Section 7 The City agrees that when an employee of the designated Bargaining unit is appointed or elected to an advisory board and/or committee of the City of Fort Lauderdale, Florida State Fire College or the Florida Fire Fighters Standards Council, said employee shall be afforded time during working hours without loss of pay to attend scheduled meetings which shall be verified by the committee chairperson and, in addition, any other State agency appointment which shall be subject to the approval of the City. At no time shall an employee receive overtime compensation or any additional time off for meetings and travel related to the appointed or elected position on the board or committee.

Section 8 The Union President shall be assigned to a 40-hour work week schedule and receive the same benefits as any other 40-hour work week bargaining unit member according to this Agreement. The assignment will be for the purpose of being available for City staff, Fire Administration, union business and managing and administering the VEBA.

ARTICLE 7 – WORK HOURS

Section 1 The parties acknowledge and agree that Battalion Chiefs are exempt from the overtime provisions of the Fair Labor Standards Act. However, the basic work assignment for Battalion Chiefs and the Assistant Fire Marshal shall consist of 40 hours for Non-Operations personnel and 48 hours for Operations personnel assigned to a 24-hour shift. However, both Operations and Non-Operations Battalion Chiefs and the Assistant Fire Marshal shall be paid in accordance with Schedule A.

Battalion Chiefs, when selecting a Kelly Day, will have all seven days of the week available to select.

Section 1.2 At the City’s sole discretion, Non-Operations personnel may be assigned to a flexible work schedule that upholds the parameters set forth in Sections 1 and 1.1 of this Article.

Section 1.3 Battalion Chiefs may be required to work additional hours, which can be in increments of 8 or more_beyond their regular 40 or 48 hour workweek to fill an Operations Battalion Chief position. Battalion Chiefs working hours in excess of their regular scheduled workweek shall be compensated in accordance with their hourly rate in Schedule A. Compensation paid to Battalion Chiefs for additional hours worked under this Section does not constitute “Earnings” under Section 20-127 of the City Code in that the compensation is not part of the Battalion Chief’s fixed monthly remuneration and does not constitute assignment pay or regular longevity bonuses.

Section 1.4 If a Battalion Chief is needed to fill a vacant Operations Battalion Chief position, the vacancy shall be filled on a rank for rank basis and he or she will be selected from a shift list established based on seniority starting with the most senior employee. When a position needs to be filled, the employee at the top of the list will be offered the position. Section 4 Flex Time: Battalion Chiefs assigned to a 40-hour workweek may, with prior approval, flex their work schedule within the same workweek. Additional hours compensated under section 1.3 shall not cause accrual of flex time.

ARTICLE 8 - SENIORITY

Section 1 City Seniority: Each employee will have seniority standing in the City equal to the employee's total length of service with the City of Fort Lauderdale from the most recent date of employment with the City.

City Seniority shall be used for the purposes of computing the amount of vacation benefits, longevity pay, service awards, and other matters based on length of service with the City.

Section 2 Departmental Seniority: Each employee will have seniority standing in the Fire Rescue Department equal to the employee's total length of service with the City of Fort Lauderdale Fire Department from the most recent date of employment with the Fire Rescue Department. Departmental Seniority shall be used in all cases involving reduction of personnel due to layoff and recall from layoff, demotion or other legitimate causes.

Section 3 Classification Seniority: Each employee will have seniority standing in the classification in which the employee holds a permanent appointment equal to the employee's length of service in said classification from the most recent date of employment in the classification.

For promotional exams, if multiple promotions are made on the same date from a promotional register, the order of the final ranking will be used to determine classification seniority. If there is a tie in ranking, the date the employee's application was received, and time stamped by the Human Resources Department will be used as the deciding factor.

Classification Seniority shall be used for bargaining unit member assignments, vacation preferences, and "Kelly Days".

Section 4 Accrual of Seniority Benefits: Accrual of leave, longevity or any other benefit based upon length of service shall be determined by provisions contained in this Agreement. When such amendments are applicable to the Bargaining Unit, they shall be made by mutual consent. When a member returns to duty from disability, the employee shall maintain his/her position on the seniority roster.

Section 5 Probation Promoted employees shall be considered on probation for a period of six (6) months, during which time the City will have the right to retain the employee in the designated class or demote the employee to the classification previously held.

A probationary period may be extended upon mutual agreement between the Union and City Manager or designee.

Section 6.0 Loss of Seniority: An employee's seniority and employment shall terminate when an employee:

Section 6.1 Voluntarily resigns.

Section 6.5 In the event of recall to work, failure to report for work within fourteen (14) calendar days of the date of receipt of certified recall letter or failure to notify the City of the intent to return to work within five (5) calendar days of the date of receipt of said recall letter.

Section 6.6 Has not worked for the City for a period of two (2) years or upon being granted disability benefits by the Police and Fire Pension Board, whichever comes sooner. At the discretion of the Fire Chief, the employee may be granted an extension until the disability is accepted or denied by the Police and Fire Pension Board, if the employee's disability was placed on the agenda for the Police and Fire Pension Board 90-days before the 2-year limit. Such discretion shall not be exercised unreasonably.

Section 6.7 Failure to return from an authorized leave of absence within three (3) calendar days. However, nothing contained herein restricts lesser disciplinary actions.

Section 6.8 Is discharged.

ARTICLE 9- LAYOFF/RECALL

Section 1 The City may layoff a Bargaining Unit member whenever such action is made necessary by reasons of shortage of work or funds, the abolishment of a position or because of changes in organization.

Section 2 Whenever the layoff of one or more Bargaining Unit members becomes necessary, the Fire Chief shall notify the Director of Human Resources, at least ten days in advance, of the intended action and the reasons for the layoff. The Director of Human Resources shall thereupon furnish to the Fire Chief the names of the employees to be laid off in the order in which the layoff shall occur. The Director of Human Resources shall make every effort to notify the Union in advance of the Bargaining Unit members who will be laid off.

Section 3 In the event of a layoff, temporary, provisional and probationary employees in the classification of Battalion Chief or Assistant Fire Marshal shall be laid off in that order and before any permanent Battalion Chief or Assistant Fire Marshal is laid off.

Section 4 In the event of a reduction in force causing the elimination of a Battalion Chief or Assistant Fire Marshal position, the least senior person in the position shall have the opportunity to return to the last permanently held classification based upon Departmental seniority. In the event that such a roll-back causes the bumping of a less senior employee in the lower rank, that person shall be processed in accordance with the lay-off provisions of their respective collective bargaining agreement.

Section 5 The recall of employees in a layoff status shall be in the reverse order of the layoff with the last employee laid-off being the first rehired provided that such employee has the physical and mental ability to perform the work available. Recall notices shall be sent by registered mail, return receipt requested, to the last known address of the employee to be recalled. It is the sole responsibility of the employee on lay-off to keep the Department advised of his/her current address.

ARTICLE 10 - BIWEEKLY RATES OF PAY AND ASSIGNMENT PAY

Section 1.0 Attached hereto is a Wage Appendix showing, in Schedule A, rates of pay of employees covered by this Agreement. Progression through the steps shall occur at the discretion of the Fire Chief or designee, and subject to City Manager approval for meritorious service; however, progression from one step to a higher step shall be no less than twelve (12) month intervals. Employees between steps shall advance to the closest step not below their current rate of pay effective the first full payroll period beginning on or after the date of ratification.

Section 1.1 Effective the first full pay period of October 2023, 2024, and 2025 the pay ranges shall be adjusted by the percentage necessary to bring the maximum annual rate of the pay range to the 75th percentile of the maximum annual rate for all Broward County fire agencies (or 25th from the top out of 100 comparators) with the same job classifications as of October 1 of the same calendar year. Broward County fire agencies with the same job classifications with expired/status quo agreements will be included as survey comparators. In any single year the 75th percentile increase shall not be less than two percent (2%) nor greater than four percent (4%).

To the extent EMT and paramedic pay is included in the annual rate of pay of comparator agencies to reach the 75th percentile, those annual rates of pay, for comparison purposes, shall exclude EMT and paramedic certification pay.

To calculate the 75th percentile, the parties agree to compare pay ranges as of April 1 of each year identified above in this Section 1.2, to the maximum annual rate effective the first full pay period of the following October -and will calculate as follows:

1. Calculate 25% of the total number of agencies that have Battalion Chiefs and/or an Assistant Fire Marshal;
2. Calculate the difference between the two agencies' rate of pay of which the City's rate must fall between.
3. Calculate 50% of the difference between the rates of pay of the agencies that the City rate must fall between; and
4. Subtract the 50% from the higher of the two agencies rates of pay.

Section 1.2 For the term of this Agreement, employees topped out of the established pay range set forth in Schedule A shall receive a one-time annual lump sum payment of one and one-half percent (1.5%) of base annual rate for an overall performance evaluation rating of satisfactory or a one-time annual lump sum payment of three percent (3%) of base annual rate for an overall performance evaluation rating of above satisfactory or outstanding. The base annual rate used to calculate the lump sum payment shall be the rate in effect on the date the employee's annual performance evaluation is due. The parties agree the lump sum payments are not considered pensionable.-

Section 2 Assignment Pay:

1. The Fire Chief or designee has sole discretion in placing and removing bargaining unit members from assignment pay duties.
2. The assignment pay shall become effective beginning the first pay period following placement in the assignment by the Fire Chief or designee. In calculating total assignment pay, multiple assignment pays shall not be compounded.
3. Multiple assignment pays will be at the discretion of the Fire Chief.
4. Miscellaneous assignment pays may be paid at 2%-10% of the employee's pay step as determined solely by the Fire Chief.
5. Bargaining unit members regularly assigned to Non-Operations shall be paid in accordance with Schedule B.

Section 3 When computing all pay rates or other forms of compensation, the rate shall be rounded to the nearest whole cent. Amounts .5 cent (\$.005) or above shall be rounded upward to the next whole cent; amounts .49 cent (\$.0049) and below shall be rounded downward to the next whole cent.

In computing any pay rate adjustment, said adjustment will be made first on the hourly rate if applicable. The adjusted hourly rate will then be used to establish a biweekly, monthly and annual rate.

Section 4 Post-Retirement Pay Steps:

Section 4.1 The pay plan shall be amended to provide for five (5) additional pay steps to be known as the post-retirement pay steps (PPS). To be eligible for a post-retirement pay step, a member must have attained a normal service retirement from the City as defined in Section 20129 of the Code of Ordinances of the City of Fort Lauderdale and have separated from City service. Entry into the Deferred Retirement Option Program (DROP) and the term of any DROP participation does not count toward the timing of the PPS.

Section 4.2 The steps shall be payable annually and each step shall take effect every third year until five (5) steps have been achieved. To be eligible for a PPS, the member must have retired (including the end of DROP) and separated from the City for a period of three (3) years. The value of any individual PPS shall be based on the normal retirement benefit of the member, exclusive of any amount paid from the DROP. The initial PPS shall be equal to three percent (3%) of the individual's base retirement benefit and each subsequent PPS shall be three percent (3%) of the preceding step. For example, if a member's base retirement benefit is \$100 per year, in the third year after separation, the first PPS will be equal to \$3. The second PPS will be equal to \$6.09. Each succeeding pay step will be calculated by multiplying the preceding amount by 1.03. Following attainment of the highest PPS, the PPS shall remain at that amount and shall not increase for the life of the member and any survivor. Any future changes in the PPS, which occur after the separation of a member from service shall not apply to the separated member.

Agreement Between the City of Fort Lauderdale and

Battalion Chiefs
International Association of Firefighters, AFL-CIO-CLC.

Section 4.3 The City shall pay the PPS directly to the member based on the retirement benefit amount information provided by the Police and Fire Retirement System. The postretirement pay steps shall not constitute a benefit under the Retirement Plan of the Police and Fire Retirement System or otherwise be a provision of the Retirement Plan but shall be a direct appropriation by the City in the same manner as the employee payroll. The PPS shall be funded through the City OPEB Trust or other direct City appropriation and shall not be an actuarial liability or obligation of the Police and Fire Retirement System.

Section 4.4 This PPS provided herein shall apply to any active bargaining member, including DROP participants, who were employed on or after October 1, 2018. The first PPS shall not be due until the fiscal year beginning October 1, 2021.

Section 4.5 The City and Union agree and intend that the PPS provided herein are not retirement benefits under the Retirement Plan of the Police and Fire Retirement System or otherwise and do not constitute a retirement plan. The PPS shall not be considered as an accrued or vested benefit under the Retirement Plan of the Police and Fire Retirement System or otherwise. The PPS may be altered or eliminated in future negotiations, however, any person who has qualified for the PPS shall have a continued right to receive the PPS in the future. In the event a state or federal regulatory agency or court determines the PPS is a retirement plan or benefit under the Retirement Plan of the Police and Fire Retirement System or otherwise, the parties agree that the PPS shall be immediately terminated and shall no longer be payable by the City; and, in such event, the parties shall bargain over the impact of that finding. If the PPS is terminated, the increased employee pension contributions provided in Article 42, Sections 10, 11, and 12 shall also be terminated.

Section 2 In the event such a regular full-time employee is or has been on an authorized leave of absence, suspended, dismissed or laid off after having qualified for longevity pay, such employee shall receive a pro rata cash payment based on a computation of those months which the employee was actually present for duty during the year for which payment is to be made.

Section 3 An employee not on duty and not working due to an injury incurred on the job or a service-connected disability shall receive credit for longevity pay which would normally have accrued as if the employee had been on duty and working. In no event shall such injured or disabled employee receive credit for nor shall longevity pay accrue after the expiration of twelve (12) calendar months from the date of inception of such injury or disability if the employee has not returned to work within such twelve-month period.

Section 4 Continuous full-time service shall be computed through October 31 of the year in which payment is to be made. Payment shall be made on or about December 1 of each year.

ARTICLE 23 - JURY DUTY

Section 1 It is agreed that members of the Bargaining Unit who are chosen for jury duty and not relieved of same until 5:00 p.m. or later on any given day be excused from duty for the remainder of the duty shift. If a duty day falls on a day before the start of jury duty, the employee shall be relieved from duty at 8:00 p.m. Such employee shall be entitled to pay in a total amount equal to the employee's regular full pay, less that amount received by the employee for his/her jury service. It shall be the responsibility of all collective Bargaining Unit members to contact the on-duty Assistant Chief immediately upon completion of jury duty.

Section 2 The provisions of Article 24 "Exchange of Time" shall apply in those instances where the employee is unable to fulfill his/her obligation of a voluntarily agreed upon exchange for duty for reasons of jury duty.

ARTICLE 24 - EXCHANGE OF TIME

Section 1. Employees who wish to exchange time or “Kelly Days” or any other form of trading of time may request such exchange of time by electronically submitting the request to the appropriate Assistant Chief no later than 0730 hours on the shift (requestor’s off-going) immediately preceding the employee’s requested exchange (next duty day). Exchanges of time shall be capped at two-hundred and forty (240) hours of both “exchange of duty working” (EDW) and “exchange of duty not working” (EDNW). EDW codes will offset EDNW. EDNW codes will offset EDW codes. Once the member reaches 240 hours of either EDW or EDNW or other EDNW codes, they will be denied the ability to insert future exchanges until the offset code has been placed in the system. Exchange hours will not be allowed to be entered in the system more than one year into the future. The Assistant Chief supervising the employee requesting the exchange must approve the exchange request. Any exchange of time beginning at 0800 hours must follow the above procedure, regardless of the hours involved. Exchange of time involving twelve (12) hours or less and starting after 0800 hours may be submitted on the day of the exchange. The appropriate Chief Officer shall approve exchange of time involving twelve (12) hours or less.

Section 1.1 Any exchange of time with an employee of lesser certification can be denied if such an exchange has a negative or detrimental effect on Departmental needs or operations. Exchanges of time will not be approved if the City will incur any liability for overtime pay.

Section 2 In the event the employee is unable to report to work for the previously agreed upon exchange of duty, it is that employee’s obligation to ensure that another employee is found to fill in on the date that the employee had agreed to report to work. If, for whatever reason, the employee does not meet this obligation, he/she will be charged sixteen (16) hours sick leave on the exchange date.

Section 3 If the employee is unable to meet the obligation for an exchange of duty because he/she is working days (assigned to light duty) as a result of an on-the-job injury, the employee shall be given the opportunity to find another employee for replacement on the day agreed to work, if that cannot be done, the employee will be charged twelve (12) hours sick leave for that day worked. If the employee is unable to meet the obligation because he/she is working days (assigned to light duty) due to a non-service incurred injury, the employee shall be given the opportunity to find another employee for replacement on the day agreed to work, if that cannot be done, the employee will be charged twelve (12) hours vacation leave for that day worked.

ARTICLE 25 - MILEAGE ALLOWANCE

Section 1 Employees required to use their private automobiles or other private transportation means for Fire-Rescue Department business or as a means of transportation in changing stations after reporting to scheduled stations, shall be compensated one (1) way at the rate established by the City Manager as the City's mileage allowance or as it may be amended by the City Manager, for each transfer during that duty shift. At no time will any bargaining unit member receive a mileage allowance while receiving a monthly car allowance.

ARTICLE 26 - PERFORMANCE RATING REVIEW

Section 1 Employees subject to performance evaluation shall be provided a copy of the performance rating. The rating form shall provide space for the employee to indicate either the acceptance of the rating or the intention to appeal the rating as outlined below.

Section 2 An employee who objects to an overall performance rating of marginal or unsatisfactory because the employee believes that the rater was prejudiced, may have such rating reviewed by the rating and reviewing authorities. If after such review, the employee still believes the rater was prejudiced, the employee, with the concurrence of the Union, may appeal the rating to a Rating Review Committee. Prejudice shall be defined as an opinion formed without knowledge, thought and reason.

Satisfactory, above satisfactory and outstanding ratings cannot be appealed to the Rating Review Committee.

In the event that an employee receives a marginal or unsatisfactory rating of a particular category within the rating, the employee shall have the right to submit a written rebuttal concerning the facts at issue but shall not be permitted to appeal the rating to a Rating Review Committee.

Section 3 An employee, who after the review provided in Section 2 wishes to appeal, shall submit a written request to Human Resources Director or designee within seven (7) days following the review by the rating and review authorities. After determining that the review provided in Section 2 has been held, the Human Resources Director or designee shall convene a Rating Review Committee to determine if the employee's rating was based on a prejudiced consideration by the rater rather than on the performance of the employee. The Rating Review Committee shall consist of.

- A. the Fire Chief or designee,
- B. an employee selected by the appealing employee who shall be selected from the same classification as that of the appealing employee,
- C. City Human Resources Director or designee.

Section 4 The Human Resources Director or designee will act as chairperson of the Rating Review Committee. A written statement indicating which part of the Performance Rating Report the employee considers to be prejudiced must accompany the request for review. The employee's appeal shall be promptly considered by the Rating Review Committee in the order of its filing. Documents supporting the evaluation, or the absence thereof shall be considered by the Committee. The employee and the employee's rater and rater's supervisor shall be present during the review of the employee's appeal. Proceedings shall be informal, orderly and pertain to the presentation of information and evidence relating to the employee's belief of prejudiced consideration of the rater during the period the rating evaluation covers. The appealing employee may also submit a written statement to the Committee for its consideration.

Section 5 The Committee shall decide whether or not the rater was prejudiced and shall render

a written decision within thirty (30) days following conclusion of the hearing. Such decision shall be final and binding upon the parties, and there shall be no further appeal.

Section 6 In the event an evaluation is changed during the review process, the previous evaluation shall be marked rescinded.

Section 7 In reference to attendance, the computer rating of marginal or unsatisfactory may be altered by the appropriate Assistant Chief/Deputy Chief or designee with a written recommendation by the rater, however, the rating shall not exceed a satisfactory rating. All such changes shall be explained and justified on the rating form.

Section 8 Employee performance evaluations shall not be used for the purpose of determining eligibility for an increase in pay step as established in this Agreement except in the case of a marginal or unsatisfactory overall performance rating, the City has the right to withhold any scheduled pay increase. In such cases, the employee shall be reevaluated within ninety (90) days from the date of the marginal or unsatisfactory rating, provided the employee has not been discharged. If an employee receives an overall performance rating of satisfactory or higher on the reevaluation, the employee shall be eligible to begin receiving the scheduled pay increase retroactive to the original date of scheduled salary change. The employee's eligibility date for future increases in pay step shall be unaffected by this process.

ARTICLE 27 - INJURY BENEFITS

Section 1 The City agrees to compensate Bargaining Unit employees for on-duty injuries. Compensation shall be paid as a result of injury to the employee in accordance with the provisions of this Article for the purposes of supplementing the wage benefit provision of the Florida Worker’s Compensation Law.

Section 2 An injury shall be determined to have been incurred while on duty if such injury is a compensable injury under the Florida Worker’s Compensation Law.

Section 3 If in the judgment of the City’s authorized physician or practice(s), an employee is temporarily unable to perform the assigned duties of his or her regular assignment due to an on-the-job injury, the injured employee may be given a light duty assignment in accordance with Section 9, “Light Duty”, of this Article. If the injury was incurred while on duty and no light duty assignment is made, the City will provide the injured employee with on-duty-injury pay the first scheduled work shift following the date of injury.

Section 4.0 If the City’s authorized physician or practice(s) states that the employee is unable to work, the amount of on-duty-injury pay shall be determined in accordance with provisions set forth in this Article that define such injury as a high-risk or low-risk injury. When Worker’s Compensation Wage Benefits begin, the on-duty injury pay shall be the difference between the Worker’s Compensation benefits and the employee’s net regular biweekly salary preceding the date of injury.

Section 4.1 High-risk on-duty injury shall be defined as those injuries sustained while engaged in activities involving the following:

- A. When performing duties and activities as outlined in the job descriptions for the classifications covered by this agreement.
- B. Participation in “Hands On” Training activities and/or Department approved Physical Fitness Program designated by the Chief or designee.
- C. Participation in activities ordered by the Chief or staff which have been designated by the Chief or staff as a high-risk activity.

The City agrees to provide on-duty injury pay for injuries which are determined to be high-risk for a period up to ninety (90) calendar days following the day of injury.

Section 4.2 Low-risk on-duty injuries shall be defined as any injury sustained while on duty other than those high-risk injuries defined in Section 4.1 of this Article. Injury involving participation in non-required recreational activities is defined as a low-risk injury.

The City agrees to provide on-duty injury pay for the first seven (7) days of incapacitation following the day of injury. Following the aforementioned period of seven (7) calendar days, the injured employee shall receive whatever amount of Worker’s Compensation to which the employee is entitled, which amount may be supplemented, at the option of the employee, by utilizing accrued personal and/or vacation leave so that such employee for days of disability will receive an amount equal to, but not exceeding, the employee’s net regular salary during the period immediately preceding the date of injury.

Section 5 Commencing on the ninety-first (91st) calendar day following the day of injury, the injured employee will be eligible to receive disability compensation in accordance with Chapter 20 of the Code of Ordinances of the City of Fort Lauderdale, which amount may be supplemented at the employee's option by utilizing accrued personal and/or vacation leave to the extent necessary to equal the employee's regular biweekly salary, including all EMT and/or paramedic certification pay.

Section 6 A Bargaining Unit member with a high risk injury who elects to supplement Workers' Compensation payment with personal and/or vacation leave to an amount equal to the bargaining unit member's net regular salary, after returning to work in a full-duty capacity for a minimum of twenty (20) workdays may be entitled to reinstatement of such personal and/or vacation leave upon submitting a request to the Fire Chief.

The reinstated personal/vacation leave shall be restored to the bargaining unit member's respective balance for the same time period and pay rate it was used. If the reinstated personal and/or vacation leave places the employee over the vacation leave maximum provided for in this agreement, the reinstated amount over the maximum would be kept in a "pool" for use as personal leave only and is not eligible for cash out when the employee terminates City service. Each high risk injury shall have a 90-day limitation on reinstatement.

The Fire Chief and Director of Human Resources or designee shall have the authority to approve the reinstatement of personal and/or vacation leave utilized to supplement Workers' Compensation benefits in accordance with the foregoing provisions. For the purposes of this Article, two (2) working days equals one (1) Suppression shift.

Further, no employee shall be eligible to request reinstatement of personal or vacation leave even if the employee returns to work and fulfills this requirement, if the injury sustained by the employee occurred through or as a result of the employee's negligence or misconduct, including failure to follow safety rules.

Section 7 If in the judgment of the City's authorized physician(s) or practice(s), an employee is temporarily unable to perform the assigned duties of his or her regular assignment due to a non-service incurred disability, the disabled employee may be assigned work in accordance with Section 9, "Light Duty", of this Article.

Section 8 It is the responsibility of all employees to comply with all City rules and procedures regarding reporting on-duty injuries and to cooperate fully with medical and rehabilitation personnel. It is also the responsibility of all employees to report any injury or medical condition which may prevent the employee from safely performing all duties for his or her regular assignment to his or her supervisor immediately upon becoming aware of any such condition. Failure to comply with these provisions shall render the employee ineligible for reinstatement of personal leave and subject to discipline. This Section will not apply to elective or other radical medical procedures which an employee is otherwise permitted to refuse under Florida Worker's Compensation Law.

Section 9.0 Light Duty: Light duty assignments will be in the Fire Rescue Department at the discretion of the Chief or designee subject to the provisions of this Section and will be based on departmental needs at that time.

Section 9.1 The Chief or designee must approve all light duty assignments. There will be a minimum of five (5) temporary light duty assignments available at any one time. The number of light duty assignments may exceed the above minimum if the Chief or designee determines that it is in the best interest of the City to provide additional light duty assignments. Unless provided

otherwise by the Chief or designee, light duty assignments will involve a forty-hour workweek schedule. 48 hour personnel following a 21 day pay cycle will convert to a 40 hour schedule regardless of incapacitation and or temporary disability.

Section 9.2 An employee may only be placed in a light duty assignment upon written release from the City's authorized physician(s) or practice(s) documenting that the disability is temporary and that the employee is able to regularly perform the duties of the assignment.

An employee who is placed in a light duty assignment by the Chief or designee is required to report to the light duty assignment.

Section 9.3 Because light duty assignments are intended to be productive assignments, employees will be expected insofar as possible, to schedule medical examinations, physical therapy, or related treatment during off-duty hours. The Chief may determine at his/her discretion that due to the employee's medical appointments and treatments during assigned work hours, it is in the City's best interest to discontinue the employee's light duty assignment.

Section 9.4 In no event shall the City be required to place any employee in a light duty assignment beyond sixty-five (65) workdays in a twelve (12) month period. Near the completion of the employee's sixty-five (65) days, the Chief or designee may request that a physician(s) or practice(s) of the City's choice evaluate the employee's condition including a proposed date of return to full duty.

The Chief, upon review of the physician's evaluation, may continue the light duty assignment beyond the sixty-five (65) days at the Chief's or designee's discretion.

Section 9.5 Employees with on-the-job injuries will be given preference over employees with off-the-job injuries or medical disabilities for available assignments. In the event all five (5) light duty assignments are filled, an employee with an on-the-job injury shall displace the most recently assigned employee with an off-the-job injury.

The term "on-the-job injury" as used in this Article shall mean any injury, illness, disease or other medical/psychological condition as may be compensable under Florida's Worker's Compensation law.

Section 9.6 Suppression employees in a light duty assignment shall not be eligible to receive assignment pay they are not currently receiving.

Section 9.7 Suppression employees placed in a light duty assignment will receive and take holidays as on a forty (40) hour workweek schedule. Holidays which occur while in a light duty assignment shall be observed on the recognized date and shall not accrue towards the employee's vacation leave balance.

Vacation/personal leave shall be earned and used at the forty (40) hour rate. Any accrued hours transferred back into Suppression shall be at the Suppression rate.

Section 9.8 Supervisors must document daily the employee's ability to satisfactorily perform his or her assigned light duty position tasks. The employee may request a meeting with the Chief or designee if it is determined that he or she cannot satisfactorily perform the assigned light duty tasks. The Chief shall have the discretion to determine the employee's ability to satisfactorily perform the assigned light duty tasks.

Section 2 Leave of absence may be granted to a regular employee without limitation as to time to enable him to take an appointive position in the City service.

Section 1.1 Extraordinary circumstances shall be defined as, but not limited to, lengthy hospitalization, critical illness, or injury.

Section 1.2 The maximum amount, which an employee may receive, is limited to 180 calendar days (1440 hours) per twelve-month period for off-the job injuries. Before an employee is eligible to receive donated leave, his or her physician must certify that the employee has one or more of the extraordinary circumstances identified in Section 1.1 and is unable to perform his/her job duties. Once medical certification is received, the employee is eligible to receive up to 160 hours of leave for which he or she would otherwise be without pay. From this point forward, the employee will be authorized to use donated leave in up to 160-hour increments, with additional medical certification after each 160-hour increment documenting the employee's disability. At the discretion of the Fire Chief or designee, the above-referenced time may be extended.

Section 2 The Fire Chief or designee must submit a request in writing for permission to solicit donation of accrued leave from departmental personnel. Such request shall require the approval of the Human Resources Director or designee within thirty (30) days. In reviewing such requests, consideration shall be given to the other employee's previous leave history, as well as the nature of illness or injury. Such written requests shall include employee's name, reasons for requesting such donations of accrued leave and approximate duration of absence, if known.

Section 3.0 Upon approval of such request, the Fire Rescue Department timekeeper shall distribute forms to employees willing to donate accrued leave time. The donation must be made as a free and voluntary act and without duress or coercion.

Section 3.1 Donated time will be credited to the absent employee in the order in which the forms are received. Failure to comply with this procedure may be considered cause for denying such employee future employment by the City. ARTICLE 33 - COURT APPEARANCES

Section 1 Any regular employee who is required to appear as a witness called by the City or as a result of employment with the City in an administrative hearing, court hearing, trial or deposition in connection therewith, provided that such leave is reported in advance to the Fire

Chief or designee shall be entitled to leave with pay if such court appearance occurs while the employee is on duty. Such employee shall be entitled to pay in a total amount equal to the employee's regular full pay, less that amount received by the employee as a witness fee.

Section 2 The obligations of this Article shall not apply to employees testifying in any labor matters including arbitration and unfair labor practice or in any proceeding on behalf of the Union.

ARTICLE 34 - MODIFICATIONS TO RETIREMENT SYSTEM

Section 1 The City and the Union acknowledge that the City has enacted Chapter 20, Article IV, Division 3 of the Code of Ordinances of the City of Fort Lauderdale which provides a mandatory retirement system for firefighters and police officers; and further acknowledge that this Article is not intended to, in any way, modify any provision of that legislative enactment or to change or increase or diminish the legal rights of the City or any current member of that retirement system except as specifically provided in this Article.

Section 2 The City and the Union acknowledge that the City's mandatory retirement system is administered, supervised, and managed by a Board of Trustees accountable as fiduciaries to employee members of the retirement system. The Board of Trustees is not a party to this Agreement. The retirement system includes a Deferred Retirement Option Plan (DROP) and an Actuarially Calculated Deferred Retirement Option Program as set forth in City Ordinance No. C-96-59. The City and Union, therefore, agree that the terms of the retirement system shall not be incorporated into this Agreement and that no dispute arising from the interpretation or application of the retirement system or any decision of the Board of Trustees shall be subject to the grievance/arbitration provision of this Agreement. Likewise, matters which are determined or reviewed by the Board of Trustees of the Police and Fire Retirement System and any matters involving the interpretation of ordinances or statutes governing the retirement system shall not be within the jurisdiction of or subject to the grievance/arbitration procedure established in this agreement.

Section 3 Election to maintain DROP Account on deposit with Plan after the DROP Period ends; continuation of DROP Earnings after termination of DROP:

A.

At the conclusion of the DROP Period, a member, or a member's beneficiary upon the death of the member, may elect to continue to have the DROP Account remain on deposit with the Plan, provided the DROP Account is distributed no later than the date the member attains or would have attained an age at which the member must take a required minimum distribution.

B. No later than the Member's required minimum distribution date, the DROP Account together with accrued DROP Earnings, shall be distributed in full in the following manner:

1. Lump sum distribution to the Member (which may be used at the Member discretion to purchase an annuity) or
2. Roll over the balance to another qualified retirement plan.

C. A member may request and upon request shall receive partial distributions of such portions of the Member's DROP Account as the Member designates (subject to reasonable limitations by the Retirement System's Board of Trustees on the frequency and minimum amounts of such partial distributions).

D. A Member shall retain the right prior to reaching an age at which the member must

Agreement Between the City of Fort Lauderdale and

take a required minimum distribution to request and receive a full distribution of the amount in the Member's DROP Account or a full distribution of the amount remaining in the Member's DROP Account after any partial distributions.

E. The Retirement System's Board of Trustees shall have the discretion to set the frequency of calculation of Earnings, but not less frequently than annually and not more frequently than monthly.

F. While the DROP Account remains on deposit with the Plan after the conclusion of the DROP period, Earnings will continue to be credited or debited based upon the Plan's Net Rate of Investment Return.

Section 4 Effective October 1, 2014, a member who separates employment with the City prior to attaining normal retirement will not receive interest on returned funds.

Section 5 The parties mutually agree to continue the status quo with regard to the use of premium tax revenues received pursuant to Chapter 175, Florida Statutes, which allows a portion of the Chapter 175 premium tax revenues that are now being transferred to the Firefighters' Share Plan each year shall be retained by the Police and Firefighters' Retirement Plan and applied to reduce the City's annual required contribution to the Plan. The amount of Chapter 175 premium tax revenues to be retained shall, when added to the amount of Chapter 175 premium tax revenues now going to the Plan, be equal to the per capita amount of Chapter 185 premium tax revenues going to the Plan for each active police officer in the Plan as of October 1 of each year (excluding the amount in the Chapter 185 premium tax revenue reserve account in the Plan on December 31, 2013). For example, during plan year 2013-2014, the Plan received \$2,143,898 in Chapter 185 premium tax revenues (excluding the amount in the Chapter 185 premium tax revenue reserve account on December 31, 2013). On October 1, 2014, there were 499 active police officers in the Plan. Thus, the per capita amount of Chapter 185 premium tax revenues for each police officer is \$4,296.39. On October 1, 2014, there were 385 active firefighters in the Plan. Multiplying the number of active firefighters by \$4,296.39 results in \$1,654,110.15 in Chapter 175 premium tax revenues that would be retained in the Plan and applied to reduce the City's annual required contribution to the Plan during the 2014-2015 plan year. In the event the Florida Division of Retirement requires that an additional benefit be provided for the additional portion of Chapter 175 premium tax revenues retained by the Plan, the parties agree that the firefighter member contribution to the Plan may be increased by a percentage of the firefighter payroll that is equal to the additional amount of Chapter 175 premium tax revenues retained by the Plan, and applied to reduce the firefighter member contribution back to the current level. In no event shall the employee contribution rate exceed the employee contribution rate prior to the increase.

Section 6 Section 20-141 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to add new subsection (h) to read as follows:

(h) Members may use accumulated benefits within this Plan for the purchase of military or fire service credits in the Fort Lauderdale Police and Fire Retirement System by rolling the necessary amount from this Plan to the Police and Fire Retirement System in a trustee to trustee transfer as provided in subsection (g) of this section. No member may receive payment in cash for this purpose. Should any provision of this subsection conflict with the applicable provisions of the Internal Revenue Code and the regulations of the Department of Treasury, this subsection shall be deemed void as if it had never been enacted and the

remaining provision of this Plan shall remain in effect.

Section 7 Section 20-127 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to add new subparagraph (8) to the definition of creditable service to read as follows:

(8) Members may purchase up to five (5) years of prior service as a federal, state, county, fire district, or municipal firefighter provided the member may not purchase service for any period of time in which the member will receive a retirement benefit from the prior employer as provided in Section 112.65(2), Florida Statutes. The prior service purchased must be determined by the Board of Trustees to be equivalent to the definition of firefighter in Section 175.032, Florida Statutes. In the case of a member who participated in a defined contribution plan in the place of prior employment, the member may only transfer that portion of the account which represents the member contribution plus earnings. The member must pay the full actuarial cost in cash or in a rollover from another qualified retirement system or plan, but in no event less than the member contribution percentage applicable to the member's compensation from the City at the time of the purchase. The actuary for the retirement system shall determine the cost.

Section 8 Section 20-130 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to increase the employee contribution to ten (10%) of pensionable earnings. In the case of DROP participants, an employee contribution equal to the difference between the pre DROP employee contribution and ten percent (10%) of pensionable earnings shall be paid throughout the DROP period. This provision shall be effective October 1, 2018.

Section 9 Section 20-129 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to permit Tier 2 members to enter DROP upon reaching their normal retirement date for a period of eight (8) years. The provisions of this section shall become effective on the first day of the month after the City Code is amended to implement the provisions of this section.

Section 10 Section 20-129 of the Code of Ordinances of the City of Fort Lauderdale shall be amended to permit Tier 1 members to participate in the eight (8) year DROP by entering DROP no earlier than the completion of twenty (20) years of creditable service and paying the increased employee contribution of 1.75% during any period of DROP participation in excess of the maximum period otherwise permitted. In the event a member begins the extended DROP period but leaves prior to the completion of eight (8) years in DROP, the additional contribution shall not be refunded. The provisions of this section shall become effective on the first day of the month after the City Code is amended to implement the provisions of this section.

Section 11 The Code of Ordinances of the City of Fort Lauderdale shall be amended as necessary as determined by the Board of Trustees in order to effectuate the following changes:

- A. Tier 1 benefits shall be restored to Firefighters hired on or after October 1, 2014, which includes the following:

1. Average Final Compensation is determined as the average compensation during the highest two (2) years of Credited Service;
 2. The benefit rate is increased from three percent (3.00%) to three and thirty eight hundredths (3.38%) for all years of Credited Service;
 3. The maximum benefit accrual is increased from seventy five percent (75%) to eighty one percent (81%) of Average Final Compensation; and
 4. The normal form of annuity is a sixty percent (60%) Joint and Survivor annuity with an additional forty percent (40%) death benefit during the first year of retirement.
- B. The normal retirement date for Firefighters hired on or after October 1, 2014, is changed from twenty (20) years of service to twenty-five (25) years of service regardless of age, with the normal retirement date of age fifty-five (55) years with ten (10) years of service remaining unchanged.
- C. Firefighters who have not entered retirement, including entry into the DROP, as of the date of ratification of this Agreement shall have the option of buying up their maximum benefit accrual from eighty one percent (81%) of Average Final Compensation to eighty four and one-half percent (84.5%) of Average Final Compensation by paying the actuarial cost of such buy up in the same manner as a Firefighter may purchase prior service credit, which may include use of the Firefighter's share account to pay such cost. Because this option is available, any diminishing DROP period (reduction in the maximum eight-year DROP time period) shall not start to reduce until the Firefighter completes twenty-five years of service.

However, in those cases in which the City has reason to believe that there exists a substantial factual basis for the allegations in the suit of bad faith, malicious purpose or actions exhibiting wanton and willful disregard of human rights, safety or property, the employee shall be notified that he/she must provide his/her own defense at his/her own expense, and the City shall not be required to either continue or undertake the defense of the employee.

Section 3 In a civil damage suit in which a defense is provided by the City, the City will indemnify that employee against any judgments, except for punitive damages, rendered in that suit against the employee as a result of his/her actions which occurred while he/she was acting within the scope and course of his/her employment, up to the limits specified in 786.28(5), Florida Statutes, as amended.

Section 4 At any time after the City has undertaken the defense of an employee in a civil damage suit, the employee, at his/her own expense, may, with the permission of the City, hire counsel of his/her choice and substitute that counsel, with the consent of the applicable court, for the counsel provided by the City without affecting the employee's rights to indemnification under Section 3 of this Article. ¹ 768.28(5), Florida Statutes

There shall be no further appeal and the corrective interview/ counseling slip shall not be subject to the grievance or arbitration procedure in this Agreement.

Section 2.1 If at any time after the initial investigation of actions notice of Bill of Rights notice are determined to be unsubstantiated, an official City cover letter will be placed over the notice(s) and placed in the employee's personnel file

Section 3 A letter of reprimand may be appealed orally or in writing through the chain of command up to a final and binding decision by the Fire Chief. Each level in the chain of command shall have the power to rescind a letter of reprimand.

Section 4 The parties hereby mutually recognize and acknowledge the existence of that portion of Florida Statutes 112 entitled, "Firefighters' Bill of Rights". The parties agree that any and all violations or alleged violations of this statute will be resolved exclusively through appropriate statutory appeal. However, if the parties mutually agree, Article 38, "Arbitration", may be used to remedy the alleged violations.

Section 5.0 An appeal of a suspension, demotion, or dismissal shall be processed as set forth below.

If the employee does not request such hearing within ten (10) working days, the hearing shall be considered waived.

Section 5.2 The Fire Chief or designee, within ten (10) working days following the close of the hearing, will submit to the City Manager a recommendation for action. Section 5.3 If disciplinary action is taken by the City Manager, which the employee considers to be unwarranted, the employee and the Union representative may appeal such action by filing a grievance directly under Article 37, Section 2, Step 4.

Section 5.4 In considering the severity of a disciplinary recommendation, the Fire Chief or designee may take into account the employee's official personnel file.

employees shall be provided in writing to the City no later than the date the grievance is submitted. Any resolution of the grievance shall be limited to those employees named at the Step 3 meeting.

Section 3

- A. The City and the Union hereby agree that this procedure and the arbitration procedure set forth in Article 38 “Arbitration”, shall be the sole and exclusive method for interpreting and enforcing this Agreement.
- B. For the limited purpose of this Article, a working day shall be from 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed by the City.

- E. Any grievance not advanced by the employee(s) to the next higher step within the time limits provided shall be considered settled on the basis of the answer most recently given. If the City does not answer a grievance within the time limits provided, the employees may elect to treat the grievance as denied at that step and immediately advance the grievance to the next step.
- F. No action or matter shall be considered the subject of a grievance unless a written complaint is made within ten (10) working days of its occurrence or within ten (10) working days from the time the aggrieved employee(s) became aware or by use of reasonable diligence should have become aware of the cause for complaint.
- G. Consistent with operational needs, a Union Steward shall be permitted to confer with the appropriate supervisor under the circumstances defined in Steps 1 and 2 above without loss of pay provided that the City may discontinue payment for such time in case of abuse by the Union Steward. A Union Steward shall report to the immediate supervisor when stopping work to process a grievance as requested by an employee(s) and shall be allowed to stop work in order to process a grievance as long as this is consistent with operational needs. The Union Steward shall report back to the supervisor when ready to resume work. time the grievance is filed at the second step of the grievance process.

- J. The Union shall have the right to file grievances in the third step of the grievance procedure, in any non-disciplinary matter involving interpretation or application of this Agreement, provided however, that this right shall be strictly limited to those matters where the Union can factually demonstrate:
1. that the matter is covered by a provision of the Agreement; and
 2. that the matter involves the interpretation or application of that provision; and 3. the grievance does not seek to add to or subtract from any provision of the Agreement; and
 4. the subject matter of the grievance is general in nature, having application to a majority of the members of the Unit.

Section 4 If the grievance has not been satisfactorily resolved under this procedure, the City or the Union may proceed to arbitration as set forth in Article 38 “Arbitration”.

ARTICLE 38 - ARBITRATION

Section 1 If no satisfactory resolution of a grievance has been reached under the procedure provided in Article 37 of this Agreement and the grievance or dispute relates to the determination of rights and obligations conferred or created by this Agreement, and a written request for arbitration is made by the Union within ten (10) working days after the final answer from the Human Resources Director or designee, a request for a written panel of arbitrators shall be made and such dispute shall be submitted for final and binding arbitration. If no request for arbitration is received within ten (10) days after the written answer from the Human Resources Director or designee, the grievance will be considered by both parties to be withdrawn and settled based on the answer received from the fourth step of the grievance process.

The Union retains the exclusive right to request arbitration or withdraw a grievance at any time provided such decision is not based upon Union or Non-Union membership.

Section 2 The City and the Union shall, within one (1) week of the election of either party to arbitrate, meet to mutually agree upon an arbitrator. If this cannot be done, the party filing the grievance shall have thirty (30) calendar days to request a seven-arbitrator panel of local arbitrators from the Federal Mediation and Conciliation Service (FMCS). In the event that either party, before any striking of names occurs, feels that the panel is unsatisfactory, that party shall have the right to request one (1) additional panel. Within ten (10) days of receipt of the panel, the arbitrator shall thereafter be selected from the panel of arbitrators by alternate striking of names until one (1) name remains. The winner of the coin toss shall elect to strike either first or second. The parties will thereupon notify FMCS, who will notify the arbitrator of the appointment. Failure of the parties to select an arbitrator within thirty (30) working days of receipt of the panel shall be considered a dismissal of the grievance with prejudice.

under the rules set forth in this Agreement and shall proceed as follows:

Section 3.1 Upon notification of appointment, the arbitrator shall communicate with the parties as soon as practicable to arrange, for the date and place of hearing; or, if questions of material fact are not at issue, to arrange for the joint submission of stipulations of fact and relevant documentation concerning the grievance.

Section 3.2 If no hearing is to be conducted, each party shall submit to the arbitrator its statement of position regarding the grievance. Prior to the date of the hearing or submission of documents, the parties shall, jointly or separately, provide the arbitrator with a written statement of the issue or issues to be resolved in the arbitration proceeding.

Section 3.3 The arbitrator shall have exclusive jurisdiction and authority to resolve grievances as defined in this Agreement. The arbitrator shall have the authority to issue subpoenas enforceable in any court of competent jurisdiction and shall administer oaths to all witnesses testifying in any proceeding.

Section 3.4 The arbitrator shall have no power to change, amend, add to, subtract from or otherwise alter or supplement this Agreement or any part thereof or any amendment thereto.

Section 3.5 The arbitrator shall have no power to consider or rule upon any matter which is stated in the Agreement not to be subject to arbitration (e.g., discipline or discharge of

probationary employees or regular employees, counseling slips, reprimands, discrimination charges, etc.) or which is not a grievance as defined in this Agreement or which is not covered by this Agreement.

Section 3.6 The parties agree that only evidence presented at a hearing at which both parties are present shall be considered by the arbitrator.

Section 3.7 Upon timely notice prior to the scheduling of hearings and when mutually agreed, consolidation of one (1) or more grievances based upon similar circumstances for hearing and resolution before the same arbitrator shall be permitted.

Section 3.8 The arbitrator shall render a decision not later than thirty (30) calendar days after the conclusion of the final hearing. The findings of the arbitrator made in accordance with the jurisdictional authority under this Agreement shall be final and binding on the parties. The arbitrator's decision shall be in writing and shall set forth the arbitrator's findings and conclusions on the issues submitted unless otherwise agreed in writing by the parties.

Section 3.9 The party claiming misinterpretation or misapplication of this Agreement shall have the burden of proving its contention.

Section 4 This Agreement constitutes a contract between the parties which shall be interpreted and applied by the parties and the arbitrator in the same manner as any other contract under the laws of the State of Florida. The function and purpose of the arbitrator is to determine disputed interpretations of terms and conditions of employment actually found in the Agreement or to determine disputed facts upon which the application of the Agreement depends. The arbitrator, therefore, shall not have the authority, nor consider it the arbitrator's function, to include in the decision any issue not submitted or to interpret or apply the Agreement so as to change what can fairly be said to have been the intent of the parties as determined by generally accepted rules of contract construction. The arbitrator shall not render any decision which, in practical or actual effect, modifies, revises, detracts from or adds to any of the terms or provisions of this Agreement. Past practices of the parties in interpreting or applying terms of the Agreement can be relevant evidence but may not be used so as to justify or result in what is, in effect, modification (whether by addition or detraction) of the written terms of this Agreement. The arbitrator shall not render any decision or award or fail to render any decision or award merely because, in the arbitrator's opinion such decision or award is fair or equitable or because, in the arbitrator's opinion, it is unfair or inequitable.

Section 5 The costs for the services of the arbitrator shall be shared equally by the parties to this Agreement. The parties shall bear the costs of their own representatives and witnesses. The Union shall have the right to compensate its witnesses from the time pool. Party to this Agreement desiring a transcript of the arbitration hearing shall be responsible for the cost of such transcript. If either party to this Agreement requests postponement of a previously scheduled arbitration resulting in a postponement charge, the party requesting the postponement shall pay such charge. A postponement charge resulting from a joint postponement request shall be shared equally by the parties.

Section 6 Upon mutual agreement by the City and Union, the parties may agree to expedite a request for arbitration.

ARTICLE 39 - SUBSTANCE / ALCOHOL TESTING PROGRAM

The City has a legal responsibility and management obligation to ensure a safe work environment as well as a paramount interest in protecting the public by ensuring that its employees have the physical stamina and the emotional stability to perform their assigned duties. A basic requirement and condition of employment must be an employee who is free from drug/alcohol dependence, illegal drug use, and drug/alcohol abuse.

There is sufficient evidence to conclude that the use of illegal drugs, drug or alcohol dependence, and drug or alcohol abuse seriously impairs an employee's performance and general physical and mental health.

Section 1 The Fire Rescue Department hereby adopts the following provisions to ensure an employee's fitness for duty as a condition of continued employment:

a. Any employee under the influence of an illegal substance or alcohol in the workplace shall upon detection be immediately suspended without pay pending an investigation. Should the employee be judged to be in violation of this Article he/she may be disciplined up to and including dismissal based on Fire Chief's discretion. In the event the Fire Chief chooses to use his/her discretion not to terminate the employee, the employee will be subjected to a comprehensive drug rehabilitation program at employee expense and unlimited drug testing for two years from the date of the determination by the Fire Chief. "Under the influence" as used in this Article shall be defined as those amounts of drugs, alcohol, or controlled substance which are specific within this Article or for which there are State statutory standards.

b. Any employee found to be selling, purchasing, using, transferring, or in the possession of an illegal substance on or off duty shall upon detection be immediately suspended without pay pending an investigation. Should the employee be judged to be in violation of this Article, he/she will be dismissed from City employment. Furthermore, any employee who alters or attempts to alter any illegal substance or alcohol test will be dismissed from City employment.

c. While on duty, any employee under the influence of a legally obtained drug to the extent that such use influences or impairs the ability of the employee, affects the safety of coworkers, impairs the employee's job performance or the safe or efficient operation of Fire Rescue Department equipment, shall upon detection be immediately suspended without pay pending an investigation. The investigation may include drug and alcohol testing. Should the employee be found to be in violation of prescribed physician's directions, he/she will be discharged from City employment.

Section 2 In an effort to identify and eliminate on or off-duty controlled substance/illegal substance and alcohol abuse, appropriate tests as determined by the City shall be administered as provided herein:

A. As part of any scheduled physical examination program where participation is required of Department personnel.

B. Following any accident or serious incident occurring on-duty and/or where the City has reasonable suspicion based upon objective factors that the involved employee(s) may be under the influence of alcohol, illegal substances or non-physician prescribed drugs.

C. Where the City at any time has a reasonable suspicion based upon objective factors, rational inferences, or both that the City is entitled to know from these facts in the light of its experience that the employee has possession of or is using, dispensing or selling any illegal drug or controlled substance not prescribed by a licensed physician.

D. Where the City has a reasonable suspicion that the employee is under the influence of alcohol on-duty, or while covered for portal-to-portal pay for Worker's Compensation.

E. As a condition of promotion to any position within the Bargaining Unit. In such cases, the appropriate test shall be administered at a time determined at the City's sole discretion during the employee's probationary period for the promotion.

F. On a random basis, on duty or, without exception, upon employee's return to duty, he or she may be selected and subject to a drug and alcohol test.

G. Anytime that an employee is involved in an accident while operating a City vehicle, whether on or off duty, the employee may be required to submit to alcohol/chemical drug testing immediately. Employees must follow relevant policies for reporting accidents in a City vehicle whether on or off duty.

Section 3 Testing for drugs or illegal substances shall be done through a blood analysis, urine analysis, or both at the City's discretion. Alcohol testing will be conducted by use of a breathalyzer test as determined by the City's medical provider. If alcohol use is detected, the employee will also undergo blood analysis to determine accurate findings as related to state statutory standards. No safety-sensitive employee shall report for duty or remain on duty while having an alcohol concentration of 0.04 or greater. If the alcohol concentration is 0.04 or greater, a second confirmation test will be conducted and the employee will be sent home without pay for the remainder of the shift. The state standard of an alcohol concentration of 0.05 or greater will be used as the standard for "under the influence" of alcohol. Blood samples shall be taken to test for alcohol, drugs or other substances, or any combination thereof where it is generally accepted by medical experts, toxicological experts, or both that testing for such substance is insufficiently accurate through urine samples or where testing of the substance through blood samples provides substantially greater accuracy. Urine samples shall be collected under supervision of collection site personnel and split sample screening will be utilized. The collection site shall maintain a record of the "chain of custody" of urine specimens.

In the event a urine specimen is tested as positive under the drug testing screen, as specified below, a portion of that sample shall be subjected to a gas chromatography/mass spectrophotometry (GC/MS) testing. If the GC/MS confirmation test also is positive, the employee may request a portion of the urine sample to be supplied to a qualified laboratory for independent analysis, the cost of which will be paid by the employee.

Section 1.3 Off-duty detail opportunities will be distributed equitably among eligible bargaining unit members as defined in Article 2 of this Agreement. Although temporary imbalances in the distribution of off-duty details may occur, nothing in this section shall be construed as alleviating the continuing intent of departmental management to distribute off-duty details fairly and equitably over an extended period of time.
