First Quarter Projection Overview

The Budget/CIP and Grants Division of the Office of Management and Budget (OMB) is pleased to share its Fiscal Year (FY) 2024 First Quarter Projection Report. This report provides initial insights into the revenue and expenditure performance for FY 2024 and begins to gauge prospective budget challenges that Departments may face throughout the fiscal year.

Staff continues to engage with the City's budget monitoring and projection system. The purpose of this system is to inform senior leadership's budgetary decisions throughout the year on a quarterly basis. The forward-looking projections allow senior leadership to proactively identify and address potential issues such as over-expenditures or low revenue collection.

Quarterly Projection System Overview

Projections are based on year-to-date expenditure and revenue line-item data, standard formulas, and departmental input. Projections are designed to estimate remaining expenses and revenues through the remainder of the fiscal year. All funds' projected year-end estimates are relative to the FY 2024 Amended Budget.

Projections are developed using department/fund-level financial data from the City's financial system. Although Departments coordinate with OMB staff to review fund-level projections to account for continued postings, **financial data in this report is unaudited. Financial data is not finalized until all actual revenues and expenditures are posted and the Finance Department releases the City's Annual Comprehensive Financial Report.** As such, while OMB staff is engaged in continuously improving the projection system and associated methodologies with input from departments and senior leadership, projection data is not expected to be exact.

First Quarter Year-End Projection Highlights

The First Quarter Year-End Projection Report reflects the City of Fort Lauderdale's projected year-end expenditures. Because first quarter projections are developed using only three (3) months of data, OMB anticipates that year-end actual impacts to fund balance may vary from current projections.

Highlights from the First Quarter Projection Report are included below.

- As of the First Quarter of FY 2024, the City-wide expenditure projection for all funds is \$843,143,373, which is \$4,533,033 or 0.53% less than budgeted (Summary of City-wide Expenditure Projections, Page 4).
- General Fund expenditures, including transfers, are projected to be \$467,495,462, which is \$553,516 or 0.12% less than budgeted. Revenues are projected to be \$466,093,117, which is \$2,553,413 or 0.55% more than budgeted.

- Water and Sewer Fund expenditures, including transfers, are projected to be \$186,897,028, which is \$8,186,448 or 4.58% more than budgeted. This is primarily due to the purchasing of replacement vehicles as approved in the January budget amendment as well as a higher than budgeted debt service expense. The revenues are projected to be \$170,292,531, which is \$8,164,306 or 4.57% less than budgeted. This is primarily due to lower projected water sales collection.
- Self-Insured Health Benefits Fund revenues are projected to be \$42,850,920, which is \$2,044,646 or 4.55% less than budgeted. This is primarily due to projected lower health plan participation, which also results in lower claims expenses.

Significant Risk Factors That Could Impact Financial Results

Although the City's funds support numerous and diverse programs and activities, there are several key risks that are applicable to City-wide financial results. Year-end expenditure actuals are most likely to be unexpectedly impacted by costs that are difficult to predict. These costs are most frequently related to:

- Overtime compensation
- Part-time employee compensation
- Natural disaster response
- Man-made disaster, protest, and events response
- After the fact actuarial reports issued

This quarterly department projection report is a snapshot of the City's current trends and fluctuates daily. If you have any questions, comments, or concerns please contact Laura Reece, Director, Office of Management and Budget, at LReece@fortLauderdale.gov or (954) 828-5894.

Net Fund Impact	(4,509,274)	160,450,857	(1,402,345)		

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, General Fund operating expenses, including transfers, are projected to be \$467,495,462, which is \$553,516 or 0.12% less than budgeted. Expenditure transfers have increased by \$1.6 million to support the demolition of the existing City Hall building, \$599,990 for the Community Oriented Police Services (COPS) Hiring Grant Program, and \$2.9 million to fund the replacement of seawalls near the Las Olas Marina. These increases are being offset by salary savings from vacancies.

General Fund revenues are expected to be \$466,093,117, which is \$2,553,413 or 0.55% more than budgeted primarily due to increased Florida Power and Light (FPL) franchise fee revenue and intergovernmental revenue from the local government share of the Half-Cent Sales Tax. This increase is being offset in part by a lower collection for alarm response fees in the Charges for Services category, and in the Miscellaneous category, the transition of Circuit revenue is an expense offset.

After all of the items above are considered, there is a projected \$1.4 million decrease in fund balance at the end of FY 2024.

		NEGATIVE	- Over 100% of the Budget			

All financial data is from the City's financial management system as of January 15, 2024
 *Operating Expenses includes Service & Materials, Other Operating Expenses, and Operating Capital

Department Highlights:

The City Clerk's Office is being overspent due to Florida Retirement System contributions for part-time staff as well as increased participation for health benefits. These overages will be offset by operating expenses related to special election costs.

The Fire Rescue is primarily projected to spend more than the first quarter budget due to the purchase of Fire Station 47 bunkhouse, which was approved in the February budget amendment.

The Other General Government budget is projected to be overspent due to funding the Flood Building Permit Assistance Program, which will be offset by a future budget amendment.

The Public Works Department is primarily projected to be overspent due to the funding for the Urban Forestry Master Plan, the Net Zero Plan, and a settlement agreement with FPL as approved in the February budget amendment.

The Transportation and Mobility Department is primarily overspent due to the Sistrunk Boulevard railroad crossing improvements as approved in the January budget amendment.

Net Fund Impact	2,986,460	747,421	3,274,374		

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, Airport Fund expenditures, including transfers, are projected to be \$10,089,266, which is \$177,914 or 1.73% less than budgeted. Revenues, including transfers, are expected to be \$13,363,640, which is \$110,000 or 0.83% more than budgeted. The net impact is a projected \$3.3 million increase in fund balance at the end of FY 2024, which represents a \$287,914 increase over the planned \$3.0 million addition to fund balance outlined in the FY 2024 Adopted Budget.

	(681,489)	7,344,887	2,149,619		

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, Building Fund expenditures, including transfers, are projected to be \$28,073,294, which is \$15,621 or 0.06% less than budgeted. Revenues are expected to be \$30,222,913, which is \$2,815,487 or 10.27% more than budgeted primarily due to increased permit revenues. The net impact is a projected \$2.1 million increase in fund balance at the end of the 1st Quarter FY 2024, which represents a \$2.8 million decrease of the \$634,615 planned use of fund balance outlined in FY 2024 Adopted Budget.

The projected overages in personnel costs are primarily due to higher than anticipated overtime expenses. The two (2) positions added to the fund via a January Budget Amendment - one (1) Building Inspector and one (1) Building Code Compliance Officer - will provide the Department with increased flexibility to manage overtime expenses.

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, the Cemetery Fund expenditures, including transfers, are projected to be \$7,132,696, which is \$278,661 or 4.07% more than budgeted primarily related to purchasing of replacement vehicles and the construction of private mausoleums at Evergreen Cemetery as approved in the January and February budget amendments, respectively. Revenues, including transfers, are expected to be \$5,864,975, which is \$216,040 or 3.82% more than budgeted primarily related to the construction of private mausoleums at Evergreen Cemetery. The net impact is a projected \$1.3 million decrease in fund balance, which represents an increase of \$62,621 over the planned \$1.2 million planned use of fund balance outlined in the FY 2024 Adopted Budget.

	168,677	(4,661,526)	595,927		

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, the City Property and Casualty Insurance Fund expenditures are projected to be \$23,176,037, which is \$87,365 or 0.38% more than budgeted primarily due to the expanded vehicle camera program that was approved in the January budget amendment. Revenues are expected to be \$23,771,964, which is \$514,615 or 2.21% more than budgeted primarily due to the National Flood Insurance proceeds for damages to City Hall. The net impact is a projected \$595,927 increase in fund balance, which represents a \$427,250 increase of the planned \$168,677 addition to fund balance envisioned in the FY 2024 Adopted Budget.

Net Fund Impact					
	-	(651,828)	-		

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, the Project Management Fund expenditures are projected to be \$4,556,331, which is \$126,866 or 2.71% less than budgeted. Revenues are expected to be \$4,556,331, which is \$126,865 or 2.71% less than budgeted.

The Project Management Fund is an internal service fund that charges capital projects a fee for hours worked. Due to the administrative overhead associated with project management costs, any sustained vacancies throughout the fiscal year will negatively impact revenues.

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, the Self-Insured Health Benefits Fund expenditures are projected to be \$42,595,047, which is \$2,283,736 or 5.09% less than budgeted. Revenues are expected to be \$42,850,920, which is \$2,044,646 or 4.55% less than budgeted. The net impact is a projected \$255,873 increase in fund balance at the end of FY 2024, which represents a \$239,090 increase in the planned \$16,783 addition to fund balance envisioned in the FY 2024 Adopted Budget.

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, the Stormwater Fund expenditures, including transfers, are projected to be \$29,738,559, which is \$5,125,875 or 14.70% less than budgeted primarily due to the updated timeline associated with the utilization of the Water Infrastructure Finance and Innovation Act (WIFIA) loan. Revenues are expected to be \$31,761,114, which is \$155,229 or 0.49% more than budgeted. The net impact is a projected \$2.0 million increase in fund balance at the end of FY 2024, which represents a decrease of \$5.3 million under the \$3.3 million planned use of fund balance outlined in FY 2024 Adopted Budget.

All financial data is from the City's financial management system as of January 15, 2024

Fund Highlights:

As of the 1st Quarter of FY 2024, the Water and Sewer Fund expenditures, including transfers, are projected to be \$186,897,028, which is \$8,186,448 or 4.58% more than budgeted primarily related to purchasing of replacement vehicles as approved in the January budget amendment and a higher than budgeted debt service expense. Revenues, including transfers, are expected to be \$170,292,531, which is \$8,164,306 or 4.57% less than budgeted primarily due to lower projected water sales collection. The net impact is a projected \$16.6 million decrease in fund balance at the end of FY 2024, which represents \$16.7 million decrease in the planned \$78,464 addition to fund balance envisioned in the FY 2024 Adopted Budget.
