

MAINTENANCE OF TRAFFIC (MOT) FORM

SECTION 1: APPLICANT INFORMATION

Applicant Name: Integrity Multisport, Inc., Robert Childers CEO Applicant Phone: 954-501-7200
 Applicant Email: rob@integritymultisport.com
 Applicant Address: 10152 W. Indiantown Rd., Suite 139, Jupiter, FL 33478
(Address, City, State, Zip Code)
 City Project Manager (if applicable): _____ Phone: _____
 Agency responsible for this project: City County FDOT Other: _____
 On-site/Emergency Contact Phone: 954-501-7200

MOT APPROVAL
CITY OF FORT LAUDERDALE
TRANSPORTATION AND MOBILITY

SECTION 2: PROJECT INFORMATION

ENG Permit # (obtain from Department of Sustainable Development (DSD)): Special Event
 Project Name: Las Olas Triathlon
 Project Address: 3000 E Las Olas Blvd, Fort Lauderdale, FL 33316
(Address, City, State, Zip Code)

Specific Dates and Times Requested for MOT Implementation:

Please identify a start date that is at least two weeks from the submittal date. The approval of an MOT application may require up to two weeks from the time that all required documents are received by TAM staff.

Begin Date: 4/14/2024 Begin Time: 5:00 am
 End Date: 4/14/2024 End Time: 11:00 am

SECTION 3: PROJECT DETAILS

Partial or Shoulder Closure Daily Setup/ Breakdown YES NO
 Full Road Closure (detour): Under 72 Hours Using Crane in ROW* YES NO
 Sidewalk Closure: Under 72 Hours Parking Meters Impacted* YES NO
 Full Road/Sidewalk Closure: More than 72 Hours

*Crane and parking meter mitigation must be done prior to MOT approval. Please refer to the MOT Guidelines for crane definitions.

SECTION 4: TYPE OF WORK DESCRIPTION

Please make sure to include the following information in the description:

- List the names of affected streets and the nearest intersection. Use complete street names, including directionals.
 - Describe the nature of the construction and any phasing plans. A separate MOT application is required for each phase.
 - Describe any specific safety hazards that the work may produce during construction (i.e., large holes, etc.).
- A1A from Harbor Drive north to Flamingo Ave. On A1A from Harbor Drive to NE 21st Street a counterflow will be set up for all vehicular traffic to use the southbound side of the roadway for northbound and southbound traffic. On A1A from NE 21st Street to Flamingo Ave, racers will use the inside lanes next to the median in both directions and vehicular traffic will use the outside lanes.
Race participants will use northbound side of the roadway on the counterflow portion.

SECTION 5: FDOT DESIGN STANDARD INDEX DRAWING NUMBERS/MUTCD TYPICAL APPLICATION

(State which FDOT Standard Index 600 series will be followed. The indexes must include the north arrow and the names of the main and cross streets. Also, state whether trenches will be covered or backfilled during non-working hours.)

MAINTENANCE OF TRAFFIC (MOT) FORM

SECTION 6: MOT DESCRIPTION

Please make sure to include the following information in the description:

- List the lanes that will be open and closed on each street and describe any necessary detours in detail. If detours are not required, please state that below.
- State if flagmen will be provided.
- State if the MOT will be continuous or intermittent. If intermittent, state the times of the day the MOT will be in effect.
- State any other special considerations related to this request.

MOT APPROVAL
CITY OF FORT LAUDERDALE
TRANSPORTATION AND MOBILITY

A1A from Harbor Drive north to Flamingo Ave. On A1A from Harbor Drive to NE 21st Street a counterflow will be set up for all vehicular traffic to use the southbound side of the roadway for northbound and southbound traffic. On A1A from NE 21st Street to Flamingo Ave, racers will use the inside lanes next to the median in both directions and vehicular traffic will use the outside lanes. Race participants will use northbound side of the roadway on the counterflow portion.

Fort Lauderdale police and public service aids will manage intersections. The MOT setup will begin at 5:00 am until the event ends at 10:00 am on 4/14/2024. Up to 1 additional hour (11:00 am) to remove entire MOT. No detours. Continuous MOT.

SECTION 7: MOT FORM CHECKLIST (Provide one copy of each attachment.)

- | | |
|---|---|
| <input type="checkbox"/> Completed Required Signatures Form | <input checked="" type="checkbox"/> Certification(s) for Traffic Control Technician or Traffic Control Supervisor must be embedded on MOT plans along with FDOT indexes/MUTCD documents |
| <input checked="" type="checkbox"/> Color aerial(s)/MOT Plan with index overlay | |
| <input type="checkbox"/> County and State approvals (if required) | <input type="checkbox"/> Plan of work (optional, but preferred) |
| <input type="checkbox"/> Crane and Parking Mitigation (if required) | |
| <input type="checkbox"/> FDOT Index MUTCD Reference Drawing(s) | |

SECTION 8: ADDITIONAL COMMENTS

Please Note: The approval of an MOT application may require up to two weeks from the time that all required documents in the checklist above are received by TAM staff. Any rejected MOT submittal that is corrected and sent back will be considered a new submittal, which may require up to two additional weeks to approve. Additional time may be needed for more complex plans or plans requiring additional coordination/information.

In signing this application, I understand that separate City and/or County and/or State permits may be required for this project. Furthermore, I am aware that I am responsible for ensuring that the project is completed in accordance with the plans and specifications as stipulated in the permit approval condition.

50 mph	500	500	500	35	250	225	40	570	720	570	720
55 mph or greater	2640	1640	1000	45	350	340	50	645	780	645	780

General Traffic Plan (MOT) Notes:

- Copy of approved 11 x 17 (TCP) MOT drawing to be maintained onsite by contractor at all times.
- No charges to TCP/MOT drawing without prior consent of the approving government agency and All American Barricades.
- Access shall be given to local residents, public transportation and emergency response vehicles.
- Accommodations to be made for Pedestrian traffic should the work be in conflict with pathways (Refer to the FY2020-21 FDOT Standard Plans Index 102.660 for specifications).
- All MOT equipment to conform to the latest Manual On Uniform Traffic Control Devices (MUTCD), FDOT, APL with respect to approving agency permit provisions.
- Field conditions to be considered when placing MOT devices.
- TCP/MOT Plans NOT TO SCALE. Refer to FDOT Index 102-800 Series Distance Charts for device spacing and placement information.
- Posted Regulatory Speed Limit to be considered for device placement and distances.
- MOT device(s) placement on plans are an approximate and may be adjusted to suit existing field conditions.
- All American Barricades does not warrant the traffic control setup by others. The setup must be handled by personnel certified and licensed to handle traffic control.

55 mph or greater	2640	1640	1000	35 to 75	25	50	50	100	45	350	540	720

General Traffic Plan (MOT) Notes:

- Copy of approved 11 x 17 (TCP) MOT drawing to be maintained onsite by contractor at all times.
- No changes to TCP/MOT drawing without prior consent of the approving government agency and All American Barricades.
- Access shall be given to local residents, public transportation and emergency response vehicles.
- Accommodations to be made for Pedestrian traffic should the work be in conflict with pathways (Refer to the FY2020-21 FDOT Standard Plans Index 102-660 for specifications).
- All MOT equipment to conform to the latest Manual On Uniform Traffic Control Devices (MUTCD), FDOT, APL with respect to approving agency permit provisions.
- Field conditions to be considered when placing MOT devices.
- TCP/MOT Plan NOT TO SCALE. Refer to FDOT Index 102-660 Series Distance Charts for device spacing and placement information.
- Posted Regulatory Speed Limit to be considered for device placement and distance.
- MOT device(s) placement on plans are an approximate and may be adjusted to suit existing field conditions.
- PLANS NOT TO SCALE.
- All American Barricades does not warrant the traffic control setup by others. The setup must be handled by personnel certified and licensed to handle traffic control.
