ARTICLE 1 - GENERAL

The City of Fort Lauderdale, hereinafter referred to as the “City”, and Local #765 of the International Association of Firefighters, hereinafter referred to as the “Union” or “IAFF”, in order to increase general efficiency in the Fire-Rescue Department, to maintain the existing harmonious relationship between the Fire-Rescue Department and its employees, and to promote the morale, rights and well-being of the members of the Fire-Rescue Department in order that more efficient and progressive public service may be rendered, hereby agree as follows:

Public Employees: The Fire-Rescue Department and the individual members of the Union are to regard themselves as public employees and are to be governed by the highest ideals of honor and integrity in all their professional conduct in order that they may merit the respect and confidence of the general public.

ARTICLE 2 - RECOGNITION

Pursuant to and in accordance with all applicable provisions of Article 1, Section 6, of the Florida Constitution and pursuant to the guidelines as set forth in Chapter 447, Florida Statutes, the City recognizes the Union as the exclusive bargaining agent for those employees in the defined Bargaining Unit with respect to rates of pay, wages, hours, and terms and conditions of employment.

Bargaining Unit: For the purpose of this Agreement and the provisions herein contained, the Bargaining Unit shall consist of the following regularly classified personnel of the Fire-Rescue Department: Firefighters, Driver-Engineer, Fire Lieutenants, Fire Captains, Fire Inspector Trainee, I, II, and Fire Safety Lieutenant and Fire Safety Captain. Excluded from this Collective Bargaining Agreement and from this Bargaining Unit are: Fire Chief, Deputy Fire Chief, Assistant Fire Chief, Division Fire Manager (*Deputy Chief), Fire Marshal, Division Chief, Battalion Chief (*Division Chief), Fire Commander (*Battalion Chief), Administrative Assistant, Administrative Aide, all clericals, Telecommunicators, part-time, seasonal and temporary employees and all like classifications.

Whereas the City’s official job classification titles for non-bargaining unit sworn Fire Rescue Department personnel differ from the working titles used by other Broward County mutual aid fire departments, the parties agree to the following. The Collective Bargaining Agreement and Fire-Rescue Department Rules and Regulations, policies, procedures, etc. shall utilize the below working titles which match those used by other mutual aid departments:

<u>Official Job Title</u>	<u>Working Title</u>
Division Fire Manager	Deputy Chief*
	Assistant Chief
Battalion Chief	Division Chief*
Fire Commander	Battalion Chief*

The aforementioned Bargaining Unit has been appropriately certified by the Florida Public Employee Relations Commission (PERC) and it is therefore understood that no modification, addition or subtraction to said Bargaining Unit can occur until all procedural steps provided for

by statute and PERC Rules and Regulations have taken place including appearances before PERC and until such time as PERC acts to amend the definition of the Bargaining Unit.

*Represent working titles used by other Broward County mutual aid fire departments.

ARTICLE 3 - MANAGEMENT RIGHTS

Section 1 The Union agrees that the City has and will continue to retain, whether exercised or not, the right to operate and manage its affairs in all respects except as modified by other articles of this Agreement. The rights of the City, through its management officials, shall include but not be limited to the following:

- A. To determine the organization of City government.
- B. To determine the purpose of each of its constituent departments.
- C. To exercise control and discretion over the organization and efficiency of operations of the City.
- D. To set standards for service to be offered the public.
- E. To manage and direct the employees of the City including the right to establish, modify, reduce or otherwise change work schedules or workweek, assign work and overtime, and to establish, modify or change rules and regulations applicable to employees covered by this Agreement.
- F. To hire, examine, classify, promote, train, transfer, assign and schedule employees in positions with the City.
- G. To suspend, demote, discharge or take other disciplinary action and impose sanctions for cause involving deficiencies in performance, conduct, or both.
- H. To increase, reduce, change, modify or alter the composition of the work force, including the right to relieve employees from duties because of a lack of work or lack of funds.
- I. To determine the location, method, means and personnel by which operations are to be conducted, including the right to determine whether goods or services are to be made or purchased or to be contracted out or subcontracted.
- J. To determine the number of employees to be employed by the City.
- K. To establish, change or modify the number, types, and grades of positions or employees assigned to an organization, department or division thereof or project.
- L. To establish, change, or modify duties, tasks and responsibilities or requirements within job classifications in the interest of efficiency, economy, technological change or operating requirements consistent with Article 39, "Past Practices", Section 33 and Article 51, "Productive Work and Work Assignments".

Section 2 The City has the authority and obligation to determine the purpose and mission of the City and the amount of budget to be adopted by the City Commission.

Section 3 If, at the sole discretion of the City, it is determined that a civil emergency condition exists including but not limited to labor disputes, strikes, work stoppages, riots, civil disorders, hurricane conditions, or similar occurrences, the provisions of this Agreement may be suspended by the City Manager or designee during the time of the declared emergency, provided that wage rates, insurance, and pension benefits shall not be suspended.

ARTICLE 4 - UNION RIGHTS

Members of the Fire-Rescue Department shall have the right to join the Union, or not to join the Union, to engage in lawful concerted activities for the purpose of collective bargaining negotiations or other mutual aid for protection, to express or communicate to management any view, grievance, complaint or opinion, related to the conditions of compensation and terms of employment of public employees or their betterment, all free from restraint, coercion, discrimination or reprisal. Nothing shall abridge the right of any duly authorized representative of the Union to present views of the Union on issues which affect the welfare of its members, as long as it is clearly presented as the view of the Union and not necessarily the City.

There shall be no discrimination or intimidation against any employee because of the employee's membership or lack of membership in the Union or by virtue of the employee holding office or not holding office in the Union. Provisions of this Agreement shall be applied to all employees without discrimination.

ARTICLE 5 - UNION DEDUCTIONS

Upon the written authorization of an employee and approved by the Union President, the City agrees to deduct biweekly, from the wages of each employee the sum certified as Union deductions and on or about fifteen (15) days following a pay day deliver the sum to the Union Treasurer. If any employee does not have wages due to him/her, or the wages are not large enough to satisfy the deductions, no collection shall be made from the employee for that pay period.

An individual employee desiring deductions to be withheld from his/her wages shall sign a standard form along with the counter signature of the Union Treasurer indicating such desire.

Authorization to withhold deductions from an employee's wages may be revoked at the employee's will upon thirty (30) days written notice to the paymaster and Union Treasurer. Such fees will be authorized, levied and certified in accordance with the Constitution and By-Laws of the local Union. Each employee and the Union hereby authorize the City to rely upon and to honor certifications by the Union Treasurer of the local Union regarding the amounts to be deducted and the legality of the adopting action specifying such amounts of Union deductions.

The Union shall have no right or interest whatsoever except as otherwise provided in this Agreement in any money authorized withheld until such money is actually paid over to them. The City or any of its officers and employees except as otherwise provided in this Article shall be released from all liability to the employee and to the Union under such deductions.

ARTICLE 6 - UNION BUSINESS

Section 1 The President or designated representative(s) of the Union shall, five (5) working days prior to beginning negotiations give written notice to the Fire Chief or designated representative and the Human Resources Director of the five (5) employees designated to represent the Union in contract negotiations. Designated representatives shall be allowed time off during working hours without loss of pay to negotiate with the City.

Section 2 One (1) representative of the Union may investigate and process grievances during working hours at no loss in pay, and, should the grievance proceed to Step 3 or above in the grievance procedure, up to two (2) members shall be allowed time off without loss of pay for this purpose. The grievant shall be permitted to attend all proceedings at no loss of pay if the meetings occur on a duty day.

Section 3 Each employee shall be allowed to donate his/her annual leave, holiday, or other accrued time or leave toward a pool of time which may be drawn upon by Union representatives for the performance of Union functions; including but not limited to, attendance at conventions, seminars, symposiums, conferences and meetings.

A representative of the Union desiring to attend such meetings on official Union business shall submit his/her notice to the employee's Division Chief (Fire Marshal for Fire Prevention) at least one (1) shift day before the requested time off. Further, with approval of the Fire Chief or designee, the above mentioned one day requirement may be waived.

Section 4 Donations of time shall be authorized, on an appropriate form, by the employee so donating, one (1) copy of which shall go to the Fire-Rescue Department, and one (1) copy to the Union. All time donated shall be reduced to and converted to a dollar amount equivalent to the base salary of those members so donating. Time drawn against the time pool shall be with the approval of the Union President or designated representative. A record of all time donated and drawn against the above-mentioned pool of time shall be accurately kept by the Fire-Rescue Department and the Union. If there is no "in rank" replacement, leave request may be denied; however, employees shall be permitted to utilize their personal vacation time for such leave. With the exception of one (1) three (3) hour meeting every three (3) months, if there is no qualified replacement on the day shift the leave request may be denied. However, employees shall be permitted to utilize their personal vacation time for such leave. Management, at its discretion, may choose not to replace the employee if no qualified replacement exists.

When time is drawn against the pool of time, the position of the Union Representative(s) utilizing said time shall be filled by another employee of the identical rank who shall be compensated on a straight time basis for the time worked, which shall be deducted from the accumulative dollar value of the time pool.

Section 5 An accurate list of those employees donating to the time pool shall be kept by the Union and the Fire-Rescue Department. Said work shall be scheduled on a rank for rank seniority basis of those so donating to the time pool.

Section 6 Employees using Union Time Pool will conduct themselves according to the principles and standards of Florida Statutes 447 and agree that they will not exhibit conduct that could cause embarrassment to the City.

Section 7 The City agrees that when an employee of the designated Bargaining unit is appointed to an advisory committee of the Florida State Fire College or the Florida Fire Fighters Standards Council, said employee shall be afforded time during working hours without loss of pay to attend scheduled meetings which shall be verified by the committee chairman and, in addition, any other State agency appointment which shall be subject to the approval of the City.

ARTICLE 7 - GRIEVANCE PROCEDURE

Section 1 A grievance is defined as a dispute between the City and one (1) or more of its employees or the Union concerning the interpretation or application of or compliance with this Agreement, including disputes regarding discipline.

Section 2 Should a grievance arise, there shall be an earnest effort on behalf of the parties to settle such grievance promptly. Grievances involving discipline shall follow the procedures established in Article 45 of this Agreement. All other grievances shall be processed in accordance with the following procedure.

Step 1 The aggrieved employee may discuss the grievance with his/her Battalion Chief, or Division Chief if the employee does not report to a Battalion Chief, within ten (10) working days (exclusive of Saturday, Sunday, or holidays) of the date of the occurrence which has caused the grievance or within ten (10) working days from when the grievant became aware or by use of reasonable diligence should have become aware of the cause for the grievance. Such discussion may be had in person or through electronic mail. The Battalion Chief/Division Chief may seek the assistance of any other individual who may be qualified to offer assistance or information which will aid the supervisor to reach a decision. The Battalion Chief/Division Chief shall attempt to adjust the matter and shall respond to the employee within ten (10) working days.

Step 2 If the grievance has not been satisfactorily resolved at Step 1, the aggrieved employee, shall reduce the grievance to writing on the standard form and present such written grievance to his/her Division Chief or Assistant Chief/Deputy Chief if the employee's first step is the Division Chief not later than ten (10) working days from the time the supervisor's response was due in Step 1. When a grievance is reduced to writing it shall include: a complete statement of the grievance and the facts upon which it is based, the section(s) of this Agreement claimed to have been violated and the remedy or correction requested. The Division Chief/Assistant Chief/Deputy Chief may meet with the employee, the Union representative, or both and shall respond to the employee in writing within ten (10) working days from the receipt of the written grievance.

Step 3 If the grievance has not been satisfactorily resolved in Step 2, the aggrieved employee, the Union, or both, may within ten (10) working days following

receipt of the Division Chief's or Assistant/Deputy Chief's decision submit the written grievance to the Fire Chief or designee. The Fire Chief or designee shall conduct a meeting with the Union within ten (10) working days of receipt of the grievance and shall reply to the Union, in writing, within ten (10) working days following the close of the meeting.

Step 4 If the grievance is not resolved to the satisfaction of the Union at Step 3, the Fire Chief or designee's decision may be appealed to the Human Resources Director or designee not later than ten (10) working days after receipt of the Step 3 decision. The Human Resources Director or designee shall meet with the Union within ten (10) working days following receipt of the grievance and shall reply, in writing, within ten (10) working days following the close of the meeting.

In the event the grievance involves more than one (1) employee, the names of all aggrieved employees shall be provided in writing to the City no later than the date the grievance is submitted at this step. Any resolution of the grievance shall be limited to those employees named at the Step 3 meeting.

Section 3

- A. The City and the Union hereby agree that this procedure and the arbitration procedure set forth in Article 48, "Arbitration", shall be the sole and exclusive method for interpreting and enforcing this Agreement.
- B. For the limited purpose of this Article, a working day shall be from 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed by the City.
- C. The time limits set forth in this Article are to be strictly adhered to but may be lengthened or shortened by mutual agreement in writing.
- D. Representatives of the City and the Union shall acknowledge receipt of grievances by signing and dating the form when presented or received.
- E. Any grievance not advanced by the employee(s) to the next higher step within the time limits provided shall be considered settled on the basis of the answer most recently given. If the City does not answer a grievance within the time limits provided, the employees may elect to treat the grievance as denied at that step and immediately advance the grievance to the next step.
- F. No action or matter shall be considered the subject of a grievance unless a written complaint is made within ten (10) working days of its occurrence or within ten (10) working days from the time the aggrieved employee(s) became aware or by use of reasonable diligence should have become aware of the cause for complaint.
- G. Consistent with operational needs, a Union Steward shall be permitted to confer with the appropriate supervisor under the circumstances defined in Steps 1 and 2 above without loss of pay provided that the City may discontinue payment for such time in case of abuse by the Union Steward. A Union Steward shall report to the immediate supervisor when stopping work to process a grievance as requested by an employee(s) and shall

be allowed to stop work in order to process a grievance as long as this is consistent with operational needs. The Union Steward shall report back to the supervisor, when ready to resume work. If a grievance involves more than one (1) employee, such employees shall designate not more than two (2) employees to represent the group and, with the steward, shall be permitted to confer with the appropriate supervisor in Steps 1 and 2 as provided above. An aggrieved employee(s) will be permitted to confer with representatives of City management as provided in the grievance procedure without loss of pay provided that the City may discontinue payment for such time if this privilege is abused.

- H. In the event that the grievance involves a group of employees who do not have the same immediate supervisor, the grievance shall first be presented at Step 2 of this procedure. The subsequent steps of the grievance procedure as outlined in this Article shall then apply.
- I. In the event that the grievance involves a group of employees who do not have the same Division Chief or Deputy Chief, the procedure shall start with Step 3.
- J. In accordance with State law, the Union shall not be obligated to process a grievance of a non-member. If they choose to elect this option, the Union will notify the City at the time the grievance is filed at the second step of the grievance process.
- K. The Union shall have the right to file grievances in the third step of the grievance procedure in any non-disciplinary matter involving the interpretation or application of this Agreement, provided however, that this right shall be strictly limited to those matters where the Union can factually demonstrate:
 - 1. that the matter is covered by a provision of the Agreement; and
 - 2. that the matter involves the interpretation or application of that provision; and
 - 3. the grievance does not seek to add to or subtract from any provision of the Agreement; and
 - 4. the subject matter of the grievance is general in nature, having application to a majority of the members of the Unit.

Section 4 If the grievance has not been satisfactorily resolved under this procedure, the City or the Union may proceed to arbitration as set forth in Article 48, "Arbitration".

ARTICLE 8 - TRAINING STANDARDS

The City agrees that no employee hired as a firefighter will be allowed to staff firefighting apparatus (other than in a training capacity) until such employee has successfully completed the minimum standard training as prescribed by State Statute. In addition to the above, every effort will be made to provide additional training, before the employee is assigned to Operations duty in such subjects as hazardous materials, highrise firefighting, shipboard firefighting, aircraft firefighting, Emergency Medical Services, and diversity/sensitivity training.

Recognizing the need for additional training, the City agrees that every effort will be made to provide additional training. This training shall be prescribed by the Fire Chief, or designee, to meet training requirements deemed appropriate to expand knowledge, certain firefighting techniques, or both.

The City agrees to discuss with the Union after reasonable notice and at mutually agreeable times the need for additional training.

ARTICLE 9 - SENIORITY

Section 1 City Seniority: Each employee will have seniority standing in the City equal to the employee's total length of service with the City of Fort Lauderdale from most recent date of employment with the City.

City Seniority shall be used for the purposes of computing amount of vacation benefits, longevity pay, service awards, and other matters based on length of service with the City.

Section 2 Departmental Seniority: Each employee will have seniority standing in the Fire-Rescue Department equal to the employee's total length of service with the City of Fort Lauderdale Fire Department from most recent date of employment with the Fire-Rescue Department.

Departmental Seniority shall be used in all cases involving reduction of personnel due to layoff and recall from layoff as provided below, demotion, or other legitimate causes.

In the event of a layoff, temporary, provisional and probationary employees shall be laid off in that order and before any permanent employee is laid off. Should the City deem it necessary to place full-time employees on a part-time status, to layoff regular employees, or both such adjustments shall be as follows:

1. Budgetary vacancies shall first be eliminated.
2. Regular employees shall be laid off in reverse order of the total of Departmental Seniority provided the employee has the physical and mental ability to perform the work available.

Section 3 Classification Seniority: Each employee will have seniority standing in the classification in which the employee holds a permanent appointment equal to the employee's length of service in said classification from the most recent date of employment in the classification.

If multiple promotions are made on the same date from a promotional register, the order of the final ranking will be used to determine classification seniority. If there is a tie in ranking, the date the employee's application was received and time stamped by the Human Resources Department will be used as the deciding factor.

Classification Seniority shall be used in all determinations of vacation preferences, overtime replacement lists, and “Kelly Days” as provided for in Article 12 and station and apparatus preference as provided in Article 58 of this Agreement.

Section 4 Accrual of Seniority Benefits: Accrual of sick leave, vacation, longevity or any other benefit based upon length of service shall be determined by provisions contained in this Agreement. When such amendments are applicable to the Bargaining Unit, they shall be made by mutual consent. When a member returns to duty from disability, the employee shall maintain his/her position on the seniority roster.

Section 5 Probation: A new employee shall be on probation for a period of twelve (12) months, during which time the City will have the right to discipline, dismiss or retain the employee at its sole and wholly non-arbitrable discretion. During the probationary period, the employee shall not accrue any seniority rights; however, upon the expiration of the probationary period, the employee shall be deemed a regular employee and his/her seniority shall date back to the employee’s most recent date of hire.

Promoted employees shall be considered on probation for a period of six (6) months, during which time the City will have the right to retain the employee in the designated class or demote the employee to the classification previously held.

A probationary period may be extended upon mutual agreement by the parties.

Section 6 Loss of Seniority: An employee’s seniority and employment shall terminate when an employee:

Section 6.1 Voluntarily resigns.

Section 6.2 Retires.

Section 6.3 Has not worked for the City two (2) years after layoff.

Section 6.4 In the event of recall to work, failure to report for work within fourteen (14) calendar days of the date of receipt of certified recall letter or failure to notify the City of the intent to return to work within five (5) calendar days of the date of receipt of said recall letter.

Section 6.5 Has not worked for the City for a period of two (2) years or upon being granted disability benefits by the Police and Fire Pension Board, whichever comes sooner. At the discretion of the Fire Chief, the employee may be granted an extension until the disability is accepted or denied by the Police and Fire Pension Board, if the employee’s disability was placed on the agenda for the Police and Fire Pension Board 90-days before the 2-year limit. Such discretion shall not be exercised unreasonably.

Section 6.6 Failure to return from an authorized leave of absence within three (3) calendar days. However, nothing contained herein restricts lesser disciplinary actions.

Section 6.7 Is discharged.

The recall of employees in a layoff status shall be in the reverse order of the layoff with the last employee laid-off being the first rehired provided that such employee has the physical and mental ability to perform the work available. Recall notices shall be sent by registered mail, return receipt requested, to the last known address of the employee to be recalled. It is the sole responsibility of the employee on lay-off to keep the Department advised of his/her current address.

Section 7 Bumping: In the event of a reduction in force causing the elimination of a promotional position, the least senior person in that promotional position shall have the opportunity to return to the last permanently held classification based upon Department-wide seniority. In the event that such a roll-back causes the bumping of a less senior employee in the lower rank, that person shall be processed in accordance with the lay-off provisions of this Article.

Section 8 In the event a management employee in the sworn fire service is laid-off, demoted or does not successfully complete his/her probationary period in the promoted classification, the employee shall have the right to return to the last permanently held classification based upon his/her seniority standing. In the event that such a roll-back causes the bumping of a less senior employee in the lower rank, that employee shall be processed in accordance with the layoff provision of this Article.

Section 9 Whenever seniority is used for determining comparative status between two (2) or more new employees, and a tie exists, the status shall be determined by the final Civil Service score as reflected in the City's eligible register for entry level positions in the bargaining unit. In the event of a tie in such scores, status shall be determined by the date the employee's application was received and time-stamped by the Human Resources Department.

ARTICLE 10 - OVERTIME PAY

Section 1 The parties acknowledge that the City has made an election of a twenty-one (21) day work period as permitted under Section 7(k) of the Federal Fair Labor Standards Act and that overtime must be paid at the rate of time and one-half (1-1/2) the regular rate of pay to employees of the Department, for all work actually performed in excess of one hundred fifty-nine (159) hours in a twenty-one (21) day work period. Such work may be compensated at either the regular rate or the time and one-half (1-1/2) rate depending upon whether the employee actually works all scheduled hours in the applicable work cycle.

a. Twenty-four hour shift personnel

Overtime shall be paid at the rate of time and one-half (1-1/2) the regular rate of pay to employees assigned to a twenty-four (24) hours on duty/forty-eight (48) hour schedule off-duty schedule for all time actually worked in excess of one hundred fifty-nine (159) hours in a twenty-one (21) day work cycle. With the exception of paid sick time which is not considered hours actually worked, paid leave time shall be considered as time actually worked. Payment for overtime shall be made on the payday following completion of the work cycle adopted by the Fire-Rescue Department.

b. Eight hour shift personnel

Overtime shall be paid at the rate of time and one-half (1-1/2) the regular rate of pay to employees assigned to an eight (8) hour shift schedule for all time actually worked in excess of forty (40) hours in a one (1) work week. With the exception of paid sick time which is not considered hours actually worked, paid leave time shall be considered as time actually worked.

Section 2 Overtime Hiring Procedure

Section 2.1 Overtime will be scheduled using the overtime list. Employees assigned to Support Services, Training and Special Operations, EMS, or other day assignments, excluding Inspection Services, will be assigned to an Operations Shift List. Inspection Services will maintain its own overtime list.

Section 2.2 An employee, at his or her option, may request in writing that his or her name be removed from or added to the appropriate overtime list. The initial list for each rank on an individual shift will be established based on seniority starting with the most senior employee. When a position needs to be filled, the employee at the top of the list will be offered the overtime. When an employee works twelve (12) or more hours of overtime, he/she will be moved to the bottom of the list.

Section 3 None of the provisions contained in this Article relative to overtime shall limit the City's sole and exclusive right to require any employee to work emergency overtime or to determine whether or not overtime is necessary for purposes of staffing.

Section 4 In the event an employee changes duty shifts, he/she will be inserted into the middle of the appropriate list on the new shift. When a new employee is first placed on the list or when an employee is promoted, the employee shall be placed on the bottom of the appropriate overtime hiring list. If all employees in the appropriate rank refuse, the Department may require someone to work or call in from the next rank according to procedures established for temporary upgrading. Said list shall be computed according to shift assignment and each rank individually categorized.

Section 5.0 The City's automated scheduling and timekeeping software may be used to hire personnel for the Operations Division and Special Details. The City agrees to work mutually with the Union to implement the automated hiring process.

Section 5.1 The following additional rules shall exist for the assignment of overtime:

- A. Overtime preparation and calling for hiring of personnel can be done prior to 0700 hours at the discretion of the Captains in charge of the overtime hiring. If called prior to the date of the overtime, then employee must make a decision to accept or refuse at that time (refer to F).
- B. Station 2 Captains shall attempt to hire all overtime positions for the following shift that are on the board at the start of their shift, or any other overtime created during the day to

help avoid delays in the morning. Overtime calls will not be made after 2300 hours, unless deemed an emergency.

- C. Individuals will have a choice for scheduled overtime to work 12 or 24 hours, or any other number of hours, depending on the operational needs of the Department. In the event both a 12 hour and 24 hour shift are available, the next person to be hired will be apprised of such and shall be given their choice between the 12 or 24 hour schedules.
- D. All eligible employees will be on the overtime list. If an employee requests not to be called for overtime, such employee shall notify the Station #2 Captains and Union Shift Representative via e-mail, so the employee's request can be noted on the overtime list. However, if the employee decides in the future to be placed on the overtime list, they must send an e-mail to the Station #2 Captains and the Union Shift Representative, at such time they will be placed at the bottom of the list.
- E. All Department personnel will be on two (2) established lists, Department Overtime and Special Details. Detail hiring will be in accordance with Article 61. Section 1.5 The Fire Chief, or designee, may adjust Paramedic’s and EMT’s Kelly days and vacation days in order to balance the number of Paramedics and EMT’s off. When making such adjustment, preference will be given to the most senior qualified employee, whenever possible.

the 2017 year end average. However, the general wage increase shall not be less than 1.25% or exceed 3.75%.

Section 1.4 Upon publication of the City's ongoing Classification and Compensation Study, the pay ranges shall be additionally adjusted effective the first full pay period of October 2017 by the percentage necessary to bring the maximum annual rate of the pay range as of the date the Classification and Compensation Study is released to the 75th percentile of the maximum annual rate for all Broward County public employers (or 25th from the top out of 100 comparators) with the same classifications as of the date the Classification and Compensation study is released. For example, if the maximum annual rate for a city Firefighter is \$80,000 and the 75th percentile of maximum annual rate for the comparators is \$88,000, the pay range would be increased by ten percent (10%) effective the first full pay period of October 2017.

Section 1.5 Effective the first full pay period beginning October 2018, the pay ranges shall be further adjusted by the percentage necessary to bring the maximum annual rate of the pay range as of April 1, 2018 to the 75th percentile of the maximum annual rate for all Broward County public employers (or 25th from the top out of 100 comparators) with the same job classifications as of April 1, 2018. For example, if the maximum annual rate for a city Firefighter is \$80,000 and the 75th percentile of maximum annual rate for the comparators is \$88,000, then effective the first full pay period of October 2018 the pay range shall be adjusted by ten percent (10%).

Section 1.6 Effective the first full pay period beginning October 2019, the pay ranges shall be further adjusted by the percentage necessary to bring the maximum annual rate of the pay range as of April 1, 2019 to the 75th percentile of the maximum annual rate for all Broward County public employers (or 25th from the top out of 100 comparators) with the same job classifications as of April 1, 2019. For example, if the maximum annual rate for a city Firefighter is \$80,000 and the 75th percentile of maximum annual rate for the comparators is \$88,000, then effective the first full pay period of October 2019 the pay range shall be adjusted by ten percent (10%).

Section 1.7 Effective October 1, 2017 for the remainder of the term of this Agreement, employees topped out of the established pay steps shall receive a one-time annual lump sum payment of one and one-half percent (1.5%) of base annual rate for an overall performance evaluation rating of satisfactory or a one-time annual lump sum payment of three percent (3%) of base annual rate for an overall performance evaluation rating of above satisfactory or outstanding. The base annual rate used to calculate the lump sum payment shall be the rate in effect on the date the employee's annual performance evaluation is due. The parties agree the lump sum payments are not considered pensionable. For purposes of this Section, employees between steps G and H, and at step H, will be considered topped out. No lump sum payment will be made in the year employees progress to step H, however, the employee shall be eligible for the lump sum payment in the following years.

Section 1.8 The parties agree that pay ranges F7 and F8 will be established for Fire Lieutenants, which shall equal the F2 pay range and steps plus 3% and the F5 pay range and steps plus 3% respectively. This range shall be used for purposes of the pay range adjustments in Sections 1.1 and 1.4.

Once the City has offered a shipboard firefighting course, all future station bids for the Marine Team will be required to fulfill the requirements of both courses to be eligible for assignment and pay.

Employees assigned to a special assignment due to an injury or disability shall not be eligible to receive assignment pay except as provided in Article 33, “On Duty Injury Pay”, Section 9.6.

Section 8 It is mutually agreed that said Schedule A and the contents thereof shall constitute a part of this Agreement.

Section 9 When computing all pay rates or other forms of compensation, the rate shall be rounded to the nearest whole cent. Amounts .5 cent (\$.005) or above shall be rounded upward to the next whole cent; amounts .49 cent (\$.0049) and below shall be rounded downward to the next whole cent.

In computing any pay rate adjustment, said adjustment will be made first on the hourly rate if applicable. The adjusted hourly rate will then be used to establish a biweekly, monthly and annual rate.

Section 10 The City will pay work time in increments of one-quarter (1/4) hour: if eight (8) minutes or more of a quarter hour are worked, the whole quarter shall be paid; if less than eight (8) minutes of the quarter hour are worked, no pay is due.

Section 11 If an employee is promoted and the effective date of the promotion is within three (3) months of the anniversary date for Performance Evaluation purposes (where an actual pay increase is normally warranted and possible) such fact shall be taken into consideration, provided that the employee’s supervisor agrees that the employee would have been rated at least satisfactory, and the promotional increase as provided shall be adjusted by an additional amount of approximately a five percent (5%) increase but not to exceed the maximum of the range to which promoted.

Section 12 When an employee is promoted to the classification of Driver-Engineer, Fire Captain, Fire Lieutenant, Fire Inspector II, or Fire Safety Captain, the employee will be placed in the pay step in the appropriate pay range that would provide the employee with approximately a five percent (5%) increase. Employees promoted to a higher position are eligible for a merit increase, if any, after completing six (6) months in that capacity and will be eligible for a second within pay range increase, if any, after completing an additional six (6) months. Thereafter, merit increases, if any, will occur on an annual basis. Subordinates' salaries shall not be considered in determining the pay of promoted employees.

Section 13 The parties recognize that it is mutually beneficial to the extent practicable to assist Bargaining Unit members in remaining certified as emergency medical technicians and paramedics.

In an effort to facilitate recertification training for Bargaining Unit members, the parties agree to the following City sponsored program:

The City will make available, at no cost to the employee, voluntary EMT and paramedic recertification training programs which meet all state recertification requirements. Employees may choose to participate in the City sponsored classes or may obtain the requisite training through public or private educational institutions which offer similar classes, which must be pre-approved by the Fire Chief or designee concurrently with a request made in accordance with Article 14 Tuition Payment Plan. The classes sponsored by the City may be scheduled on an employee's scheduled days of work and at times when the employee is off duty. The employee will be afforded two (2) scheduled opportunities to attend a required ACLS and CPR recertification module made available by the City while on duty. If, for whatever reason, the employee does not attend one of the two scheduled training opportunities the employee will be required to obtain the training off duty at a program pre-approved by the Fire Chief or designee concurrently with a request made in accordance with Article 14 Tuition Payment Plan. Non state required recertification training programs may be offered by the City during the employee's off-duty hours. The parties acknowledge that such voluntary recertification training attended during off duty hours is not work hours for which compensation is payable by the City under the Fair Labor Standards Act.

Section 14 The Fire Chief, or designee, has the right to schedule mandatory training sessions during off-duty hours for medically certified employees. Such mandatory training during off-duty hours shall be paid at the overtime rate.

Reasonable efforts shall be made to schedule such training around change of shift with seven (7) days advance notice.

If an individual's next duty day is a scheduled day off, the individual will be excused from the mandatory training. With the exception of a pattern of sick leave abuse, approved sick leave shall also be an acceptable excuse for missing the mandatory training.

Section 15 Modification of Pay Ranges:

The parties acknowledge that the City has made an election of a twenty one (21) day work period as permitted under Section 7(k) of the Federal Fair Labor Standards Act and that

overtime under that statute is not due to be paid until hours actually worked exceed one hundred fifty-nine (159) hours in a twenty one (21) day work period.

Section 16 Post-Retirement Pay Steps

Section 16.1 The pay plan shall be amended to provide for five (5) additional pay steps to be known as the post-retirement pay steps (PPS). To be eligible for a post-retirement pay step, a member must have attained a normal service retirement from the City as defined in Section 20-129 of the Code of Ordinances of the City of Fort Lauderdale and have separated from City service. Entry into the Deferred Retirement Option Program (DROP) and the term of any DROP participation does not count toward the timing of the PPS.

Section 16.2 The steps shall be payable annually and each step shall take effect every third year until five (5) steps have been achieved. To be eligible for a PPS, the member must have retired (including the end of DROP) and separated from the City for a period of three (3) years. The value of any individual PPS shall be based on the normal retirement benefit of the member, exclusive of any amount paid from the DROP. The initial PPS shall be equal to three percent (3%) of the individual's base retirement benefit and each subsequent PPS shall be three percent (3%) of the preceding step. For example, if a member's base retirement benefit is \$100 per year, in the third year after separation, the first PPS will be equal to \$3. The second PPS will be equal to \$6.09. Each succeeding pay step will be calculated by multiplying the preceding amount by 1.03. Following attainment of the highest PPS, the PPS shall remain at that amount and shall not increase for the life of the member and any survivor. Any future changes in the PPS, which occur after the separation of a member from service shall not apply to the separated member.

Section 16.3 The City shall pay the PPS directly to the member based on the retirement benefit amount information provided by the Police and Fire Retirement System. The post-retirement pay steps shall not constitute a benefit under the Retirement Plan of the Police and Fire Retirement System or otherwise be a provision of the Retirement Plan, but shall be a direct appropriation by the City in the same manner as the employee payroll. The PPS shall be funded through the City OPEB Trust or other direct City appropriation and shall not be an actuarial liability or obligation of the Police and Fire Retirement System.

Section 16.4 This PPS provided herein shall apply to any active bargaining member, including DROP participants, who were employed on or after October 1, 2018. The first PPS shall not be due until the fiscal year beginning October 1, 2021.

Section 16.5 The City and Union agree and intend that the PPS provided herein are not retirement benefits under the Retirement Plan of the Police and Fire Retirement System or otherwise and do not constitute a retirement plan. The PPS shall not be considered as an accrued or vested benefit under the Retirement Plan of the Police and Fire Retirement System or otherwise. The PPS may be altered or eliminated in future negotiations, however, any person who has qualified for the PPS shall have a continued right to receive the PPS in the future. In the event a state or federal regulatory agency or court determines the PPS is a retirement plan or benefit under the Retirement Plan of the Police and Fire Retirement System or otherwise, the parties agree that the PPS shall be immediately terminated and shall no longer be payable by the City; and, in such event, the parties shall bargain over the impact of that finding. If the

PPS is terminated, the increased employee pension contributions provided in Article 42, Sections 10, 11, and 12 shall also be terminated.

ARTICLE 14 - TUITION PAYMENT PLAN

Payment of tuition by the City of Fort Lauderdale for approved educational or training programs will be in conformance with the following:

An eligible training or educational program is one that, in the judgment of the Human Resources Director, the City Manager and the Fire Chief or designees, is directly related to the employee's current position or to a related higher position and which will improve performance in a current position or which constitutes preparation for promotion to related higher level responsibilities.
- B. Employees will be entitled to a refund of tuition upon the successful completion of each approved course based on the following scale:

<u>Grade</u>	<u>Refund</u>
A	100%
B	75%
C	50%
D or Failing (no pass)	None
Passing Certificate	100%

The refund shall be available for a maximum total of twenty-four (24) semester hours or thirty-two (32) quarter hours in any one-year period for eligible regular employees. The amount payable for such refund shall be based upon and shall not exceed the established credit-hour rate of tuition for regular courses/program as charged by the State of Florida's accredited public universities or colleges at the time the course is undertaken regardless of the fact that the employee may be attending a private educational institution. Tuition costs for "accelerated" or "executive" degree programs, even if taken at a public university or college, will be reimbursed at the regular credit hour rate. Tuition reimbursement shall be offset by all scholarships or grant money received for the purpose of paying the tuition to be reimbursed by the City.

- C. For all classes enrolled in prior to June 16, 2015, if an employee voluntarily terminates employment with the City of Fort Lauderdale within one (1) year after receiving tuition refund for any university or college courses; or vocational, technical or adult training program then the amount of tuition refund paid by the City shall be repaid by such employee to the City immediately. Should such employee fail to immediately reimburse the City for the amount of such refund, the City may deduct the amount of any such refund from any salary, wages, sick leave, vacation leave, or any other payouts due to the employee from the City.

For all courses enrolled in subsequent to June 16, 2015, if an employee voluntarily terminates his/her employment with the City of Fort Lauderdale within two (2) years after receiving tuition refund for any university or college courses at the undergraduate and/or graduate level or completion of any eligible educational or training program/course, then the amount of that tuition refund paid by the City shall be immediately repaid by such employee to the City. If an employee voluntarily terminates his/her employment with the City of Fort Lauderdale within six (6) years at the post-graduate (doctorate) level, then the amount of that tuition refund paid by the City shall be immediately repaid by such employee to the City. Should such employee fail to immediately reimburse or repay the City for the amount of such refund, the City may deduct the amount of any such refund from any salary, wages, sick leave, vacation leave, or any other payouts due to the employee from the City.

- D. Any regular employee who is approved for attendance in any eligible educational or training program must pay tuition costs directly to and be accepted for enrollment by an accredited educational institution. No reimbursement will be made for textbooks, fees, tuition differential, or any other expenses. No course work shall be performed during working hours unless approved by the Fire Chief or designee. In such event, course work performed during working hours shall be deducted from accumulated annual leave time.
- E. Within thirty (30) days of the completion of approved course work, the employee shall present the original transcript notification, a certificate of satisfactory completion, or both to the Human Resources Department in order to be eligible for any tuition refund to which such employee may be entitled. The City will issue all tuition refunds within ninety (90) days of the date the employee presents the necessary documentation to the Human Resources Department.
- F. In order to be considered for tuition reimbursement, all course work subject to the tuition reimbursement program must be approved prior to the beginning of the class by the Fire Chief and Human Resources Director, or their designee.

The maximum vacation accrual provisions of this Article shall apply to such disabled employees. Bargaining Unit members shall cease to accrue holiday and vacation leave as of the date they are granted a disability benefit by the Police and Fire Pension Board.

Section 4.1 Maximum Vacation Accrual: Operations employees (24 hour shift personnel) who have been employed full-time for at least 15 years will be allowed to accrue up to a maximum of five hundred forty four (544) vacation hours with the approval of the Fire Chief or designee. Non-Operations employees (8 hour shift personnel) who have been employed full-time for at least 15-years will be allowed to accrue up to a maximum of five hundred forty-four (544) vacation hours with the approval of the Fire Chief or designee.

Bargaining Unit Members (Operations) will be provided three (3) rounds of vacation picks annually. Members can use their current yearly allowance of vacation time in any of the three (3) rounds. Picks during each of the first three (3) rounds must be consecutive shifts. The vacation calendar released by the City prior to annual vacation selections must contain enough vacation slots to allow for use of all hours accrued by employees in each classification over the course of the preceding year.

Section 5.1 Vacation days not utilized in the first three (3) rounds of picks for the current year selections can be utilized in open spots throughout the year as dictated in Section 5.2.

Out of rank vacation can be requested, however, the Division Chief will not be required to approve or deny the request until three (3) shifts prior to the requested vacation day. If multiple members put in for the same open slot on the same day, the open slot will be awarded to the member who submitted the request first on that date requested. Excess vacation hours banked from previous years may only be utilized under special circumstances at the discretion of the Division Chief.

NOTE: For vacation purposes a scheduled “Kelly Day” during a vacation will be considered an open vacation day for other personnel.

Section 6 Under the hourly leave accrual program, the three (3) personal holidays (twenty four hours), as identified in Section 1 above, are earned as vacation leave.

Section 7 Floating Holiday: Each regularly employed full-time employee shall earn a “Floating Holiday” for any calendar year in which no sick leave was used. The “Floating Holiday” shall consist of eight (8) hours added to the vacation leave of such employee. Probationary employees shall also be eligible provided they have worked full-time for the entire calendar year and have successfully completed probation prior to the end of the calendar year. The additional vacation leave may be used at a time approved by the Department Head or designee. The “Floating Holiday” is to be used during the calendar year in which it is posted or it is forfeited by the employee. Such leave time may not be converted to a cash payment.

Section 8 Changes to the vacation selection process can be accomplished by mutual written agreement between the Union and the City.

ARTICLE 28 - CHANGE OF SHIFT AND/OR RELIEF AT FIRE

It is agreed that any employee of the Fire-Rescue Department ordered to stand-by and not properly relieved at the end of the shift shall be entitled to overtime pay at the rate of time and one-half (1-1/2) the regular rate of pay.

An employee who arrives at the station prior to the beginning of the scheduled shift and is ordered by a Battalion Chief to respond to an alarm prior to the normal starting time shall be paid at one and one-half (1-1/2) times the regular rate for all time worked prior to the beginning of the scheduled shift. Provided, however, that if the employee voluntarily agrees to relieve another prior to the end of the shift, that relief shall be considered an informal exchange of time between the employees involved. An informal exchange of duty (early relief) between 0700 and 0800 may be approved by the station officer. Approval by the Battalion Chief is necessary for a Captain requesting an informal exchange of duty. Relief so granted shall result in a denial for overtime. Relief between 0700 and 0800 shall not be denied without good and sufficient reason.

It is understood that informal exchanges of duty must be equitably reciprocated within twelve (12) months after the exchange has occurred.

When an employee is at work on one Operations shift and is transferred to another shift, the transfer will be made anytime during the five (5) day "Kelly Day" time frame.

ARTICLE 29 - EXCHANGE OF TIME

Section 1 Employees who wish to exchange time or "Kelly Days" or any other form of trading of time may request such exchange of time by electronically submitting the request to the appropriate Division Chief no later than 0730 hours on the shift (requestor's off-going) immediately preceding the employee's requested exchange (next duty day). Exchanges of time shall be capped at four hundred thirty-two (432) hours of such exchanges or trades per year (October 1- September 30) with exchanges or trades calculated on an hour for hour basis. The Division Chief supervising the employee requesting the exchange must approve the exchange request. Any exchange of time beginning at 0800 hours must follow the above procedure, regardless of the hours involved. Exchange of time involving twelve (12) hours or less and starting after 0800 hours may be submitted on the day of the exchange. The appropriate Chief Officer may approve exchange of time involving twelve (12) hours or less. All exchanges must be reciprocated prior to the end of the same fiscal year.

Any exchange of time with an employee of lesser certification can be denied if such an exchange has a negative or detrimental effect on Departmental needs or operations. All such

exchanges shall be approved on the basis that the City shall not incur any liability for overtime pay.

Section 2 In the event the employee is unable to report to work for the previously agreed upon exchange of duty, it is that employee's obligation to ensure that another employee is found to fill in on the date that the employee had agreed to report to work. If, for whatever reason, the employee does not meet this obligation, he/she will be charged sixteen (16) hours sick leave on the exchange date.

Section 3 If the employee is unable to meet the obligation for an exchange of duty because he/she is working days (assigned to light duty) as a result of an on-the-job injury, the employee shall be given the opportunity to find another employee for replacement on the day agreed to work, if that cannot be done, the employee will be charged twelve (12) hours sick leave for that day worked. If the employee is unable to meet the obligation because he/she is working days (assigned to light duty) due to a non-service incurred injury, the employee shall be given the opportunity to find another employee for replacement on the day agreed to work, if that cannot be done, the employee will be charged twelve (12) hours vacation leave for that day worked.

Section 4 Unless approved by the Shift Division Chief, newly hired probationary employees will not be permitted to exchange shifts for the full duration of the probationary period. Denial of such exchange shall not be grievable.

ARTICLE 30 - MILEAGE ALLOWANCE

Employees required to use their private automobiles or other private transportation means for Fire-Rescue Department business or as a means of transportation in changing stations after reporting to scheduled stations, shall be compensated one (1) way at the rate established by the City Manager as the City's mileage allowance or as it may be amended by the City Manager, for each transfer during that duty shift.

ARTICLE 31 - ACADEMIC INCENTIVE PAY

Permanent employees currently receiving academic incentive pay will continue to receive that benefit in the flat dollar amount that they were entitled to on October 1, 1981.

Permanent employees who completed at least one-half (1/2) of their approved degree program from an accredited college or university by October 1, 1981, and were determined to be eligible to participate in the academic incentive pay program and were awarded a degree before February 1, 1985, will continue to receive academic incentive pay determined to be the flat dollar rate computed as of September 30, 1981.

Employees who were hired or received permanent status after October 1, 1981, are not eligible for academic incentive pay.

ARTICLE 32 - PERFORMANCE RATING REVIEW

Section 1 Employees subject to performance evaluation shall be provided a copy of the performance rating. The rating form shall provide space for the employee to indicate either the acceptance of the rating or the intention to appeal the rating as outlined below.

Section 2 An employee who objects to an overall performance rating of marginal or unsatisfactory because the employee believes that the rater was prejudiced, may have such rating reviewed by the rating and reviewing authorities. If after such review, the employee still believes the rater was prejudiced, the employee, with the concurrence of the Union, may appeal the rating to a Rating Review Committee. Prejudice shall be defined as an opinion formed without knowledge, thought and reason.

Satisfactory, above satisfactory and outstanding ratings cannot be appealed to the Rating Review Committee.

In the event that an employee receives a marginal or unsatisfactory rating of a particular category within the rating, the employee shall have the right to submit a written rebuttal concerning the facts at issue but shall not be permitted to appeal the rating to a Rating Review Committee.

Section 3 An employee, who after the review provided in Section 2 wishes to appeal, shall submit a written request to the Employee Relations Director within seven (7) days following the review by the rating and review authorities. After determining that the review provided in Section 2 has been held, the Employee Relations Director shall convene a Rating Review Committee to determine if the employee's rating was based on a prejudiced consideration by the rater rather than on the performance of the employee. The Rating Review Committee shall consist of.

- A. the Fire Chief or designee,
- B. an employee selected by the appealing employee who shall be selected from the same classification as that of the appealing employee,
- C. City Human Resources Director or designee.

Section 4 The Human Resources Director or designee, as of ratification of this Agreement, will act as chairman of the Rating Review Committee. A written statement indicating which part of the Performance Rating Report the employee considers to be prejudiced must accompany the request for review. The employee's appeal shall be promptly considered by the Rating Review Committee in the order of its filing. Documents supporting the evaluation or the absence thereof shall be considered by the Committee. The employee and the employee's rater and rater's supervisor shall be present during the review of the employee's appeal. Proceedings shall be informal, orderly and pertain to the presentation of information and evidence relating to the employee's belief of prejudiced consideration of the rater during the period the rating evaluation covers. The appealing employee may also submit a written statement to the Committee for its consideration.

Section 5 The Committee shall decide whether or not the rater was prejudiced and shall render a written decision within thirty (30) days following conclusion of the hearing. Such decision shall be final and binding upon the parties, and there shall be no further appeal.

Section 6 In the event an evaluation is changed during the review process, the previous evaluation shall be deemed rescinded and shall be withdrawn from the employee's personnel file.

Section 7 In reference to attendance, the computer rating of marginal or unsatisfactory may be altered by the appropriate Assistant Chief/Deputy Chief or designee with a written recommendation by the rater, however, the rating shall not exceed a satisfactory rating. All such changes shall be explained and justified on the rating form.

Section 8 Employee performance evaluations shall not be used for the purpose of determining eligibility for an increase in pay step as established in this Agreement except in the case of a marginal or unsatisfactory overall performance rating, the City has the right to withhold any scheduled pay increase. In such cases, the employee shall be reevaluated within ninety (90) days from the date of the marginal or unsatisfactory rating, provided the employee has not been discharged. If an employee receives an overall performance rating of satisfactory or higher on the reevaluation, the employee shall be eligible to begin receiving the scheduled pay increase retroactive to the original date of scheduled salary change. The employee's eligibility date for future increases in pay step shall be unaffected by this process.

ARTICLE 33 - INJURY BENEFITS

Section 1 The City agrees to compensate Bargaining Unit employees for on-duty injuries. Compensation shall be paid as a result of injury to the employee in accordance with the provisions of this Article for the purposes of supplementing the wage benefit provision of the Florida Worker's Compensation Law.

Section 2 An injury shall be determined to have been incurred while on duty if such injury is a compensable injury under the Florida Worker's Compensation Law.

Section 3 If in the judgment of the City's authorized physician or practice(s), an employee is temporarily unable to perform the assigned duties of his or her regular assignment due to an on-the-job injury, the injured employee may be given a light duty assignment in accordance with Section 9, "Light Duty", of this Article. If the injury was incurred while on duty and no light duty assignment is made, the City will provide the injured employee with on-duty-injury pay the first scheduled work shift following the date of injury.

Section 4 If the City's authorized physician or practice(s) states that the employee is unable to work, the amount of on-duty-injury pay shall be determined in accordance with provisions set forth in this Article that define such injury as a high-risk or low-risk injury. When Worker's Compensation Wage Benefits begin, the on-duty injury pay shall be the difference between the Worker's Compensation benefits and the employee's net regular biweekly salary, including all EMT and/or paramedic certification pay, preceding the date of injury.

Section 4.1 High-risk on-duty injury shall be defined as those injuries sustained while engaged in activities involving the following:

**Agreement Between the City of Fort Lauderdale
and Local 765 – Fort Lauderdale Professional Firefighters, Inc.
International Association of Firefighters, AFL-CIO-CLC.
October 1, 2017 to September 30, 2020**

- A. When performing duties and activities as outlined in the job descriptions for the classifications covered by this agreement.
- B. Participation in “Hands On” Training activities and/or Department approved Physical Fitness Program designated by the Chief or designee.
- C. Participation in activities ordered by the Chief or staff which have been designated by the Chief or staff as a high-risk activity.

The City agrees to provide on-duty injury pay for injuries which are determined to be high-risk for a period up to ninety (90) calendar days following the day of injury.

Section 4.2 Low-risk on-duty injuries shall be defined as any injury sustained while on duty other than those high-risk injuries defined in Section 4.1 of this Article. Injury involving participation in non-required recreational activities is defined as a low-risk injury.

The City agrees to provide on-duty injury pay for the first seven (7) days of incapacitation following the day of injury. Following the aforementioned period of seven (7) calendar days, the injured employee shall receive whatever amount of Worker’s Compensation to which the employee is entitled, which amount may be supplemented, at the option of the employee, by utilizing accrued sick and/or vacation leave so that such employee for days of disability will receive an amount equal to, but not exceeding, the employee’s net regular salary, including all EMT and/or paramedic certification pay, during the period immediately preceding the date of injury.

Section 5 Commencing on the ninety-first (91st) calendar day following the day of injury, the injured employee will be eligible to receive disability compensation in accordance with Chapter 20 of the Code of Ordinances of the City of Fort Lauderdale, which amount may be supplemented at the employee’s option by utilizing accrued sick and/or vacation leave to the extent necessary to equal the employee’s regular biweekly salary, including all EMT and/or paramedic certification pay.

Section 6 A bargaining unit member with a high risk injury who elects to supplement Workers’ Compensation payment with sick and/or vacation leave to an amount equal to the bargaining unit member’s net regular salary, after returning to work in a full-duty capacity for a minimum of twenty (20) work days may be entitled to reinstatement of such sick and/or vacation leave upon submitting a request to the Fire Chief.

The reinstated sick/vacation leave shall be restored to the bargaining unit member’s respective balance for the same time period and pay rate it was used. If the reinstated sick and/or vacation leave places the employee over the vacation leave maximum provided for in this agreement, the reinstated amount over the maximum would be kept in a “pool” for use as sick leave only and is not eligible for cash out when the employee terminates City service. Each high risk injury shall have a 90-day limitation on reinstatement.

The Fire Chief and Director of Human Resources or designee shall have the authority to approve the reinstatement of sick and/or vacation leave utilized to supplement Workers’ Compensation benefits in accordance with the foregoing provisions. For the purposes of this Article, two (2) working days equals one (1) Suppression shift.

Further, no employee shall be eligible to request reinstatement of sick or vacation leave even if the employee returns to work and fulfills this requirement, if the injury sustained by the employee occurred through or as a result of the employee's negligence or misconduct, including failure to follow safety rules.

Section 7 If in the judgment of the City's authorized physician(s) or practice(s), an employee is temporarily unable to perform the assigned duties of his or her regular assignment due to a non-service incurred disability, the disabled employee may be assigned work in accordance with Section 9, "Light Duty", of this Article.

Section 8 It is the responsibility of all employees to comply with all City rules and procedures regarding reporting on-duty injuries and to cooperate fully with medical and rehabilitation personnel. It is also the responsibility of all employees to report any injury or medical condition which may prevent the employee from safely performing all duties for his or her regular assignment to his or her supervisor immediately upon becoming aware of any such condition. Failure to comply with these provisions shall render the employee ineligible for reinstatement of sick leave and subject to discipline. This Section will not apply to elective or other radical medical procedures which an employee is otherwise permitted to refuse under Florida Worker's Compensation Law.

Section 9 Light Duty: Light duty assignments will be in the Fire-Rescue Department at the discretion of the Chief or designee subject to the provisions of this Section and will be based on departmental needs at that time.

Section 9.1 The Chief or designee must approve all light duty assignments. There will be a minimum of five (5) temporary light duty assignments available at any one time. The number of light duty assignments may exceed the above minimum if the Chief or designee determines that it is in the best interest of the City to provide additional light duty assignments. Unless provided otherwise by the Chief or designee, light duty assignments will involve a forty-hour workweek schedule. 48 hour personnel following a 21 day pay cycle will convert to a 40 hour schedule regardless of incapacitation and or temporary disability.

Section 9.2 An employee may only be placed in a light duty assignment upon written release from the City's authorized physician(s) or practice(s) documenting that the disability is temporary and that the employee is able to regularly perform the duties of the assignment.

An employee who is placed in a light duty assignment by the Chief or designee is required to report to the light duty assignment.

Section 9.3 Because light duty assignments are intended to be productive assignments, employees will be expected insofar as possible, to schedule medical examinations, physical therapy, or related treatment during off-duty hours. The Chief may determine at his/her discretion that due to the employee's medical appointments and treatments during assigned work hours, it is in the City's best interest to discontinue the employee's light duty assignment.

Section 9.4 In no event shall the City be required to place any employee in a light duty assignment beyond sixty-five (65) workdays in a twelve (12) month period. Near the completion of the employee's sixty-five (65) days, the Chief or designee may request that a physician(s) or

and Local 765 – Fort Lauderdale Professional Firefighters, Inc.

practice(s) of the City's choice evaluate the employee's condition including a proposed date of return to full duty.

The Chief, upon review of the physician's evaluation, may continue the light duty assignment beyond the sixty-five (65) days at the Chief's or designee's discretion.

Section 9.5 Employees with on-the-job injuries will be given preference over employees with off-the-job injuries or medical disabilities for available assignments. In the event all five (5) light duty assignments are filled, an employee with an on-the-job injury shall displace the most recently assigned employee with an off-the-job injury.

The term "on-the-job injury" as used in this Article shall mean any injury, illness, disease or other medical/psychological condition as may be compensable under Florida's Worker's Compensation law.

Section 9.6 Suppression employees in a light duty assignment shall not be eligible to receive assignment pay they are not currently receiving.

Section 9.7 Suppression employees placed in a light duty assignment will receive and take holidays as on a forty (40) hour workweek schedule. Holidays which occur while in a light duty assignment shall be observed on the recognized date and shall not accrue towards the employee's vacation leave balance.

Vacation/sick leave shall be earned and used at the forty (40) hour rate. Any accrued hours transferred back into Suppression shall be at the Suppression rate.

Section 9.8 Supervisors must document daily the employee's ability to satisfactorily perform his or her assigned light duty position tasks. The employee may request a meeting with the Chief or designee if it is determined that he or she cannot satisfactorily perform the assigned light duty tasks. The Chief shall have the discretion to determine the employee's ability to satisfactorily perform the assigned light duty tasks.

Section 9.9 Employees on light duty shall receive all pay and benefits at the forty (40) hour rate for their bargaining unit, rank, and position, regardless of whether the assignment performed is primarily civilian in nature. Employees so assigned shall continue as "firefighters" as that term is defined in State Law and the Fort Lauderdale Police and Fire Retirement System.

ARTICLE 34 - HOSPITALIZATION INSURANCE PLAN

Section 1 Effective January 1, 2018 or the first month following ratification of this agreement, whichever comes later, the City agrees to contribute eight hundred dollars (\$800) to the City's health plan toward monthly premium costs for each eligible employee in the Bargaining Unit who elects to participate in the City's health plan and for each vacant position in the Bargaining Unit.

Effective January 1, 2019 or the first month following ratification of this Agreement, whichever comes later, and again on January 1, 2020 or the first month following ratification of this Agreement, whichever comes later, the City contribution shall adjust by the Total Medical and Pharmacy Trend for Plans with a Medium Level of Member Cost sharing plus 2%, as published in the Arthur J. Gallagher & Co. GBS Actuarial Consensus Trend Forecast for the 2nd quarter of 2018 and 2019 respectively.

The City's monthly contribution is for the purpose of providing comprehensive health coverage as well as any elected dental coverage. An employee who elects such coverage shall be responsible for payment of any premium in excess of the City's contribution, which shall be deducted from the employee's paycheck. However during the term of this Agreement, the employee's premium payment shall increase by no more than 5% per year.

Section 2 The City agrees to continue substantially the present health care benefits but reserves the right to change current companies, plan designs, benefits, and/or offer plan alternatives to mitigate premium cost increases if the premium cost for the benefits provided exceeds the combined amount of contributions from the City and employees.

Section 3 In the event that the single employee premium for coverage is less than the contribution made by the City, such excess funds shall be utilized to reduce the premiums of all family coverage.

Section 4 Upon written authorization of the bargaining unit member, the City shall deduct a biweekly amount approved by the Union President, for a Retiree Health Benefit Plan. A check will be sent to Fort Lauderdale Firefighters' Insurance Trust Fund for the sum of the deductions within ten (10) days following each pay period.

Section 5 Under the City's plan and subject to Florida State Statutes, firefighter retirees age 65 and over may continue coverage based on payment of the full monthly rate. Once coverage is terminated, retirees cannot reenroll in the City's health plan.

Section 6 The City agrees to continue to make contributions on behalf of former employees receiving catastrophic disability retirement benefits until Medicare eligibility.

Section 7 Those employees on disability as of November 23, 1988, shall continue to receive the City's health insurance contribution until normal retirement.

Section 8 For disabilities occurring after November 23, 1988, the City agrees to continue to make contributions on behalf of plan members receiving any other form of disability retirement benefits for a period of two (2) years from the date of disability.

Section 9 The City shall provide an Internal Revenue Code Section 125 pre-tax benefit for health insurance premiums.

Section 10 In addition to the Section 125 benefit for health insurance premiums provided in this Section, the City at its discretion may offer additional Section 125 benefits to Bargaining Unit members. The offer of additional benefits is conditioned upon compliance with Section 125 regulations including, but not limited to, the requirement that any such benefits must be made available to all eligible City employees. The City retains the sole and exclusive right to administer such benefit plan, including but not limited to, the right to develop and revise benefits and procedures.

Section 11 For bargaining unit members hired prior to June 16, 2015 and who retire on or after October 1, 2000, the City will contribute four hundred dollars (\$400.00) per month for health insurance benefits to employees who retire after their Normal Retirement Date. This contribution shall become effective beginning the month following their termination from employment with the City after their Normal Retirement Date and shall cease upon the member attaining Medicare eligibility.

Section 12 Plan members on Deferred Retirement Option Program (DROP) shall not be eligible for retiree benefits under Section 6 until termination of employment with the City.

Section 13 The City will deposit the retiree medical insurance benefit or stipend into the same direct deposit bank account the retiree designates for the monthly pension.

Section 14 An employee who participates in the City-sponsored medical plan may elect to participate in the Wellness Incentive Program offered by the City. The cost of participation in the Wellness Incentive Program shall be borne by the City. Upon successful completion of the program, participants will receive a taxable \$500 cash incentive reward.

ARTICLE 35 - EQUAL OPPORTUNITY / AFFIRMATIVE ACTION PROGRAMS

Section 1 The Union agrees to fully support the principles of Equal Employment Opportunity. The Union shall be included in the negotiation of any future consent decrees which affect the Union and its members. The Union and the City agree to abide by any future court-approved consent decree to which both parties have consented.

ARTICLE 36 - LEAVE WITHOUT PAY

Section 1 A regular employee may be granted leave of absence without pay for a period not to exceed one (1) year for sickness, disability or other good and sufficient reasons which are considered to be in the best interests of the City. Such leave shall be granted only if all sick and vacation leave has been exhausted and shall require the prior approval of the Fire Chief or designee, the Human Resources Director or designee and the City Manager. The Fire Chief or designee with the approval of the Human Resources Director or designee, may grant a regular employee leave without pay for a period not in excess of fifteen (15) working days in any one (1) calendar year.

Section 2 Leave of absence may be granted to a regular employee without limitation as to time to enable him to take an appointive position in the City service.

Section 3 Except under unusual circumstances, voluntary separation from the City service in order to accept employment not in the City service shall be considered as insufficient reason for approval of a request for leave of absence without pay.

Section 4 The parties recognize that employees covered by this Agreement are subject to the provisions of the Family and Medical Leave Act of 1993 and nothing in this Agreement shall be construed to be contrary to the provisions of that Act. The parties also recognize that nothing shall preclude them from negotiating a benefit more generous than that provided by the Family and Medical Leave Act of 1993.

Section 5 All employees requesting leave pursuant to the Family Medical Leave Act (FMLA) shall submit their requests to the Human Resources Department for consideration. The employee is to also notify their appropriate chain of command of their request for FMLA leave. Upon receipt of a request for leave pursuant to the FMLA, the Human Resources Department will notify the Fire Chief of the employee's name and potential FMLA dates/duration, if approved. Once a determination is made as to the employee's request, the Human Resources Department will inform the employee, the Fire Department timekeeper and the Fire Chief of the approval or denial of the request. If the request is approved, the Human Resources Department shall also inform the employee, Fire Department timekeeper and Fire Chief of the dates/duration of approval, and whether or not the leave is approved continuously or intermittently.

ARTICLE 37- RESIGNATION

Any employee wishing to leave the City service in good standing shall file with the Fire Chief or designee through the chain of command at least two (2) weeks before leaving a written and signed resignation stating the date the resignation shall become effective and the reason for leaving. Failure to comply with this procedure may be considered cause for denying such employee future employment by the City. Upon receipt, the Fire Chief or designee shall review and, if approved in writing, forward such notice of resignation to the Human Resources Director or designee. Any resignation may be withdrawn any time prior to written approval of the Fire Chief or designee. A refusal by the Fire Chief or designee to permit withdrawal of such resignation requested within twenty-four (24) hours after submission may be appealed to the City Manager.

ARTICLE 38 - COURT APPEARANCES

Any regular employee who is required to appear as a witness called by the City or as a result of employment with the City in an administrative hearing, court hearing, trial or deposition in connection therewith, provided that such leave is reported in advance to the Fire Chief or designee, shall be entitled to leave with pay if such court appearance occurs while the employee is on duty. Such employee shall be entitled to pay in a total amount equal to the employee's regular full pay, less that amount received by the employee as a witness fee.

In the event the employee is not on regularly scheduled duty, time spent giving testimony under circumstances as provided above shall be paid in a total amount equal to one and one-half (1-

1/2) times the employee's regular rate less that amount received by the employee as a witness fee with a minimum guarantee of two (2) hours pay for such appearance.

The obligations of this Article shall not apply to employees testifying in any labor matters including arbitration and unfair labor practice or in any proceeding on behalf of the Union.

On any scheduled day off, a regular employee who is required to stand-by to appear as a witness as a result of employment with the City shall be paid one-half (1/2) the straight time hourly rate for each hour on stand-by up to a maximum of eight (8) hours Stand-by Pay.

An employee who is advised that he/she is on stand-by must immediately notify the Division Chief and provide a copy of any subpoena or court document evidencing such status.

ARTICLE 39 - PAST PRACTICES

The City agrees to continue the following enumerated past practices for the term of this Agreement provided they are not in conflict with any Article of this Agreement. For the purpose of future negotiations, each of the enumerated past practices shall be considered as though they were separate Articles of this Agreement.

1. Employees shall be allowed to sleep during their duty hours if not on work or emergency assignment or at the discretion of the Chief Officer in charge.
2. The City shall maintain beds and bedding at Fire Stations.

Employees must inform the Fire Chief, or his designee, in writing, of any off-duty employment or within fourteen (14) calendar days of any change in off duty employment. The Fire Chief shall not unreasonably deny any request for off-duty employment. Denial of a request for off-duty employment may be appealed through the grievance and arbitration process.
17. The Union shall be allowed to have vending machines in Fire Stations.
18. Station lighting shall be provided and used only when needed to conserve electrical energy whenever possible.
19. The Station Cook will be allowed to shop with his/her assigned crew.
20. The City will provide a locker for each employee. Lockers will not be searched unless there is good and sufficient reason to warrant such action. When such a search is made, the employee or Union shift representative will be present.
21. The City shall attempt to maintain fire apparatus and bunker gear in safe condition.
22. Employees shall be allowed freedom of reading materials as long as it is not offensive to other employees or persons visiting the fire station.
23. Sufficient lighting shall be made available for each designated sleeping area for department personnel.
24. Unless family members are on duty at the same time, families will be allowed to participate in Station holiday dinners with permission of the Chief Officer in charge.
25. Ownership of an automobile shall not be mandatory.
26. The City shall maintain one (1) self-contained breathing apparatus for each employee on duty.
27. Employees will be allowed to wear their uniforms one and one half (1.5) hour before the start of their duty shift and up to one and one half (1.5) hour after the end of their duty shift except where the Fire Chief or designee has given prior approval.
28. As long as the City, at its sole discretion, provides a Suggestion Program for “money saving ideas”, it will permit Fire-Rescue Department personnel to participate in such program.
29. Except as otherwise provided in Article 51, “Productive Work and Work Assignment”, Bargaining Unit members shall not be required to perform non-fire related duties for the City except by mutual agreement by the “member” and the City.
30. The City shall continue pest control in Stations.
31. Bargaining Unit members are issued protective firefighting equipment in accordance with Article 20 of the Collective Bargaining Agreement. Damaged or lost equipment will be

replaced at no cost to the employee if the damage to the equipment or loss is not caused by the negligence of the employee. In the event an employee's equipment is stolen, the employee must notify his/her immediate supervisor hereafter a determination will be made regarding reimbursement after the employee's Battalion Chief has filed his/her written report. Damage to equipment or loss due to employee negligence will subject the employee to disciplinary action.

32. The City and the Union agree to continue in effect the practice that employees who have been assigned to a light duty shall not be entitled to assignment pay or any other actual or perceived benefit(s) that employees who have been assigned to a 40-hour per week schedule for non-light duty or non-disciplinary related reasons might enjoy.
33. The City and the Union agree that any employee who has been changed from one shift to another shift shall, whenever possible and with the approval of the Fire Chief or designee, retain the vacation days previously scheduled for the year in which the vacation is to occur.
34. All Operations personnel must contribute to the chow fund.
35. Employees shall only be charged leave for the shift assigned unless because of the length of illness or injury they are considered to be on a forty (40) hour workweek and not a forty-eight (48) hour (24 hours on and 48 hours off) schedule.
36. The City shall continue to provide fenced parking space for on-duty personnel at any new or existing fire station. The City shall not assume liability for theft in the fenced parking space.

ARTICLE 40 - PROVISIONS IN CONFLICT WITH LAW

If any provision of this Collective Bargaining Agreement is in conflict with any law, ordinance, rule or regulation over which the City Manager has no amendatory power, the City Manager shall submit to the appropriate government body having amendatory power a proposed amendment to such law, ordinance, rule, or regulation. Unless and until such amendment is enacted or adopted and becomes effective, the conflicting provision of the Collective Bargaining Agreement shall not become effective.

ARTICLE 41 - ZIPPER AND WAIVER CLAUSE

The parties acknowledge that during the negotiations which resulted in this Agreement each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreement arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Employer and the Union for the life of this Agreement each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subject or matter may not have been within the knowledge and contemplation of either or both of the parties at the time they negotiated or signed this Agreement and nothing, however, shall abridge the right of

any duly authorized representative of the Union to present views of the Union which affect the welfare of its members.

Notwithstanding the above, the parties recognize the obligation to negotiate, as required by law, regarding any contemplated change which will significantly affect a term or condition of employment not contained in this Agreement.

ARTICLE 42 - MODIFICATIONS TO RETIREMENT SYSTEM

Section 1 The City and the Union acknowledge that the City has enacted Chapter 20, Article IV, Division 3 of the Code of Ordinances of the City of Fort Lauderdale which provides a mandatory retirement system for firefighters and police officers; and further acknowledge that this Article is not intended to, in any way, modify any provision of that legislative enactment or to change or increase or diminish the legal rights of the City or any current member of that retirement system except as specifically provided in this Article.

Section 2 The City and the Union acknowledge that the City's mandatory retirement system is administered, supervised, and managed by a Board of Trustees accountable as fiduciaries to employee members of the retirement system. The Board of Trustees is not a party to this Agreement. The retirement system includes a Deferred Retirement Option Plan (DROP) and an Actuarially Calculated Deferred Retirement Option Program as set forth in City Ordinance No. C-96-59. The City and Union, therefore, agree that the terms of the retirement system shall not be incorporated into this Agreement and that no dispute arising from the interpretation or application of the retirement system or any decision of the Board of Trustees shall be subject to the grievance/arbitration provision of this Agreement. Likewise, matters which are determined or reviewed by the Board of Trustees of the Police and Fire Retirement System and any matters involving the interpretation of ordinances or statutes governing the retirement system shall not be within the jurisdiction of or subject to the grievance/arbitration procedure established in this agreement.

Section 3 All terms and provisions of the ordinance establishing the Fort Lauderdale Police and Fire Retirement System applicable to employees covered by this Agreement shall remain unchanged except as modified herein.

Section 4 Election to maintain DROP Account on deposit with Plan after the DROP Period ends; continuation of DROP Earnings after termination of DROP:

- A. At the conclusion of the DROP Period, a member, or a member's beneficiary upon the death of the member, may elect to continue to have the DROP Account remain on deposit with the Plan, provided the DROP Account is distributed no later than the date the member attains or would have attained age 70½ .
- B. No later than the Member's age 70½, the DROP Account together with accrued DROP Earnings, shall be distributed in full in the following manner:
 1. Lump sum distribution to the Member (which may be used at the Member discretion to purchase an annuity) or
 2. Roll over the balance to another qualified retirement plan.

C. A member may request and upon request shall receive partial distributions of such portions of the Member's DROP Account as the Member designates (subject to reasonable limitations by the Retirement System's Board of Trustees on the frequency and minimum amounts of such partial distributions).

D. A Member shall retain the right prior to reaching age 70½ to request and receive a full distribution of the amount in the Member's DROP Account or a full distribution of the amount remaining in the Member's DROP Account after any partial distributions.

E. The Retirement System's Board of Trustees shall have the discretion to set the frequency of calculation of Earnings, but not less frequently than annually and not more frequently than monthly.

F. While the DROP Account remains on deposit with the Plan after the conclusion of the DROP period, Earnings will continue to be credited or debited based upon the Plan's Net Rate of Investment Return.

Section 5 Effective October 1, 2014, a member who separates employment with the City prior to attaining normal retirement will not receive interest on returned funds.

Section 6 The parties mutually agree to continue the status quo with regard to the use of premium tax revenues received pursuant to Chapter 175, Florida Statutes, which allows a portion of the Chapter 175 premium tax revenues that are now being transferred to the Firefighters' Share Plan each year shall be retained by the Police and Firefighters' Retirement Plan and applied to reduce the City's annual required contribution to the Plan. The amount of Chapter 175 premium tax revenues to be retained shall, when added to the amount of Chapter 175 premium tax revenues now going to the Plan, be equal to the per capita amount of Chapter 185 premium tax revenues going to the Plan for each active police officer in the Plan as of October 1 of each year (excluding the amount in the Chapter 185 premium tax revenue reserve account in the Plan on December 31, 2013). For example during plan year 2013-2014, the Plan received \$2,143,898 in Chapter 185 premium tax revenues (excluding the amount in the Chapter 185 premium tax revenue reserve account on December 31, 2013). On October 1, 2014, there were 499 active police officers in the Plan. Thus, the per capita amount of Chapter 185 premium tax revenues for each police officer is \$4,296.39. On October 1, 2014, there were 385 active firefighters in the Plan. Multiplying the number of active firefighters by \$4,296.39 results in \$1,654,110.15 in Chapter 175 premium tax revenues that would be retained in the Plan and applied to reduce the City's annual required contribution to the Plan during the 2014-2015 plan year. In the event the Florida Division of Retirement requires that an additional benefit be provided for the additional portion of Chapter 175 premium tax revenues retained by the Plan, the parties agree that the firefighter member contribution to the Plan may be increased by a percentage of the firefighter payroll that is equal to the additional amount of Chapter 175 premium tax revenues retained by the Plan, and applied to reduce the firefighter member contribution back to the current level. In no event shall the employee contribution rate exceed the employee contribution rate prior to the increase.

Section 7 Employees currently participating in a DROP with a DROP period of less than ninety six (96) months shall be allowed to extend their DROP to ninety-six (96) months so long

as there is no different actuarial impact than that already anticipated by the extension to ninety-six (96) months for employees not already in the DROP.

Section 8 Section 20-141 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to add new subsection (h) to read as follows:

(h) Members may use accumulated benefits within this Plan for the purchase of military or fire service credits in the Fort Lauderdale Police and Fire Retirement System by rolling the necessary amount from this Plan to the Police and Fire Retirement System in a trustee to trustee transfer as provided in subsection (g) of this section. No member may receive payment in cash for this purpose. Should any provision of this subsection conflict with the applicable provisions of the Internal Revenue Code and the regulations of the Department of Treasury, this subsection shall be deemed void as if it had never been enacted and the remaining provision of this Plan shall remain in effect.

Section 9 Section 20-127 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to add new subparagraph (8) to the definition of creditable service to read as follows:

(8) Members may purchase up to five (5) years of prior service as a federal, state, county, fire district, or municipal firefighter provided the member may not purchase service for any period of time in which the member will receive a retirement benefit from the prior employer as provided in Section 112.65(2), Florida Statutes. The prior service purchased must be determined by the Board of Trustees to be equivalent to the definition of firefighter in Section 175.032, Florida Statutes. In the case of a member who participated in a defined contribution plan in the place of prior employment, the member may only transfer that portion of the account which represents the member contribution plus earnings. The member must pay the full actuarial cost in cash or in a rollover from another qualified retirement system or plan, but in no event less than the member contribution percentage applicable to the member's compensation from the City at the time of the purchase. The actuary for the retirement system shall determine the cost.

Section 10 Section 20-130 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to increase the employee contribution to ten (10%) of pensionable earnings. In the case of DROP participants, an employee contribution equal to the difference between the pre-DROP employee contribution and ten percent (10%) of pensionable earnings shall be paid throughout the DROP period. This provision shall be effective October 1, 2018.

Section 11 Section 20-129 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to permit Tier 2 members to enter DROP upon the completion of twenty (20) years of creditable service for a period of eight (8) years. Upon entering DROP at the completion of twenty (20) years, the member shall have irrevocably elected to make the ten percent (10%) employee contribution for the first five (5) years of the DROP. In the event the member leaves DROP prior to the completion of eight (8) years, the additional contribution shall not be refunded. In the event a member voluntarily leaves service prior to the completion of five (5) years in DROP, the member shall be treated as if he or she had taken an early service

retirement and will incur the actuarial reduction as required by law. The provisions of this section shall become effective on the first day of the month after the City Code is amended to implement the provisions of this section.

Section 12 Section 20-129 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to permit Tier 1 members to participate in the eight (8) year DROP by entering DROP no earlier than the completion of twenty (20) years of creditable service and paying the increased employee contribution of 1.75% during any period of DROP participation in excess of the maximum period otherwise permitted. In the event a member begins the extended DROP period, but leaves prior to the completion of eight (8) years in DROP, the additional contribution shall not be refunded. The provisions of this section shall become effective on the first day of the month after the City Code is amended to implement the provisions of this section.

ARTICLE 43 - LATE / A.W.O.L.

Section 1 Lateness is defined as reporting to work one (1) hour or less after the employee's scheduled starting time. A.W.O.L. is defined as reporting to work one (1) hour or more after the employee's scheduled starting time.

Section 2 A.W.O.L.: An employee reporting to work one (1) hour or more after his/her regularly scheduled starting time will be denied the right to work that shift. However, an employee may be permitted to work the remaining shift only if the employee calls his/her Division Chief, or designee, prior to 0900 hours to report his/her absence and reports to work before 1200 hours. Any overtime costs incurred by the City as a result of such employee reporting late to work shall be reimbursed, at the appropriate rate, through the employee's accrued vacation time and the occurrence shall be considered as a late for purposes of this article.

Section 3 For purposes of this Article, each lateness shall count as one (1) point and each A.W.O.L. shall count as two (2) points.

Corrective discipline for late/A.W.O.L. shall be applied as follows.

Non-Operations:

1 point within a consecutive 12-month period	Written Reprimand
2 points within a consecutive 12-month period	Written Reprimand
3 points within a consecutive 12-month period	1 Day (8-hours) Suspension
4 points within a consecutive period	3 Days (24-hours) Suspension 12-month with final notice
5 points within a consecutive 12-month period	Termination

Operations:

1 point within a consecutive 12-month period	Written Reprimand
2 points within a consecutive 12-month period	½ Shift Suspension (12-hours)
3 points within a consecutive 12-month period	1 Shift Suspension (24-hours) with final warning
4 points within a consecutive 12-month period	Termination

Section 4 Discipline will normally be imposed according to the above schedule. If the employee is able to show some compelling reason for the late or A.W.O.L., the Fire Chief or designee may elect in a manner which is not arbitrary or capricious to withhold or modify discipline in a given case. Any modification of discipline in a given case shall be non-precedent setting in all future cases.

Section 5 Transfer from Operations to non-Operations, or from non-Operations to Operations, shall not affect the total points the employee has accumulated under this Article. A non-Operations employee who has accrued four (4) points under this Article shall not be transferred to Operations unless mutually agreed upon by the City and the Union.

For example: An Operations employee with two (2) accrued points under this Article who is transferred to non-Operations shall continue to have two (2) accrued points under this Article.

Section 6 At the request of an employee who is reporting after the scheduled starting time, an employee on duty may agree to hold over until such time as the employee reports to work providing that:

- A. The employee requesting a hold over must arrange the hold over before 0800 hours, and
- B. the employee holding over must notify the station officer before 0800 hours that he/she is holding in for the schedule employee, and
- C. the late employee contacts the Division Chief no later than 0900 hours and reports to work prior to 1200 hours, and
- D. the City incurs no overtime pay liability.

ARTICLE 44 - LEGAL BENEFITS

Section 1 The City shall, upon the request of an employee covered by this Agreement and after notice of the suit against the employee has been given to the Office of the City Attorney within five (5) days after service upon the employee, undertake the defense of that employee against any civil damage suit in which the Complainant in the suit alleges that the employee was acting within the scope and course of his/her employment and does not allege that the

employee acted in bad faith, or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety or property.

Section 2 The City shall, upon the request of an employee covered by this Agreement and after notice of the suit against the employee has been timely received by the Office of the City Attorney, within five (5) days after service upon the employee, undertake the defense of that employee against any civil damage suit in which the Complainant in the suit alleges that the employee was acting within the scope of his/her employment, even if the Complainant also alleges in the alternative that the employee acted in bad faith, or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety or property. However, in those cases in which the City has reason to believe that there exists a substantial factual basis for the allegations in the suit of bad faith, malicious purpose or actions exhibiting wanton and willful disregard of human rights, safety or property, the employee shall be notified that he/she must provide his/her own defense at his/her own expense, and the City shall not be required to either continue or undertake the defense of the employee.

Section 3 In a civil damage suit in which a defense is provided by the City, the City will indemnify that employee against any judgments, except for punitive damages, rendered in that suit against the employee as a result of his/her actions which occurred while he/she was acting within the scope and course of his/her employment, up to the limits specified in 786.28(5), Florida Statutes, as amended.

Section 4 At any time after the City has undertaken the defense of an employee in a civil damage suit, the employee, at his/her own expense, may, with the permission of the City, hire counsel of his/her choice and substitute that counsel, with the consent of the applicable court, for the counsel provided by the City without affecting the employee's rights to indemnification under Section 3 of this Article.

Section 5 The employee agrees to cooperate fully with the City if the City undertakes the defense of the employee.

ARTICLE 45 - DISCIPLINE PROCEDURE

Section 1 Employees may be disciplined only for cause involving deficiencies in performance, deficiencies in conduct, or both. When disciplinary action is taken or contemplated, the affected employee(s) shall be informed in writing either prior to or at the time the action is taken of (1) the reason for the discipline; (2) the penalty assessed; and (3) the effective date of the penalty.

Disciplinary action shall include the following:

1. Written reprimand
2. Suspension/forfeiture of time
3. Demotion

¹ 768.28, Florida Statutes

4. Discharge

Employee corrective interviews/counseling slips may be used to memorialize notice to employees of deficiencies in performance, conduct, or both, but the issuance of such forms shall in no event be considered disciplinary action for purposes of this Agreement. An employee corrective interview/counseling slip may be appealed only to the next level in the chain of command above the issuing authority. There shall be no further appeal and the corrective interview/ counseling slip shall not be subject to the grievance/arbitration procedure in this Agreement.

If at any time after the initial investigation of actions notice or Bill of Rights notice are determined to be unsubstantiated, an official City cover letter will be placed over the notice(s) and placed in the employee's personnel file.

A letter of reprimand may be appealed orally or in writing through the chain of command. Each level in the chain of command shall have the power to rescind a letter of reprimand. If the written reprimand is not rescinded by the Fire Chief or designee, the employee shall have the right to submit the issue to a neutral party for final and binding determination. The neutral selected by the parties shall be the current Human Resources Director. The parties agree that this will be an expedited procedure using oral arguments and documents of evidence. There will be no submission of briefs and the parties mutually agree that attorneys will not be used for this procedure. The sole function of the neutral will be to rule on the facts related to the incident. The Human Resources Director will issue a written decision within seven (7) calendar days. The Human Resources Director shall have the authority to sustain, reduce, or expunge a reprimand.

Section 2 The parties hereby mutually recognize and acknowledge the existence of that portion of Florida Statutes 112 entitled, "Firefighters' Bill of Rights". The parties agree that any and all violations or alleged violations of this statute will be resolved exclusively through appropriate statutory appeal. However, if the parties mutually agree, Article 48, "Arbitration", may be used to remedy the alleged violations.

Section 3.0 An appeal of a suspension, demotion, or dismissal shall be processed as set forth below.

Section 3.1 If discipline other than reprimand is contemplated, the Fire Chief or designee shall meet with the employee, the Union Steward, or both if so requested by the employee. The Fire Chief's or designee's disciplinary notice to the employee will include a statement indicating that the employee may request a hearing on the matter within ten (10) working days if the employee feels that the disciplinary action is unwarranted. If the employee does not request such hearing within ten (10) working days, the hearing shall be considered waived.

Section 3.2 The Fire Chief or designee, within ten (10) working days following the close of the hearing, will submit to the City Manager a recommendation for action. Within ten (10) working days after receipt of that recommendation, the City Manager will issue a final decision in the matter in writing, a copy of which will be delivered to the employee and/or the Union Steward.

Section 3.3 If disciplinary action is taken by the City Manager, which the employee considers to be unwarranted, the employee and the Union representative may appeal such action by filing a grievance directly under Article 7, Section 2, Step 4.

Section 3.4 In considering the severity of a disciplinary recommendation, the Fire Chief or designee may take into account the employee's official personnel file.

Section 3.5 Any regular employee may be immediately terminated or suspended without advance notice where the giving of such notice could result in damage to the City or to private property, injury to the employee, a fellow employee or the general public.

Section 3.6 In any case in which an employee is charged by proper authorities with commission of a crime, the employee shall notify the Fire Chief within 24 hours. The employee may be immediately suspended without pay pending final disposition of such criminal charges. Such suspension shall not be subject to review through the grievance/arbitration process set forth in this Agreement.

- A. In the event that any employee is convicted of such criminal charges, his/her suspension shall automatically be converted into an involuntary termination and shall not be subject to further review through the grievance/arbitration process set forth in this Agreement.
- B. Where charges against any employee are dismissed for any reason, the City shall have twenty (20) days after receipt of notice of such action to either reinstate the employee with back pay or to institute administrative disciplinary charges against the employee. Such administrative charges, if any, shall be subject to review under the grievance/arbitration procedures provided herein.

In no event shall any employee be granted back pay for any period of suspension attributable to pending criminal charges against the employee unless the employee is found not guilty of such charges or such charges are found to have arisen out of direct line of duty conduct undertaken in good faith.

Section 3.7 If the City Manager rescinds, modifies, or both the disciplinary action, a loss in pay, if any, will be rectified.

Section 3.8 If the disciplinary appeal has not been satisfactorily resolved under this procedure, the City or the Union may proceed to arbitration as set forth in Article 48 – Arbitration.

ARTICLE 46 - DONATION OF ACCRUED SICK / VACATION LEAVE

Section 1 It shall be the policy of the City to permit an employee to donate accrued leave time to another employee whenever extraordinary circumstances require the other employee to be absent from work for a lengthy period of time when that employee has exhausted all accrued sick/vacation leave.

Section 1.1 Extraordinary circumstances shall be defined as, but not limited to, lengthy hospitalization, critical illness, or injury.

Section 1.2 The maximum amount, which an employee may receive, is limited to 180 calendar days (1440 hours) per twelve month period for off-the job injuries. Before an employee is eligible to receive donated leave, his or her physician must certify that the employee has one or more of the extraordinary circumstances identified in Section 1.1, and is unable to perform his/her job duties. Once medical certification is received, the employee is eligible to receive up to 160 hours of leave for which he or she would otherwise be without pay. From this point forward, the employee will be authorized to use donated sick leave in up to 160 hour increments, with additional medical certification after each 160 hour increment documenting the employee's disability. At the discretion of the Fire Chief or designee, the above-referenced time may be extended.

Section 1.3 For on-the-job injuries, the employee must have exhausted all other forms of compensation available through payroll. Approval will be granted for use of 160 hours of donated leave. From this point forward, the employee will be granted donated leave in 160-hour increments with additional medical documentation from the Workers' Compensation physician(s) or practice(s) and shall be eligible to receive donated leave for up to two (2) years.

Section 1.4 All requests for sick leave donation shall be submitted in writing by the requesting employee through the chain of command to the Fire Chief or designee.

Section 2 The Fire Chief or designee must submit a request in writing for permission to solicit donation of accrued leave from departmental personnel. Such request shall require the approval of the Human Resources Director or designee within thirty (30) days. In reviewing such requests, consideration shall be given to the other employee's previous leave history, as well as the nature of illness or injury. Such written requests shall include employee's name, reasons for requesting such donations of accrued leave and approximate duration of absence, if known.

Section 3.0 Upon approval of such request, the Fire-Rescue Department timekeeper will obtain a supply of Form J-180 (Application for Donation of Sick/Vacation Leave) from the Personnel Records Specialist, Human Resources Department and shall distribute those forms to employees willing to donate accrued leave time. The donation must be made as a free and voluntary act and without duress or coercion.

Section 3.1 As forms are completed by the donors, the Fire-Rescue Department timekeeper will forward such forms to the Personnel Records Specialist, who will time and date stamp each form in the order it is received. Donated time will be credited to the absent employee in the

and Local 765 – Fort Lauderdale Professional Firefighters, Inc.

order in which the forms are received. In the event of excess donations received but not used due to the employee's early recovery, resignation, retirement, or death, any donation forms received but not utilized will be voided, and the time returned to the donating employees. Donated time returned to a donor shall be reflected in the sick leave balance on the donor's pay stub as soon as possible.

Section 4.0 Donated time will be converted to a dollar value based on the current rate of pay of each donor for hours donated and on the rate of pay of each done for hours utilized. The rate of pay used for each donor will be that in effect at the time Form J-180 is signed.

Section 4.1 Time donated for this purpose will not be considered during the donor's performance rating period, nor will it affect a donor's right to convert sick leave to vacation leave or cash payment as established in this Agreement.

Section 5.0 The Personnel Records Specialist shall notify the Fire-Rescue Department timekeeper when donated time is nearly exhausted, and that Department shall have the responsibility of requesting additional donated time, if desired.

Section 5.1 The Fire-Rescue Department timekeeper will immediately notify the Personnel Records Specialist by phone of the employee's return to work or of any major change in the employee's physical condition.

ARTICLE 47 - DURATION OF AGREEMENT

Section 1 This Agreement shall be in effect as of 12:01 a.m. October 1, 2017 or upon ratification by the parties, whichever is later, and shall remain in full force and effect until the 30th day of September, 2020. It shall automatically be renewed from year to year thereafter unless either party shall have notified the other in writing, no later than March 1, 2020, or by March 1 of any year thereafter, of an intention to negotiate a successor agreement.

ARTICLE 48 - ARBITRATION

Section 1 If no satisfactory resolution of a grievance has been reached under the procedure provided in Article 7 of this Agreement and the grievance or dispute relates to the determination of rights and obligations conferred or created by this Agreement and a written request for arbitration is made by the Union within ten (10) working days after the final answer from the Employee Relations Director, a request for a written panel of arbitrators shall be made and such dispute shall be submitted for final and binding arbitration. If no request for arbitration is received within ten (10) days after the written answer from the Employee Relations Director, the grievance will be considered by both parties to be withdrawn and settled based on the answer received from the fourth step of the grievance process.

The Union retains the exclusive right to request arbitration or withdraw a grievance at any time provided such decision is not based upon Union or Non-Union membership.

Section 2 The City and the Union shall, within one (1) week of the election of either party to arbitrate, meet to mutually agree upon an arbitrator. If this cannot be done, the party filing the grievance shall have thirty (30) calendar days to request a seven arbitrator panel of local arbitrators from the Federal Mediation and Conciliation Service (FMCS). In the event that either party, before any striking of names occurs, feels that the panel is unsatisfactory, that party shall have the right to request one (1) additional panel. Within ten (10) days of receipt of the panel, the arbitrator shall thereafter be selected from the panel of arbitrators by alternate striking of names until one (1) name remains. The winner of the coin toss shall elect to strike either first or second. The parties will thereupon notify FMCS, who will notify the arbitrator of the appointment. Failure of the parties to select an arbitrator within thirty (30) working days of receipt of the panel shall be considered a dismissal of the grievance with prejudice.

Section 3.0 The arbitration shall be conducted under the rules set forth in this Agreement and shall proceed as follows:

Section 3.1 Upon notification of appointment, the arbitrator shall communicate with the parties as soon as practicable to arrange, for the date and place of hearing; or, if questions of material fact are not at issue, to arrange for the joint submission of stipulations of fact and relevant documentation concerning the grievance.

Section 3.2 If no hearing is to be conducted, each party shall submit to the arbitrator its statement of position regarding the grievance. Prior to the date of the hearing or submission of documents, the parties shall, jointly or separately, provide the arbitrator with a written statement of the issue or issues to be resolved in the arbitration proceeding.

Section 3.3 The arbitrator shall have exclusive jurisdiction and authority to resolve grievances as defined in this Agreement. The arbitrator shall have the authority to issue subpoenas enforceable in any court of competent jurisdiction and shall administer oaths to all witnesses testifying in any proceeding.

Section 3.4 The arbitrator shall have no power to change, amend, add to, subtract from or otherwise alter or supplement this Agreement or any part thereof or any amendment thereto.

Section 3.5 The arbitrator shall have no power to consider or rule upon any matter which is stated in the Agreement not to be subject to arbitration (e.g. discipline or discharge of probationary employees, counseling slips, reprimands, discrimination charges, etc.) or which is not a grievance as defined in this Agreement or which is not covered by this Agreement.

Section 3.6 The parties agree that only evidence presented at a hearing at which both parties are present shall be considered by the arbitrator.

Section 3.7 Upon timely notice prior to the scheduling of hearings and when mutually agreed, consolidation of one (1) or more grievances based upon similar circumstances for hearing and resolution before the same arbitrator shall be permitted.

Section 3.8 The arbitrator shall render a decision not later than thirty (30) calendar days after the conclusion of the final hearing. The findings of the arbitrator made in accordance with the jurisdictional authority under this Agreement shall be final and binding on the parties. The arbitrator's decision shall be in writing and shall set forth the arbitrator's findings and conclusions on the issues submitted unless otherwise agreed in writing by the parties.

Section 3.9 Except in disciplinary cases, the party claiming misinterpretation or misapplication of this Agreement shall have the burden of proving its contention.

Section 4 This Agreement constitutes a contract between the parties which shall be interpreted and applied by the parties and the arbitrator in the same manner as any other contract under the laws of the State of Florida. The function and purpose of the arbitrator is to determine disputed interpretations of terms and conditions of employment actually found in the Agreement or to determine disputed facts upon which the application of the Agreement depends. The arbitrator, therefore, shall not have the authority, nor consider it the arbitrator's function, to include in the decision any issue not submitted or to interpret or apply the Agreement so as to change what can fairly be said to be have been the intent of the parties as determined by generally accepted rules of contract construction. The arbitrator shall not render any decision which, in practical or actual effect, modifies, revises, detracts from or adds to any of the terms or provisions of this Agreement. Past practices of the parties in interpreting or applying terms of the Agreement can be relevant evidence but may not be used so as to justify or result in what is, in effect, modification (whether by addition or deduction) of the written terms of this Agreement. The arbitrator shall not render any decision or award or fail to render any decision or award merely because, in the arbitrator's opinion such decision or award is fair or equitable or because, in the arbitrator's opinion, it is unfair or inequitable.

Section 5 The costs for the services of the arbitrator shall be shared equally by the parties to this Agreement. The parties shall bear the costs of their own representatives and witnesses. The Union shall have the right to compensate its witnesses from the time pool. Either party to

this Agreement desiring a transcript of the arbitration hearing shall be responsible for the cost of such transcript. If either party to this Agreement requests postponement of a previously scheduled arbitration resulting in a postponement charge, the party requesting the postponement shall pay such charge. A postponement charge resulting from a joint postponement request shall be shared equally by the parties.

Section 6 Upon mutual agreement by the City and Union, the parties may agree to expedite a request for arbitration.

ARTICLE 49 - PHYSICAL FITNESS PROGRAM

During the life of this Agreement, the City and the Union agree to develop and implement a Wellness Program for bargaining unit members.

ARTICLE 50 - SUBSTANCE / ALCOHOL TESTING PROGRAM

The City has a legal responsibility and management obligation to ensure a safe work environment as well as a paramount interest in protecting the public by ensuring that its employees have the physical stamina and the emotional stability to perform their assigned duties. A basic requirement and condition of employment must be an employee who is free from drug/alcohol dependence, illegal drug use, and drug/alcohol abuse.

There is sufficient evidence to conclude that the use of illegal drugs, drug or alcohol dependence, and drug or alcohol abuse seriously impairs an employee's performance and general physical and mental health.

Section 1 The Fire-Rescue Department hereby adopts the following provisions to ensure an employee's fitness for duty as a condition of continued employment:

- A. Any employee under the influence of an illegal substance or alcohol in the work place shall upon detection be immediately suspended without pay pending an investigation. Should the employee be judged to be in violation of this Article he/she may be disciplined up to and including dismissal based on Fire Chief's discretion. In the event the Fire Chief chooses to use his/her discretion not to terminate the employee, the employee will be subjected to a comprehensive drug rehabilitation program at employee expense and unlimited drug testing for two years from the date of the determination by the Fire Chief. "Under the influence" as used in this Article shall be defined as those amounts of drugs, alcohol, or controlled substance which are specific within this Article or for which there are State statutory standards.
- B. Any employee found to be selling, purchasing, using, transferring, or in the possession of an illegal substance on or off duty shall upon detection be immediately suspended without pay pending an investigation. Should the employee be judged to be in violation of this Article, he/she will be dismissed from City employment. Furthermore, any employee who alters or attempts to alter any illegal substance or alcohol test will be dismissed from City employment.

- C. While on duty, any employee under the influence of a legally obtained drug to the extent that such use influences or impairs the ability of the employee, affects the safety of coworkers, impairs the employee's job performance or the safe or efficient operation of Fire-Rescue Department equipment, shall upon detection be immediately suspended without pay pending an investigation. The investigation may include drug and alcohol testing. Should the employee be found to be in violation of prescribed physician's directions, he/she will be discharged from City employment.

Section 2 In an effort to identify and eliminate on or off-duty controlled substance/illegal substance and alcohol abuse, appropriate tests as determined by the City shall be administered as provided herein:

- A. As part of any scheduled physical examination program where participation is required of Department personnel.
- B. Following any accident or serious incident occurring on-duty and/or where the City has reasonable suspicion based upon objective factors that the involved employee(s) may be under the influence of alcohol, illegal substances or non-physician prescribed drugs.
- C. Where the City at any time has a reasonable suspicion based upon objective factors, rational inferences, or both that the City is entitled to know from these facts in the light of its experience that the employee has possession of or is using, dispensing or selling any illegal drug or controlled substance not prescribed by a licensed physician.
- D. Where the City has a reasonable suspicion that the employee is under the influence of alcohol on-duty, or while covered for portal-to-portal pay for Worker's Compensation.
- E. As a condition of promotion to any position within the Bargaining Unit. In such cases, the appropriate test shall be administered at a time determined at the City's sole discretion during the employee's probationary period for the promotion.
- F. On a random basis, on duty or, without exception, upon employee's return to duty, he or she may be selected and subject to a drug and alcohol test.
- G. Anytime that an employee is involved in an accident while operating a City vehicle, whether on or off duty, the employee may be required to submit to alcohol/chemical drug testing immediately. Employees must follow relevant policies for reporting accidents in a City vehicle whether on or off duty.

Section 3 Testing for drugs or illegal substances shall be done through a blood analysis, urine analysis, or both at the City's discretion. Alcohol testing will be conducted by use of a breathalyzer test as determined by the City's medical provider. If alcohol use is detected, the employee will also undergo blood analysis to determine accurate findings as related to state statutory standards. No safety-sensitive employee shall report for duty or remain on duty while having an alcohol concentration of 0.04 or greater. If the alcohol concentration is 0.04 or greater, a second confirmation test will be conducted and the employee will be sent home without pay for the remainder of the shift. The state standard of an alcohol concentration of 1.5 or greater will be used as the standard for "under the influence" of alcohol. Blood samples

shall be taken to test for alcohol, drugs or other substances, or any combination thereof where it is generally accepted by medical experts, toxicological experts, or both that testing for such substance is insufficiently accurate through urine samples or where testing of the substance through blood samples provides substantially greater accuracy. Urine samples shall be collected under supervision of collection site personnel and split sample screening will be utilized. The collection site shall maintain a record of the “chain of custody” of urine specimens.

In the event a urine specimen is tested as positive under the drug testing screen, as specified below, a portion of that sample shall be subjected to a gas chromatography/mass spectrophotometry (GC/MS) testing. If the GC/MS confirmation test also is positive, the employee may request a portion of the urine sample to be supplied to a qualified laboratory for independent analysis, the cost of which will be paid by the employee.

Section 4 Drugs, their metabolites, alcohol and other substances for which the City will screen an employee’s urine sample, blood sample, or both include, but are not limited to the following: alcohol, amphetamines, barbiturates, benzodiazepines, cocaine metabolites (benzoylecgonine), extended opiates, marijuana metabolites (delta9-tetrahydrocannabinol-9-carboxylic acid), methadone, methylenedioxymethamphetamine, opiates, phencyclidine, and propoxyphene. All testing shall be done by a qualified laboratory with expertise in toxicology testing and methodology. All positive test results shall be evaluated by a certified toxicologist.

All samples which test positive on a screening test shall be confirmed by gas chromatography/mass spectrophotometry (GC/MS). Employees shall be required to document their legal substance use, as defined above, within twenty-four (24) hours of their initial drug screening test. Test results shall be treated with the same confidentiality as other medical records. The standards for positive results to be used for employee drug testing are as follows:

DRUG TESTING STANDARDS

*Twenty-five (25) ng/ml if immunoassay specific for free morphine.

Other drugs and substances may be tested for by the City at its discretion. In that event, they will be tested at levels according to generally accepted toxicology standards. The City will provide the Union with six (6) months' notice prior to testing for additional drugs or substances.

Section 5 Refusal to comply with an order to submit to such an examination will constitute the basis for dismissal from City employment. Any positive test for a controlled substance shall result in dismissal from City employment.

Section 6 The City's EAP shall be available to any employee who is the subject of investigation for alcohol or substance abuse or has been ordered to submit to medical testing or who has tested positive in any medical drug or alcohol test. Nothing in this Article is intended to prevent employees from voluntarily utilizing the EAP prior to the commencement of an investigation or order to submit to testing.

ARTICLE 51 - PRODUCTIVE WORK AND WORK ASSIGNMENT

Section 1 Nothing in this Agreement shall limit the Fire Chief's or designee's sole and exclusive right to assign routine fire duties or productive work including general clean up and maintenance of stations and grounds except for electrical wiring, plumbing, roofing, and station painting.

Section 2 The City shall continue the present policy of "free time" during duty hours in which employees are not engaged in assigned duties or at the discretion of the Chief Officer in charge. Employees on duty shall be allowed to participate in recreational activities during their "free time" as provided by the Fire Chief or designee. Nothing in this clause shall prohibit the City from scheduling work activities on any duty day.

Section 3 The Fire Chief or designee shall determine whether any injury sustained by an employee while performing productive work under this Article falls within the high-risk or low-risk categories set forth in Article 33, provided that such determination shall not be arbitrary or capricious.

ARTICLE 52 -SUBCONTRACTING

Section 1 The City shall retain all rights to determine whether and/or to what extent any work shall be performed by employees, contractors, or subcontractors.

Section 2 When the City determines that it is in its best interest to enter into a contract with an outside supplier or service agency to perform services presently being performed by City of Fort Lauderdale employees, the City agrees that it will notify the Union when bids are requested and will, within ten (10) days thereafter, meet and discuss, with representatives of the Union the effect of such contract upon members of the Bargaining Unit.

Section 3 If the City enters into such contract and, as a result thereof, an employee will be laid off, the City agrees such employee shall be entitled to first consideration by the contractor for any available work.

Section 4 In the event the employee is not employed by the contractor, the Layoff and Recall Procedure contained in this Agreement shall apply.

Section 5 Nothing in this Article will be construed to limit the Union's right to bargain concerning the identified impact or effects of subcontracting upon Bargaining Unit members.

ARTICLE 53 - SMOKING POLICY

Section 1 All firefighters shall be nonsmokers at the time of hire as a condition of employment and shall be required, as an absolute condition of continued employment, to refrain from smoking cigarettes, cigars, pipes, or tobacco products of any kind at all times, whether on or off duty. Any firefighter hired on or after March 1, 1988, who violates this provision will be subject to disciplinary action up to and including discharge.

Section 2 Tobacco use shall be prohibited at all firefighter employee places of employment. This prohibition includes any building or area owned, operated, occupied or used by the Fire Department on a routine basis and includes all types of tobacco and tobacco-like products, including smoked and smoke-less tobacco, other smokeable products and electronic cigarettes. Any firefighter who violates this provision will be subject to disciplinary action up to and including discharge.

Section 4-3 All bargaining unit members will be required, as an absolute condition of continued employment, to refrain from using chewing tobacco products of any kind while on-duty.

ARTICLE 54 - PREGNANCY LEAVE

Section 1 Pregnancy leave shall only be authorized for periods when the employee is unable to perform her regularly assigned duties due to pregnancy disability or medical complications arising out of pregnancy. Such leave shall require prior approval of the Fire Chief or designee and may not be utilized for child rearing purposes.

Section 2 The employee must comply with the City's request for information concerning the status of the pregnancy disability and the anticipated date that she will be able to return to work. The Human Resources Director may require further determination of physical fitness by a physician or physicians designated by the Human Resources Director. Such additional medical examinations shall be at no expense to the employee. An employee returning to work after such leave shall maintain seniority or other benefits as provided in this Agreement.

Section 3 In the event there is a difference of opinion between the physician designated by the Human Resources Director and the employee's physician regarding the employee's physical fitness to perform the work in which employed, a third physician shall be designated by the City's and the employee's physicians, whose decision shall be final and binding.

Section 4 When submitting a request for pregnancy leave, the employee shall designate the number of paid hours (sick, vacation, compensatory leave, or any combination thereof) she wishes to bank for future use. With the exception of banked paid leave, the employee must

utilize all paid leave before going on unpaid pregnancy leave. Once the employee goes on approved unpaid leave, the banked paid leave shall not be utilized until the employee's return to work. Nothing in this Section shall limit the Fire Chiefs or designee's sole discretion to permit the disabled employee to utilize her banked paid leave for an unforeseen medical circumstance or emergency. Requests for donated leave must disclose the amount of sick, vacation, and compensatory time the employee has banked.

In absence of a physician's statement certifying that the employee is disabled due to conditions arising out of pregnancy, the employee shall be considered fit for duty and will be expected to be able to return to duty beginning the ninety-first (91st) calendar day following the date of delivery.

ARTICLE 55 - LABOR / MANAGEMENT

Section 1 A Labor Management Committee shall be established to promote communications between the Union and the City by exploring avenues which will lead to better understanding, greater cooperation, and the productive and efficient operation of the Fire Department.

The Committee shall be composed of three (3) representatives selected by the Union and three representatives selected by the Fire Chief or designee and a representative of the Employee Relations Office. Resource people and visitors may attend Committee meetings upon mutual agreement of the Union and City representatives.

The Committee shall have advisory powers only. The responsibility for making decisions will continue to remain with the line management of the City and with the line officers of the Union.

To achieve stability members shall serve for one (1) year. Absent members shall not be replaced with alternates unless a member terminates his/her employment with the City or is on long term leave.

The Committee will meet on a quarterly basis. The Committee will be free to discuss any subject except grievances that are currently pending.

Any rule and arrangements under which the Labor Management Committee operates may be changed by mutual agreement of the City and Union.

In order to promote the establishment of the Labor Management Committee, the City will make available up to three thousand five hundred (\$3500) the first year of the ratified collective bargaining agreement.

The expenditure of any such funds made available by the City will require mutual agreement by the City and Union.

- A. Bargaining Unit members who do not live within a twenty-five (25) mile radius of City Hall may be assigned a take home car if they are assigned to duties which require a vehicle and, in the opinion of the Fire Marshal, would be needed to conduct the operational needs of the department.
- B. All take home vehicles shall be used only for City business and transportation to and from work. Take home vehicles may be utilized to run personal errands while reporting to and from work so long as the travel required to complete such errands does not add more than six (6) miles to the employee's normal commute. Carrying of non-employee passengers in City vehicles is permitted only if it is in the furtherance of City business and it is related to the job activities of the City employee driver. Carrying of the employee's children (including the employee's children or any children residing with the employee) shall only be permitted when traveling to and from work to drop off or pick up children from school or day care. If the employee intends to transport non-employee family members, the employee shall purchase and maintain, at his/her sole expense, liability coverage on the vehicle assigned to that employee and the City of Fort Lauderdale shall be named an additional insured. The limits of such coverage shall be a sum not less than \$200,000/300,000 per occurrence. The employee shall furnish the Risk Manager with a certificate of insurance and be required to sign a Liability Insurance Affidavit. Proof of insurance shall continue to be submitted after each renewal.

The Fire-Rescue Department will notify the Union of any changes in Section 8.1.1.1 and 8.1.3.1 of the Policy and Standards Manual. - L. All Inspector reports shall be stored and maintained in a neat and orderly fashion in the designated storage box.

Section 2 The City has the right to discontinue assignment of such take home vehicles for any or all employees if the City determines that take home vehicles are not in the City's best interest. The City will provide the Union with ninety (90) days advance notice prior to discontinuing the take home vehicle program.

Additionally, the City may discontinue assignment of take home vehicles to any employee(s) who does not comply with the provisions of this article, or who does not meet Fire-Rescue Department productivity standards as determined by the Fire Chief, or designee.

Section 3 Travel time in such take home vehicles from the employee's resident to the first work site at start of shift and from end of shift back to the employee's residence shall not be considered hours worked.

LIABILITY INSURANCE AFFIDAVIT:

**ARTICLE 57 - MERGERS OF OTHER FIRE DEPARTMENTS
AND PROVIDING SERVICE TO OTHER MUNICIPALITIES**

The City agrees that it will notify IAFF Local 765, in writing, prior to any merger or assumption of services with other governmental units involving Fire-Rescue or emergency medical services and will meet and discuss with representatives of Local 765 the effect of such merger or assumption of services as members of the bargaining unit.

ARTICLE 58 -STATION ASSIGNMENT

Section 1 Station assignment or pick preferences will be processed each fiscal year prior to vacation selections. During this pick employees may indicate their preference for station and apparatus assignment from the available slots. The City will consider the employee's classification seniority when making assignments, however the assignments of station and apparatus will be made by the Fire Chief based primarily on departmental objectives, with seniority being one of the many relevant considerations.

Section 1.1 During the station and apparatus assignment preference or pick period, employees may indicate their station and apparatus preference.

The Fire Chief will indicate the staffing levels, classifications, and qualifications required for each position assigned to an apparatus.

Section 1.2 Prior to the yearly station bid, all parameters will be reviewed by labor and management.

Section 1.3 An employee who is permanently reassigned or promoted shall not have the right to exercise station preferences until the first available selection process after the reassignment or promotion becomes effective.

Section 1.4 Although it is the intent of this Article to permit employees the opportunity to indicate preference in apparatus assignment, it is understood that employees may be assigned to other apparatus based upon legitimate, non-arbitrary, departmental objectives, including, but not limited to, staffing and training needs of the department.

Section 1.5 The provisions of this Article do not constitute a waiver by the City of its right to determine the mission of the Fire-Rescue Department, or the right to determine the number and type of personnel allocated to any particular shift, station, apparatus or specialty team.

Section 1.6 In addition to the annual preference or pick period, there shall be a quarterly pick period to allow employees to indicate their preference for station and apparatus assignment slots which have become available since the last annual or quarterly preference or pick period. Vacancies caused by the awarding of station or apparatus assignments after a quarterly preference or pick period shall be filled in the following quarterly or annual period. Vacancies occurring on or between October 1 and December 31 shall be filled between January 1 and January 15. Vacancies occurring on or between January 1 and March 31 shall be filled between April 1 and April 15. Vacancies occurring on or between April 1 and June 30 shall be filled between July 1 and July 15. Vacancies occurring on or after July 1 shall be filled during the annual preference or pick period.

Section 1.7 The provisions of this Article may be amended or modified by written mutual agreement between the Union and the City.

ARTICLE 59 - EMERGENCY LEAVE

At the employee's request, the City may grant emergency leave from work for a bona fide emergency. Each employee is eligible for up to one (1) hour paid leave with the first incident of approved emergency leave in a twelve (12) month period. In the event the emergency leave exceeds the one (1) hour granted, any additional time will be deducted from the employee's pay. Subsequent incidents of approved emergency leave within a 12-month period will be deducted from the employee's pay. The employee may elect to use vacation leave in lieu of a pay deduction.

ARTICLE 60 - ORGANIZATIONAL CLIMATE SURVEY

The Union agrees that the City may conduct organizational climate surveys of members in the bargaining unit. The purpose of such surveys is to improve the organizational culture and climate of the various works units and to assist management in providing a more positive work environment for employees.

Prior to survey activity, the City agrees to meet and confer with the Union to discuss survey content.

ARTICLE 61 -DETAIL PAY

Section 1. Off-Duty, Details: The Fire Chief or designee shall administer the City's off-duty detail program. The detail rate of pay shall be paid at the flat dollar rate of \$40 per hour. Command positions will be paid at \$50 per hour.

The parties recognize that special details are a form of outside contractual employment with individuals operating under the licensure and protocols of the Department.

Section 1.1 Any bargaining unit employee who reports one (1) hour or less after the scheduled starting time of detail will receive a counseling slip.

Any bargaining unit employee who reports one (1) hour or less after the scheduled starting time of the detail for a second time within a twelve (12) month period will be denied the right to work details for a period of one (1) year from the date of the second infraction.

Any bargaining unit employee who reports more than one (1) hour after the scheduled time of the detail or fails to report to detail, will be denied the right to work details for (1) year from the date of the infraction.

Section 1.2 The Fire Chief or designee may elect, in a manner which is not arbitrary or capricious, to consider mitigating circumstances for the employee's failure to report in a timely manner so as to permit the employee to work details, notwithstanding the provisions of the Section 1.1 above.

Section 1.3 Off-duty detail opportunities will be distributed equitably among eligible bargaining unit members as defined in Article 2 of this Agreement. Although temporary imbalances in the distribution of off-duty details may occur, nothing in this section shall be construed as alleviating the continuing intent of departmental management to distribute off-duty details fairly and equitably over an extended period of time.

At the discretion of the Fire Chief or designee, and based on the complexity of the detail, Fire Captains may be permitted to work command opportunities if no other Battalion Chiefs apply to work a proposed command detail.

Non-bargaining unit members of the Fire Department shall be permitted to work off-duty details.
