PROFESSIONALISM will be demonstrated as we provide adaptable and sustainable fire rescue services with well-trained personnel, properly equipped to respond to evolving community risks with and from safe and appropriate physical resources.

RESPONSIBILITY to our greatest asset, our human resources, will be supported by a well developed and executed health and wellness program along with employee development that will ensure all personnel are encouraged and mentored for success throughout their careers.

INTEGRITY will be evident in our improved internal communications practices and delivery of enhanced public education and outreach efforts.

DIVERSITY throughout Fire Rescue will ensure that we properly reflect and relate to the community served.

EMPATHY will be demonstrated in all interactions with our community, as we work to meet or exceed their expectations with the customer service they deserve. Individual and department excellence will be realized as we hold one another accountable for fulfilling our mission, living our values, accomplishing our goals, and ensuring this vision becomes reality.
