a launch for paddle boards, canoes, and other small non-motorized water crafts.
- Construct and renovate two boat ramps to provide floating staging docks at George English Park.
- Dredge Bahia Mar to create consistent depth and access from Bahia Mar to the deeper Intracoastal Waterway Channel.
- Construct a public dock at Sweeting Park out of sustainable materials, providing a landing for small boats, kayaks, and paddle boards. The dock will also serve as a fishing and crabbing pier.
- Design and permitting for the installation of two additional public day docks along the New River at Esplanade Park and the New River Inn Museum.
- Replace existing sewage pump-out at Sailboat Bend with an upgraded, more reliable, and more cost efficient sewage pump-out system.
- Design and permitting for shore line stabilization at the Bill Keith Preserve Park to protect it from erosion and scouring of the shoreline caused by boat wakes.

Parks and Recreation Department

Park Operations

Division Description

The Parks Division performs all mowing operations, irrigation repairs and installations, ball field maintenance, trash collections and removal, and tree trimming of City-owned properties. In addition to the general maintenance and upkeep of all parks and medians, the Division participates in the set-up of special events when necessary. Staff is also responsible for removal of seaweed from the beach, removal of sand from roadways and sidewalks, canal cleaning, and pressure cleaning of river walks and park gazebos.

FY 2018 Major Accomplishments

- In FY 2017 Parks and Recreation initiated a water conservation irrigation pilot program, installing 14 smart irrigation technology nodes at 12 park sites, covering 40 acres throughout the City. The installations took place between December 2016 and August 2017, and in February 2018, the program generated over one million gallons in reduced water consumption per month with an average monthly savings of \$12,000.
- Completed construction of three artificial, lighted turf multipurpose fields at Mills Pond Park.
- Purchased five acre property to form a new park off Riverland Road to provide more outdoor activity space for neighbors in the area.
- Replaced 10 City Park welcome signs with new corian inlaid signs that are more visible and will better withstand the harsh elements of South Florida.
- Following the aftermath of Hurricane Irma in September 2017, 98% of City Parks were operational within two weeks of the hurricane due to the implementation of post-cleanup plan outlined by the Park Operations Division. A1A was cleared and reopened within 48 hours.
- Renovated all informational and directional signs at Holiday Park.
- Surveyed City medians and parks to evaluate and forecast mulching needs, which equated to 61,000 square yards.

FY 2019 Major Projects and Initiatives

- Renovate and repair the walkway at Bill Keith Preserve, including replacing mulch and repairing boards on the walkway.
- Resurface basketball and tennis courts at Fort Lauderdale Beach, Bass Park, Joseph C. Carter Park, Lauderdale Manors Park, Bayview Park, Osswald Park, and Riverside Park.

Parks and Recreation Department

Recreation

Division Description

The Recreation Division strives to enhance the quality of life in Fort Lauderdale by offering a wide variety of high quality, safe, accessible, and affordable recreational activities and facilities to meet the year round leisure needs of neighbors and visitors of all ages. Recreation facilities include City parks, activity centers, community pools, the War Memorial Auditorium (WMA), and the Aquatic Complex. This Division is responsible for conducting youth, adult, senior, athletic, teen, and aquatic programs, management of the War Memorial Auditorium, management of the Fort Lauderdale Aquatic Complex, and providing support for community and special events. In addition to the aforementioned core services, the Division also provides licensed after-school care programs, summer camps, adult fitness and wellness programs, and environmental awareness education.

FY 2018 Major Accomplishments

- Awarded funding for Phase I of War Memorial Auditorium rewiring and electrical upgrades with an intended construction commencement in Fiscal Year 2018.
- Implemented modernization of event ticketing and marketing via AXS digital marking platform for purchasing tickets for sports and entertainment events at War Memorial.
- Added six pickleball courts at Holiday Park, replacing the underused outdoor hockey rink.
- Installed a new perimeter fence at Carter Pool to enhance safety and security of patrons as well as reduce break-ins and vandalism.
- With the assistance of a National Recreation and Parks Association's (NRPA) Healthy Out-of-School Time grant, the Parks and Recreation Department implemented the Healthy Eating and Physical Activity (HEPA) standards in programming that teach youth about making healthy choices, implementing physical activity in their schedules, fundamentals of growing food, and the food process from seed to plate.

FY 2019 Major Projects and Initiatives

- Implement Phase II of War Memorial Auditorium renovations, which will include the completion of stage rigging, electrical renovation, and purchase of new stage/event equipment.
- Rescale floor plans at War Memorial Auditorium using computer-aided design (CAD) software system to revise the configurations of the space and to create at least four configurations enabling community organizations greater usage of the venue.
- Continue renovation of the existing Fort Lauderdale Aquatic Complex.
- Installation of American with Disabilities (ADA) ramps for pools at Bass Park, Carter Park, and Lauderdale Manors Park, funded by a Community Development Block Grant.

Parks and Recreation Department

Sanitation Services

Division Description

This Division provides sanitation services to the City's neighbors. The Division is responsible for removal of refuse and recyclable bulk items. The Division is also responsible for cleaning bus shelters, beach debris, canal debris, street sweeping, parking lots cleanup, and maintenance of public places; such as alleys, and City-owned lots. Additional services carried out by the Division include identification and cleanup of code violations. Services rendered related to code violations are billed to the neighbors. The Division also participates in special event cleanup and is trained to address all levels of disaster preparation and recovery.

FY 2018 Major Accomplishments

- The City of Fort Lauderdale's Bulk Trash services team continues to receive neighbor satisfaction scores significantly higher than the national average. According to the 2017 Neighbor Survey, 73% of the City's neighbors were satisfied with residential bulk trash collection. The national average for 2017 was 56%.
- Eight new claw trucks were purchased to replace the older, less efficient fleet. All full-time Bulk Trash Service Community Builders were trained to operate the new vehicles.

FY 2019 Major Projects and Initiatives

- The Community Plus software program will be replaced with the Accela program in FY 2019. This software program is used by Bulk Trash service and Code Officers to track properties with sanitation compliance issues in the City. The Accela program will also allow our neighbors to view active bulk related code compliance cases and pay bulk related code compliance bills online.
- Rebalance the schedules for the Bulk Trash Collection Division. With the addition of more than 6,000 homes through annexation of neighborhoods, the Division's daily schedules are in need of rebalancing, with a goal to create equal refuse collection days each month.

Parks and Recreation Department

Department Core Processes and Performance Metrics

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES	
 <p>INTERNAL SUPPORT</p>	<ul style="list-style-type: none"> ➤ Foster professional and rewarding careers ➤ Offer a diverse range of youth, adult, and senior recreational programming ➤ Enhance the City’s identity and appearance through well-maintained green space, parks, major corridors, gateways, and medians
 <p>PUBLIC PLACES</p>	<ul style="list-style-type: none"> ➤ Provide safe, efficient, and well-maintained vehicles, equipment and facilities and integrate sustainability into daily operations ➤ Improve access to and enjoyment of our beach, Riverwalk, waterways, parks, and open spaces for everyone ➤ Celebrate our community through special events and sports

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Manage City’s public spaces to be functioning, attractive, and accessible to all neighbors and visitors	Percent of waterfront parks accessible by boat	80%	80%	86%	80%	80%
	Percent occupancy of New River, Cooley’s Landing and Las Olas Marinas	79%	88%	88%	82%	88%
	Percent of Neighbors that perceive the overall appearance of the City as excellent or good ¹	67%	59%	61%	52%	53%
	Neighbor satisfaction with quality of Parks and Recreation programs and facilities ¹	77%	71%	73%	67%	68%

¹ This measure is reported in the annual citywide Neighbor Survey.

Parks and Recreation Department

Department Core Processes and Performance Metrics, continued

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Manage City's public spaces to be functioning, attractive, and accessible to all neighbors and visitors	Percent of Neighbors satisfied with the maintenance of City buildings and facilities ²	55%	51%	53%	48%	49%
	Neighbor satisfaction with maintenance of City Parks ²	83%	74%	75%	69%	70%
	Percent of Parks and Recreation patrons who feel "safe" in parks as indicated by surveys ³	92%	83%	83%	80%	85%
	Satisfaction with residential bulk trash collection ²	80%	80%	80%	73%	74%
	Percent of neighbors that live within a 10 minute walk of a park ⁴	70%	88% ⁵	88%	89%	89%
Provide City hosted special events to build community among our neighbors	Neighbor satisfaction with quality of special events ²	68%	64%	66%	63%	64%

² This measure is reported in the annual citywide Neighbor Survey.

³ The Parks and Recreation Department administers this survey annually via Survey Monkey.

⁴ The data for this indicator is obtained from the Parks and Recreation Department in collaboration with the City's GIS Division and AECOM consulting.

⁵ The methodology for this metric was changed to align with National Recreation Park Association (NRPA) methodology. NRPA consider the distance to reach a park within a 10-minute walk to be ½ mile instead of 1/3 mile that the City used in previous calculations.

Parks and Recreation Department

Department Core Processes and Performance Metrics, continued

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Provide quality experiences and opportunities for neighbor enrichment	Number of meals served to youths in recreation programs, annually	70,815	98,259	100,000	75,911 ⁶	78,000 ⁷
	Number of registrants for recreation programs ⁸	34,652	47,005	4,000 ⁹	53,576	55,000
	Percent of “good” or “excellent” recreation program survey ratings ¹⁰	90%	87%	91%	84%	90%

* This is a new performance metric. Historical data may not be available.

⁶This metric is tracked by Calendar Year. The Fall Session for FY2018 is still underway and not included in this number.

⁷ The target is lowered as a result of the introduction of healthy food variety that are unfamiliar to the children. The food is hot, and if not eaten, must be discarded as it can't be reheated. The department has adjusted the quantities ordered to meet the demand to not waste food.

⁸ This metric has been revised from “Number of registrants for recreation programs”, and now includes all youth and adult program registrants, pass holders, team registrants and daily visitors to recreational programs and aquatic programs.

⁹ Target based on previous methodology

¹⁰ The data for this metric data is obtained from surveys administered to participants at the conclusion of each recreation program.

Police Department

Office of the Chief

Division Description

The Office of the Chief directs the activities of the Fort Lauderdale Police Department. Due to their critical natures, the Public Information Office, Staff Inspections Unit, Public Safety Grants Unit, Legal Unit and the Office of Internal Affairs are also administered directly under the Office of the Chief. Office of the Chief is also responsible for Performance Management.

- The Public Information Office delivers the message of the Department to media outlets and the public, processes public records requests, and disseminates neighbor engagement information using various platforms, including social media.
- The Staff Inspections Unit maintains the agency's professional standards and accredited status, and conducts agency-wide inspections to ensure compliance with policy and best practices.
- The Public Safety Grants Unit researches, applies for, and ensures adherence to federal, state, and county grants awarded to increase public safety.
- The Office of Internal Affairs conducts investigations into allegations of police employee misconduct, tracks all uses of force, and ensures compliance with due process when discipline is administered.
- The Legal Unit ensures that the Department stays advised of current legal issues, statutory changes and case law of particular significance to law enforcement; and monitors, reviews and helps draft legislation as it relates to law enforcement issues.
- The Performance Management aspect of the department focuses on development and accomplishment of the Department's objectives by ensuring appropriate initiatives and performance indicators are developed, monitored, reported and analyzed to meet strategic budget goals.

FY 2018 Major Accomplishments

- Decreased the overall Part One Crime rate citywide by 6% by deploying a collaborative data driven decision making approach. The reduction is the result of place-based problem solving techniques in targeted hot spot locations. Specific decreases in Part One Crimes include a reduction in property crime by 5%, violent crime by 7%, residential burglaries by 14% and homicides by 25%.
- As part of the Department's efforts to combat heroin and opiate addiction, life-saving NARCAN kits were issued to over 400 police officers. The Department was awarded a grant which secured 275 of these kits at no cost.
- Recovered sworn personnel in the Office of Staff Inspections, Background Investigations and Information Technology and with the goal of reassigning them to law enforcement responsibilities in Emergency Management/Special Events, Community and Traffic Services and Patrol. This reassignment is geared toward increasing Police visibility to better serve the community.

Police Department

Office of the Chief, continued

- Reviewed and monitored accreditation criteria to ensure the Department's compliance with the standards mandated by the Commission of Florida Law Enforcement Accreditation and the City's ISO 9001:2015 certified Quality Management System. The Staff Inspections Unit continues to perform announced and unannounced audits and inspections.
- Launched the Body Worn Camera Pilot Program. This program is in compliance with the already awarded U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA), Body-Worn Camera Policy and Implementation Program Grant. The program, even in its pilot phase and beyond, is anticipated to have a positive impact on the Department's relationship with the community. The program is also anticipated to capture additional evidence that is imperative to successful prosecutions and will reduce false complaints against police officers.
- Leveraged the expertise of the newly hired civilian public information officer to build greater public trust and enhance the Department's image by converting our Media Relations Unit to a fully functioning Police Public Affairs Unit. This unit advanced the professional implementation of the Department's public relations objectives and outreach initiatives by launching strategic marketing campaigns, developing and refining existing community engagement activities, and cultivating effective working relationships with media outlets, community groups, elected officials and the general public. Creation of the unit bolstered the Department's ability to build stronger relationships with the community through professionally marketed neighbor-oriented activities. Additionally, this initiative ensures that the Department has the needed expertise to effectively and efficiently communicate with our neighbors.

FY 2019 Major Projects and Initiatives

- Strengthen the downward trend in the overall crime rate citywide as the primary department initiative, encompassing efforts within all bureaus in the department. Fort Lauderdale Police will continue effectively utilizing data, analyses and resource allocation to prevent crime and to establish partnerships within the community.
- Commence full implementation of the Body Worn Camera Program, after the successful completion of the pilot program. The program continues the specific objectives of enhancing Department employees' interactions with the public; capturing statements, actions and evidence during the course of an incident; enhancing documentation of an incident for reporting purposes and for courtroom presentation; reducing unreasonable or false complaints against Department employees; as well as enhancing the participants' safety.
- The Staff Inspections Unit will evaluate the overall performance of the Department units and personnel in preparation for the 2019 re-accreditation process that ensures the Department is in compliance with Florida State Statutes, Accreditation standards, department policies and individual unit standard operating procedures. If successful in doing so without any conditions noted, the Department will achieve Triple Excelsior status for the third time. This status is attained by achieving our 7th reaccreditation (21 years) with no conditions noted by the Commission for Florida Law Enforcement Accreditation.

Police Department

Operations Bureau

Division Description

The Operations Bureau provides uniformed police services throughout the City for emergency and non-emergency calls, and serves the community by educating neighbors on and enforcing the laws and ordinances. The Operations Bureau is responsible for the physical 24-hour delivery of Police services throughout the three police districts of the City. It is comprised of the Patrol Division and the Operations Support Division.

- The Patrol Division, the largest division in the agency, is comprised of the City's first responders for all law enforcement aspects. Maintaining a safe community ensures the best quality of life possible for the neighbors of Fort Lauderdale. The Special Weapons and Tactics team (SWAT) is assigned to the Division and conducts life-saving missions, warrant service, dignitary protection and other operations requiring specialized training and equipment. The Division also includes the Neighborhood Action Teams (NAT) and the Bomb unit.
- The Operations Support Division is responsible for the support of the Patrol Division using multiple resources and is engaged in educational, outreach and service activities. It includes the Apprehension and Detection Canine Units, the Marine Unit, the Field Training Officer Program, the Dive Team, the Truancy Unit and the School Resource Officers, the Juvenile Civil Citation Program, Crossing Guards, Citizens on Patrol and the Chaplain Unit. The Operations Support Division is also comprised:
 - Special Operations is responsible for responding to and deploying specially trained personnel in law enforcement situations and events that exceed the responsibilities of the Patrol Division. It includes Canine Apprehension and Detection, Marine and Dive Units, Crossing Guard, Chaplains, Citizen on Patrol, School Resource Officers and Field Training.
 - Special Events and Emergency Management is responsible for developing special tactics and deploying specially trained personnel in unusual law enforcement situations and events. It includes Special Events Unit, Emergency Management, Storm Response, Honor Guard, Tactical Bicycle Platoon, Police Code Enforcement, City Hall Security, Park Rangers, LGBT Liaison, Traffic Certified Civilian Program, Nighttime Economy, and Explorer Program.
 - Community and Traffic Services is the lead component for traffic safety efforts/enforcement, education, and community engagement. It is comprised of a number of highly proactive units that are unique and fall outside of the realm of the normal patrol duties. The Division includes Community Engagement Team, the Traffic Homicide Unit, the Motor Unit, the Mounted Unit, Driving under the Influence (DUI) Unit, Crime Prevention, Homeless Outreach, Graffiti Enforcement, and Environmental Crimes.

FY 2018 Major Accomplishments

- Created the Community Engagement Team (CET). This Unit's focus was to increase community engagement, particularly in the elementary schools. This program was funded by a Community Oriented Policing Services (COPS) grant which increased staffing numbers by eight officers.

Police Department

Operations Bureau, continued

- Continued building positive relationships with our neighbors through the coordination of numerous community engagement events. Events included front porch briefings, basketball tournaments, Sistrunk business owners' breakfast; Tip a Cop, Coffee with a Cop, Fathers M.I.A. program, third grade reading program, Real Men Read, Teen Summit, and Hoops for Harmony.
- Created a specially trained Protest Response Team due to the substantial increase in organized protests within the City. The Protest Response Team provided safety for both the public and those participating in various forms of protests. The team also supplements in-kind resources, has the flexibility to adapt to various protest methodologies, and will mitigate overtime expenditures.
- Established a *Major Incident Policy* to define specific needs and responsibilities during the onset of a significant critical incident. After recent large-scale tragedies in the region such as the Fort Lauderdale Airport shooting and Stoneman Douglas tragedy, the department developed a policy that identifies explicit roles and responsibilities which are critical during the first crucial minutes of any major incident to ensure a successful operation.
- Implemented dozens of operational plans and provided a blanket of security for numerous special events such as New Year's Eve, Spring Break, Tortuga Music Festival, the Air and Sea Show, Memorial Day weekend, Fourth of July and numerous walks, 5k runs and marathons. Additionally, the Department provided guidance, security and developed productive dialogue with numerous protest groups who chose to voice their concerns in the City.
- Created the Driving under the Influence (DUI) Unit for traffic safety efforts, enforcement and education to aid in accomplishing the City's Vision Zero initiative.

FY 2019 Major Projects and Initiatives

- Increase the number of officers in the Community Engagement team by adding five officers in the unit to bring the total up to eight funded with the Community Oriented Policing Services (COPS) hiring grant, with the goal of increasing community engagement in more elementary schools.
- Procure updated fingerprint scanners and increase the number of Automated External Defibrillators (AED) in Department vehicles. An increased number in AEDs gives department personnel the increased ability to save lives.
- Continue to modernize the arena next to the Mounted Unit's barn to provide a safe place for our officers and horses to train, free of injury.
- Create a public awareness campaign aimed at curtailing alcohol related sexual assaults, particularly at the bars and restaurants in the entertainment districts. The Department is partnering with the Sexual Assault Treatment Center and local businesses in taking proactive measures to raise awareness and create a safe environment for the citizens and patrons of the city.
- Participate in the launch of the Community Court via partnerships with 17th Circuit Courts, Broward County Board of Commissioners, Continuum of Care, and the City of Fort Lauderdale Police Department. This new court innovation approach will hold people responsible for their offenses while also offering to help promote behavioral change. The Community Court will directly address the City's strategic initiative of reducing non-violent crimes, supporting public safety, and reducing homelessness in its pilot phase of the program.

Police Department

Investigations Bureau

Division Description

The Investigations Bureau is responsible for investigating a wide range of criminal activity and proactive enforcement to curtail future criminal activity from occurring. The Bureau integrates responses to criminal activity with the other bureaus in the department with the goal of reducing and solving Part One Crimes through proactive and follow-up investigations. The Bureau is comprised of Criminal Investigations Division (CID), Special Investigations Division (SID) and Street Crimes Division (SCD).

- The Criminal Investigations Division is responsible for the follow-up investigation of persons crimes and includes the Homicide/Missing Persons Unit, the Fugitive/Career Criminal Unit, the Violent Crimes Unit, Special Victims Unit, Economic Crimes Unit, the Crime Scene Investigation/Fingerprint Unit, the Digital Forensic Lab and the Critical Incident Stress Debriefing (CISD) Unit.
- The Special Investigations Division is responsible for proactive policing efforts used to eradicate all levels of drug/vice activity to effect a reduction in Part One Crimes and is responsive to community concerns and needs. Other units within the Special Investigations Division include the Drug Enforcement/Vice Unit, the Major Narcotics Unit, the Strategic Investigations Unit, the Threat Response Unit, the Technical Services Unit and Nuisance Abatement.
- The Street Crimes Division is responsible for the follow-up investigation of property crimes and includes the Property Crime Unit, the Rapid Offender Control Unit and the Crime Analysis Unit.
- The FBI Broward County Public Corruption Task Force investigates violations of law by public officials at the local level of government.

FY 2018 Major Accomplishments

- Modernized the interview rooms in the Criminal Investigations Division to ensure compliance with accreditation standards. The new technology provided by AXON improves the quality of evidence collection and enhances the safety and security of the individuals inside the rooms.
- Replaced the Rapids pawn system with the Leads Online system, the nation's largest online investigation system for law enforcement, which provides timely electronic access to transactions from thousands of reporting businesses including scrap metal processors, secondhand stores, internet drop-off stores and pawn shops and eBay. Leads Online expands investigative research capabilities and includes second-hand dealers across the country.
- Entered into a partnership with the video doorbell company RING to make Fort Lauderdale neighborhoods safer. The RING Neighborhoods Platform is a digital neighborhood watch that allows law enforcement and the public access to video footage to the nearly 10,000 current video cameras located in the City. RING initially donated 100 cameras to increase the digital neighborhood watch and will provide an additional 100 cameras for every 2,000 downloads of their application. The application allows the community to share and comment on real-time crime and safety events in their neighborhood. It is also used to inform members of the community of important safety information to improve communication between law enforcement and the public.

Police Department

Investigations Bureau, continued

- Expanded the license plate reader (LPR) initiative by incorporating mobile LPRs that will be strategically placed at ingress and egress locations experiencing increases in part one crimes on the recommendation of intelligence provided by the Crime Analysis Unit. The availability of LPRs at these hot spot locations will provide valuable investigative leads.
- Developed a comprehensive approach that provides criminal and behavioral analysis and risk assessments into events that may cause an immediate or delayed response to public safety such as school shootings. Included in this comprehensive approach is the establishment of a structured response through policy creation, contracting with a forensic psychologist and referrals to the appropriate mental health professionals/agencies.

FY 2019 Major Projects and Initiatives

- Participate in the Seek the Other Path (S.T.O.P.) pre-arrest diversion program: Working in partnership with Henderson Behavioral Health, the Fort Lauderdale Police Department (FLPD) will participate in the “Angel” Program. With this partnership, individuals suffering from drug/substance addiction who are seeking help will be placed in a recovery program instead of being arrested or serving jail time. This initiative will give the police department a unique opportunity to address the issue of substance abuse with the goal of reducing the rate of overdose deaths in the community.
- Create a Terrorism Liaison Officer (TLO) Program - A framework will be established to create a team of officers spread across shifts and assignments; officers will be specially trained in terrorism topics and intelligence gathering. These officers will receive quarterly training as well as periodic electronic articles, journals and training assignments. The officers may be called by other patrol officers when there is any indication of potential intelligence related to terrorism/sovereign citizens. They have a direct line of communication to facilitate their reporting and their communication with the FBI’s Joint Terrorism Task Force detectives.

Police Department

Support Services Bureau

Division Description

The Support Services Bureau recruits, trains and develops the Department's Community Builders, and assists with the acquisition and management of resources and finances for the agency's operations and investigative functions. The Bureau seeks best practices and technologies to enhance the Department's effectiveness, and is comprised of Logistics Division, Records Division, Staff Development Division and Budget/Finance Division.

- The Logistics Division is responsible for the ongoing, corrective and preventative maintenance of the police facilities, coordination of police fleet maintenance and the maintenance of departmental asset records. The Division includes Building Maintenance Unit, Fleet Services, Arrest Booking/Police Reserves, Police Supply and Reception.
- The Records Division utilizes a digital records management system to maintain all forms of internal documents received by the department to include those needed by the court system and the general public. The Division includes Records Unit, Teletype, Evidence Unit, Court Liaison, Communication/Technology Unit, which includes Body Worn Cameras, Real Time Crime Center and citywide Mobile/Video Technicians.
- The Staff Development Division is responsible for seeking the most qualified candidates for positions (sworn and civilian) throughout the Police Department, the maintenance of the system that documents those candidates as they continue through the hiring process and the subsequent hiring and training of those candidates. The Division includes Recruiting Unit, Backgrounds Investigations Unit, Training Unit and Photographic Lab.
- The Budget and Finance Division is responsible for the coordination of Police Department fiscal management, to include accounts receivable and payable and payroll and personnel. The Division includes Alarm Unit, TeleStaff, Forfeiture Coordination and Finance Unit.

FY 2018 Major Accomplishments

- Implemented the Body Worn Camera Pilot program with 35 initial users. Two companies were selected for the evaluation phase of the project, Motorola and Axon. Officers were trained with the devices from these companies, each having different systems. Then, other department members were trained in searching the two different systems to retrieve the videos for use as submissions in investigations and prosecutions. One of these two vendors will be selected in December 2018 and the Bureau will commence full implementation of the program.
- Purchased a new 180 degree Firearms Training Simulator: Simulator technology is a key component in the training officers in near real-life scenario-based decision making. Not merely a firearms simulator, this particular model is designed with imagery of multiple locations and multiple types of incidents, that branch into different outcomes based on the decisions of the officers. The training that will be accomplished through the use of the simulator includes de-escalation techniques, fair and impartial policing, response to resistance and report writing, and more.

Police Department

Support Services Bureau, continued

- The Department acquired the Parks and Recreation Administration building on Broward Boulevard. This building was retrofitted to accommodate the Police Training Unit staff and classrooms. The needs of the unit are served better from this ground level location that increases accessibility and concentrates regularly utilized specialty training rooms in closer proximity. This building includes rooms designed for Defensive Tactics, Tactical Weapon Simulations and the 180 degree Firearms Training Simulator. Each room facilitates scenario based hands-on training exercises that serve to enhance officers' judgement and decision making in a safe environment.
- Deployed New Public Safety Handhelds: One of the single most valuable tools for police officers is a public safety handheld radio. Due to the age of the radios and the planned replacement of the Broward County Regional Radio Communications system, the department had to replace all of its public safety handhelds. This replacement initiative required testing, verifying inventory, training and issuing of radios to approximately 600 department employees. The new radios will facilitate a seamless integration into Broward County's new system.

FY 2019 Major Projects and Initiatives

- Continued the multi-year initiative of successfully integrating the Real-Time Crime Center (RTCC) into special event and critical incident operational plans. An initial phase has been implemented in tandem with the citywide security camera system. The system is capable of displaying the security camera video, monitoring police radio channels, monitoring real-time incidents occurring throughout the City via the Computer Aided Dispatch (CAD) system and accessing criminal justice information systems. RTCC's are part of a growing national trend of Smart Policing technologies that assist officers in their decision making. The RTCC will evolve and expand into an everyday real-time resource for patrol officers by assigning full time staff and procuring advanced incident management software. This is a continuous multi-year initiative.
- The City is moving toward to the construction of a new police headquarters and is evaluating various funding options as well as finalizing a design. The new facility will house the department's many units in a modern design and layout that will also accommodate the rapidly growing technology needs of the agency.

Public Works Department

Administration/Strategic Support

Division Description

The Administration/Strategic Support Division provides financial, budgeting, payroll/personnel, grant management, and administrative support to the Public Works Department. The Citywide Neighbor Call Center is also part of this Division and provides customer service and Neighbor support, 24 hours a day, 365 days a year.

FY 2018 Major Accomplishments

- Worked with Budget, Finance, and the City Manager's Office to secure \$200 Million in water and wastewater bonds, allowing the City to move forward with numerous priority utility projects and proactively maintain its water and wastewater infrastructure.
- Personnel Training and Development: Facilitated development and the completion of over 7,000 hours of training and development activities through the implementation of Individual Development Plans.
- Quality and Best Practices: Continued to develop, update, and implement policies, procedures, and standards that focus on quality, best management practices, and measuring performance to identify areas for continuous improvement in transition to the updated ISO 9001:2015 standard.
- Acquired Cityworks Software that will provide the City with better and more accurate data on job costing and task scheduling related to meters, swales, and storm drain assets.
- The 24 Hour Neighbor Call Center answered 183,980 total calls, of which 94,716 were Public Works related. The Call Center collaborated with Engineering, Sustainability, and Utilities Divisions successfully close 92,939 Neighbor concerns in Q-Alert; the City's customer service request tracking system.
- Emergency Declaration Response following Hurricane Irma: The Strategic Support Finance Team processed Project Worksheets in excess of \$32 million to be submitted to the Federal Emergency Management Agency for reimbursement under the Robert T. Stafford Act.
- Utility Rate Studies: Initiated study to consider changes to water and wastewater rate structure, considering impacts of multi-resident buildings and capital expansion fees. Also, initiated study to consider changes to stormwater rate structure, considering a hybrid model using both impervious surface and trips methods. Both studies will be completed in FY 2019, ensuring sufficient revenue to meet projected needs of the utilities.

Public Works Department

Administration/Strategic Support, continued

FY 2019 Major Projects and Initiatives

- **Succession Planning:** Continue departmental phase II succession planning following completion of the Citywide Classification and Compensation Study, to include updating of position profiles and implementation of the comprehensive training and recruitment plan throughout each of the Public Works Divisions.
- **Public Works Facilities:** Secure funding to design and build facilities to house the Utilities Meter Repair Shop, Road Repair Crew, Stormwater Operations Section, and administrative support.
- **Quality and Best Practices:** Continue to develop, update, and implement policies, procedures and standards that focus on quality, best management practices, and measuring performance to identify ways for continuous improvement and ensure ISO 9001:2015 compliance.
- **Personnel Training and Development:** Continue mentoring and development focused on improving teamwork, accountability, and technical skills of the department using senior management training meetings, job-specific training, classes, and other means to provide an average of 3 hours of dedicated training time per quarter for each Community Builder.

Public Works Department

Engineering

Division Description

The Engineering Division provides engineering and project management services for the City's Community Investment Plan (CIP) and other departments within the City. The Division works to ensure that projects are in compliance with approved plans, specifications, applicable codes and standards as well as adhering to quality, schedule, and budget requirements. The primary aim of the Division is to realize sustainable CIP projects as efficiently as possible for future generations.

FY 2018 Major Accomplishments

- **Go Big, Go Fast:** Established a new initiative to focus City efforts on completion of priority water and wastewater projects. Under this program, successfully completed a \$15.5 Million project to rehabilitate 20,000 feet of 30-inch wastewater transmission force main in the Sailboat Bend, Tarpon River, and Cooley's Landing neighborhoods and a \$1.4 Million project to replace 2,000 feet of transmission force main along Las Olas Boulevard. Completed construction of new water mains in the Lake Estates neighborhood and a new wastewater lift station at Avocado Isle, while initiating construction of four other lift stations and rehabilitation of the 2nd Avenue Water Tower to improve capacity and reliability of the water and wastewater systems.
- **Consent Order Program:** Negotiated agreement with Florida Department of Environmental Protection (FDEP) for a nine year, \$117 Million program to improve resiliency and reliability of the wastewater system and reduce Sanitary Sewer Overflows (SSOs). Established a dedicated program delivery team to manage all consent order obligations and awarded a \$27 Million project management contract to administer numerous projects that will improve reliability of the wastewater system. Completed design and awarded contracts for construction of 19 existing CIP Projects within Phase I totaling over \$32 Million. The projects relate to the repair, upgrade, and replacement of wastewater collection system assets, as well as rehabilitation of the Central Beach Alliance D-40 Wastewater Basin.
- **Wastewater Infiltration and Inflow (I&I) Program:** Continued the multi-year rehabilitation plan of gravity mains, wastewater laterals, and manholes for pump station areas throughout the City and awarded more than \$12.8 Million in task orders for rehabilitation work.
- **Stormwater Program:** Completed four of the thirty-seven Phase I projects, resulting in 23 projects completed, six in design/construction, and eight projects programmed for future completion. Developed Stormwater Master Plan, involving data collection and modeling of the entire City, followed by design and permitting for the seven priority neighborhoods identified within Phase II. Conducted several neighborhood public outreach engagements as part of planning efforts to meet with Neighbors and collect historical information specific to their experiences within the communities.
- **Fire Station Bond Program:** Awarded contract and initiated construction of Fire Station 54, with completion scheduled for September 2018. Cleared site for Fire Station 8, completed design, and put out for bidding to allow for contract award in August 2018.

Public Works Department

Engineering, continued

- Sidewalk and Walkway Maintenance Program: Repaired or replaced over nine miles of the City's 425 total miles of sidewalks and walkways in accordance with the Sidewalk Master Plan, continuing the focus on Citywide risk reduction.
- Roadway Maintenance Programs: Completed over six miles of milling and resurfacing and over four miles of micro-surfacing on City roadways.
- Roadway Maintenance and Repair Program: Established the Road Maintenance Repair Team; received funding for necessary staff, vehicles, and equipment to allow personnel hiring in FY 2018.
- Bridge Program: Developed scope and task order for the design of West Lake Bridge, awarded a design contract and initiated the design of the NE 1st Street and South Ocean Drive Bridges.
- Completed Soccer and Lacrosse Complex at Mills Pond Park.
- South Side School: Completed renovation of South Side School.
- City Hall ADA Improvements: Completed construction of ADA improvements for City Hall to ensure greater accessibility to public meetings.

FY 2019 Major Projects and Initiatives

- Go Big, Go Fast: Continue to focus City efforts to complete priority water and wastewater projects. Complete construction of five priority wastewater lift stations in the Las Olas/Downtown area, Central Beach Alliance, and Imperial Point neighborhoods to increase capacity and system reliability. Complete rehabilitation of the 2nd Avenue Water Tower, while completing design, permitting, and contract award for a \$33 Million Reliability Upgrade project at the Fiveash Regional Water Treatment Plant.
- Consent Order: Continue to implement all requirements identified in Florida Department of Environmental Protection Consent Order 16-1487, to include mapping of existing assets, evaluating capacity of the collection system, and identifying assets with insufficient capacity to meet projected demand over the next 10 years. Initiate nine (9) new Consent Order projects totaling approximately \$20 Million. Install and train staff on the Asset Management Program and begin populating the program with City assets.
- Wastewater Infiltration and Inflow (I&I) Program: Continue the multi-year rehabilitation plan of gravity mains, wastewater laterals, and manholes for pump station areas throughout the City, with focus on execution of \$25 Million in work needed within six priority basins identified for rehabilitation work as part of the consent order.
- Fire Station Program: Complete construction of Fire Station 8 and complete design of Fire Station 13 to allow construction in FY 2020.

Public Works Department

Engineering, continued

- 40 Year Inspection Report: Complete the inspections and design/construct repairs identified as part of the 40 Year Inspection Report. This report comes from the 40 Year or Older Building Safety Program that calls for structural and electrical safety inspections for buildings 40 years or older and every ten years, thereafter.
- Sidewalk and Walkway Maintenance Program: Administer Citywide risk reduction through additional repairs of approximately eight miles of the City's 425 total miles of sidewalks and walkways per the Sidewalk Master Plan at an annual cost of \$1.9 Million.
- Bridge Program: Continue construction of the Coconut Isle Bridge and West Lake Bridge and initiate construction for the replacement of the South Ocean Drive Bridge.
- Roadway Maintenance Programs: Continue to micro-surface and mill and resurface roadways using available annual funds to continually improve quality of the City's roadways.

Public Works Department

Sustainability

Division Description

The Sustainability Division provides coordination of the City's internal and external sustainability initiatives and planning for a climate resilient community. The Division is organized into five sections to meet its mission: 1) Sustainability and Climate Resilience, 2) Environmental and Regulatory Affairs, 3) Solid Waste and Recycling, 4) Fleet Services, and 5) Stormwater Operations.

Internally, these sections work to promote a cultural shift toward sustainable decision-making into planning, the budget process, and procurement practices and to integrate consideration of current and future climate impacts into infrastructure master planning and community projects. The Division also serves as an internal business consultant to other departments to integrate sustainable practices and climate resiliency into daily operations. Community Builders in the Division are also leading the ISO 14001 Environmental and Sustainability Management System (ESMS) process to provide Citywide support on implementing ESMS throughout the organization.

Externally, these sections are moving sustainable initiatives into the community, providing education on sustainable activities, recycling and other forms of waste diversion, enhancing the tree canopy, improving the economic and environmental viability of the City, and addressing stormwater and tidal flooding issues to make Fort Lauderdale more resilient to the effects of climate change. In addition, Stormwater Operations maintains 171 miles of storm pipe; 2,324 manholes; 1,258 outfalls; 37 drainage wells; and 8,288 catch basins.

FY 2018 Major Accomplishments

- Energy Tracking: Improved tracking methods to include monthly reports and heat maps, allowing for improved tracking and prioritization of City facilities for retrofit based on energy consumption metrics.
- Tree Distribution Programs: Continued to expand tree programs, including quarterly tree giveaways and the Adopt-a-Tree program and resumption of the Save a Tree Plant a Tree program, distributing or planting over 3,800 trees in FY 2018.
- Green Team: Continued Green Team employee engagement by launching the Greening Our Meetings campaign and supporting the implementation of the City's Sustainable Purchasing Policy.
- Completed the City's first Energy Performance Contract implementing energy and water efficiency improvements at four City facilities that will provide annual savings in excess of \$178,000.
- Community Resilience to Tidal Flooding: Internal coordination and strategic enforcement of the seawall ordinance, including following the compliance of citations issued in February 2017 approaching their 365-day compliance deadline as well as citations issued during the King Tide in fall of 2018 for properties that fail to retain tidal waters on their property.

Public Works Department

Sustainability, continued

- Finalized remediation of the Re-pump Station A site.
- Stormwater Operations: Expanded the program to include street sweeping. This involved the re-assignment of three fulltime employees and three additional Fleet Vehicles to the crew.
- Fleet Procurement: Using a Master Blanket Purchase Order approach, purchased 331 vehicles in FY 2018.
- Fleet was awarded the 16th best fleet by the 100 Best Fleet in the Americas.
- Expansion of Solid Waste Collection: Expanded the residential recycling collections contract to include a pilot curbside electronics collection program.
- Sanitation Fund: Performed a Sanitation Rate Study to forecast revenue requirements and project expenses through FY 2022.
- Licensed Collectors of Commercial Solid Waste: Initiated a Franchise Fee study to audit revenues received by City-licensed private solid waste collectors.
- Hurricane Response: Successful clean-up and removal of nearly 500,000 cubic yards of Hurricane Irma storm debris.

FY 2019 Major Projects and Initiatives

- Florida Green Building Coalition's Green Local Government Designation: Obtain recertification as a Florida Green Building Coalition's Green Local Government, which documents and recognizes cities for outstanding environmental stewardship.
- Tree Canopy: Implementation of the Tree Canopy Strategic Plan to meet the Press Play urban tree canopy goal of 23.6% in 2018 and recover canopy losses due to Hurricane Irma.
- Protect Waterways: Implementation of the National Pollution Discharge Elimination System (NPDES) Permit, including developing an assessment plan to establish the source and amount of pollutants in waterbodies of concern.
- Remediation/Closure of Contaminated Sites: Implement remediation at the former Trash Transfer Station (1901 NW 6th Street) and execute a Declaration of Restrictive Covenants for Middle River Terrace Park (1329 NE 7th Avenue).
- Sustainability Action Plan (SAP): Finalize the 2019 SAP update, aligning the SAP with the City's Strategic Plan.
- Community Energy: Develop and advance community energy conservation and renewable energy through programs like Property Assessed Clean Energy Programs and ordinances such as the cool roof ordinance.
- Energy efficiency initiatives: Continue to advance efforts to achieve internal energy conservation goals including additional energy performance contracting projects; creation of an energy efficiency fund; and completion of the energy management plan to create a roadmap to meet the City's energy conservation goals.

Public Works Department

Sustainability, continued

- Urban Design and Construction Manual: Support development of the Urban Design and Construction Manual with internal City partners.
- Seawall Master Plan: Initiate the planning, design, and construction of \$8.8 Million in new seawalls to meet the challenges of sea level rise and reduce flooding impacts during extreme tide events.
- Stormwater Master Plan Phase II: Complete construction of the remaining Phase I projects, finalize design and permitting of Phase II projects, and coordinate funding strategy to allow construction of Phase II projects within seven priority basins to begin in FY 2019.
- Alternative Fuel Program Expansion: Determine the efficiency, performance, and accessibility requirements of propane as an alternative to traditional fuels that create a negative impact to the City's carbon footprint. Fleet to pursue installation of a propane bulk tank to be utilized to fill lawnmowers and forklifts.
- Automated Vehicle Locator (AVL): Fleet to install AVL units in 1,250 City vehicles including motorcycles, boats and other miscellaneous equipment. The AVL system will be used to track vehicle location, engine and other mechanical information and will provide notifications to include aggressive driving, excessive idling and engine service issues.
- Charging Stations: Review the need and locations of charging stations for City vehicle use and determine if public access is required.
- Fleet Area: Complete the upgrades to the Fleet area "Decommissioned Storage Lot", to include a vehicle wash area.

Public Works Department

Utilities

Division Description

The Utilities Division of Public Works is responsible for maintaining and supporting the City's water and wastewater infrastructure. The Division provides water to 176,000 Neighbors; 300,000 visitors; and six neighboring municipalities within the consecutive system. It also manages and operates a wastewater system that collects and treats an average of 40 million gallons per day (MGD) of wastewater at the George T. Lohmeyer (GTL) Wastewater Treatment facility. The Division is subdivided into two operational sections to effectively meet the City's strategic objectives and to provide essential water and wastewater services, including Distribution and Collections and Treatment.

FY 2018 Major Accomplishments

- Hurricane Response: Prepared for and responded to Hurricane Irma, successfully maintaining water and wastewater service throughout the storm and thereafter. Purchased two replacement portable emergency generators and placed in service, improving availability of emergency response equipment and ensuring inventory was current and ready to respond.
- Wastewater System Operations: Reorganized staff to perform sustained 24/7 operations, collectively working for months to mitigate and manage the impacts resulting from the 30-inch diameter force main replacement and Hurricane Irma. Their combined efforts successfully mitigated the number of sanitary wastewater overflows and stoppages, maintained all systems, and kept wastewater service operational to minimize impacts to customers and Neighbors.
- Comprehensive Utilities Strategic Master Plan: Completed the Master Plan which assessed all aspects of the water and wastewater utilities and established priorities for projects within the Community Investment Plan (CIP), allowing for the planning, design, and construction of those projects through FY 2037.
- Reorganization to add two additional maintenance chiefs, allowing the restructuring of larger work groups to provide more efficient and manageable operational services.
- Quality Control: The Environmental Laboratory successfully completed its annual audit of the National Environmental Laboratory Accreditation Certification (NELAC) and International Organization for Standardization (ISO) 17025 quality system and successfully transitioned the ESMS certification to the ISO 14001:2015 standard a year ahead of schedule.
- Piping and Storage Yard Inventory: Executed the purchase of large diameter wastewater piping inventory and storage yard equipment to reduce the response time and public impact of infrastructure failures at a cost of \$605,000.
- Amended Ordinances: Revised the Wastewater Use ordinance to update requirements for grease trap maintenance and clean outs, which will reduce the number of blockages leading to Sanitary Sewer Overflow (SSO) events in the City.

Public Works Department

Utilities, continued

- Facilities Repairs and Maintenance: Improved the reliability of the regional water and wastewater facilities and distribution/collection system through completion of several high priority projects:
 - George T. Lohmeyer Regional Wastewater Treatment Plant: Replaced the main air compressor in the Cryogenic Plant that produces high-purity oxygen, used as the main catalyst for biological wastewater treatment.
 - Fiveash Water Treatment Plant: Replaced all old Sysmac Programmable Logic Controllers (PLCs) on the high service pumps and Signaling Line Circuit (SLC) PLCs in the Lime Slakers with more modern models, introduced a redundant communication ring main, and replaced new panel-views to provide better monitoring of operations. Replaced 17 flowmeters with the newer ABB water master style meters and improved communication protocols between the plant and its sub systems. Painted the Fiveash Water Treatment main building and recovery basins. In addition, replaced a 4,160 volt cable and panel at the Fiveash Water Treatment. This effort added reliability and it was the first step to the ongoing work at improving the plant's electrical components.
 - Peele Dixie Water Treatment Plant: Replaced all 2,156 membrane elements at the Peele Dixie Water Treatment Plant. This project was done on time and on budget (\$1,235,000). This effort resulted in lowering the feed pressure from approximately 155 psi to approximately 100 psi which will result in a lower electrical consumption as well as lower chemicals used to clean the membranes.
 - Peele Dixie Painting: Repainted the high service pumps, distribution header pipe system, and all chemical feed lines at the Peele Dixie Water Treatment Plant.
 - SCADA System: Updated Supervisory Control and Data Acquisition (SCADA) to the latest version of the software, complete with new high definition resolution and grey scale graphics. Added extra workstations, including new large monitors, into the system at the Fiveash Water Treatment Plant.
 - Hydrant Maintenance Program: Developed and implemented a comprehensive Geographic Information System (GIS)-centric hydrant maintenance program, involving hiring of additional Serviceworker III employees and purchase of additional valve and hydrant maintenance vehicles to ensure hydrants function properly in the event of a fire and are in compliance with Insurance Services Office, American Water Works Association (AWWA), and the National Fire Protection Association (NFPA) requirements.
- Fiveash Reliability Upgrades project: Initiated redesign and permitting for the Fiveash Reliability Upgrades project to incorporate design alterations required by changes in the Florida Building Code. Design and permitting is to be complete by the second quarter of FY 2019 to allow project to be released for bidding.

Public Works Department

Utilities, continued

Potable Water Backflow Protection: Improved program through creation of dedicated structure, to include establishment of a new inspector position and revised procedures, to monitor and ensure compliance with Florida Department of Health (FDOH) backflow testing and certification requirements.

FY 2019 Major Projects and Initiatives

- **Go Big, Go Fast:** Continue to advance the City's "Go Big, Go Fast" infrastructure initiative to prioritize and accelerate water and wastewater Community Investment Projects while improving communications with Neighbors about infrastructure investments.
- **Effective Utility Management:** Continue implementation of the Effective Utility Management (EUM) model developed by the U.S. Environmental Protection Agency (EPA) to meet the current challenges of aging infrastructure and lay the foundation for an efficient, modern, and resilient utility.
- **Consent Order:** Continue implementation of all requirements identified in Florida Department of Environmental Protection Consent Order 16-1487, including mapping of the gravity sewer system, force main condition assessment and initiating development of Asset Management (AM) and Capacity, Maintenance, Operations, and Management (CMOM) programs for the wastewater system. Complete construction of Isle of Venice, Imperial Point, Downtown Area, and Harbor Beach wastewater pump stations to improve reliability and system capacity. Continue the multi-year rehabilitation plan of gravity mains, wastewater laterals, and manholes for pump station areas throughout the City to reduce Wastewater Infiltration and Inflow (I&I) with an increased focus on Consent Order related basins.
- **Asset Management:** Implement asset management software and programs for the wastewater, water, and stormwater utilities, providing long-range planning, life-cycle costing, proactive operations and maintenance, and capital replacement plans based on cost-benefit analysis.
- **Comprehensive Utilities Strategic Master Plan:** Initiate planning and design of high priority Master Plan projects funded for FY 2019, while ensuring the Master Plan and Consent Order efforts are aligned.
- **George T. Lohmeyer (GTL) Regional Wastewater Treatment Plant:** Initiate the design and replacement of the existing oxygen generating (cryogenic) plant at George T. Lohmeyer (GTL) Regional Wastewater Treatment Plant. Construction of this project is expected to be complete in FY 2021.
- **Fiveash Regional Water Treatment Plant:** Explore options and evaluate best practices and alternatives to improve the color of finished water. Award contract and initiate construction for Reliability Upgrade Project, include construction of new chlorine storage and dosing facility to replace the aged chlorine disinfection system, build a new emergency generator facility, renovate the primary control room, install weather hardening features and other components to ensure the safe and reliable operations of the plant. This \$33 million project is expected complete in 3 years.

Public Works Department

Utilities, continued

- Water and Wastewater Pipeyard: Continue expansion of on-hand inventory of pipe and materials to improve response to emergency wastewater infrastructure repairs, minimize time required for repairs, and reduce cost of wastewater pumping services and potential risk claims.
- Automatic Meter Reading/Advanced Metering Infrastructure (AMR/AMI): Modernize City water meters through the installation of meters that allow for remote readings and real time data collection to improve billing accuracy and increase revenues. The work is planned to be performed under the Energy Performance Contracting model where the project cost will be guaranteed to be less than the combined savings and increased revenues due to energy and water conservation and operational efficiency opportunities.

* This is a new measure. Data for previous periods is not available.

¹The FY 2019 target is maintained from the FY 2018 target as staff is awaiting study results measuring the impacts of Hurricane Irma on the tree canopy. General observations indicate substantial loss of canopy.

²The FY 2019 target is reduced from the FY 2018 target as tonnages for recycling have decreased based on the composition of materials being generated. (Less paper and glass means the volumes collected weigh less). Additionally, changes in the recycling market will impact recyclables processing.

³In order to increase comparability with methods used by other cities we are transitioning to calculation methods following the procedures developed by the International Council for Local Environmental Initiatives (ICLEI); there is generally a 1-2 year delay in the release of the data.

Sustainable Development Department

Administration

Division Description

The Administration Division is home to all of the internal support services for the Department, including financial administration, budget, human resources and organizational development, information technology, performance management, and facilities management.

FY 2018 Major Accomplishments

- Purchased and initiated project development for the new Land Management Software system Accela.
- Modernized lobby with improvements including signage and interior improvements of painting and carpeting to make it easier and more functional for neighbors to navigate the facility.
- Initiated a comprehensive recruitment strategy in collaboration with Human Resources Department, adding twenty-six (26) Community Builders to the organization to support the increased need for additional staff.
- Implemented Laserfiche Electronic Document Management System: Electronic storage of onsite records provide proper document protection and security in the event of a catastrophic event or error. This effort will also increase efficiency in the retrieval of documents, as they will be indexed and placed in a repository.
- In collaboration with the Fort Lauderdale Police Department, an increased security presence was added to the Greg Brewton Center. After identifying the need, a private security guard service was added to provide additional safety for both Neighbors and Community Builders.
- Replaced the (10) exterior doors to improve the safety of the facility as well as public service delivery to our Neighbors and Community Builders.

FY 2019 Major Projects and Initiatives

- Providing enhanced security for Department of Sustainability Department (DSD) property including the following: CCTV Surveillance Cameras, Video Management (VMS) Solution, Video Storage Solution, Emergency (Panic) Buttons, and Gate Security Technology.
- Continue DSD Lobby renovations including: increasing capacity for Neighbors and Community Builders including meeting space, accommodate technology initiatives currently underway, i.e. electronic plan review, and aesthetic improvements.
- Work with consultant to complete the installation and configuration of new Land Management and Electronic Plan Review Software Accela.
- To obtain additional ESRI ArcGIS Enterprise Licenses through ESRI Enterprise Agreement and hosted servers with devices in Microsoft Azure to host licenses. Information Technology Systems (ITS) is implementing two new business systems due to increased demands on the existing Geographic Information Systems (GIS).
- Recruit and train additional Call Center Staff support to the Department of Sustainability and Development Call Center. Additional support in the form of dedicated staff will assist with wait and call abandoned percentages department-wide.

Sustainable Development Department

Building Services

Division Description

The Building Services Division is responsible for all permitting efforts in the City. In this regard, Building Services provides records, issues permits, and performs building inspections. A major focus of the Division is to ensure that commercial and residential buildings and structures comply with the Florida Building Code (FBC) and all other applicable laws and ordinances.

FY 2018 Major Accomplishments

- Substantially completed a four-year initiative to recruit key technical and administrative staff members in the Building Services Division to address the increasing number of incoming permits and requested inspections throughout the City during its rapid growth cycle. By distributing the workload, the number of permits closed per month during past two years reflected an increase. The approved funding from FY 2018 for the 9 additional positions contributed to a 9.1% decrease in the number of days to issue permits year to date.
- Implemented the Permit by Affidavit (also known as Private Provider) program, allowing developers and neighbors to utilize the program as an alternative method for construction plan review and inspection.
- The City of Fort Lauderdale will continue to review the building fund rate structure and utilization to ensure that permit fees are aligned with the operating costs of the building services division.

FY 2019 Major Projects and Initiatives

- Work with consultant to complete the installation, configuration, and implementation of new Land Management and Electronic Plan Review Software Accela. Recruit a team of IT professionals to support the new software including two technology strategists, a technical support coordinator, and technical support analyst to provide critical support during implementation of the new land management software and provide day-to-day support during the life of the platform.
- Continue the implementation of E-Permit Hub in conjunction with Accela to increase the ability to track and manage projects with corresponding permits from multiple jurisdictions.
- Replacement of the Fleet Vehicles to include twenty (20) Ford Explorers will provide enough ground clearance to maneuver job sites safely and maintain the quality and quantity of inspections required.
- Implement the use of aerial drones with photographic and video graphic capability to assist in Rapid Damage Assessment capability after natural or man-made disaster events. Implementing aerial drones will aid in the determination of damage levels in areas where vehicle traffic may not be possible due to blocked roadways. Additionally, the drones will assist in photographic documentation of construction of complex structures in real time and assist in assessing Maintenance of Traffic (MOT) plans.
- Research options for water-based inspections to inspect sea walls, docks and mooring spaces on public and private parcels. Currently, inspectors must rely on water vessels from other Departments or Divisions sometimes outside the City to provide inspection capability. The lack of a dedicated vessel reduces the efficiency and ability to perform inspections on a timely basis, limits availability and flexibility in scheduling.
- Enter into an inter-local agreement with Broward County to aid with plan review and inspection services to accommodate a steady increase in workload that is a continuous upward trend. Construction and development have returned to a healthy pace not seen prior to 2012.

Sustainable Development Department

Community Enhancement and Compliance

Division Description

The Community Enhancement and Compliance Division's purpose is to assure voluntary compliance, through education, with zoning ordinances and other code sections that are related to private property usage and which address promoting health, safety, property preservation, and community enhancement. The Division protects the health, safety, and welfare of our neighbors by conducting a comprehensive code compliance program which fosters voluntary compliance efforts and prompts correction of violations. The Division provides quick response to remedy community concerns and oversees and administers quasi-judicial boards and hearings as mandated through state requirements in the enforcement of code violations.

FY 2018 Major Accomplishments

- Created a Special Projects team to handle the more complex and detailed issues such as seawall enforcement, maintenance of traffic (MOT), and Neighborhood action teams in collaboration with the Police Department.
- Created a Rapid Response team to address citywide issues such as derelict vehicles, graffiti, non-permitted signage, and monitoring corridors.
- Refinement of the Vacation Rental Team, responsible for addressing the registration and enforcement of the City's vacation rental ordinance.
- Attained more of the goals outlined in the Community Beautification Program working together with our neighbors to prevent blight in our neighborhoods and throughout the City. Neighborhood Enhancement Teams (NET) continued with the implementation of this proactive project.
- Improved vacation rental enforcement with the renewal of a contract with Host Compliance to continue with identification of all vacation rentals in the City. Host Compliance compiles evidence of vacation rentals via internet advertisements that can be used to investigate violations and bring them before the special magistrate.
- Streamlined the quasi-judicial hearing process between Community Enhancement and Compliance and Building Services by reassigning staff to collaborate for seamless hearing preparation.

Sustainable Development Department

Community Enhancement and Compliance, continued

FY 2019 Major Projects and Initiatives

- Create and adopt a landlord registration ordinance for long-term rentals, and implement a process for enforcement of the program. The Landlord Registration Program will ensure residential dwelling units that are not subject to state regulation meet the minimum standards for the health, safety, and welfare of all city residents. Registration will also ensure there is a responsible person that the City may contact and receive a timely response from for disturbance calls, to prevent and remedy nuisances, and to address minimum housing violations. The ordinance also outlines recourse when the responsible party is nonresponsive to the City's outreach.
- Initiate enforcement for transitional community residences by sending an inspection report providing 60 days for compliance of legal nonconforming community residences. The list will be provided to the Division the Florida Association of Recovery Residences (FARR).
- Continual review of vacation rental enforcement policies with City Commission, community and rental industry advocated addressing chronic violators due to complaints received regarding registered vacation rentals relating to noise, parking, and maximum occupancy. Strengthening enforcement of non-compliant vacation rentals will have a positive impact on the reduction of noise and parking complaints due to the improvement of staff's ability to identify transient occupants authorized to stay overnight versus guests.
- Amend the City's civil citation ordinance to strengthen enforcement for chronic violators.
- Streamline the process used for placing non-ad valorem assessments on the tax roll.
- Create a Nuisance Abatement Program that establishes a regular schedule for chronically overgrown properties (repeat offenders) cited by the City.

Sustainable Development Department

Economic and Community Investment

Division Description

The Economic and Community Investment Division (ECI) is responsible for economic development and community redevelopment activities throughout the City, except within the boundaries of the individual Community Redevelopment Areas (CRAs). Division responsibilities include fostering dynamic and vibrant commercial and residential environments, enhancing the capability and success of City businesses, and expanding economic opportunities in the community. The Division also oversees the Economic Development Advisory Board and functions as one point of contact for City businesses.

FY 2018 Major Accomplishments

- Secured seven Qualified Target Industry (QTI) projects slated to create 1,090 jobs with \$63.8 million in annual wages (\$58,560 average wage per job - 115% of countywide average), in collaboration with the Greater Fort Lauderdale Alliance.
- Developed the Economic Development Action Framework (EDAF), for ECI following the split from the CRA. The EDAF establishes a foundation for an emerging citywide economic development function.
- Assisted the Northwest-Progresso-Flagler Heights (NPF) CRA with the restructuring of a wide-ranging package of incentives eventually adopted by the CRA Board, resulting in a comprehensive plan.
- Led a team of Broward cities to develop a job creation incentive program for Broward County to replace the State Enterprise Zone program, which was terminated at the end of 2015.
 - ECI was the initial point of contact with Triangle Services, Inc. and influenced their relocation to Fort Lauderdale and into the North Progresso Flagler Heights (NPF) CRA, resulting in their acquisition of a building and capital investment of \$6.4 million and creation over 300 jobs over five years in addition to the QTI qualified jobs.
 - ECI was the initial point of contact with Hotwire Communications, Inc. and through the division's outreach influenced their choice to establish a presence into Fort Lauderdale, resulting in their acquisition of a building and capital investment of \$27 million. The QTI commits them to create 375 jobs over five years, a total of over 600 jobs actually created.
- Co-managed the Hospitality Zone Assessment project with oversight of the non-Beach CRA Entertainment Districts and citywide emerging nighttime economy areas to develop a strategic plan for the city to better manage the impacts of the nighttime economy (clubs, bars, restaurants, etc.) on their business districts and proximate residential buildings/neighborhoods.
- Developed the Fort Lauderdale Business Engagement Assistance and Mentorships (BEAMs) program to support businesses at all levels, from start-up to successful growth and expansion, inclusive of the following aspects: Business Engagement, Business Assistance Certification Programs, Business Mentorships, International Market Expansion, Presenting Partners, and Collaborative Partners.

Sustainable Development Department

Economic and Community Investment, continued

- Developed a comprehensive package of marketing materials and data to support the retention of City businesses and to attract businesses to the City. The package provides a range of information that focuses on the City of Fort Lauderdale and its position within Broward County and the Miami-Fort Lauderdale-West Palm Beach Metropolitan Statistical Area (MSA) as part of a marketing platform identifying the City of Fort Lauderdale as the premier business location in South Florida.
- Created an email marketing database for business and economic growth focused on City businesses. The 5,000 Fort Lauderdale companies in the database will be the launch pad used by ECI to notify City businesses of upcoming events, opportunities, and resources.
- Managed the City's contract with Greater Fort Lauderdale Sister Cities, Inc., hosting a visioning initiative for Sister Cities to improve their functionality, to increase their regional recognition/profile, and to improve the effectiveness of their role in citywide economic development.
- Participated in and exhibited the ECI Division at numerous trade shows and conferences, including Broward County Florida International Trade and Cultural Expo (FITCE), ICSC Florida Deal Making Conference (Orlando), Fort Lauderdale International Boat Show, Broward County SUP-X: The Start-Up Expo, and Broward County Capacity Building Conference.

FY 2019 Major Projects and Initiatives

- Implement recommendations from Joint City Commission and Economic Development Advisory Board Meeting from 10/09/17. These include:
 - Messaging and branding;
 - BEAMS program: expand the program to create pipelines for professional and business development with the assistance of ongoing mid-level oversight of economic activities to assure the high quality and performance of these programs,
 - Incubator/accelerator/pipeline/entrepreneurship programs, and how to do business with the City/business readiness training,
 - Increasing involvement with CRAs, and
 - Explore using existing City resources to create pipelines for economic development.
- Develop and cultivate an international business development outreach program consisting of the following efforts:
 - Participate and initiate opportunities for foreign trade missions with our local economic development partners
 - Host business development tours with current and prospective business development partners with a focus on stimulating trade opportunities between Fort Lauderdale/Broward and the target countries such as Japan, Mexico, Brazil, and Israel.

Sustainable Development Department

Urban Design and Planning

Division Description

The Urban Design and Planning Division encourages and coordinates orderly growth and promotes sustainability and livability through quality redevelopment. To accomplish this mission, the team relies on community input and sound planning principles that focus on community development, urban revitalization, long-range planning, and historic preservation. These efforts strive to implement the goals and objectives of the City's Vision Plan, Comprehensive Plan, and Unified Land Development Regulations (ULDR), as well as various master planning and community planning initiatives intended to improve the City's neighborhoods. The Urban Design & Planning services portal includes the review and processing of development applications, including zoning, landscape, and engineering permits, and the coordinated effort of presenting findings and recommendations before advisory boards, committees, and the City Commission.

FY 2018 Major Accomplishments

- Prepared the Uptown Urban Village Land Use Plan Amendment (LUPA) application and presented the LUPA to the City's Planning and Zoning Board.
- Amended the Unified Land Development Regulations (ULDR) address content neutrality for signs based on the Supreme County ruling in Reed vs. Town of Gilbert. The amendment intent was to also regulate on premise business signs and allow reasonable advertising area to business establishments. Staff also took the opportunity to allow out-parcel signs, subject to limitations, with one sign per street frontage for up to two street frontages, in addition to existing shopping center sign limitations as well as increasing the amount of temporary off-premise directional signs (commonly referred to as "open house" signs).
- City Commission adopted an ordinance amending the City of Fort Lauderdale, Unified Land Development Regulations (ULDR) to clarify residential uses through revisions and additions to existing definitions throughout the ULDR.
- Initiated and assisted the City Attorney's Office with the effort to adopt an ordinance to address transitional community residences, referred to as Community Residences for People with Disability.
- Conducted public meetings for the Uptown Urban Village Master Plan and coordinated with the consultant on a draft Master Plan document.
- Prepared Unified Flex Policy and Strategy document and associated map to align with BrowardNext effort and better guide future growth, while protecting residential neighborhoods.
- Reviewed affordable housing strategies and held joint workshops with the Affordable Housing Advisory Committee, Planning and Zoning Board, and City Commission.
- Participated in and assisted the Transportation and Mobility Department with the Federal Transit Administration grant for City's Transit Oriented Development project.
- Initiated draft updates to the Downtown Master Plan to coordinate streetscape design and align with Transportation and Mobility efforts.

Sustainable Development Department

Urban Design and Planning, continued

- Implemented the new Building Permit Tracker GIS web map application. This tool provides easy access, by either desktop or mobile device, to valuable building permit based information.
- Implementation of the new Development Project Viewer GIS web application. This online tool helps staff and neighbors visualize private development projects in the City and provide access to development data.
- Coordinated a stakeholder meeting with Transportation and Mobility (TAM) regarding short-term and long-term streetscape improvements based upon results from the Central Beach Master Plan workshop, the draft plan, and the National Endowment for the Arts (NEA) grant project “Botanizing North Beach Village” prepared in collaboration with the Florida Atlantic University School of Architecture.
- In FY 2018, the City and FAU received two awards from the Fort Lauderdale chapter of the American Institute of Architects (AIA). One was the Merit Award for Unbuilt Design for the NEA-funded Botanizing North Beach Village, and the other for NOAA-funded Salty Urbanism project.
- Completed the draft update Central Beach Architectural Resource Surveys with the assistance of the summer intern to conduct an in-the-field survey of over 200 structures utilizing the ArcGIS Survey 123 application and WebGIS. Results and recommendations will be coordinated on how it may align with ongoing Central Beach Master Plan efforts.
- Implemented an interactive WebGIS StoryMap for individually designated Historic Landmarks sites that is posted online and has been shared with interested neighbors.

FY 2019 Major Projects and Initiatives

- Continue the public participation process and hold public hearings with the Planning and Zoning Board and the City Commission on the update to the Advance Fort Lauderdale Comprehensive Plan.
- Develop new Mixed Use Transit Zoning district to coincide with the City’s Unified Flex Policy and Strategy. Mixed-used development is a type of urban development that blends residential, commercial, cultural, entertainment, and transit where those functions are physically and functionally integrated. Benefits include greater housing variety, reduced distances between destinations, better access to businesses, and increased walkability.
- Adopt Uptown Urban Village Master Plan and Form-Based Code. The overall intent is to establish a planning framework to guide future growth in the area by amending the current land use designations to a single land use designation that supports a mix of uses and multi-modal development.
- Expand Historic Preservation efforts; including surveying larger portions of the City and developing amendments to the Unified Land Development Regulations (ULDR) to address ongoing issues with the current process and requirements.
- Engage consulting firm to amend the goals, objectives, and policies of the City’s Comprehensive Plan I to meet both state and county requirements.

Sustainable Development Department

Urban Design and Planning, continued

- Calibrate the Fort Lauderdale zoning code into the Zonar software application. This application will provide zoning reviewers with helpful tools to explain existing and new zoning regulations and aid in review of plans, while giving planners the ability to easily create 3D visualizations and analysis tools when developing new zoning code scenarios.
- Review and update the ULDR with several amendments that include, but are not limited to, regulations for landscaping, medical marijuana, social service residential facilities, microbreweries, additional uses for airport zoning districts, and historic preservation.
- Continue to participate in and assist the Transportation and Mobility Department with the Federal Transit Administration for the City's Transit Oriented Development project.
- Continue to work with the Housing and Community Development Division, the Affordable Housing Advisory Committee and the City Commission on the adoption of enhanced affordable housing policies including but not limited to inclusionary zoning.

Transportation and Mobility Department

Transportation

Division Description

The Transportation division is charged with implementing the City's *Fast Forward Fort Lauderdale* vision of being a multimodal, connected community by 2035, where the single occupancy vehicle is not the only choice, and our Neighbors are able to walk, bike, and use transit to get to their many destinations. The division is responsible for traffic and multimodal level of service analysis, transportation planning and programming, major capital projects and program development and implementation, coordination with agency partners on roadway projects, maintenance of traffic (MOT), traffic calming practices, implementation of better ways to move vehicles and people, the community bus program, and coordination with area partners to create a more sustainable community.

FY 2018 Major Accomplishments

- Received a \$1.0 million Complete Streets and Local Initiatives Grant from the Broward Metropolitan Planning Organization (MPO) for a project on East Las Olas Blvd between Andrews Avenue and SE 11th Avenue to improve the American Disability Act (ADA) accommodations. This project is leveraging a previously programmed MPO mobility project to improve pedestrian and bicycle facilities in this same corridor for a total of \$2.5 million. The project has been enhanced with the creation of a P3 (Public/Private Partnership) to include widening sidewalks, removing the median, adding landscaping to the sidewalks, and providing a parallel bike route. The City also partnered with the City of Wilton Manors on a successful application to install bike facilities along NE 26th Street from Five Points to US1/Federal Highway.
- Applied for funding under the Metropolitan Planning Organization's Complete Streets and Other Localized Initiatives Program to complete priority projects from the Lake Ridge neighborhood (\$1.3 million for NE 15th Avenue), and the implementation of priority projects from the Tarpon River and Shady Banks Neighborhood Mobility Master Plans (\$1.3 million).
- Began the implementation process in various Neighborhood Mobility Master Plan programs that have been completed including:
 - The Twin Lakes North priority projects design was completed; Coral Ridge Country Club Estates, Tarpon River, and Shady Banks Neighborhood Mobility Master Plans priority projects began design.
 - Palm Aire Village West priority project of speed humps was completed.
- Completed the City of Fort Lauderdale Transit Master Plan, which recommends Sun Trolley route changes to optimize service and identifies options of sustainable funding sources for public transportation services including community bus service. Staff worked with Neighbors surrounding the Neighborhood Link and Northwest Community Link Sun Trolley routes to build consensus on a final revised route alignment for both routes.

Transportation and Mobility Department

Transportation, continued

- Continued to manage the SE 17th Street Mobility Master Plan Working Group which meets monthly to implement the recommendations of the Master Plan. This project includes recommendations for moving vehicles, pedestrians and bicyclists more efficiently and safety along SE 17th Street and US1 in the area of SE 17th Street. The Group includes Neighbors, property owners, developers, Broward County, Florida Department of Transportation, and various City Departments.
- Implemented the Las Olas Mobility Plan pilot improvements between the Himmarshee Canal and SE 15th Avenue and along SE 15th Avenue, as well as traffic management along neighborhood streets. The improvements along Las Olas Boulevard included the addition of a buffered, parking protected bike lane and bike box.
- Began community bus service to the newly opened Brightline Station in partnership with the Sun Trolley and Brightline.
- Received a \$5.3 million allocation of funding to purchase a new fleet of Sun Trolleys and upgrade Americans with Disabilities Act (ADA) improvements for permanent bus stops.
- Completed several Complete Streets Projects through leveraged partner funds and grant funding including:
 - NE 13th Street project added on-street parking, pedestrian lighting, stormwater improvements, crosswalks, wider sidewalks, landscaping, a traffic circle and bike lanes. The project was primarily funded through a Broward Redevelopment Grant of \$1 million, along with City stormwater funds and Business Community Investment Plan funds.
 - Old Dixie Highway project included the completion of the sidewalks, addition of crosswalks, stormwater improvements, pedestrian lighting, landscaping, traffic calming, traffic circle, and bike lanes. The project was funded by the Florida Department of Transportation, Metropolitan Planning Organization, and the Neighborhood Community Investment Plan.
 - SW 4th Avenue bike lane project included the addition of bike lanes from Perimeter Road to nearly Broward Boulevard. The Project was funded by the Broward Metropolitan Planning Organization Mobility Project.
 - SW 31st Avenue completion of bike lanes between Riverland Road and Commercial Boulevard. The project was funded by the Broward Metropolitan Planning Organization Mobility Project.
 - Various sidewalk projects to the north and south of Broward Boulevard connecting Neighbors to Broward Boulevard through funding provided by the Metropolitan Planning Organization.
- Implemented Vision Zero strategies that included education, evaluation, engineering, encouragement and enforcement.
 - Developed several educational campaigns to provide safety information including how to travel through a roundabout, bike lane safety, distracted driving awareness, train safety, bicycle safety and pedestrian safety.
 - Participated and organized several events to encourage multimodal travel, educate on traffic safety and engage the community.
 - Several partner events to share Vision Zero educational and safety materials including multiple Back Pack Events, Museum of Discovery and Science event, Metropolitan Planning Organization's Let's Move event, Imperial Pointe Fall Festival, Earth Day, National Night Out, Light Up Sistrunk, and various other neighborhood events.

Transportation and Mobility Department

Transportation, continued

- Collaborated with the Florida Department of Transportation (FDOT) Traffic Operations and Broward County Traffic Engineering on improving signal timing throughout the City and creating specialized traffic plans for large special events. This aimed to improve our Neighbor's satisfaction with traffic.
- Partnered with the private sector (Uber, Lyft, etc.) to gather data on current roadway conditions and implement innovative practices, such as designated ride share areas, to improve traffic during peak times and special events.
- Held the 7th Annual Transportation Summit that featured a variety of experts from across the country including Automated Vehicles, Smart Cities, and Seattle.
- Advanced the design and construction of projects in the Connecting the Blocks Program including the NW 15th Avenue, Broward Boulevard, Oakland Park Boulevard Mobility Projects, State Road A1A from Oakland Park Boulevard to Flamingo Avenue landscaping project, US 1 Transit Improvements Project, Bayview Drive Mobility Project, Cordova Road Mobility Project, NE 4th Avenue Mobility Project, and Las Olas Boulevard Project.
- Implemented neighborhood traffic management priorities to increase safety on neighborhood streets including a roundabout at Cordova Road and SE 12th Street, one-way conversion of SE 2nd Street east of SE 8th Avenue, refurbishment of NW 15th Avenue intersections of 4th Street and 5th Street, and NW 16th Street west of the Andrews Avenue curb extension.
- Assisted with the implementation of the "Envision Uptown" business leaders' vision for the economic development of the Uptown Fort Lauderdale area as recommended in the City-adopted Urban Land Institute's Uptown Technical Advisory Panel report, including land use regulatory updates, long-range planning, infrastructure for pedestrian and bicycle access and safety, transit-oriented development (TOD), and multi-modal transit connections to transform the area into a walkable and vibrant urban village.

FY 2019 Major Projects and Initiatives

- Continue to collaborate with FDOT Traffic Operations and Broward County Traffic Engineering on improving signal timing throughout the City and creating specialized traffic plans for large special events. This will aim to improve our Neighbor's satisfaction with traffic.
- Analyze traffic data to identify congestion points and improve vehicular mobility within those identified points.
- Review all Maintenance of Traffic plans for private events and developments.
- Advance the completion of the Beach Mobility Master Plan (FY 2015 CAAP). This plan will provide for a comprehensive evaluation of traffic and mobility conditions on the barrier island, allowing for the identification of issues and solutions. This is a multi-year project, which began in FY18 with data collection and will be completed in FY 2019.
- Continue to implement the SE 17th Street Mobility Master Plan (FY16 CAAP) through working with the SE 17th Street Working Group. The plan identified 10 Key Strategies to address the main concerns of the corridor. The Working Group is staffed by the Transportation and Mobility Department.

Transportation and Mobility Department

Transportation, continued

- Continue to manage the improvements requested through the Q-Alert system including the implementation of necessary traffic management, installation of new sidewalks, etc. These projects will be completed both by the City as well as by partners such as Broward County and the Florida Department of Transportation through the oversight of the Transportation Division staff.
- Continue to advance 16 programmed Community Investment Plan (CIP) projects that contribute to a fully-connected multimodal community by 2035 where Neighbors and visitors can move seamlessly and easily through a safe transportation system. These CIP Projects include Downtown Walkability, Downtown Wayfinding, FAT Village Corridor, Las Olas Safety Project, Central Beach Wayfinding, SE/SW 6th Street, Tunnel Plaza, Neighborhood Traffic Calming, Wave Utilities, East Las Olas Lighting, NE 1st Street at Andrews Avenue Pedestrian Crossing, NE 1st Street at NE 3rd Avenue Pedestrian Crossing, Las Olas Boulevard at SE 4th Avenue Pedestrian Crossing Enhancement, NE 3rd Street from US1 to NE 3rd Avenue mobility improvements, Las Olas Boulevard at SE 5th Avenue Pedestrian Crossing, and NW 15th Avenue Mobility Improvement Design.
- Advocate for the City's best interests for the Brightline Passenger Rail project and Tri-rail Coastal Link, and actively participate with partner agencies in the development of plans, designs, and studies for all roadways within the City (in progress).
- Continue to advance several grant projects to improve mobility and promote smart growth within the City including:
 - \$3.5 million Streetscape Mobility Hub Project
 - \$19.1 million Transportation Investment Generating Economic Recovery (TIGER) Grant from the U.S. Department of Transportation (USDOT) for a Regional Complete Streets Initiative project for bike and pedestrian improvements in the cities of Fort Lauderdale, Lauderdale Lakes, Oakland Park, and Pompano Beach.
 - \$5.3 million Federal Transit Administration (FTA) allocation for the purchase of new vehicles for the City's community bus program as well as American's with Disabilities Act (ADA) improvements to transit stops.
- Advance Vision Zero: Fort Lauderdale and implement a first Five Year Action Plan using the 5 E's: Engineering, Education, Enforcement, Encouragement, and Evaluation (in progress) to reduce pedestrian and bicyclist deaths.
 - Implementation of the Vision Zero Fort Lauderdale 5-Year Work Plan: Zeroing In 2022 through close coordination with the many Vision Zero partners.
 - Advance Safe Routes to School initiatives to implement safety and infrastructure improvements around schools in the City.
 - Implementation of a Neighborhood Slow Zone program with three neighborhoods on traffic management including education, enforcement, education and evaluation activities.
- Assist and support the "Envision Uptown" business leaders' vision for the economic development of the Uptown Fort Lauderdale area as recommended in the City-adopted Urban Land Institute's Uptown Technical Advisory Panel report, including land use regulatory updates, long-range planning, infrastructure for pedestrian and bicycle access and safety, Transit Oriented Development (TOD), and multi-modal transit connections to transform the area to a walkable and vibrant urban village (in progress).
- Continue to utilize the Transit Master Plan to develop updated routes and schedules that will better service Neighbor and visitor needs. Work includes extensive outreach, route development and funding identification.

Transportation and Mobility Department

Parking Services

Division Description

The Parking Services division is a self-sustaining enterprise fund that contributes to the City's general fund annually. The division manages, operates, and maintains over 10,990 parking spaces Citywide, including four garages, and 45 lots. Parking Services is dedicated to increasing sustainable parking initiatives at all of our facilities. The division strives for "greening" our facilities with emerging technologies using innovative practices and programs, such as Pay-by-Phone parking service designed to keep expenses stable and allow for a reallocation of resources, utilizing parking demand technologies to assist in reducing the environmental impacts of drivers searching for available parking spaces and improved customer experience, and a smartphone application linked with Global Positioning Systems (GPS) to assist drivers to locate nearby available spaces and inform them of the rates at those spaces. This technology, along with the License Plate Recognition (LPR) system, also provides for targeted enforcement for overall better efficiencies and increase in public safety as we continue to provide improved services.

FY 2018 Major Accomplishments

- Began the transition to a pay-by-plate parking program, resulting in lower set-up and maintenance costs, efficient enforcement, and convenience for the public through payment options such as cash, credit, and pay-by-phone options.
- Replaced all existing lighting fixtures in parking garages with new energy efficient lighting to promote a more sustainable and greener parking facility, requiring fewer funds to operate and maintain than current fixtures, as well as enhancing safety by illuminating garages. Due to these efforts, TAM was awarded as the winner for the Climate Action Leader 2018 award for Broward County.
- Developed a Residential Parking Permit Program (RPPD) in Colee Hammock and Beverly Heights to improve parking availability for the Neighbors who live in those two neighborhoods.

FY 2019 Major Projects and Initiatives

- Implement upgrades to the Riverwalk Center (formerly known as City Park Garage).
 - Relocate the Riverwalk Center entrance and exit points from 2nd Street to 2nd Avenue and 1st Avenue.
 - Improve the aesthetic features and functionality of the Riverwalk Center (Phase III) including a new archway façade to incorporate the district's community style.
 - Install new crosswalks at SE 2nd Street and SE 1st Street in order to connect the Riverwalk Center with the nearby businesses and corporate centers.
- Create wayfinding signage throughout Riverwalk Center (formerly known as City Park Garage) and the Performing Arts Center (PACA) garages for both vehicular and pedestrian traffic in order to circulate movement throughout the garages. This will complement the City's current wayfinding program to mirror the theme and style.

Transportation and Mobility Department

Parking Services, continued

- Implement a Parking Demand Management System, an innovative approach that efficiently manages the ability to meet parking needs by monitoring and collecting vehicle information regarding available parking.
- Brand City parking lots and garages to increase usage and public expectations while increasing revenue, without increasing inventory. Technology such as demand parking, smartphone applications, and informational signage will aid in the branding.
- Expand parking inventory in key locations to satisfy community needs:
 - Assist the Beach Community Redevelopment Area (Beach CRA) in the development of the new Las Olas Parking Garage, including approximately 663 spaces on five parking levels, and a tram transportation system to shuttle those who park in the garage to the beach.
 - Create two new parking lots along Sistrunk Boulevard in partnership with the Northwest Progresso-Flagler Heights CRA (NPF CRA), adding approximately 70 parking spaces while accommodating motorcycle and bicycle parking.
 - Develop additional parking on the beach through the construction of a new parking lot that will add approximately 150 spaces to the barrier island.
- Coordinate a Citywide Parking Study to assess existing parking conditions, parking space needs for new developments, best parking practices for an urban environment, utilization, and rates, as well as project future parking requirements. This study also includes motorcycle, scooter, and bicycle parking requirements.

Transportation and Mobility Department

Business Center

Division Description

The Business Center encompasses quality support services for the three operating divisions within the Transportation and Mobility Department: Fort Lauderdale Executive Airport (FXE), Transportation and Parking. The main functions within the Business Center include the development and coordination of the Department's budget, grants management and required reporting to grantors, processing accounts payable invoices from vendors, and accounting of revenue generated through parking permits, parking meters, special events and valet parking. The Business Center also contains the Parking Customer Service Center, which provides information at the request of Neighbors and visitors for questions pertaining to parking citations or other parking programs, and processes the payments for citations issued within the City. The Parking Customer Service team also works collaboratively with the Broward County Clerk's Office in order to give Neighbors the opportunity to appeal citations.

FY 2018 Major Accomplishments

- Championed the collection of over \$70,000 in outstanding parking citations from rental car companies, increasing revenue for the Parking enterprise fund.
- Transitioned our parking management system (T2 Flex) to a hosted environment which promoted greater security and service as well as the ability to perform new functions within the system such as virtual permitting and more detailed reporting.
- Created a new Las Olas Employee permit program that allowed for greater parking flexibility for employees who work on Las Olas Boulevard at an affordable price.

FY 2019 Major Projects and Initiatives

- Implement new modules in our Parking Management System (T2 Flex) that will include virtual parking permits and electronic invoicing to reduce the need for Neighbors to come into our office in person.
- Create a smart lobby that will allow Neighbors to apply for permits and pay for permits and citations.
- Assist in the implementation of new Citywide software systems such as Formulating Innovation Responsive Solutions Together (FIRST) and Accela.
- Select a vendor to create a new parking management system that will allow for dynamic pricing, notification of space availability and seamless parking payments.

Transportation and Mobility Department

Executive Airport

Division Description

Located approximately five miles north of downtown Fort Lauderdale, the Fort Lauderdale Executive Airport (FXE) serves a variety of general aviation activities. With its two intersecting runways, FXE can accommodate general aviation and business jet aircrafts. The Airport's four fixed base operators (FBOs) are ideal for serving local customers as well as those visiting the area. Additionally, the Airport has a 24-hour Air Traffic Control Tower, U.S. Customs and Border Protection facility, Airport Rescue and Fire Fighting (ARFF) facility, and is home to over 1,000 based aircraft. FXE also owns and operates the John Fuhrer Downtown Heliport (DT1), which is located in the City's Central Business District. In addition to its aviation operations, Fort Lauderdale Executive Airport features Foreign Trade Zone No. 241 and a 200-acre Industrial Airpark, which offers more than 1.5 million square feet of prime office, warehouse and manufacturing space.

FY 2018 Major Accomplishments

- Accepted various distinguished honors and awards including:
 - Associated Builders and Contractors Excellence in Construction Eagle Award - Institutional Less than \$10 Million – for the U.S. Customs and Border Protection Facility
 - U.S. Green Building Council South Florida Chapter Gala Verde Award – Most Outstanding LEED New Construction Public Project – for the U.S Customs and Border Protection Facility
 - American Association of Airport Executives (AAAE) – Airport Award of Training Excellence
- Completed the Taxiway Intersection Improvements project (\$1,388,944)
- Completed the Airfield Lighting project (\$1,417,330)
- Completed the FXE Swale and Traffic Calming project (\$94,825)
- Completed the South Perimeter Loop Road
- Federal Aviation Administration Grant (\$2,250,905) for Taxiway Foxtrot Pavement Rehabilitation Project
- Organized and participated in various events to promote FXE and give back to the community. These events and activities include:
 - Fly Pink Breast Cancer Awareness
 - Annual Fort Lauderdale Executive Airport Safety Exposition
 - STEMfest – Flying Classroom Expo
 - Banyan Air Service Aviation Career Day
 - Commission District 1 Careers in Aviation Open House Event
 - Broward County Public Schools Career Launch
 - Greater Fort Lauderdale Alliance Leadership Study Trip
 - FXE Achievement in Community Excellence (ACE) Awards
 - Exhibited at the 2017 NBAA Business Aviation Convention & Exhibition in Las Vegas, Nevada
 - Exhibited at the HAI HELI-EXPO 2018 in Las Vegas, Nevada

Transportation and Mobility Department

Executive Airport, continued

FY 2019 Major Projects and Initiatives

- Update the Airport Master Plan to determine the long-term development plans for FXE for a 20-year time period, considering economic development and the needs and demands of airport tenants, users, and Neighbors.
- Improve the Airfield Electrical Vault based on an evaluation report prepared by the Airport's General Aviation Consultant. The upgrade of the regulator/transformer equipment is to reduce the operating and maintenance costs for the airport and increase energy efficiency.
- Design and construct the Western Perimeter Loop Road Project, a perimeter loop road system within the secured fence area at the western end of the Airport. The Western Perimeter Road project is proposed in FXE's current Airport Layout Plan (ALP). The road enhances the safety of the Airport by eliminating unnecessary runway crossings by vehicles and equipment. This project is eligible for 80% grant funding through the Florida Department of Transportation.
- Rehabilitate Taxiway Foxtrot Pavement based on the 2007 Pavement Management Plan, including the design, milling, and resurfacing of the entire taxiway Foxtrot pavement area. This project is necessary to extend the useful pavement life and to prevent the pavement from structural failure. This project is eligible for 90% grant funding from the FAA and 5% grant funding from the Florida Department of Transportation.
- Renovate the Airport Administration Building to include new landscaping and irrigation, carpet, lights, tile, HVAC unit, and plumbing upgrades in order to obtain LEED certification and reduce energy consumption. Additionally, a new conference room/office space area will be constructed to provide for additional office space. This project is eligible for 80% grant funding through the Florida Department of Transportation.
- Expand the FXE Observation Area, which has seen an increase in visitors to the site resulting in vehicles parking along the swales. Additional parking, a landscaped picnic and viewing areas will be constructed to accommodate the increased vehicular traffic.
- Improve Taxiway Foxtrot Lighting, to include design and replacement of the existing quartz taxiway lights along the western portion of taxiway Foxtrot with new light emitting diode (LED) fixtures. This project will not only increase safety but also provide an investment to the airport infrastructure that will increase the satisfaction of our tenants and guests.
- Expand the Aviation Equipment and Service Facility. The existing facility was constructed in 2011. Since that time, FXE has purchased additional maintenance equipment that is currently stored on the apron ramp or offsite. Expansion will include additional ramp space, the construction of two additional bays, and the construction of a covered walk-way between the facility and the Administration Building.

* Data during this FY is not available for this measure.

¹ There is no target identified for this measure. Citations are monitored to project citations revenue and to identify potential education opportunities on parking procedures for our Neighbors.

Transportation and Mobility Department

Department Core Processes and Performance Metrics, continued

Department Core Process	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
Create and manage a network of safe and accessible transportation options	Average number of days to complete a Neighbor Request Resulting in an Infrastructure Project	400 ²	110 ³	90	100 ⁴	90
	Average number of days to complete a Neighbor Request Resulting in a Repair/Maintenance Project	242 ²	64 ³	45	56 ⁴	45
	Roadway Improvement Projects Completed through our Connecting the Blocks Program	8	15	20	21	20
	Number of multimodal improvements completed through the Development Review Process ⁵	100	103	60	143	60
	Neighbor Satisfaction with overall flow of traffic in our annual Neighbor Survey	26%	20%	20%	15%	20%
	Performance Measures	FY 2016 Actual	FY 2017 Actual	FY 2018 Target	FY 2018 Actual	FY 2019 Target
	Total Traffic Fatalities ⁶	32	25	27	22 ⁷	17

²This number reflects the average number of days taken to complete these service requests. There are 14 Q-Alerts currently open from FY 2016 - this number only includes Q-Alerts closed in FY 2016. Also, these numbers do not reflect the Q-Alerts closed for information that was provided, or if the location did not warrant the implementation of new traffic control devices.

³This number reflects the average number of days taken to complete these service requests. There are 104 Q-Alerts currently open from FY 2017 - this number only includes Q-Alerts closed in FY 2017. Also, these numbers do not reflect the Q-Alerts closed for information that was provided, or if the location did not warrant the implementation of new traffic control devices.

⁴Final data for this measure was not available prior to the completion of the budget narrative. Data is expected to be available the second week of December.

⁵The market driven nature of Development Review Committee (DRC) applications make target predictions for this measure difficult. The goal of the Transportation and Mobility Department is to work with each DRC applicant to implement some multimodal (vehicle, pedestrian, bicyclist, etc.) improvement in the area of their proposed project in order to mitigate any impacts.

⁶The yearly target for traffic fatalities is based on the Vision Zero goal of saving one more life each year. This target began in 2017 with the past 5 year (2012-2016) average of 28 fatalities (in alignment with Vision Zero network calculation methodology).

⁷This value is based on the number of fatalities in 2018 from January - February.

COMMUNITY INVESTMENT PLAN

FY 2019 – FY 2023 Community Investment Plan

INTRODUCTION AND OVERVIEW

Infrastructure, transportation, parks, streets, and buildings are the literal foundation of a community. The Community Investment Plan (CIP) has a unique and important responsibility to delineate what the community needs to build now and what it will need to build in years to come. This must be done in a strategic, careful, and impactful way to maximize economic development and improve quality of life in line with the approved City Commission’s vision and policy. This CIP incorporates the concept of “sustainable infrastructure” which involves connecting a commitment to sound asset management with an approach that prioritizes community needs within the context of a sustainable future.

The Community Investment Plan is a planning document that sets forth the City's capital improvements to ensure that municipal infrastructure and facilities are appropriate and adequate to serve the needs of the neighbors of Fort Lauderdale. The timeline for the CIP process is outlined below:

January-February	<ul style="list-style-type: none"> • Departments identify projects and determine cost estimates • City Manager appoints a Community Investment Plan Project Review Team • Community Investment Plan Project Review Team meets to discuss the process, schedule, and proposed criterion for the CIP process
February-March	<ul style="list-style-type: none"> • Budget and CIP Kickoff • Staff trained • Training materials and instructions distributed • Departments submit projects to be included in the CIP • Budget, CIP and Grants Division meets with departments to review CIP project applications
April-June	<ul style="list-style-type: none"> • Community Investment Plan Project Review Team evaluation, prioritization of projects and development of recommendations • Departments present their requests to the City Manager along with their operating budget requests • City Departments present their requests to the Budget Advisory Board • Committee recommendations to the City Manager • Proposed Community Investment Plan is drafted
July	<ul style="list-style-type: none"> • City Manager makes recommendations to the City Commission (Proposed Community Investment Plan) along with the proposed budget
September	<ul style="list-style-type: none"> • City Commission approval of the CIP and Budget
October	<ul style="list-style-type: none"> • Implementation of Approved Plan

The projects in the CIP provide the basic necessities, such as the municipal water works as well as amenities which make Fort Lauderdale a desirable community in which to live, work, and play. Ensuring conformity with the City's Comprehensive Plan and coordination of capital improvements with the development of the operating budget to maintain low taxes and fees are key objectives to the process. Projects considered in the CIP can be either capital improvements or capital maintenance projects.

Each proposed capital improvement project must meet the following criteria to be considered as part of the Community Investment Plan:

- Represent a physical improvement
- Have a value of \$50,000 or more
- Have a useful life in excess of 10 years; or if bond funded, have a useful life equal to or greater than the life of the bonds; or if grant funded with asset life qualifying factors, the capital project must have a life equal to or greater than the life requirements of the grant
- Be classified as a capital asset when placed into service

Each proposed Capital Maintenance project must meet the following criteria:

- Have a value of \$50,000 or more
- Be a project that replaces/repairs existing infrastructure, equipment or facilities (examples of capital maintenance projects include street resurfacing, roof replacements, and playground equipment replacement)

The City recognizes its on-going responsibility to maintain and improve capital facilities to meet the demands of a dynamic city. The Five-Year CIP is based on City Commission and Administration's recognition of the need to have a comprehensive and financially balanced plan. Pursuant to the City's long range planning objectives, each project is analyzed and prioritized according to the needs of the community, the project ranking, and the City's ability to implement the project using available resources. The adopted CIP must also take into consideration the financial parameters necessary to preserve the City's fiscal integrity and continued sustainability.

The methodology utilized to develop the Community Investment Plan stems from a needs assessment performed by City staff with input from various City Commission appointed advisory boards/committees. The needs assessment also includes the incorporation of various studies that have been performed by consultants with expertise in their respective discipline. Key assessments used to develop the FY 2019 – FY 2023 requests include:

- Walkability Plan
- Bridge Master Plan
- Sidewalk Assessment
- Wastewater Master Plan
- Stormwater Master Plan
- Facilities Condition Assessment
- Pavement Condition Assessment
- Police Headquarters Replacement Study
- Comprehensive Utility Strategic Master Plan

Each plan or assessment generates a list of projects that address physical and/or structural improvements and enhancements in various locations within the City. Project applications are then developed and submitted to the Budget/CIP & Grants Division. Each application involving a physical or structural improvement must include project cost estimate justification. Together, managers and directors develop the proposed CIP project applications with the goal of meeting and managing the City's community investment needs.

CIP Prioritization Criteria and Scoring Matrix

Prioritization criteria and a scoring matrix were developed for the Fiscal Year 2019 - 2023 CIP to rank projects for inclusion in the plan. There are ten criteria that were used by the Community Investment Plan Project Review Team to evaluate the proposed projects. Each CIP Project Review team member scored projects from

0 to 2 for each of the ten criteria and then a total score was calculated for the project, based on the criteria weight. This methodology promotes an informed decision making process to formulate a final set of recommendations for the proposed Community Investment Plan. The prioritization criteria are outlined below:

Basic Program Attributes

- **Meets federal, state or legal requirement** - *Whether there is a federal, state, local mandate, grant, court order, judgment, or other requirement that the project must be completed.*
- **Project feasibility** - *Whether there are obstacles to proceeding with the project (land acquisition, easements, approvals required, etc.).*
- **Costs and sources of funds** - *Whether the project would impact the City's operating costs, debt service level, and/or whether the project would yield revenue.*
- **Relevant performance measures** - *Is the impact of the project measurable? Will completing the project improve key performance measures or result in efficiencies?*
- **Project consistency with existing approved plans** - *Whether the project is directly consistent with a Commission approved plan, advances the Strategic Plan, the Commission Annual Action Plan (CAAP), and/or the 2035 Community Vision Plan.*

Impact on Strategic Goals/Cylinders of Excellence

- **Improves traffic, mobility, connectivity, pedestrian safety and cyclist safety** - *Whether the project would result in filling mobility gaps, supporting more effective interconnectivity, and ensuring increased and safe accessibility to activities, events and locations (bikeway path, commuter rail).*
- **Environmental benefits** - *Whether the project would address sea level rise, flooding, energy efficiency, water quality, water efficiency or other sustainability measures.*
- **Addresses aging infrastructure needs and maintenance of existing facilities** - *Whether the project helps to repair or replace the City's aging infrastructure (e.g. bridges, seawalls, roads) or provides for capital maintenance of existing City facilities (e.g. community centers, swimming pools, or sports complex).*
- **Promotes or accelerates sustainable economic development** - *Whether the project would directly result in capital investment, increased tax base, increased property values, or improved job opportunities.*
- **Improves neighbor safety** - *Whether the project reduces an immediate or future risk, addresses a public health and/or safety hazard, or addresses an urgent safety need.*

The Community Investment Plan Project Review Team met with each department, reviewed, and ranked all projects. Following the ranking, the team summarized the information and made recommendations to the City Manager. The City Manager then had the opportunity to review project applications to make a final determination about which projects would be recommended to the City Commission for funding. The project ranking will also serve to guide the City's applications for regional, State, Federal, or other grant funds throughout the upcoming fiscal year.

The CIP is a multi-year funding plan as follows:

- ✓ **Projects with unspent balances:** These are existing projects that are on-going. This unspent balance is re-appropriated and approved as part of the five year total.
- ✓ **Projects funded during the Fiscal Year 2019 Budget cycle:** These projects are recommended in the City Manager’s proposed budget and finalized in concert with the City Commission’s adopted budget.
- ✓ **Projects planned for Fiscal Years 2020 – 2023 have funding identified:** These projects will be updated on an annual basis and considered for funding in the respective year of the request. Funding will not be appropriated or available for these projects until the annual adoption of the CIP via City Commission action.
- ✓ **Projects beyond FY 2023 are listed as “beyond 5 year horizon” but still necessary:** These are projects that have been identified as a need, but funding is not currently identified. Projects may move out of this category as funding becomes available, or as the need becomes more critical.

Multi-year projects are identified in phases by year, from design through construction. Appropriations are made on an annual basis, but planning is accomplished on a multi-year basis. Projects may be designed before construction dollars are secured in order to have “shovel ready” projects as new funding is identified. The Community Investment Plan is developed annually and presented to the City Commission for adoption of the first year of the plan along with the City’s Operating Budget.

The FY 2019 – FY 2023 Community Investment Plan document contains the following major sections:

- ◆ **Introduction**
- ◆ **FY 2019 - FY 2023 Five Year Community Investment Plan by Funding Source**
- ◆ **Community Investment Applications by Funding Source**
- ◆ **Adaptation Action Areas**
- ◆ **Connecting the Blocks**
- ◆ **Glossary & Acronyms**

Project applications are not presented for existing projects with funding that are not in need of additional funding. However, they are listed in the FY 2019 – FY 2023 Five Year Community Investment Plan schedule. The Five-Year CIP is balanced based on existing and anticipated revenues, bonds and other financing mechanisms.

FY 2019 Community Investment Plan

IMPACT ON OPERATING BUDGET

Many capital improvement projects outlined in the Community Investment Plan have, or will have, corresponding impacts to the operating budget commensurate with the capital investment. Identifying the operating budget impacts is useful for decision-making because it provides a greater understanding of the financial obligations associated with the capital investment. New or expanded facilities may increase the annual costs needed to maintain the facility and desired level of service, which can contribute to the growth of annual operating budgets. Other new facilities, such as swimming pools, may generate offsetting revenues from program fees, which provide additional revenues to help support operating expenses related to the new facility.

Given the potential impact to future operating budgets, it is important to have reliable operating cost estimates for capital projects contained in the City's Community Investment Plan. These operating costs can then be programmed into the operating budget during the budget development process; ensuring funding is available when a project becomes operational. Operating cost estimates are developed during the CIP application development process and factor in variables such as project location, structural impacts, energy costs, staffing costs, maintenance, and/or future replacement. Each application includes a section where operating departments identify potential impacts to the operating budget. While these estimates are preliminary, the estimates still assist in the decision making process to ensure proper consideration is given to the full-cost of the project over the estimated lifespan. As a project moves from development to construction and then operation, these costs are reviewed to ensure future operating budgets include the necessary funding.

Overall, the estimated annual impact of all capital projects funded in the FY 2019 Community Investment Plan is a net cost of \$244,000 primarily due to the added operating expenses associated with annual licenses and staff expenses for the Utilities Asset Management System and electricity cost of \$86,000 for New Riverland Multipurpose Field Lighting.

FY 2019 – FY 2023 COMMUNITY INVESTMENT PLAN

FY 2019 Community Investment Plan

Project	Annual Operating Impact	Explanation
Community Development Block Grant Fund – 108 - \$86,000		
New Riverland Multipurpose Field Lighting	\$86,000	The project will add an annual cost for electricity estimated at approximately 5% increase per year.
General Fund – 331 (\$15,000)		
Police Marine Patrol Vessels	(\$15,000)	Savings will be realized in the reduction of maintenance required for new vessels.
Stormwater - Fund 470 - \$173,000		
Utilities Asset Management System	\$173,000	The project will add costs to cover software annual license fees and staff needs to manage and monitor the system.
Total	\$244,000	

The pages that follow provide a detailed listing of the specific projects that are included in Fiscal Year 2019 adopted Five Year Community Investment Plan by Funding Source.

IMPLEMENTATION

After the approval of the CIP by the City Commission at the September budget hearings, budgeted funds were placed into specific project accounts to allow projects to commence on October 1, 2018.

CITY OF FORT LAUDERDALE

APPENDIX

Integration of the Strategic Plan and the Budget

As much as big ideas are the inspiration of *Fast Forward Fort Lauderdale 2035*, the City Vision Plan, action is essential. The City of Fort Lauderdale is making great strides implementing an innovative, results-focused government culture. We use a robust ISO 9001:2015 certified Quality Management System to connect planning, budgeting, service provision, measuring, and improving.

Press Play Fort Lauderdale 2018, the City's five-year strategic plan, connects the dots between the community's long-term vision and its day-to-day operations. It is the main vehicle for accomplishing the goals set forth in *Fast Forward Fort Lauderdale 2035*. It is organized into six separate cylinders or categories: Infrastructure, Public Places, Neighborhood Enhancement, Business Development, Public Safety, and Internal Support. Each contains aspirational goals, and objectives, initiatives, and performance measures. These comprise the City's five-year plan to move the City closer to achieving the community's vision, as well as the City's mission: We Build Community.

The City's Strategic Plan will be updated in FY 2019, as the first five-year period under *Fast Forward Fort Lauderdale 2035* comes to a close.

In executing *Press Play Fort Lauderdale 2018*, Community Builders (our term for employees) also reference existing and new City plans that are critical to accomplishing our strategic goals. Partners for the Strategic Plan include: City departments, Advisory Boards and Committees, civic groups, philanthropies, and local, regional, and national agencies.

Teams focus on the Commission Annual Action Plan (CAAP), a one-year work plan with specific actions and objectives that reflect City Commission priorities in alignment with the Vision, the Strategic Plan, and the Annual Neighbor Survey. The CAAP is a product of collaboration and prioritization by the City Commission, the City Manager's Office, and departments. It highlights initiatives of significant importance to the City Commission for the upcoming fiscal year, ensuring that the organization is agile and prompt in its response to an ever-changing environment.

The Annual Operating Budget is our opportunity to prioritize City resources. Funding should be allocated in alignment with the Vision, Strategic Plan, and Commission Annual Action Plan. While we may not be able to fund all priorities in the upcoming fiscal year, we can make strategic investments in our future. Leveraging community partnerships and seizing grant opportunities will help stretch our dollars and maximize results. The budget process also integrates the strategic alignment of departments, with each identifying major initiatives and performance targets, helping decision makers allocate resources for specific service level results.

The five-year Community Investment Plan (CIP) includes ongoing and new projects, and those that require additional funding. The CIP also includes a plan for future projects based on expected revenues, bond issuances, and other financing mechanisms. Projects are carefully assessed and prioritized by objective criteria and weighting established by the City Commission to ensure the most pressing needs of the community are addressed, supporting both *Fast Forward Fort Lauderdale 2035* and *Press Play Fort Lauderdale 2018*.

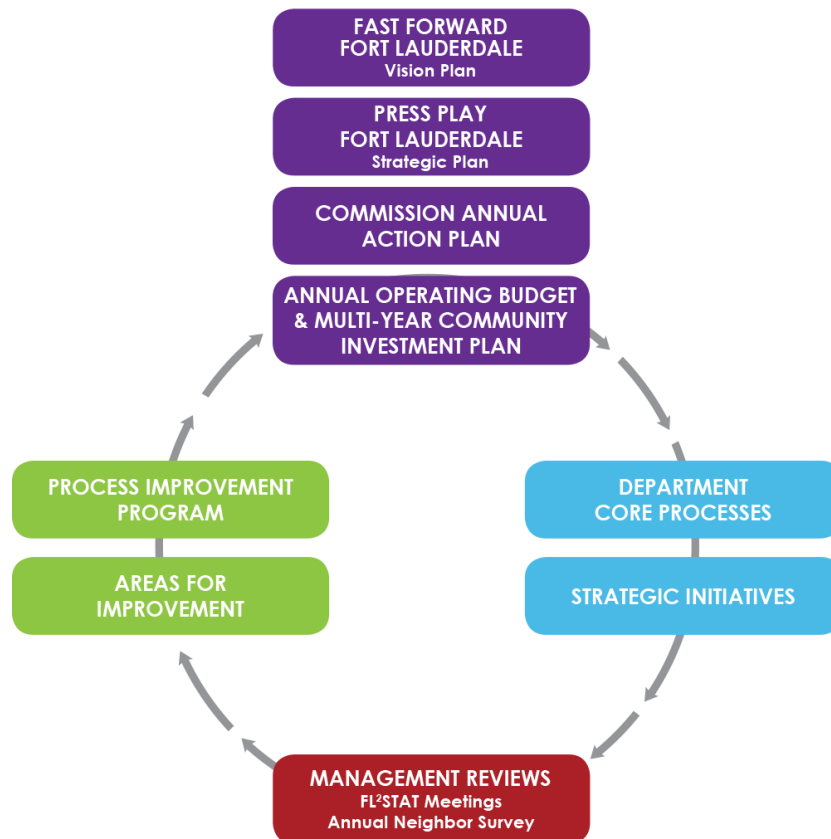

Integration of the Strategic Plan and the Budget

To implement our plans and ensure that the City is consistently providing value and quality services for our neighbors, the City utilizes our ISO 9001:2015 certified Quality Management System, FL²STAT, to review, measure, analyze, and improve results. A connected system of scorecards links the initiatives and performance measures defined in the Vision Plan, Strategic Plan, Commission Annual Action Plan, department budgets, and process improvements. These results are examined through regular meetings, referred to as management reviews. If challenges are identified, they are defined as Areas for Improvement (AFI). AFIs are tracked until resolution is achieved. Tools such as data analytics and the Process Improvement Program (PIP) are used to identify the root causes of the AFIs and implement the needed solutions. The PIP is based on Lean, a methodology focused on creating value for our

neighbors with fewer resources, and continually working to improve key processes to increase quality and satisfaction.

The Community Investment Plan and Grants Management are similarly addressed through a monthly CIP – FL²STAT meeting.

An annual Neighbor Survey provides information about perceptions ranging from City service delivery to quality of life. In addition, feedback is gathered throughout the year, through direct Community Builder interactions with neighbors. As we continue to administer the annual survey, results will alert us where to focus our attention and resources, while also validating targeted improvements. Benchmarking with other cities provides perspective to our performance results, survey results, and national trends.

Integration of the Strategic Plan and the Budget

Throughout the FY 2019 Adopted Budget, the reader will find references to the goals and objectives of the strategic plan. This cascading of the strategic plan demonstrates each department's commitment to achieving results that matter to our neighbors.

INFRASTRUCTURE

GOAL 1 Be a pedestrian friendly, multi-modal City.

- IN 1.1 Improve transportation options and reduce congestion by working with agency partners
- IN 1.2 Integrate transportation land use and planning to create a walkable and bikeable
- IN 1.3 Improve pedestrian, bicyclist and vehicular safety

GOAL 2 Be a sustainable and resilient community.

- IN 2.1 Proactively maintain our water, wastewater, road and bridge infrastructure
- IN 2.2 Reduce flooding and adapt to sea level rise
- IN 2.3 Improve climate change resiliency by incorporating local, regional and mega-regional plans
- IN 2.4 Reduce solid waste disposal and increase recycling
- IN 2.5 Improve air and water quality and our natural environment
- IN 2.6 Secure our community's water supply

PUBLIC PLACES

GOAL 3 Be a community that finds opportunities and leverages partnerships to create unique, inviting, and connected gathering places that highlight our beaches, waterways, urban areas, and parks.

- PP 3.1 Improve access to and enjoyment of our beach, Riverwalk, waterways, parks, and open spaces for everyone
- PP 3.2 Enhance the City's identity and appearance through well-maintained green space, parks, major corridors, gateways, and medians
- PP 3.3 Integrate arts and cultural elements into public places
- PP 3.4 Cultivate our urban forest
- PP 3.5 Work with partners to reduce homelessness by promoting independence and selfworth through advocacy, housing, and comprehensive services

GOAL 4 Be a healthy community with fun and stimulating recreational activities for our neighbors.

- PP 4.1 Offer a diverse range of youth, adult, and senior recreational programming
- PP 4.2 Celebrate our community through special events and sports

Integration of the Strategic Plan and the Budget

NEIGHBORHOOD ENHANCEMENT

GOAL 5 Be a community of strong, beautiful, and healthy neighborhoods.

- NE 5.1 Increase neighbor engagement and improve communication networks within and among neighborhoods
- NE 5.2 Enhance the beauty, aesthetics, and environmental quality of neighborhoods
- NE 5.3 Increase healthy living through locally grown and fresh foods

GOAL 6 Be an inclusive community made up of distinct, complementary and diverse neighborhoods.

- NE 6.1 Evolve and update the land development code to balance neighborhood quality, character, and livability through sustainable development
- NE 6.2 Ensure a range of housing options for current and future neighbors

BUSINESS DEVELOPMENT

GOAL 7 Be a well-positioned City within the global economic and tourism markets of the South Florida region, leveraging our airports, port, and rail connections.

- BD 7.1 Define, cultivate, and attract targeted and emerging industries
- BD 7.2 Facilitate a responsive and proactive business climate
- BD 7.3 Advance beach resiliency and renourishment
- BD 7.4 Deliver best-in-class regional general aviation airport amenities and services to domestic and international stakeholders

GOAL 8 Be known for educational excellence.

- BD 8.1 Create a call to action with our partners to elevate our focus on excellent Pre-K through 12th grade quality public and private education
- BD 8.2 Develop strategic alliances with business associations, colleges, and universities to connect skills development with jobs

Integration of the Strategic Plan and the Budget

PUBLIC SAFETY

GOAL 9 Be the safest urban coastal city in South Florida through preventative and responsive police and fire protection.

PS 9.1 Prevent and solve crime in all neighborhoods

PS 9.2 Provide quick and exceptional fire, medical, and emergency response

GOAL 10 Be a City well-prepared for and responsive to all hazards.

PS 10.1 Provide and effectively communicate comprehensive emergency management planning and disaster recovery

PS 10.2 Involve our neighbors with prevention efforts and emergency preparedness

INTERNAL SUPPORT

GOAL 11 Be a well-trained, innovative, and neighbor-centric workforce that builds community.

IS 11.1 Foster professional and rewarding careers

IS 11.2 Improve employee safety and wellness

IS 11.3 Continuously improve and innovate communication and service delivery

IS 11.4 Provide reliable and progressive technology infrastructure

GOAL 12 Be a leading government organization, managing our resources wisely and sustainably.

IS 12.1 Ensure sound fiscal management

IS 12.2 Achieve excellent procurement services through technological advancements, improved procedures, and outreach programs

IS 12.3 Provide safe, efficient, and well-maintained vehicles, equipment, and facilities and integrate sustainability into daily operation

CITY OF FORT LAUDERDALE

GLOSSARY OF TERMS

Glossary of Terms designed to assist the reader in understanding terms associated with public finance.

Accrual Basis - The basis of accounting under which transactions are recognized when they occur, regardless of when cash is actually received or spent

Ad Valorem Taxes - Property taxes calculated as a percentage of the value of real or personal property. The percentage is expressed in mills (thousands of dollars)

Amended Budget - A department's authorized budget as modified by City Commission action, through appropriation transfers from contingency, or transfers from or to another department or fund

Annexation - A process by which a city adds land to its jurisdiction. The city then extends its services, laws and voting privileges to meet the needs of residents living in the annexed area

Appropriation - The City Commission's legal authorization for the City to make expenditures and incur obligations

Arts and Science District Garage Fund- The Performing Arts Center and Authority is a 950 space parking garage located in the Arts & Science District of the City, with the City having full and exclusive responsibility for operations and maintenance of the garage

Assessed Value - The County Property Appraiser's estimation of the Fair Market Value of real estate or other property. This valuation is used to determine taxes levied upon the property

Audit - An examination of evidence, including records, facilities, inventories, systems, etc., to discover or verify desired information

Balanced Budget - According to Florida Statute, the amount available from taxation and other sources, including amounts carried over from prior fiscal years, must equal the total appropriations for expenditures and reserves

Benchmarking - Determining the quality of products, services and practices by measuring critical factors (e.g., how fast, how reliable a product or service is) and comparing the results to those of highly regarded competitors

Block Grant - Federal grant allocated according to pre-determined formulas and for use within a pre-approved broad functional area such as the Community Development Block Grant (CDBG). CDBG funding can be used as a funding source for qualified projects

Bond - Financial obligation for which the issuer promises to pay the bondholder (the purchaser or owner of the bond) a specified stream of future cash flows, including periodic interest payments and a principal repayment

Budget - A statement of the City's financial position for a specific period of time (fiscal year) based on estimates of expenditures during the period. Also, the amount of money available, required, or assigned for a particular purpose

GLOSSARY OF TERMS

Budget Calendar - A schedule of key dates which the City follows in the preparation, adoption and administration of the budget

Cash Flow - A projection of the cash receipts and disbursements anticipated during a given time period

Capital Outlays - Outlays for the acquisition of, or addition to, fixed assets which are durable in nature and cost at least \$5,000. Such outlays are charged as expenditures through an individual department's operating budget and do not include those provided for in the Capital Improvement Program (see capital projects)

Capital Projects Funds - Funds used to account for any program, project, or purchase with a useful life span of ten years and a cost of at least \$50,000. Specific appropriations for these funds are summarized in the Community Investment Plan

Cemetery Perpetual Care Fund - Fund established to account for the City's four cemeteries: Woodlawn, Evergreen, Sunset Memorial Gardens, and Lauderdale Memorial Park

Community Investment Plan - Annually prepared summary plan and list of capital improvement projects proposed during the next five fiscal years, such as street or park improvements, building construction, and various kinds of major facility maintenance

Debt Financing - Issuance of bonds and other debt instruments to finance municipal improvements and services

Debt Proceeds - Revenue derived from the sale of bonds

Debt Service Funds - Funds created to pay for the principal and interest of all bonds and other debt instruments according to a predetermined schedule

Deficit - The amount by which expenditures exceed revenues during a single accounting period

Depreciation - The decline in the value of assets as a result of wear and tear, age, or obsolescence

Development Review Committee (DRC) - The DRC is comprised of representatives from the Planning and Zoning, Economic Development, Fire-Rescue, Police, and Public Services departments. It facilitates the review of plans for private development to ensure quality, design, and compatibility with existing residential and commercial development

Direct Debt - Debt, which the City has incurred in its own name or assumed through the annexation of territory or consolidation with another governmental unit

Encumbrances - Commitments of funds for contracts and services to be performed. When encumbrances are recorded, available appropriations are reduced correspondingly

Enterprise Funds - Funds established to account for operations, which are financed and operated in a manner similar to private enterprises. The intent is that the expense of providing goods or services to the public on a continuing basis (including depreciation) be financed or recovered primarily through user fees

GLOSSARY OF TERMS

Estimated Revenues - Projections of funds to be received during the fiscal year

Expenditures - Cost of goods delivered or services provided, including operating expenses, capital outlays, and debt service

Fiscal Year - The 12-month period to which the annual budget applies. The City's fiscal year begins on October 1 and ends September 30

Fiduciary Funds - Funds used to account for assets held by the City in a trustee capacity for individuals, private organizations, other governmental units, and/or other funds

FL²STAT - Community-focused approach to strategic planning, performance management and process improvement for all City departments

Florida Power and Light - A private electrical utility company that provides significant franchise fees and utility tax revenue to the City

Foreign-Trade Zone - A Foreign-Trade Zone (FTZ) is an area that, for US Customs purposes, is considered to be an international commerce. Any foreign or domestic material can be moved into an FTZ without being subject to US Customs duties A FTZ is operated as a public venture sponsored by a local municipality or authority

Franchise Fees - Fees levied by the City in return for granting a privilege, which permits the continual use of public property, such as city streets, and usually involves the elements of monopoly and regulation

Full Time Equivalent - Refers to the number of full time employees, plus all part time and seasonal employees pro-rated to full time increments

Fund Balance - Fund equity for governmental and trust funds which reflect the accumulated excess of revenues and other financing sources over expenditures and other uses for general governmental functions

General Fund - Fund used to account for all financial resources except those required to be accounted for in another fund

Grants - Contributions of cash or other assets from another agency to be used or expended for a specified purpose, activity, or facility

Governmental Funds - Funds in which most governmental functions of the City are financed. Funds are fiscal and accounting entities with a self-balancing set of accounts recording cash and other financial resources along with all related liabilities and residual equities or balances and related changes

Homestead Exemption – State law allows Florida homeowners to claim up to a \$50,000 Homestead Exemption on their primary residence. The first \$25,000 of this exemption applies to all taxing authorities. The second \$25,000 excludes School Board taxes and applies to properties with assessed values greater than \$50,000.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks)

GLOSSARY OF TERMS

Intergovernmental Revenues - Funds received from federal, state, and other local governmental sources in the form of grants, shared revenues, and payments in lieu of taxes (PILOT)

Internal Service Funds - Funds established for the funding of goods or services provided by one department to other departments within the City on a cost-reimbursement basis. Examples are the Vehicle Rental, Central Services, and City Insurance funds

ISO 9001: 2008 - An International Organizational Standardization related to quality management system

Millage Rate - One mill equals \$100 of tax for each \$1,000 of property value. The millage rate is the total number of mills of tax assessed against the value

Modified Accrual Basis - The basis of accounting under which transactions are recognized when they become both measurable (i.e., an amount can be determined) and available (i.e., able to liquidate liabilities of the current period)

Ordinance - A formal legislative enactment by the City that carries the full force and effect of the law within corporate boundaries of the City unless in conflict with any higher form of law, such as state or federal

Overlapping Debt - The proportionate share of the debts of local governmental units located wholly or in part within the limits of the City (such as the County and School Board) which must be borne by property owners within the City

Payment in Lieu of Taxes (PILOT) - Payments made to compensate a local government for some or all of the tax revenue that it loses because of the nature of the ownership or use of a particular piece of real property

Performance Measures - Special qualitative and quantitative measures of work performed as an objective of a department

Proprietary Fund - Fund used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector, such as Enterprise and Internal Service funds

Resolution - A legislative act by the City with less legal formality than an ordinance

Revenue - Money collected by the City from various revenue sources in order to finance the cost of services provided to its neighbors

Rolled Back Rate - The millage necessary to raise the same amount of ad valorem tax revenue as the previous year, excluding taxes from new construction

Save Our Homes - State constitutional amendment that limits annual growth in homesteaded residential property value for tax purposes

Self-Supporting Debt - Bonds for which payment in full faith and credit of the City or specific general revenue is pledged. This debt is payable from property taxes and other general revenue.

GLOSSARY OF TERMS

Special Revenue Fund - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) requiring separate accounting because of the legal and/or regulatory provisions or administrative action

Strategic Plan - A document outlining long-term goals, critical issues and action plans which will increase the organization's effectiveness in attaining its mission, priorities, goals and objectives

Strategic Management System - A quality management process that connects planning, budgeting, measuring and improvement of the City's performance

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people

User Fee - Charges for specific services provided only to those paying such charges. Examples would be sewer service charges and dock fees

Utility Taxes - Municipal charges levied by the City on every purchase of a public service within its corporate limits, including electricity, gas, fuel oil, water, and telephone service

ABBREVIATIONS & ACRONYMS
