Scope of Work List For Minor Repairs

The purpose of this list is to assist both the property owner and the Building Services Division with identifying the level of damage and needed repairs related to the Flood Event that occurred on April 12, 2023. Temporary repairs to safeguard against further deterioration of the building have been authorized by the Governor’s Executive Order 23-65. Permanent repairs need to be completed through the Permitting and Inspection procedures of the City of Fort Lauderdale. Individual permits will be required for Electrical, Plumbing, Mechanical, Roofing, Kitchen/Bathroom and Window/Door replacement.
