The following inspection log is to be used for all inspections conducted by the design professional or licensed inspector for trade inspections in the category of Building, Mechanical, Electrical or Plumbing. **A separate form is required for each trade discipline.**

Inspection Category	Inspection Date	Results: (Approved, Disapproved, Partial)	Comment (If partial, identify specific area)

Complete the attest statement on the next page and submit to the Building Official or the appropriate Chief Inspector.

I _____ have read the procedures for inspections above, to be used during the Governor’s Executive Order 23-65, for repairs or replacement of building components, due to damage from the flooding event that occurred on April 12, 2023. Having performed the above required inspections, I hereby attest that to the best of my knowledge, belief and professional judgment, the components of the construction repairs/replacements are in compliance with the Florida Building Code as well as provisions of all applicable laws and technical codes. I also attest that these repairs/replacements were to restore the building to the existing, pre-flood condition.

I hold no financial interest in the construction or construction contracts related to this repair or replacement. I acknowledge that the Development Services Department will rely on the truth and accuracy of this statement. I hereby certify that I hold the appropriate license and certification to perform these inspections.
