Neighbors are invited to attend and share your thoughts about the two proposed alternatives for the new Tunnel Top Plaza that will be constructed on the north side of Las Olas Boulevard at Henry Kinney Tunnel as part of an upcoming tunnel rehabilitation project.

The meeting will be an open house format and will include collecting input through voting and surveys to determine design and landscaping elements, programming ideas, shade structure shapes, and much more.

This is the only planned public meeting before the design is finalized. We hope to see you there!
