## Page 2a: Board of Adjustment (BOA) Criteria for Variance Request

Answer **All** questions on this page only *if* you are applying for a **VARIANCE**. If additional space is needed, attach an additional page(s) to this page. *If* you are applying for a Special Exception, print or type N/A for the questions below and complete page 2b of this application. Note: A narrative must be submitted in addition to this page.

**SPECIFIC REQUEST**: State the specific request according to the ULDR or other provisions of the Code.

To allow the existing shed to remain on the property as it's permit was approved and closed 10 years ago.

**CRITERIA**: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.4,

a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and

We purchased the property in 2023 with the shed in the same location as when first installed. The prior owner filed a 10x10 permit which was approved in 2013. The shed is a 10x20 shed ;

b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and:

We purchased the property with the shed. No open permits existed nor were any violations pending to provide us knowledge of the setback issues.

c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. (It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and

Barring a variance, the shed would have to be removed from the property resultinh in additional cost of removal not to mention that we paid for the shed upon purchasing the property. The st

d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

We purchased the property with the shed in 2023 in the same location as it sits today.

e. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

The shed is in the rear of the property and has existed for 10 years without incident.

**AFFIDAVIT**: I, Mario Tacher and Yelena Tacher the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order or the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

## CRITERIA RESPONSES

Page 2a

- a) To allow the existing shed and laundry room wall to remain in their respective locations as they have had for many years.
- b) We purchased the property in 2022 with a 10 x 20 shed in the rear of the property. The shed remains in the same location as when it was installed approximately 10 years ago. The prior owner applied for a 10 x 10 shed but installed a 10 x 20 shed.

Within the City's file are photographs depicting the exact same shed sitting in the exact same location as it does today! Nonetheless, the City approved the shed permit, even though the shed sits within the required setback.

Additionally, the home was built in 1950s and like most of the homes in the area, it has a 108 sq ft utility closet in the front of the property. The utility closet has existed for approximately 70 years and was built with a 5' setback. The City is requiring us to comply with the current setback of 7 ½ feet by moving one of its walls. We enclosed the carport by adding 2 walls but neither wall encroached on the setback.

- c) Barring a variance, the shed would need to be craned away incurring additional expense in its removal, after paying a substantial premium for the property and shed when we purchased it. Moreover, moving a utility closet wall, after 70 years, would be costly and disruptive.
- d) The applicant purchased the property with the shed and utility closet. The applicant added 2 walls to enclose the car port but did not encroach on the existing 5' setback.
- e) The shed has existed on the property for approximately 10 years and has "blended" into the property while the enclosed utility closet has existed for more than 70 years.

Answer **All** questions on this page only *if* you are applying for a **SPECIAL EXCEPTION**. If additional space is needed, attach an additional page(s) to this page. *If* you are applying for a Variance, print or type N/A for the questions below and complete page 2a of this application form. Note: A narrative must be submitted in addition to this page.

**SPECIFIC REQUEST:** State the specific request according to the ULDR or other provisions of the Code.

**CRITERIA:** A special exception shall be granted upon demonstration by a preponderance of the evidence of all of the following criteria: Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.5,

b. Granting of the special exception shall not be incompatible with adjoining properties or the surrounding neighborhood or otherwise contrary to the public interest.

**AFFIDAVIT:** I, \_\_\_\_\_ the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order of the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

## NARRATIVE

We are seeking two variances:

- A) To allow an existing 10 x 20 shed located in the rear of the property to remain on the property as it has for the past 10 years.

Sec. 47-39.A.1.b.(g)- Separation between building

Sec. 47-39.A.1.b.(d)- rear and side yard.

- B) To allow an existing utility closet wall to exist in its current location on the side yard as it has for decades, despite enclosing the carport by adding two walls to the existing car port.

Sec.47-39. A.6.F – Side yards

(A) In 2022, my wife and I purchased 2436 Cat Cay Lane, paying \$1.2 million for a 1462 square foot home with a 10 x 20 shed in the rear of the property.

We closed on the property as no violations nor open permits existed.

Months later, we learned the city had violated us for the shed as it was a “non-conforming structure” as it encroached on the required setbacks.

Puzzled, I inquired with the city about the permitted shed and learned that the prior owner had applied for a 10 x 10 shed but the shed installed actually measured 10 x 20. Nonetheless, 10 years ago, the city approved the permit allowing the shed to exist without meeting the necessary setbacks! In the city’s file, photographs depict the exact 10 x 20 shed in the exact location as it sits on the property today.

After further reviewing the city’s file, I learned that despite the discrepancy in the size and location of the shed, the permit was approved by George Oliva, the current head of permitting. Now, 10 years later, the city is requiring us to remove the shed from the property.

As bona fide purchasers, we relied on the city records that no violations existed. We had no way of knowing that the 10- year- old shed was in violation of the code.

It would be a great hardship and an expensive loss for us to have to remove the shed as we would incur additional costs removing it after paying a premium for the house and shed.

Of course, part of the home’s appeal was having an additional 200 square foot shed.

We look forward to providing you with sufficient evidence to allow such a variance.

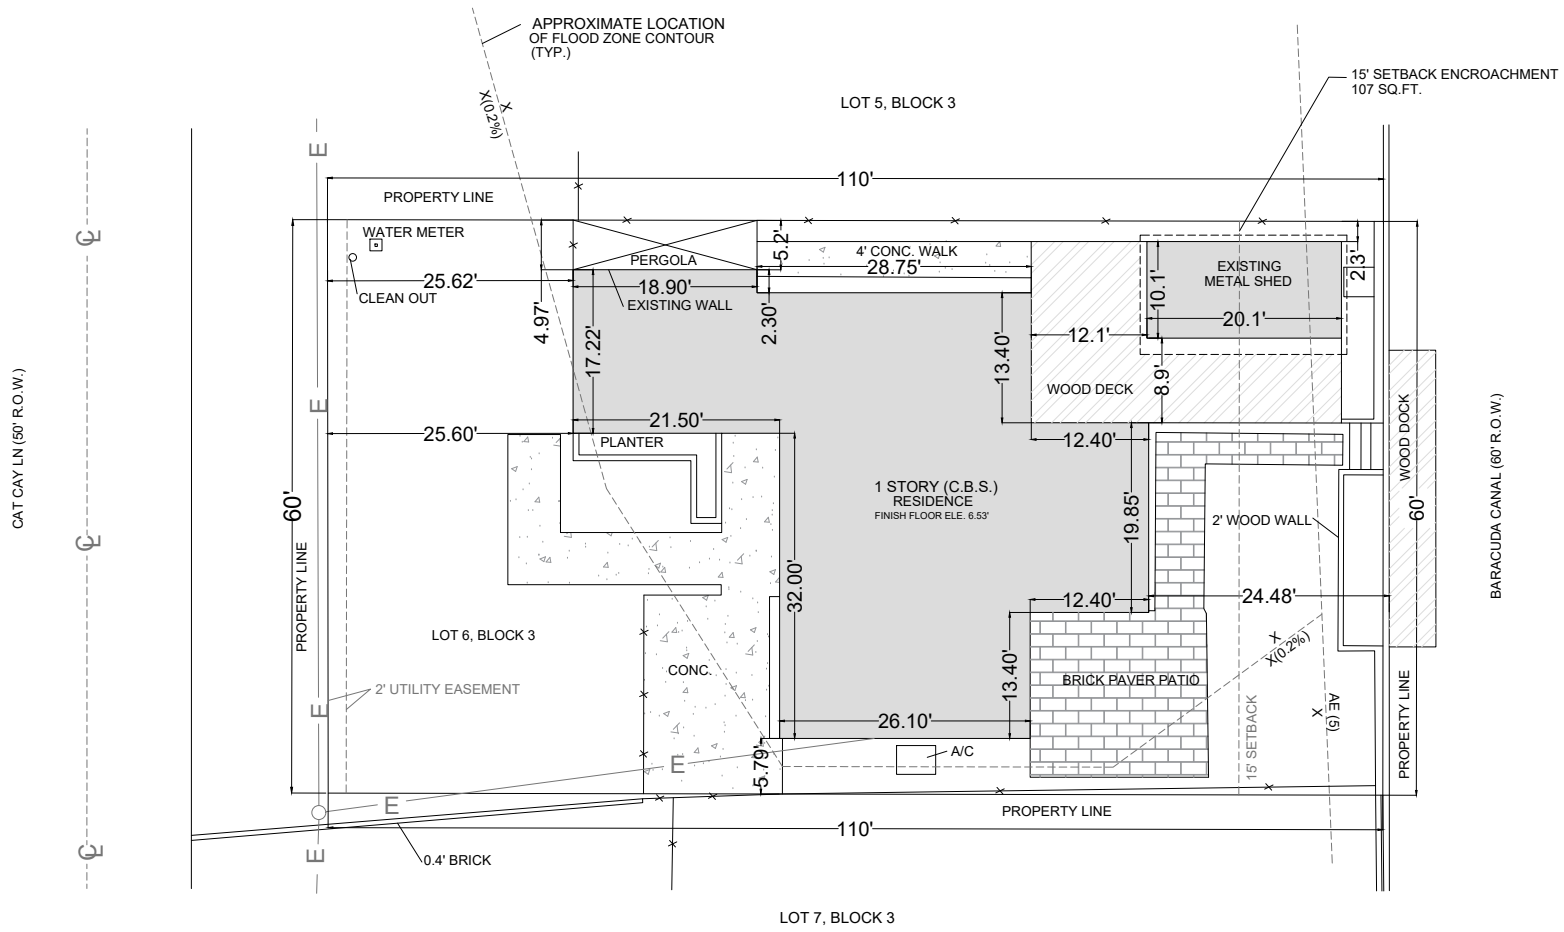

(B) The home we purchased had a front car port and a utility closet, a design common to many homes built in the 1950s.

We enclosed the carport by adding two walls opposite the utility closet.

The wall deemed to be in the setback was untouched only to add a mini split ac unit and a tankless water heater.

We are seeking a variance to allow the existing utility closet wall to remain on the property as it has for decades.
